The Chief Electoral Officers of
All states/UTs

Subject: - Improvement in Electoral Rolls – regarding.

Sir/Madam,

The Election Commission has been laying a lot of emphasis on purity of Electoral Roll as good quality Electoral Roll is pre-requisite for free and fair elections. Exercise of preparation of good quality Electoral Rolls has come a long way since the inception of the Commission. For the last two decades, the Commission has taken several initiatives for improvement in Electoral Roll, such as computerization of Electoral Roll, conversion in standardized database, introduction of Photo Electoral Roll, strengthening of field level electoral machinery in form of BLO, Electoral Roll Management System (ERMS), statistical analysis of Electoral Roll data, improved monitoring system, hassle free services to electors, greater transparency, involvement of stakeholders, namely political parties, RWAs, NGOs etc. and Systematic Voter Education for Electoral Participation (SVEEP).

2. Though, the initiatives taken by the Commission have improved quality of the Electoral Roll, to a certain extent yet a lot of work has to be done in this year to address existing gaps and challenges. The roll contains a number of duplicated entries as well as errors in particulars and it has been one of the major challenges. The polling stations are not properly rationalized / optimized and adequate number of sections in a part has not been carved out and the polling area is not fully and scientifically defined. It has been also observed that in huge number of cases, the part consist of only one section and the polling areas of more than one polling station are defined as same. The Nazri Nakshas are either not prepared or prepared in a shabby and doesn't show the area in a proper way. This is another challenge which need to be met this year and for this proper mapping of area covered by an AC upto PS level has to be done, within a prefixed time frame, in a scientific way using latest IT tools like GIS etc. and using databases available in various Departments like address directories of Postal Departments, locality maps available with census authorities / Revenue Department etc. etc. Thus, polling station rationalization / optimization is also one of the challenges this year. Another challenge is seeding Aadhar / NPR number in the electoral database so that a number of deliverables like de-duplication can be done. Intensive revision has not been done past so many years so a need for de-novo preparation of electoral roll is now strongly felt. Hence, the Commission is considering for having special intensive revision this year with 01.01.2016 as qualifying date:

3. Pursuant to discussion in CEO's Conference held on 13th January, 2015, the Commission has with a view to achieve 100% clean and error free electoral roll, decided to mark the year 2015 with the theme 'Easy Enrolment : Easy Correction'. This has been rolled out with launch of National Voters' Service Portal for the citizens on National Voters Day on 25th January, 2015. It is imperative that adequate publicity of this portal is given by media campaign using print / electronic / social media appropriately and extensively.

4. . Further, the Commission has decided to launch Electoral Roll Purification and Authentication Drive (ERPAD) on 14.02.2015 in Hyderabad for the period 15.02.2015 to 15.05.2015 to achieve an objective of a clean and healthy electoral roll during the year 2015. ELECTION COMMISSION OF INDIA
Nirvachan Sadan, Ashoka Road, New Delhi-110001

No. 23/1/2015-ERS

Dated: February, 2015

To,

The Chief Electoral Officers
Of all States/Union Territories

Subject: Improvement in Electoral Roll - Launching of National Electoral Rolls Purification and Authentication Programme (NERPAP) on 01.03.2015- regarding

Sir/Madam,

It has been brought to the notice of the Commission that even after completion of summary revision of electoral rolls w.r.t. 01.01.2015, numerous types of errors and defects, viz. multiple entries, repeating images, repeating EPIC number etc. still exist and the procedures of correction of errors, deletion of duplicate entries and replacement EPIC are not streamlined or not followed in some States. The field level functionaries such as EROs / AEROs / BLOs are not giving desired attention to the disposal of such complaints within the given time frame. This has been causing a lot of inconvenience to the voters, who blame ECI for Such scenario. This situation is totally unacceptable. The Election Commission gives highest priority to the maintenance of electoral roll without any defects, errors and multiple entries. Even Courts have expressed serious concerns on defective rolls and have cast aspersions in some matters. Electoral Roll management is the foundation for the conduct of good election/poll management. There is a need of generating awareness among citizens to know about the enrolment process. Either, they are not aware of the penal provisions for multiple registration or they are not coming forward to get multiple entries pertaining to deleted from rolls.

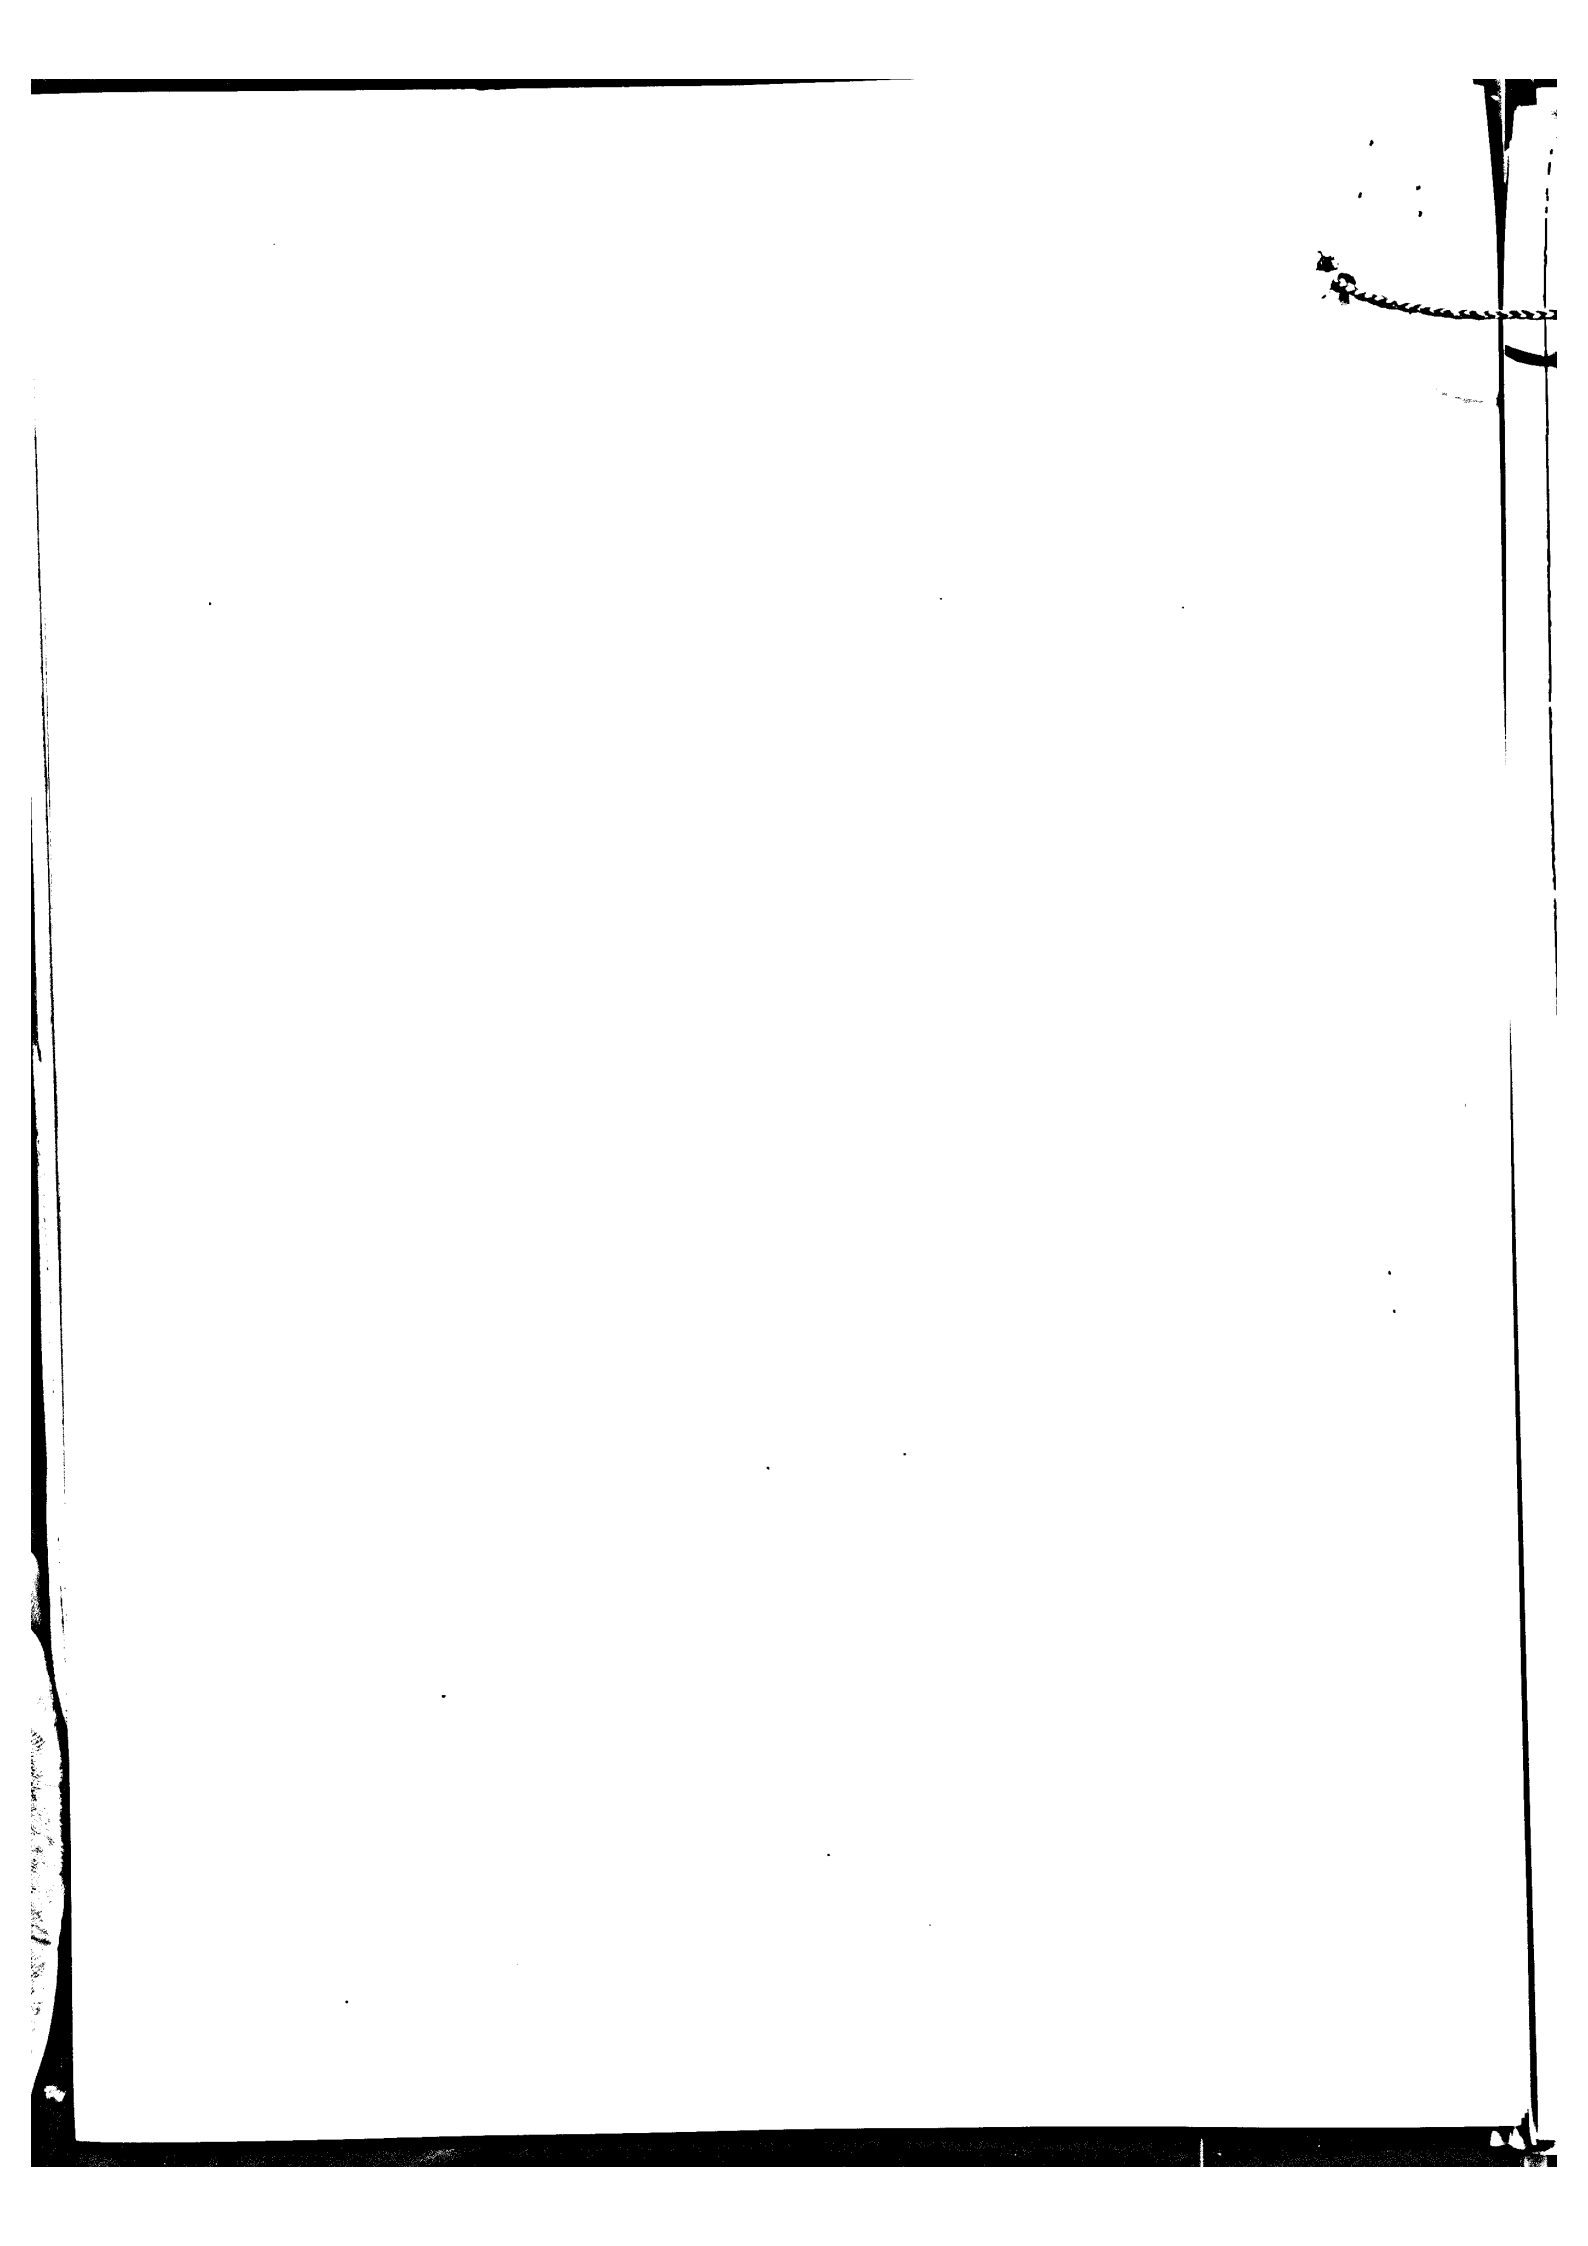

S.O.E
Discussed with CEO. Pl. putup with views/comments the proposal.
on 26.2.15

2. Hence, the Commission, with the primary objective of bringing a totally error free, and authenticated electoral roll, after considering the inputs of CEOs in the Conference on 23.02.2015 has decided to launch a comprehensive programme called **"National Electoral Roll Purification and Authentication Programme (NERPAP)**, from 2nd March, 2015 with a clear timeline and well defined goal.

(iv) Corrections of errors or any relevant entry pertaining to electors on production of cogent documentary evidence within 15 days.

(v) Improvement of image quality of an elector wherever required by following the due procedure.

4. Methodology of Aadhar Feeding

Feeding of Aadhar number in EPIC database will be done in the following manner:-

(B) Collection and feeding of Aadhar by electoral machinery:-

In both of the cases ERO will have to get the data entry done on NVSP portal.

5. Preparatory Activities of NERPAP

For launching of NERPAP, the preparatory activities will be completed in the following manner:-

(a) CEOs will issue similar circulars to DEOs by 27.02.2015 and hold a VC at their levels to brief the DEOs / EROs about NERPAP programme.

(b) On 02nd March, 2015, CEOs / DEOs / EROs will formally launch the said programme at the State, District and AC levels and apprise the political parties, media, NGOs and CSOs and seek their active co-operation.

(h) An online-monitoring format will be developed by the IT division of ECI to review the progress from Booth level to the State level and CEOs will furnish a consolidated report of their States to the Commission on a weekly basis.

6.2 Linking of Aadhar Data with Electoral Database

Linking of Aadhar number with EPIC database will be done as per the methodology indicated in a separate instruction being issued by the IT division of ECI. Only in absence of Aadhar coverage authentication will be done using 5 documents namely Passport, Driving Licence, PAN, TIN and Bank A/C of a nationalized bank:-

6.3 Campaign for Voluntary Disclosure of Multiple Entries by the Voters

CEO will give advertisements in print/Radio/Electronic media, Cinema Halls and other Communication channels regarding voluntary disclosure of multiple entries. It would be explained in advertisements that enrolment at more than one place on the basis of false declaration is punishable offence under the provision of Section 31 of the Representation of the People Act, 1950. The elector with multiple registrations in electoral roll(s) should be encouraged to come forward and use the facility given during the programme. The electors should be advised to fill Form-7 for deletion of their names from the places except where he/she ordinarily resides. An appreciation certificate may be issued to all those who voluntarily disclose their multiple entries and get their names deleted from the unwanted places.

Role of ERO and AERO

In this aspect the role of the ERO /AERO is to ensure that maximum data of Aadhar number is collected and seeded.

(B) The 2nd object of this programme is to ensure that any error in particulars of any existing entry is corrected including photo updation/replacement (wherever needed) and the roll is free from all multiple entries.

In this process the concerned elector will need to submit the Form 7/ Form 8. Some Form 6 and 8A are also likely to be received. All such Forms shall have to be disposed of by the concerned EROs/AEROs as per statutory provisions and ECI guidelines without any avoidable delay. For hearing, where necessary, either the ERO or the AERO shall be available at their office or at the special camps.

The other points are mentioned below-

(a) Wide publicity of NERPAP and availability of Electoral Roll at the Polling station levels.

(b) The EROS shall keep a close watch on Voluntary disclosure of multiple entries scheme and will intimate to ECI through DEO/CEO the progress/response in this regard.

(c) EROs to provide facility to link authenticated documents at special camps /facilitation centers

(d) After correction of particulars / replacement of photograph, no replacement EPIC shall be issued but a photo voter slip with corrected details / replaced photograph with signature of concerned ERO / AERO/ BLO shall be given.

It has been brought to the notice of the Commission that even after completion of summary revision of electoral rolls w.r.t. 01.01.2015, numerous types of errors and defects, viz. multiple entries, repeating images, repeating EPIC number etc. still exist and the procedures of correction of errors, deletion of duplicate entries and replacement EPIC are not streamlined or not followed in some States. The field level functionaries such as EROs / AEROs / BLOs are not giving desired attention to the disposal of such complaints within the given time frame. This has been causing a lot of inconvenience to the voters, who blame ECI for Such scenario. This situation is totally unacceptable. The Election Commission gives highest priority to the maintenance of electoral roll without any defects, errors and multiple entries. Even Courts have expressed serious concerns on defective rolls and have cast aspersions in some matters. Electoral Roll management is the foundation for the conduct of good election/poll management. There is a need of generating awareness among citizens to know about the enrolment process. Either, they are not aware of the penal provisions for multiple registration or they are not coming forward to get multiple entries pertaining to deleted from rolls.

2. Hence, the Commission, with the primary objective of bringing a totally error free, and authenticated electoral roll, after considering the inputs of CEOs in the Conference on 23.02.2015 has decided to launch a comprehensive programme called **"National Electoral Roll Purification and Authentication Programme (NERPAP)**, from 2nd March, 2015 with a clear timeline and well defined goal.

ELECTION COMMISSION OF INDIA

Nirvachan Sadan, Ashoka Road, New Delhi-110001

No. 23/1/2015-ERS

Dated:27th February, 2015

To,

The Chief Electoral Officers
Of all States/Union Territories

Subject: Improvement in Electoral Roll - Launching of National Electoral Rolls Purification and Authentication Programme (NERPAP) on 03.03.2015- regarding

Sir/Madam,

It has been brought to the notice of the Commission that even after completion of summary revision of electoral rolls w.r.t. 01.01.2015, numerous types of errors and defects, viz. multiple entries, repeating images, repeating EPIC number etc. still exist. The procedures of correction of errors, deletion of multiple entries and replacement EPIC are not streamlined or not followed properly in some states. The field level functionaries such as EROs / AEROs / BLOs are not giving desired attention to the disposal of such complaints within the given time frame. This has been causing a lot of inconvenience to the voters who, in turn blame the Commission for such scenario. This situation is totally unacceptable. The Commission gives highest priority to the maintenance of electoral roll and has reiterated that the roll should be without any defects, errors and multiple entries. In some cases, the courts have expressed concern on defective rolls. There is also a need to generate awareness among citizens as to how they can avail the facility of on line applications.

2. Hence, the Commission, with the objective of bringing a totally error free and authenticated electoral roll and after considering the inputs of CEOs, has decided to launch a comprehensive programme, i.e. "**National Electoral Roll Purification and Authentication Programme (NERPAP)**, from 03.03.2015 with a clear timeline and well defined goal.

3. **Major Objectives of NERPAP**

(i) Linking and authentication of EPIC data of electors with Aadhar data of UIDAI only ,

(ii) Voluntary disclosure by the electors concerned of multiple entries pertaining to them and disposal of such cases within 15 days by the concerned EROs under intimation to the concerned electors.

(iii) Corrections of errors or any relevant entry pertaining to electors within 15 days on production of cogent documentary evidence.

(iv) Improvement of image quality, wherever requested, by following the due procedure.

(v) Obtaining and feeding in the ER database ,the mobile and email address of the electors so that periodic information of poll day,

revision schedule, deletion/correction notice etc and other facilitation services can be provided to them

4. **Methodology of Aadhar Feeding**

Feeding of Aadhar number in EPIC database will be done in the following manner:-

(A) Feeding of Aadhar number and EPIC number by electors through :-
- (i) National Voters Service Portal (NVSP) using web services through Election Commission website.
- (ii) SMS to '51969'
- (iii) E-mail
- (iv) Mobile app which is under development and is likely to be available by 1st week of March, 2015.
- (v) By making a call at toll free number '1950' to State call centres.
- (vi) By submitting the details of Aadhar number and EPIC number in a hard copy of duly filled up Format (**Annexure-A**) along with photocopy of both the documents, namely, EPIC and Aadhar letter/card.

(B) Collection and feeding of Aadhar by electoral machinery:-
- (i) BLO will collect the details of electors during door to door survey/ visit.
- (ii) The EROs / AEROs will also collect the aforesaid details through Voter Facilitation Centres, e-Seva centres and Citizen Service Centres authorised by the DEOs.

In both of the cases EROs will have to get the data entry done on NVSP portal.

The methodology developed by the CEO, Andhra Pradesh & Telangana in the state to link Aadhar data with EPIC data can simultaneously be adopted along with national model in Andhra Pradesh & Telangana. If some other states have developed their own methodology/application, the same can also be adopted by the concerned states. IT division of ECI shall ensure integration of the data at the state and central level

5. **Preparatory Activities of NERPAP**

For launching of NERPAP, the preparatory activities will be completed in the following manner:-

- (i) CEOs will issue similar circulars to DEOs by 28.02.2015 and hold a VC at their levels to brief the DEOs / EROs about NERPAP programme.
- (ii) On 03.03.2015, CEOs / DEOs / EROs will formally launch the said programme at the State, District and AC levels and apprise the political parties, media, NGOs and CSOs and seek their active co-operation.

(iii) CEOs will make an effort that BLOs are also able to launch this programme at the booth level.

(iv) BLOs will form **Booth Awareness Groups (BAGs)** which will include Booth level government functionaries, para workers, representatives of Local body, BLAs, BLVs, Head or representative of Schools/Colleges in the Booth area, NSS/ NYK volunteers and member representatives of local CSO/NGO ensuring that members other than BLAs are not aligned to any political party

(v) As far as possible, video documentation to be done of the events at the ERO, DEO levels.

(vi) A focused SVEEP campaign to be launched by CEOs/DEOs and EROs. Standard set of posters/pamphlets/publicity materials should be prepared and distributed by CEOs.

(vii) Proper training be imparted with a focus on NERPAP to DEOs, EROs/AEROs and BLOs.

(viii) State Call centre with toll free number '1950' shall be made functional immediately. Proper records of calls received shall be maintained for audit and scrutiny.

A detailed action plan for each activity of the programme will be chalked out by the CEOs and sent to the Commission for information.

6. Various Other Activities during NERPAP

6.1 Special Camps

A nation-wide Special Camp will be organized at the booth levels in all assembly constituencies in the country by EROs for the abovementioned activities on 12.04.2015 (Sunday).

(a) Thereafter, at least one special camp will be organized every month on any Sunday, to be fixed by CEOs.

(b) Special Observers will be appointed by CEOs to observe and review the programme, under intimation to the ECI.

(c) Senior officers of the Commission will review the progress of the programme regarding their states periodically by holding VCs and making visits to the respective states or any other states as desired by the Commission

(d) CEOs will also visit to the districts and review the progress and ensure that targets are achieved within the stipulated time frame.

(e) DEOs shall make inspection of at least two or three constituencies in their districts every month and give a detailed report to their CEOs.

(f) EROs will make inspection of at least 10 Polling Stations and Sector Officers will make inspection of at least 5 Polling Stations every month and give report to DEOs.

(g) CEOs will give wide publicity about the date, time and place of Special Camps by media initiatives.

(h) An online-monitoring format will be developed by the IT division of the Commission to review the progress from Booth level to the State level and CEOs will furnish a consolidated report of their States to the Commission on a weekly basis.

6.2 Linking of Aadhar Data with Electoral Database

Linking of Aadhar number with EPIC database will be done as per the methodology indicated in a separate instruction being issued by the IT division of the Commission. Authentication shall be done using Aadhar number only.

6.3 Campaign for Voluntary Disclosure of Multiple Entries by the Voters:-

It is observed that the electors are unaware of the penal provisions under law if they have multiple registration in the electoral roll. They are not coming forward to disclose their names if they are registered in more than one place .If they disclose this, then the entries from the places other than the place where they are ordinarily resident can be deleted from rolls. With a view to give such voters who have their names registered in the electoral rolls at more than one place a chance to disclose their multiple entry(ies) .. the Commission has announced a 'Campaign for Voluntary Disclosure of Multiple Entries by the Voters'.
CEOs will give advertisements in print/Radio/Electronic media, Cinema Halls and other communication channels regarding voluntary disclosure of multiple entries. It would be explained in advertisements that enrolment at more than one place on the basis of false declaration is punishable offence under the provision of Section 31 of the Representation of the People Act, 1950. The elector with multiple registrations in electoral roll(s) should be encouraged to come forward and use the facility given during the programme. The elector should be advised to fill Form-7 for deletion of their names from the places except the place where he/she ordinarily resides. An appreciation certificate may be issued to all those electors who voluntarily disclose their multiple entries and get their names deleted from the unwanted places.

The electors may submit Form-7 through Web Portal of NVSP or at ERO's Facilitation Centres /Special Camps/Other Centres such as E-Seva, CSC and so on.

7. Role of ERO and AERO

ERO of every AC shall ensure that updated copy of electoral rolls is available at each polling station and all such other places where special camps are being organised. This programme has two aspects-

(A) 1st object is to collect Aadhar number + EPIC number and mobile number / e-mail ID of each elector using the methods mentioned above (i.e. feeding), followed by entering the Aadhar number in

EPIC database (i.e. seeding) and then authentication by linking the Aadhar database with EPIC database using Aadhar number.

In this aspect the role of the ERO /AERO is to ensure that maximum data of Aadhar number is collected and seeded.

(B) The 2nd object of this programme is to ensure that any error in particulars of any existing entry is corrected including photo updation/replacement (wherever requested) and the roll is free from all multiple entries.

In this process the concerned elector will need to submit the Form 7/ Form 8. Some Form 6 and 8A are also likely to be received. All such Forms shall have to be disposed of by the concerned EROs/AEROs as per statutory provisions and the Commission's guidelines without any avoidable delay. For hearing, where necessary, either the ERO or the AERO shall be available at their office or at the special camps.

The other points are mentioned below:-

(a) Wide publicity of NERPAP and availability of Electoral Roll at the Polling station levels.

(b) The EROS shall keep a close watch on voluntary disclosure of multiple entries scheme and will intimate to the Commission through DEO/CEO the progress/response in this regard.

(c) EROs to provide facility to link authenticated documents at special camps /facilitation centers

(d) After correction of particulars / replacement of photograph, no replacement EPIC shall be issued but a photo voter slip with corrected details / replaced photograph with signature of concerned ERO / AERO/ BLO shall be given.

(e) In case the elector makes a request for replacement EPIC that can be issued to him on payment of necessary charge for replacement EPIC.

8. **SVEEP Campaign**

Success of the programme will depend on effective SVEEP campaign initiative by the CEOs, therefore, the Commission has directed that a 360 Degree Publicity Campaign should be mounted in the following ways:-

(a) Launch of the campaign at every Polling Station through public meeting, explaining about the aims and objectives of NERPAP, reading out rolls, distribution of pamphlets, pasting of posters.

(b) Training the Booth Level Officer and the members of Booth Awareness Groups

(c) Publicity through Print Media, Electronic Channels, Radio, Internet and Mobile Phones and any other method as per local needs.

(d) Publicity Campaign through ECI/CEO/ DEOs Portal. Linking of these portals with other important government websites frequently visited by the public.

(g) Use of Call Centres at State and district levels

(h) Motivation and Award for BLO, ERO and DEO: Award for 100 % achievers at BLO, ERO, DEO and CEO levels in three categories of authentication, correction and deletion of multiple entries.

9. **Partnership with Stakeholders**

NERPAP is a citizen centric programme where full cooperation of electors is most important. To ensure active public participation following activities will be done at the state, district or ERO level;

(i) Meeting and briefing of Political Parties at State, District and AC levels and requesting them to nominate BLAs for every PS. (Pertinent to mention that BLAs appointed earlier will continue as BLA unless their appointment is revoked by the political party concerned).

(a) Collection by the BLOs:

CEO Office will supply / share the Electoral Roll / EPIC database with the SRDH application. The application will match the electoral roll / EPIC entry with Aadhaar / Ration card / or any other departmental data with wider coverage of population above 18 years of age and seed the Aadhaar number in the Electoral Roll. For the 50% and above matched cases, they will incorporate the Aadhaar number against the elector in the pdf being provided to BLO/ERO for verification. For EPIC having less than 50% matching with UID, Aadhaar will not be incorporated against their EPIC number. The list shall be generated in pdf format polling booth-wise duly sorting as per house number as being done for the electoral roll. These lists shall be made available online in the EPIC-Aadhaar Seeding Portal and the same

-67-

downloaded lists shall be printed and supplied through the AEROs to the BLOs for field verification.

(b) By submitting in hard copy

The elector can submit the details of Aadhaar number and EPIC number in a hard copy of duly filled up format at Annexure-A along with photocopy of both the documents, namely, EPIC and Aadhaar letter / Card.

(c) Self-Seeding - Online through NVSP Portal

Individual Elector can feed the Aadhaar number by giving Aadhaar and EPIC numbers through NVSP Portal

(d) Self-Seeding - Online through EPIC AADHAAR Seeding portal with OTP

Individual Elector can also feed the Aadhaar number by giving Aadhaar and EPIC Number through EPIC-Aadhaar Seeding Portal with the help of the OTP sent to the mobile of the elector.

(e) Mobile Seeding - Online through mobile

Voters can link their Aadhaar number with the EPIC number through his / her mobile through Mobile App similar to the portal. After capturing the required information through mobile application, the Aadhaar number will be seeded against EPIC and updated on the portal automatically.

(f) SMS based Seeding

Electors can send an SMS containing the Aadhaar number and EPIC No. (Voter Card number) Eg:

National level . The application at the backend validates and seeds the Aadhaar number against Voter Card number automatically.

(g) Through Call Center-1950

Electors can make a phone call to Call Center Operator and give his/her EPIC (Voter Card number) and Aadhaar number. Upon receiving the details from Elector, Operator will feed the aadhaar online through portal

xvi) **Procedure for door to door verification:**

- In the matched cases (matching 50% and above) as well as in mismatched cases, the BLO has to go for door to door verification
- BLO shall verify the correctness of the Aadhaar number already incorporated in the list.
- Wherever the UID number is not available, the BLO has to collect the copy of Aadhaar Card from the elector or note down the Aadhaar number from the original card and mention in the report.
- In case, the elector is not available / shifted his residence, suitable remarks such as dead, shifted, door lock, duplicate shall be made by the BLO duly enquiring from the neighbours.
- In case of door lock cases or absence of any adult member at

times on different occasions during morning and evening hours, and not during day time. If even after three such visits, he/she finds the house locked or is not able to meet any adult member of the household, then he/she should paste a sticker on the door, which, inter-alia, should mention:

"I had come to verify your name in the electoral roll and to collect the Aadhaar number to link with the electoral roll, but you are not available. Please contact me .....(name) ..... (Mobile No.) at ..... (Polling Station Address) on _____ between 10.00 a.m. to 5.00 p.m or upload your Aadhaar number by using any of the four following methods:

Seeding through Portal –
SMS –
Call Center – 1950
Mobile app –

- Even after three such visits and pasting of sticker, if the elector does not turn up, the BLO shall report the matter to his Supervisor with a specific remarks that the elector is not the ordinary resident of the address given / shifted / dead / duplicate.
- The Supervisor shall re-verify 25% of the fresh electors again and report to the AERO / ERO for following the procedure for deletion of the name.

xvii) **Action to be taken by the AERO /ERO:**

- Computer Operator, Computer and internet connectivity shall be provided by the ERO / AERO for online data entry.
- Existing computers and other infrastructure already provided for

- One Computer Operator and internet connectivity shall be provided by the DEO/ERO. Necessary funds will be released by this office on receipt of proposals from the DEO.
- AERO should take up supervisory check to the extent of 1% of the entries. The entries checked by Supervisors and AERO should be different from each other i.e. they should not visit the same household again and again for verification.
- For the multiple/duplicate entries in the electoral rolls, notices should be issued to the electors under Section 22 of R.P.Act, 1950 and full procedure of verification of facts should be followed by placing on notice board for a week based on the physical verification reports of the BLOs etc.
- ERO should also prepare (under Rule 21A of RER, 1960) a list of the names of dead persons and the persons who may have ceased to be ordinarily residents of the constituency and of persons who are otherwise not entitled to be registered in the roll.
- ERO shall then exhibit on the notice board of his office, a copy of the list together with a notice as to the time and place at which the question of deletion of these names from the roll would be considered.
- Such lists shall also be read in the Gram Sabhas and also made available with the BLOs on special campaign days.
- After considering any verbal or written objection that may be preferred, the Electoral Registration Officers shall decide whether all or any of the names should be deleted from the roll. But, before taking any decision in respect of any person on the

the constituency or is otherwise not entitled to be registered in that roll, the Electoral Registration Officer shall make every endeavor to give him a reasonable opportunity to show cause why the action proposed should not be taken in relation to him and conduct spot verification before taking final decision to delete the entries.

- After verifying following the above mentioned procedure, Aadhaar number shall be seeded by ERO in the EPIC database in respect of each elector.
- For this, the ERO shall login to the EPIC-Aadhaar Web Portal
- If the details of EPIC & Aadhaar found matched, ERO can accept
- Once this seeding is completed, demographic verification will automatically run and rejected cases will again go to the respective Booth and will be visible in the BLO login and these need to be re-verified and submitted for seeding by BLO. If the re-submitted Aadhaar number is the same as seeded earlier then this seeding will not go to the demographic authentication and will be 'Force seeded' into the EPIC database.
- Once the entire Demographic authentication is completed, SRDH will run a de-duplication process over the entire State to find out the duplicates based on the following:
    - Same Aadhaar seeded against multiple EPICs
    - Since both the databases – EPIC and UID are having photos, the duplicates can be easily identified.
    - Lists of duplicates will be generated based on the

said lists will be made available to the EROs in pdf format for further verification.

- Such duplicates can be removed duly following the procedure already mentioned supra.

- After door to door verification, the names of electors, who found shifted / ineligible / multiple entries / not ordinary residents should be deleted from the electoral rolls during the data entry of Aadhar number as well as correction of entries, after due procedure as envisaged above.

xviii) **SVEEP Campaign**

- Launch the campaign at every Polling Station by the BLO through public meeting, explaining about the aims and objectives of NERPAP, reading out rolls, distribution of pamphlets , pasting of posters.
- DEOs / EROs shall organize the training to the Booth Level Officer and the members of Booth Awareness Groups
- Publicity through all possible means shall be taken up at district / AC / Booth Level by the DEO / ERO / AERO / BLO
- At the district headquarter, Call Centre ~~with 1950~~ toll free number shall be established immediately and wide publicity be given.
- Commission will announce the Motivation and Award for BLO, ERO and DEO, who will achieve the 100% target in three categories of authentication, correction and deletion of multiple entries.

xix) **Partnership with Stakeholders**

The Commission will provide an online-monitoring format to review the progress from Booth level to the State level, for which the DEOs / EROs shall furnish the status reports periodically, so as to furnish a consolidated report to the Commission on a weekly basis by the CEO. Formats will be communicated separately.

All the District Election Officers are, therefore, requested to ensure that the programme should be completed by fixing and

- 40% (cumulative 50%) by 30.04.2015

NATIONAL ELECTORAL ROLL PURIFICATION AND AUTHENTICATION PROGRAMME

Introduction:

Even after completion of summary revision of electoral rolls w.r.t. 01.01.2015, numerous types of errors and defects, viz. multiple entries, repeating images, repeating EPIC number etc. still exist. It has been noticed that the procedures of correction of errors, deletion of multiple entries and replacement EPIC are not streamlined or not followed properly in some states. The field level functionaries such as EROs / AEROs / BLOs are not giving desired attention to the disposal of such complaints within the given time frame. This has been causing a lot of inconvenience to the voters who, in turn blame the Commission for such scenario. The Commission gives highest priority to the maintenance of electoral roll and has reiterated that the roll should be without any defects, errors and multiple entries.

The Commission has launched a comprehensive programme , i.e. **"National Electoral Roll Purification and Authentication Programme (NERPAP) , on** 03.03.2015 with the objective of bringing a totally error free and authenticated electoral roll in the entire country.

Objective of the Programme (NERPAP)

- Linking of Aadhaar with the Electoral Roll / EPIC data
- Purification of electoral roll by removing multiple entries / non-existent electors / ineligible electors
- Identification of unregistered eligible voters and achieving

- Make shifting of elector from one place to another place easier without creating duplicates
- Deletion of name from previous address at the time of registration at new place.
- Voluntary disclosure of multiple entries by an elector
- Deletion of multiple entries / correction of errors within 15 days by the ERO
- Improving the image quality of the photographs of the electors

Methodology to be adopted for Aadhar feeding:

Following are the different seeding approaches to seed the AADHAAR against the Electors:.

Collection by the BLOs:

BLO Registers shall be prepared and printed polling station-wise with a provision to note down the Aadhaar number, mobile number and email-ID. The list shall be generated in pdf format polling booth-wise duly sorting as per house number as being done for the electoral roll. These lists shall be made available to the BLOs for field verification.

In Andhra Pradesh & Telangana, CEO Office will supply / share the Electoral Roll / EPIC database with the SRDH application. The application will match the electoral roll / EPIC entry with Aadhaar / Ration card / or any other departmental data with wider coverage of population above 18 years of age and seed the Aadhaar number in the Electoral Roll. For the 50% and above matched cases, they will incorporate the Aadhaar number against the elector in the pdf being provided to BLO/ERO for verification. For EPIC having less than 50% matching with UID Aadhaar will not be incorporated against their EPIC number. The

list shall be generated in pdf format polling booth-wise duly sorting as per house number as being done for the electoral roll. These lists shall be made available online in the EPIC-Aadhaar Seeding Portal and the same can be downloaded by the ERO using log-in credentials. The downloaded lists shall be printed and supplied to the AEROs / BLOs for field verification.

Self-Seeding - Online through NVSP Portal

Individual Elector can feed the Aadhaar number by giving Aadhaar and EPIC numbers through NVSP Portal

Self-Seeding - Online through EPIC AADHAAR Seeding portal with OTP

Individual Elector can feed the Aadhaar number by giving Aadhaar and EPIC Number through EPIC-Aadhaar Seeding Portal with the help of the OTP sent to the mobile of the elector.

Mobile Seeding - Online through mobile

Voters can link their Aadhaar number with the EPIC number through his / her mobile through Mobile App similar to the portal. After capturing the required information through mobile application, the Aadhaar number will be seeded against EPIC and updated on the portal automatically.

SMS based Seeding

Electors can send an SMS containing the Aadhaar number and EPIC No. (Voter Card number) Eg: SEEDEPIC<[space><EPIC No><space><Aadhaar No> is sent to a given number at State level or 51969 . The application at the backend validate and seeds the Aadhaar number against Voter Card number automatically.

Through Call Center-1950

Electors can make a phone call to Call Center Operator and give his/her EPIC (Voter Card number) and Aadhaar number. Upon receiving the details from Elector, Operator will feed the aadhaar online through portal

Procedure for door to door verification:

- In the matched cases (matching 50% and above) as well as in mismatched cases, the BLO has to go for door to door verification
- BLO shall verify the correctness of the Aadhaar number already incorporated in the list.
- Wherever the UID number is not available, the BLO has to collect the copy of Aadhaar Card from the elector or note down the Aadhaar number from the original card and mention in the report.
- In case, the elector is not available / shifted his residence, suitable remarks such as dead, shifted, door lock, duplicate shall be made by the BLO duly enquiring from the neighbours.
- In case of door lock cases or absence of any adult member at the time of his visit, BLO shall visit that house at least three times on different occasions during morning and evening hours, and not during day time. If even after three such visits, he finds the house locked or is not able to meet any adult member of the household, then he should paste a sticker on the door, which, inter-alia, should mention:

"I had come to verify your name in the electoral roll and to collect the Aadhaar number to link with the electoral roll, but you are not available. Please contact me

..... (Polling Station Address) on _____ between 10.00 a.m. to 5.00 p.m or upload your Aadhaar number by using any of the four following methods

Seeding through Portal
SMS
Call Center
Mobile app

- Even after three such visits and pasting of sticker, if the elector does not turn up, the BLO shall report the matter to his Supervisor with a specific remarks that the elector is not the ordinary resident of the address given / shifted / dead / duplicate.
- One Supervisor shall be appointed for every 10 to 15 BLOs.
- The Supervisor shall re-verify 25% of the electors again and report to the AERO / ERO.

Action to be taken by the AERO /ERO:

- Computer Operator, Computer and internet connectivity shall be provided by the AERO for online data entry.
- Existing computers already provided for Permanent DPLs at each Mandal headquarter shall be utilized for the purpose
- Budget for Computer Operator and internet connectivity will be provided by the ECI.
- AERO should take up supervisory check to the extent of 1% of the entries. The entries checked by Supervisors and AERO should be different from each other i.e. they should not visit the same household again and again for verification.
- For the multiple/duplicate entries in the electoral rolls, notices

placing on notice board for a week based on the physical verification reports of the BLOs etc.

- ERO should also prepare (under Rule 21A of RER, 1960) a list of the names of dead persons and the persons who may have ceased to be ordinarily residents of the constituency and of persons who are otherwise not entitled to be registered in the roll.
- ERO shall then exhibit on the notice board of his office a copy of the list together with a notice as to the time and place at which the question of deletion of these names from the roll would be considered. After considering any verbal or written objection that may be preferred, the Electoral Registration Officers shall decide whether all or any of the names should be deleted from the roll. But, before taking any decision in respect of any person on the ground that he has ceased to be or is not ordinarily resident in the constituency or is otherwise not entitled to be registered in that roll, the Electoral Registration Officer shall make every endeavor to give him a reasonable opportunity to show cause why the action proposed should not be taken in relation to him and conduct spot verification before taking final decision to delete the entries.
- After verifying following the above mentioned procedure, Aadhaar number shall be seeded by ERO in the EPIC database in respect of each elector.
- For this, the ERO shall login to the EPIC-Aadhaar Web Portal
- If the details of EPIC & Aadhaar found matched, ERO can accept
- Once this seeding is completed, demographic verification will automatically run and rejected cases will again go to the respective Booth and will be visible in the BLO login and these

submitted Aadhaar number is the same as seeded earlier then this seeding will not go to the demographic authentication and will be 'Force seeded' into the EPIC database.

- Once the entire Demographic authentication is completed, SRDH will run a de-duplication process over the entire State to find out the duplicates based on the following:
    - Same Aadhaar seeded against multiple EPICs
    - Since both the databases – EPIC and UID are having photos, the duplicates can be easily identified.
    - Lists of duplicates will be generated based on the Aadhaar number incorporated in the electoral rolls and said lists will be made available to the EROs in pdf format for further verification.
    - Such duplicates can be removed duly following the procedure already mentioned supra.

Booth Level Officers:

For taking up the programme, the role of the Booth Level Officer is very crucial. The ERO shall ensure that Booth Level Officers are appointed for every Polling Station @ one per PS. Similarly, one Supervisor shall also be appointed for 10 to 15 Booth Level Officers to supervise the work of the BLOs during the campaign period.

Training:

IIIDEM will impart training on the programme to the State Level Master Trainers. The SLMTs will, in turn, impart DLMTs and they will organise training programmes to the AEROs / BLOs.

Special Camps at Booth Level:

EROs shall organize special camps at each polling station location for collecting the Aadhaar number, identifying multiple entries, deletion of shifted / ineligible electors by obtaining Form-7 and correction of errors in the entires through Form-8 and inclusion of eligible electors by collecting Form-6 along with Aadhaar number. The first camp shall be organised on 22.04.2015. Subsequently, such camps shall be conducted on every second Sunday till 31.08.2015.

During the special camp, for the poor quality images / double images / black and white photographs, recent passport size colour photograph shall also be collected.

Availability of electoral rolls:

Electoral Rolls shall be made available at the offices of the EROs / AEROs through out the campaign. A copy of the electoral roll of the relevant part(s) shall also be made available with the BLO on special camp dates as well as at his office.

Disposal of claims and objections:

The ERO shall dispose the claims and objections received in the shortest period. Hearing on the objections / claims shall be taken by the EROs on a fixed day in every month. Correction of errors / transposition of entries / replacement of photographs with the supporting documents shall be taken up within 15 days.

Review by the CEO / DEO / ERO / AERO

CEO will visit to the districts and review the progress of the programme ensuring that targets are achieved within the stipulated time frame.

constituencies in their districts every month and give a detailed report to the CEO.

EROs will make inspection of at least 10 Polling Stations in his Constituency and give report to the DEO

Publicity (regarding penal provisions)

Awareness campaign regarding penal provisions under law if they have multiple registration in the electoral roll and enrolment at more than one place on the basis of false declaration is punishable offence under the provision of Section 31 of the Representation of the People Act, 1950. The elector with multiple registrations in electoral roll(s) should be encouraged to come forward and use the facility given during the programme. The elector should be advised to fill Form-7 for deletion of their names from the places except the place where he/she ordinarily resides. With a view to give such voters who have their names registered in the electoral rolls at more than one place a chance to disclose their multiple entry (ies), the Commission has announced a 'Campaign for Voluntary Disclosure of Multiple Entries by the Voters'. It may be well publicised that an appreciation certificate will be issued to all those electors who voluntarily disclose their multiple entries and get their names deleted from the unwanted places.

The application will match the electoral roll / EPIC entry with Aadhaar / Ration card / or any other departmental data with wider coverage of population above 18 years of age and seed the Aadhaar number in the Electoral Roll. For the 50% and above matched cases, they will incorporate the Aadhaar number against the elector in the pdf being provided to BLO/ERO for verification. For EPIC having less than 50% matching with UID, Aadhaar will not be incorporated against their EPIC number. The list shall be generated in pdf format polling booth-wise duly sorting as per house number as being done for the electoral roll. These lists shall be made available online in the EPIC-Aadhaar Seeding Portal and the same can be downloaded by the ERO using log-in credentials. The downloaded lists shall be printed and supplied through the AEROs to the BLOs for field verification.

(b) By submitting in hard copy

The elector can submit the details of Aadhaar number and EPIC number in a hard copy of duly filled up format at Annexure-A along with photocopy of both the documents, namely, EPIC and Aadhaar letter / Card.

(c) Self-Seeding - Online through NVSP Portal

Individual Elector can feed the Aadhaar number by giving

(e) Mobile Seeding - Online through mobile

Voter can link Aadhaar number with the EPIC number through his / her mobile through Mobile App similar to the portal. After capturing the required information through mobile application, the Aadhaar number will be seeded against EPIC and updated on the portal automatically.

(f) SMS based Seeding

Electors can send an SMS containing the Aadhaar number and EPIC No. (Voter Card number) Eg: SEEDEPIC<[space><EPIC No><space><Aadhaar No> to 8790499899 at State level or 51969 at National level . The application at the backend validates and seeds the Aadhaar number against Voter Card number automatically.

(g) Through Call Center-1950

Electors can make a phone call to Call Center Operator and give his/her EPIC (Voter Card number) and Aadhaar number. Upon receiving the details from Elector, Operator will feed the aadhaar online through portal

xvi) **Procedure for door to door verification:**

- In the matched cases (matching 50% and above) as well as not matched cases(less than 50%), the BLO has to go for door to door verification
- BLO shall verify the correctness of the Aadhaar number already incorporated in the list.
- Wherever the UID number is not available, the BLO has to collect the copy of Aadhaar Card from the elector or note down the Aadhaar number from the original card and mention in the report.
- In case, the elector is not available / shifted his residence, suitable remarks such as dead, shifted, door lock, duplicate shall be made by the BLO duly enquiring from the neighbours.
- In case of door lock cases or absence of any adult member at the time of his visit, BLO shall visit that house at least three times on different occasions during morning and evening hours, and not during day time. Even after three such visits, he/she finds the house locked or is not able to meet any adult member of the household, then he/she should paste a sticker on the door, which, inter-alia, should mention:

"I had come to verify your name in the electoral roll and to collect the Aadhaar number to link with the electoral roll, but you are not available. Please contact me .....(name) ..... (Mobile No.) at ..... (Polling Station Address) on _____ between 10.00 a.m. to 5.00 p.m or

upload your Aadhaar number by using any of the ~~four~~ three following methods:

Seeding through Portal : Links available in under AADHAAR Seeding,www.ceoandhra.nic.in, www.ceotelangana.nic.in

SMS : By sending an SMS

Format is SEEDEPIC <space> <EPIC No> <space> <Aadhaar No> is sent to a number 08970499899

Example SEEDEPIC BYX1234557 1234 5678 9101

Call Center: 1950

- Even after three such visits and pasting of sticker, if the elector does not turn up, the BLO shall report the matter to his Supervisor with a specific remarks that the elector is not the ordinary resident of the address given / shifted / dead / duplicate.

- The Supervisor shall re-verify 5% of such electors and report to the AERO / ERO for following the procedure for deletion of the name.

xvii) **Action to be taken by the AERO /ERO:**

- Computer Operator, Computer and internet connectivity shall be provided by the ERO / AERO for online data entry.

- Existing computers and other infrastructure already provided for Permanent DPLs at each Mandal headquarter by the office of the CEO shall be utilized for this purpose.

- One Computer Operator and internet connectivity shall be provided by

the DEO/ERO. Necessary funds will be released by this office on receipt of proposals from the DEO.

- AERO should take up supervisory check to the extent of 1% of the entries. The entries checked by Supervisors and AERO should be different from each other i.e. they should not visit the same household again and again for verification.

- For the multiple/duplicate entries in the electoral rolls, notices should be issued to the electors under Section 22 of R.P.Act, 1950 and full procedure of verification of facts should be followed by placing on notice board for a week based on the physical verification reports of the BLOs etc.

- ERO should also prepare (under Rule 21A of RER, 1960) a list of the names of dead persons and the persons who may have ceased to be ordinarily residents of the constituency and of persons who are otherwise not entitled to be registered in the roll.

- ERO shall then exhibit on the notice board of his office, a copy of the list together with a notice as to the time and place at which the question of deletion of these names from the roll would be considered.

- Such lists shall also be read in the Gram Sabhas and also made available with the BLOs on special campaign days.

- After considering any verbal or written objection that may be preferred, the Electoral Registration Officers shall decide whether all or any of the names should be deleted from the roll. But, before taking any decision

-115-

in respect of any person on the ground that he has ceased to be or is not ordinarily resident in the constituency or is otherwise not entitled to be registered in that roll, the Electoral Registration Officer shall make every endeavor to give him a reasonable opportunity to show cause why the action proposed should not be taken in relation to him.

- After following the above mentioned procedure, Aadhaar number shall be seeded by ERO in the EPIC database in respect of each elector.

- For this, the ERO shall login to the EPIC-Aadhaar Web Portal
- If the details of EPIC & Aadhaar found matched, ERO can accept
- Once this seeding is completed, demographic verification will automatically run and rejected cases will again go to the respective Booth and will be visible in the BLO login and these need to be re-verified and submitted for seeding by BLO. If the re-submitted Aadhaar number is the same as seeded earlier then this seeding will not go to the demographic authentication and will be 'Force seeded' into the EPIC database.
- Once the entire Demographic authentication is completed, SRDH will run a de-duplication process over the entire State to find out the duplicates based on the following:

    - Same Aadhaar seeded against multiple EPICs
    - Since both the databases – EPIC and UID are having photos, the duplicates can be easily identified.

- Lists of duplicates will be generated based on the Aadhaar number incorporated in the electoral rolls and said lists will be made available to the EROs in pdf format for further verification.

- Such duplicates can be removed duly following the procedure already mentioned supra.

- After door to door verification, the names of electors, who were found shifted / ineligible / multiple entries / not ordinary residents should be deleted from the electoral rolls during the data entry of Aadhar number as well as correction of entries, after due procedure as envisaged above.

xviii) **SVEEP Campaign**

- Launch the campaign at every Polling Station by the BLO through public meeting, explaining about the aims and objectives of NERPAP, reading out rolls, distribution of pamphlets , pasting of posters.

- DEOs / EROs shall organize the training to the Booth Level Officer and the members of Booth Awareness Groups

- Publicity through all possible means shall be taken up at district / AC / Booth Level by the DEO / ERO / AERO / BLO

- BLO shall verify the correctness of the Aadhaar number already incorporated in the list.

-129-

- Wherever the UID number is not available, the BLO has to collect the copy of Aadhaar Card from the elector or note down the Aadhaar number from the original card and mention in the report.
- In case, the elector is not available / shifted his residence, suitable remarks such as dead, shifted, door lock, duplicate shall be made by the BLO duly enquiring from the neighbours.
- In case of door lock cases or absence of any adult member at the time of his visit, BLO shall visit that house at least three times on different occasions during morning and evening hours, and not during day time. Even after three such visits, he/she finds the house locked or is not able to meet any adult member of the household, then he/she should paste a sticker on the door, which, inter-alia, should mention:

- One Computer Operator and internet connectivity shall be provided by the DEO/ERO. Necessary funds will be released by this office on receipt of proposals from the DEO.

- AERO should take up supervisory check to the extent of 1% of the entries. The entries checked by Supervisors and AERO should be different from each other i.e. they should not visit the same household again and again for verification.
- For the multiple/duplicate entries in the electoral rolls, notices should be issued to the electors under Section 22 of R.P.Act, 1950 and full procedure of verification of facts should be followed by placing on notice board for a week based on the physical verification reports of the BLOs etc.
- ERO should also prepare (under Rule 21A of RER, 1960) a list of the names of dead persons and the persons who may have ceased to be ordinarily residents of the constituency and of persons who are otherwise not entitled to be registered in the roll.
- ERO shall then exhibit on the notice board of his office, a copy of the list together with a notice as to the time and place at which the question of deletion of these names from the roll would be considered.

- After following the above mentioned procedure, Aadhaar number shall be seeded by ERO in the EPIC database in respect of each elector.
- For this, the ERO shall login to the EPIC-Aadhaar Web Portal
- If the details of EPIC & Aadhaar found matched, ERO can accept
- Once this seeding is completed, demographic verification will automatically run and rejected cases will again go to the respective Booth and will be visible in the BLO login and these need to be re-verified and submitted for seeding by BLO. If the re-submitted Aadhaar number is the same as seeded earlier then this seeding will not go to the demographic authentication and will be 'Force seeded' into the EPIC database.
- Once the entire Demographic authentication is completed, SRDH will run a de-duplication process over the entire State to find out the duplicates based on the following:
    - Same Aadhaar seeded against multiple EPICs

- Since both the databases – EPIC and UID are having photos, the duplicates can be easily identified.
- Lists of duplicates will be generated based on the Aadhaar number incorporated in the electoral rolls and said lists will be made available to the EROs in pdf format for further verification.
- Such duplicates can be removed duly following the procedure already mentioned supra.

For EPIC having less than 50% matching with UID, Aadhaar will not be incorporated against their EPIC number. The list shall be generated in pdf format polling booth-wise duly sorting as per house number as being done for the electoral roll. These lists shall be made available online in the EPIC-Aadhaar Seeding Portal and the same can be downloaded by the ERO using log-in credentials. The downloaded lists shall be printed and supplied through the AEROs to the BLOs for field verification.

(f) SMS based Seeding

Electors can send an SMS containing the Aadhaar number and EPIC No. (Voter Card number) Eg: SEEDEPIC<[space><EPIC No><space><Aadhaar No> to 8790 1,99 899 at State level or 51969 at National level . xv) **Methodology to be adopted for Aadhar feeding:**

Following are the different seeding approaches to seed the AADHAAR against the Electors:

(a) Collection by the BLOs:

CEO Office will supply / share the Electoral Roll / EPIC database with the SRDH application. The application will match the electoral roll / EPIC entry with Aadhaar / Ration card / or any other departmental data with wider coverage of population above 18 years of age and seed the Aadhaar number in the Electoral Roll. For the 50% and above matched cases, they will incorporate the Aadhaar number against the elector in the pdf being provided to BLO/ERO for verification. For EPIC having less than 50% matching with UID, Aadhaar will not be incorporated against their EPIC number. The list shall be generated in pdf format polling booth-wise duly sorting as per house number as being done for the electoral roll. These lists shall be made available online in the EPIC-Aadhaar Seeding Portal and the same can be downloaded by the ERO using log-in credentials. The downloaded lists shall be printed and supplied through the AEROs to the BLOs for field verification.

(P.T.O.)

(b) By submitting in hard copy

The elector can submit the details of Aadhaar number and EPIC number in a hard copy of duly filled up format at Annexure-A along with photocopy of both the documents, namely, EPIC and Aadhaar letter / Card.

(c) Self-Seeding - Online through NVSP Portal

Individual Elector can feed the Aadhaar number by giving Aadhaar and EPIC numbers through NVSP Portal

(d) Self-Seeding - Online through EPIC AADHAAR Seeding portal with OTP

Individual Elector can also feed the Aadhaar number by giving Aadhaar and EPIC Number through EPIC-Aadhaar Seeding Portal with the help of the OTP sent to the mobile of the elector.

(e) Mobile Seeding - Online through mobile

Voter can link Aadhaar number with the EPIC number through his / her mobile through Mobile App similar to the portal. After capturing the required information through mobile application, the Aadhaar number will be seeded against EPIC and updated on the portal automatically.

(f) SMS based Seeding

Electors can send an SMS containing the Aadhaar number and EPIC No. (Voter Card number) Eg: SEEDEPIC<[space><EPIC No><space><Aadhaar No> to 8790499899 at State level or 51969 at National level . The application at the backend validates and seeds the Aadhaar number against Voter Card number automatically.

(g) Through Call Center-1950

Electors can make a phone call to Call Center Operator and give his/her EPIC (Voter Card number) and Aadhaar number. Upon receiving the details from Elector, Operator will feed the aadhaar online through portal

xvi) **Procedure for door to door verification:**

- In the matched cases (matching 50% and above) as well as not matched cases(less than 50%), the BLO has to go for door to door verification
- BLO shall verify the correctness of the Aadhaar number already incorporated in the list.

(P.T.O.)

- Wherever the UID number is not available, the BLO has to collect the copy of Aadhaar Card from the elector or note down the Aadhaar number from the original card and mention in the report.
- In case, the elector is not available / shifted his residence, suitable remarks such as dead, shifted, door lock, duplicate shall be made by the BLO duly enquiring from the neighbours.
- In case of door lock cases or absence of any adult member at the time of his visit, BLO shall visit that house at least three times on different occasions during morning and evening hours, and not during day time. Even after three such visits, he/she finds the house locked or is not able to meet any adult member of the household, then he/she should paste a sticker on the door, which, inter-alia, should mention:

"I had come to verify your name in the electoral roll and to collect the Aadhaar number to link with the electoral roll, but you are not available. Please contact me .....(name) ..... (Mobile No.) at ..... (Polling Station Address) on _____ between 10.00 a.m. to 5.00 p.m or upload your Aadhaar number by using any of the three following methods:

Seeding through Portal : Links available in under AADHAAR Seeding,www.ceoandhra.nic.in, www.ceotelangana.nic.in

SMS : By sending an SMS
Format is SEEDEPIC <space> <EPIC No> <space> <Aadhaar No> is sent to a number 08970499899

Example SEEDEPIC BYX1234557 1234 5678 9101

Call Center: 1950

- Even after three such visits and pasting of sticker, if the elector does not turn up, the BLO shall report the matter to his Supervisor with a specific remarks that the elector is not the ordinary resident of the address given / shifted / dead / duplicate.
- The Supervisor shall re-verify 5% of such electors and report to the AERO / ERO for following the procedure for deletion of the name.

xvii) **Action to be taken by the AERO /ERO:**

- Computer Operator, Computer and internet connectivity shall be provided by the ERO / AERO for online data entry.
- Existing computers and other infrastructure already provided for Permanent DPLs at each Mandal headquarter by the office of the CEO shall be utilized for this purpose.

(P.T.O.)

- One Computer Operator and internet connectivity shall be provided by the DEO/ERO. Necessary funds will be released by this office on receipt of proposals from the DEO.
- AERO should take up supervisory check to the extent of 1% of the entries. The entries checked by Supervisors and AERO should be different from each other i.e. they should not visit the same household again and again for verification.
- For the multiple/duplicate entries in the electoral rolls, notices should be issued to the electors under Section 22 of R.P.Act, 1950 and full procedure of verification of facts should be followed by placing on notice board for a week based on the physical verification reports of the BLOs etc.
- ERO should also prepare (under Rule 21A of RER, 1960) a list of the names of dead persons and the persons who may have ceased to be ordinarily residents of the constituency and of persons who are otherwise not entitled to be registered in the roll.
- ERO shall then exhibit on the notice board of his office, a copy of the list together with a notice as to the time and place at which the question of deletion of these names from the roll would be considered.
- Such lists shall also be read in the Gram Sabhas and also made available with the BLOs on special campaign days.
- After considering any verbal or written objection that may be preferred, the Electoral Registration Officers shall decide whether all or any of the names should be deleted from the roll. But, before taking any decision in respect of any person on the ground that he has ceased to be or is not ordinarily resident in the constituency or is otherwise not entitled to be registered in that roll, the Electoral Registration Officer shall make every endeavor to give him a reasonable opportunity to show cause why the action proposed should not be taken in relation to him.
- After following the above mentioned procedure, Aadhaar number shall be seeded by ERO in the EPIC database in respect of each elector.
- For this, the ERO shall login to the EPIC-Aadhaar Web Portal
- If the details of EPIC & Aadhaar found matched, ERO can accept
- Once this seeding is completed, demographic verification will automatically run and rejected cases will again go to the respective Booth and will be visible in the BLO login and these need to be re-verified and submitted for seeding by BLO. If the re-submitted Aadhaar number is the same as seeded earlier then this seeding will not go to the demographic authentication and will be 'Force seeded' into the EPIC database.

(P.T.O.)

-152

- Once the entire Demographic authentication is completed, SRDH will run a de-duplication process over the entire State to find out the duplicates based on the following:
    - o Same Aadhaar seeded against multiple EPICs
    - o Since both the databases – EPIC and UID are having photos, the duplicates can be easily identified.
    - o Lists of duplicates will be generated based on the Aadhaar number incorporated in the electoral rolls and said lists will be made available to the EROs in pdf format for further verification.
    - o Such duplicates can be removed duly following the procedure already mentioned supra.
- After door to door verification, the names of electors, who were found shifted / ineligible / multiple entries / not ordinary residents should be deleted from the electoral rolls during the data entry of Aadhar number as well as correction of entries, after due procedure as envisaged above.

xviii) **SVEEP Campaign**

- Launch the campaign at every Polling Station by the BLO through public meeting, explaining about the aims and objectives of NERPAP, reading out rolls, distribution of pamphlets , pasting of posters.
- DEOs / EROs shall organize the training to the Booth Level Officer and the members of Booth Awareness Groups
- Publicity through all possible means shall be taken up at district / AC / Booth Level by the DEO / ERO / AERO / BLO
- At the district headquarter, Call Centre with toll free number shall be established immediately and vide publicity be given.
- Commission will announce the Motivation and Award for BLO, ERO and DEO, who will achieve the 100% target in three categories of authentication, correction and deletion of multiple entries.

xix) **Partnership with Stakeholders**

To ensure active public participation following activities will be done at the district and ERO level;

(a) Meeting and briefing of Political Parties at District and AC levels and requesting them to nominate BLAs for every PS for which they have not appointed BLAs so far. BLAs appointed earlier will continue as BLA unless their appointment is revoked by the political party concerned.

(P.T.O.)

(b) BLOs shall be instructed to associate with the BLAs and BLVs actively in this campaign.

(c) DEOs / EROs shall interact with the media regularly and brief them about the progress and associate them in this programme.

(d) Take active support of Self Help Groups / Village Organisations in popularizing this programme and work closely with Civil Society Organizations/Resident Welfare Associations/Neighbourhood Committees.

(e) Take active support of all youth and community based organizations and ensure active participation of all types of Local Bodies in the programme.

The Commission will provide an online-monitoring format to review the progress from Booth level to the State level, for which the DEOs / EROs shall furnish the status reports periodically, so as to furnish a consolidated report to the Commission on a weekly basis by the CEO. Formats will be communicated separately.

The Commission has directed that CEO shall monitor the programme closely while stock taking of the situation, target achieved and review of remaining work with DEOs and EROs from time to time. As such, the DEOs shall obtain periodic reports of the work done from the EROs and furnish AC wise consolidated report in respect of his/her district to this office as per the schedule below, so as to forward the same to the Commission:

పాలనాప్రాంగణం, న్యూస్‌టుడే: జిల్లాలో బోగస్ ఓటర్ల ఏరివేత ప్రక్రియకు రంగం సిద్ధమైంది. ఈనెల 31తేదీలోగా పోలింగ్‌కేంద్రాల వారీగా ఓటరు జాబితాను పరిశీలించనున్నారు. ఇంటింటికి వెళ్లి ఓటర్ల వివరాలను సేకరించి ఆధార్ నెంబర్లు తీసుకోనున్నారు. వివరాలను ఆన్‌లైన్‌లో పొందుపర్చి రెండుచోట్ల ఓటుహక్కును కలిగి ఉన్నవారిని ఏరివేయనున్నారు. ఆధార్ అనుసంధానంతో బోగస్ ఓట్లకు ముకుతాడు వేసే కార్యచరణకు జిల్లా పాలనాధికారి జగన్మోహన్ శ్రీకారం చుట్టారు. ఓటరుకు ఆధార్ అనుసంధానం ఎలా చేయాలో అనేదానిపై శనివారం పాలనాప్రాంగణ సమావేశ మందిరంలో తహసీల్దార్లకు, రెవెన్యూశాఖలోని సాంకేతిక సిబ్బందికి ప్రత్యేక శిక్షణ ఇప్పించారు. సోమవారం నుంచి పోలింగ్‌బూత్‌ల వారీగా ఓటరు జాబితాను బీఎల్‌ఓలకు అందించి ఓటరు వారీగా ఆధార్ వివరాలు సేకరించే పనిని చేపట్టాలని దిశానిర్దేశం చేశారు. సమగ్ర కుటుంబసర్వే మాదిరి జిల్లా యంత్రాంగం మరోమారు ఓటరు జాబితా పట్టుకొని గ్రామ, పట్టణ బాట పట్టనున్నారు.

జిల్లాలో మహారాష్ట్ర సరిహద్దు కలిగి ఉండటంతో అక్కడివారు ఇక్కడ, ఇక్కడివారు అక్కడ ఓటు హక్కును కలిగి ఉన్నారు. ఇలాంటి పరిస్థితి అధిగమించేలా ఎవరైతే ఓటుహక్కును కలిగి ఉన్నారో వారే తమ ఓటును వినియోగించుకునేలా కేంద్ర ఎన్నికల సంఘం ఓటరు జాబితాకు ఆధార్ సంఖ్యను అనుసంధానం చేసి అక్రమాలకు అడ్డుకట్ట వేయాలని నిర్ణయించింది. ఈ కార్యచరణకు జిల్లా యంత్రాంగం అంకురార్పణ చేసింది. ఈక్రమంలో ప్రతి ఇంటింటికి వెళ్లి ఓటర్ల నుంచి ఆధార్ సంఖ్యను సేకరించే పనిలో నిమగ్నం కానుంది. తొలుత ఓటర్లను సంప్రదించకుండా ఇంట్లో ఉండి నేరుగా కూడా తామే ఓటరుజాబితాకు ఆధార్ అనుసంధానం చేసుకునే వెసులుబాటును కేంద్ర ఎన్నికల సంఘం కల్పించింది. ఇందుకోసం నాలుగురకాల అవకాశాలను ఓటర్లకు అందుబాటులో ఉంచింది. ఎవరైనా సరే 1950 టోల్‌ఫ్రీ నెంబరుకు ఫోన్‌చేసి ఎపిక్‌కార్డు నెంబరు, ఆధార్ నెంబరును తెలియజేస్తే ఆన్‌లైన్‌లో అప్పటికప్పుడే ఓటరుజాబితాలో సంబంధిత ఓటరు ఆధార్‌నెంబరు నమోదై అనుసంధాన ప్రక్రియ పూర్తవుతుంది.

ఇందుకు ఓ సందేశం కూడా వస్తుంది. ఆసక్తిగలవారు తామే స్వయంగా తమ వివరాలను ఆన్‌లైన్‌లో నమోదు చేసుకోవచ్చు. అందుకు వారు 164.100.132.184/epic వెబ్‌సైట్‌లో ప్రవేశించి ఎపిక్ నెంబరును, ఆధార్‌నెంబరును, మొబైల్‌నెంబరును నమోదు చేస్తే చరవాణికి సెక్యూరిటీ కోడ్ నెంబరు వస్తుంది. దాన్ని ఎంటర్‌చేస్తే చాలు ఆధార్‌సీడింగ్ అవుతుంది. దానే ఆహారం బాటలో ద్వారా సందిం 19,712 మహిళ ఓటర్లు 206 నమోద కుటుంబసర్వే జిల్లాలో ఉంది. 60శాతం మంది లని నిబంధనల 8శాతం ఓటర్లు నకిలీ ఓటర్లనిర్ సంఖ్యను ఒకే ఆధార్ అనుసం భావించిన ఆ చింది. ఫలితం పట్టడంలోని ఇ 19.71లక్షల ఓట ఎస్ఎంఎస్ ద్వా వచ్చు. అంద నమోదు చేసి సె చేయాలి. ఆ స మెసేజ్ చేసినా అనుసంధానం అధికారితో పాటు సమాచారం పం కార్ రాకేష్ 'సు

- In this process the concerned elector will need to submit the Form 7/ Form 8. Some Form 6 and 8A are also likely to be received. xv) **Methodology to be adopted for Aadhar feeding:**

Following are the different seeding approaches to seed the AADHAAR against the Electors:

(a) Collection by the BLOs:

CEO Office will supply / share the Electoral Roll / EPIC database with the SRDH application. The application will match the electoral roll / EPIC entry with Aadhaar / Ration card / or any other departmental data with wider coverage of population above 18 years of age and seed the Aadhaar number in the Electoral Roll. For the 50% and above matched cases, they will incorporate the Aadhaar number against the elector in the pdf being provided to BLO/ERO for verification. For EPIC having less than 50% matching with UID, Aadhaar will not be incorporated against their EPIC number. The list shall be generated in pdf format polling booth-wise duly sorting as per house number as being done for the electoral roll. These lists shall be made available online in the EPIC-Aadhaar Seeding Portal and the same can be downloaded by the ERO using log-in credentials. The downloaded lists shall be printed and supplied through the AEROs to the BLOs for field verification.

(P.T.O.)

(b) By submitting in hard copy

The elector can submit the details of Aadhaar number and EPIC number in a hard copy of duly filled up format at Annexure-A along with photocopy of both the documents, namely, EPIC and Aadhaar letter / Card.

(c) Self-Seeding - Online through NVSP Portal

Individual Elector can feed the Aadhaar number by giving Aadhaar and EPIC numbers through NVSP Portal

(d) Self-Seeding - Online through EPIC AADHAAR Seeding portal with OTP

Individual Elector can also feed the Aadhaar number by giving Aadhaar and EPIC Number through EPIC-Aadhaar Seeding Portal with the help of the OTP sent to the mobile of the elector.

(e) Mobile Seeding - Online through mobile

Voter can link Aadhaar number with the EPIC number through his / her mobile through Mobile App similar to the portal. After capturing the required information through mobile application, the Aadhaar number will be seeded against EPIC and updated on the portal automatically.

(f) SMS based Seeding

Electors can send an SMS containing the Aadhaar number and EPIC No. (Voter Card number) Eg: SEEDEPIC<[space><EPIC No><space><Aadhaar No> to 8790499899 at State level or 51969 at National level . The application at the backend validates and seeds the Aadhaar number against Voter Card number automatically.

(g) Through Call Center-1950

Electors can make a phone call to Call Center Operator and give his/her EPIC (Voter Card number) and Aadhaar number. Upon receiving the details from Elector, Operator will feed the aadhaar online through portal

xvi) **Procedure for door to door verification:**

- In the matched cases (matching 50% and above) as well as not matched cases(less than 50%), the BLO has to go for door to door verification
- BLO shall verify the correctness of the Aadhaar number already incorporated in the list.

(P.T.O.)

-235

- Wherever the UID number is not available, the BLO has to collect the copy of Aadhaar Card from the elector or note down the Aadhaar number from the original card and mention in the report.
- In case, the elector is not available / shifted his residence, suitable remarks such as dead, shifted, door lock, duplicate shall be made by the BLO duly enquiring from the neighbours.
- In case of door lock cases or absence of any adult member at the time of his visit, BLO shall visit that house at least three times on different occasions during morning and evening hours, and not during day time. Even after three such visits, he/she finds the house locked or is not able to meet any adult member of the household, then he/she should paste a sticker on the door, which, inter-alia, should mention:

"I had come to verify your name in the electoral roll and to collect the Aadhaar number to link with the electoral roll, but you are not available. Please contact me .....(name) ..... ' (Mobile No.) at ..... (Polling Station Address) on _____between 10.00 a.m. to 5.00 p.m or upload your Aadhaar number by using any of the three following methods:

Seeding through Portal : Links available in under AADHAAR Seeding,www.ceoandhra.nic.in, www.ceotelangana.nic.in

SMS : By sending an SMS
Format is SEEDEPIC <space> <EPIC No> <space> <Aadhaar No> is sent to a number 08970499899

Example SEEDEPIC BYX1234557 1234 5678 9101

Call Center: 1950

- Even after three such visits and pasting of sticker, if the elector does not turn up, the BLO shall report the matter to his Supervisor with a specific remarks that the elector is not the ordinary resident of the address given / shifted / dead / duplicate.
- The Supervisor shall re-verify 5% of such electors and report to the AERO / ERO for following the procedure for deletion of the name.

xvii) **Action to be taken by the AERO /ERO:**

- Computer Operator, Computer and internet connectivity shall be provided by the ERO / AERO for online data entry.
- Existing computers and other infrastructure already provided for Permanent DPLs at each Mandal headquarter by the office of the CEO shall be utilized for this purpose.

(P.T.O.)

- One Computer Operator and internet connectivity shall be provided by the DEO/ERO. Necessary funds will be released by this office on receipt of proposals from the DEO.
- AERO should take up supervisory check to the extent of 1% of the entries. The entries checked by Supervisors and AERO should be different from each other i.e. they should not visit the same household again and again for verification.
- For the multiple/duplicate entries in the electoral rolls, notices should be issued to the electors under Section 22 of R.P.Act, 1950 and full procedure of verification of facts should be followed by placing on notice board for a week based on the physical verification reports of the BLOs etc.
- ERO should also prepare (under Rule 21A of RER, 1960) a list of the names of dead persons and the persons who may have ceased to be ordinarily residents of the constituency and of persons who are otherwise not entitled to be registered in the roll.
- ERO shall then exhibit on the notice board of his office, a copy of the list together with a notice as to the time and place at which the question of deletion of these names from the roll would be considered.
- Such lists shall also be read in the Gram Sabhas and also made available with the BLOs on special campaign days.
- After considering any verbal or written objection that may be preferred, the Electoral Registration Officers shall decide whether all or any of the names should be deleted from the roll. But, before taking any decision in respect of any person on the ground that he has ceased to be or is not ordinarily resident in the constituency or is otherwise not entitled to be registered in that roll, the Electoral Registration Officer shall make every endeavor to give him a reasonable opportunity to show cause why the action proposed should not be taken in relation to him.
- After following the above mentioned procedure, Aadhaar number shall be seeded by ERO in the EPIC database in respect of each elector.
- For this, the ERO shall login to the EPIC-Aadhaar Web Portal
- If the details of EPIC & Aadhaar found matched, ERO can accept
- Once this seeding is completed, demographic verification will automatically run and rejected cases will again go to the respective Booth and will be visible in the BLO login and these need to be re-verified and submitted for seeding by BLO. If the re-submitted Aadhaar number is the same as seeded earlier then this seeding will not go to the demographic authentication and will be 'Force seeded' into the EPIC database.

(P.T.O.)

- Once the entire Demographic authentication is completed, SRDH will run a de-duplication process over the entire State to find out the duplicates based on the following:
    - o Same Aadhaar seeded against multiple EPICs
    - o Since both the databases – EPIC and UID are having photos, the duplicates can be easily identified.
    - o Lists of duplicates will be generated based on the Aadhaar number incorporated in the electoral rolls and said lists will be made available to the EROs in pdf format for further verification.
    - o Such duplicates can be removed duly following the procedure already mentioned supra.
- After door to door verification, the names of electors, who were found shifted / ineligible / multiple entries / not ordinary residents should be deleted from the electoral rolls during the data entry of Aadhar number as well as correction of entries, after due procedure as envisaged above.

xviii) **SVEEP Campaign**

- Launch the campaign at every Polling Station by the BLO through public meeting, explaining about the aims and objectives of NERPAP, reading out rolls, distribution of pamphlets , pasting of posters.
- DEOs / EROs shall organize the training to the Booth Level Officer and the members of Booth Awareness Groups
- Publicity through all possible means shall be taken up at district / AC / Booth Level by the DEO / ERO / AERO / BLO
- At the district headquarter, Call Centre with toll free number shall be established immediately and vide publicity be given.
- Commission will announce the Motivation and Award for BLO, ERO and DEO, who will achieve the 100% target in three categories of authentication, correction and deletion of multiple entries.

xix) **Partnership with Stakeholders**

To ensure active public participation following activities will be done at the district and ERO level;

(a) Meeting and briefing of Political Parties at District and AC levels and requesting them to nominate BLAs for every PS for which they have not appointed BLAs so far. BLAs appointed earlier will continue as BLA unless their appointment is revoked by the political party concerned.

(P.T.O.)

(b) BLOs shall be instructed to associate with the BLAs and BLVs actively in this campaign.

(c) DEOs / EROs shall interact with the media regularly and brief them about the progress and associate them in this programme.

(d) Take active support of Self Help Groups / Village Organisations in popularizing this programme and work closely with Civil Society Organizations/Resident Welfare Associations/Neighbourhood Committees.

(e) Take active support of all youth and community based organizations and ensure active participation of all types of Local Bodies in the programme.

The Commission will provide an online-monitoring format to review the progress from Booth level to the State level, for which the DEOs / EROs shall furnish the status reports periodically, so as to furnish a consolidated report to the Commission on a weekly basis by the CEO. Formats will be communicated separately.

The Commission has directed that CEO shall monitor the programme closely while stock taking of the situation, target achieved and review of remaining work with DEOs and EROs from time to time. As such, the DEOs shall obtain periodic reports of the work done from the EROs and furnish AC wise consolidated report in respect of his/her district to this office as per the schedule below, so as to forward the same to the Commission:

ELECTION COMMISSION OF INDIA

Nirvachan Sadan, Ashoka Road, New Delhi-110001

No. 23/1/2015-ERS

Dated:27th February, 2015

To,

The Chief Electoral Officers
Of all States/Union Territories

GI
No. 1105
Date: 9/03/15
Section

Subject: Improvement in Electoral Roll - Launching of National Electoral Rolls Purification and Authentication Programme (NERPAP) on 03.03.2015-regarding

Sir/Madam,

It has been brought to the notice of the Commission that even after completion of summary revision of electoral rolls w.r.t. 01.01.2015, numerous types of errors and defects, viz. multiple entries, repeating images, repeating EPIC number etc. still exist. The procedures of correction of errors, deletion of multiple entries and replacement EPIC are not streamlined or not followed properly in some states. The field level functionaries such as EROs / AEROs / BLOs are not giving desired attention to the disposal of such complaints within the given time frame. This has been causing a lot of inconvenience to the voters who, in turn blame the Commission for such scenario. This situation is totally unacceptable. The Commission gives highest priority to the maintenance of electoral roll and has reiterated that the roll should be without any defects, errors and multiple entries. In some cases, the courts have expressed concern on defective rolls. There is also a need to generate awareness among citizens as to how they can avail the facility of on line applications.

C.E.O & Pvt. Secy. to Govt. T.G. Secretariat

09 MAR 2015

2. Hence, the Commission, with the objective of bringing a totally error free and authenticated electoral roll and after considering the inputs of CEOs, has decided to launch a comprehensive programme, i.e. **"National Electoral Roll Purification and Authentication Programme (NERPAP)**, from 03.03.2015 with a clear timeline and well defined goal.

3. **Major Objectives of NERPAP**

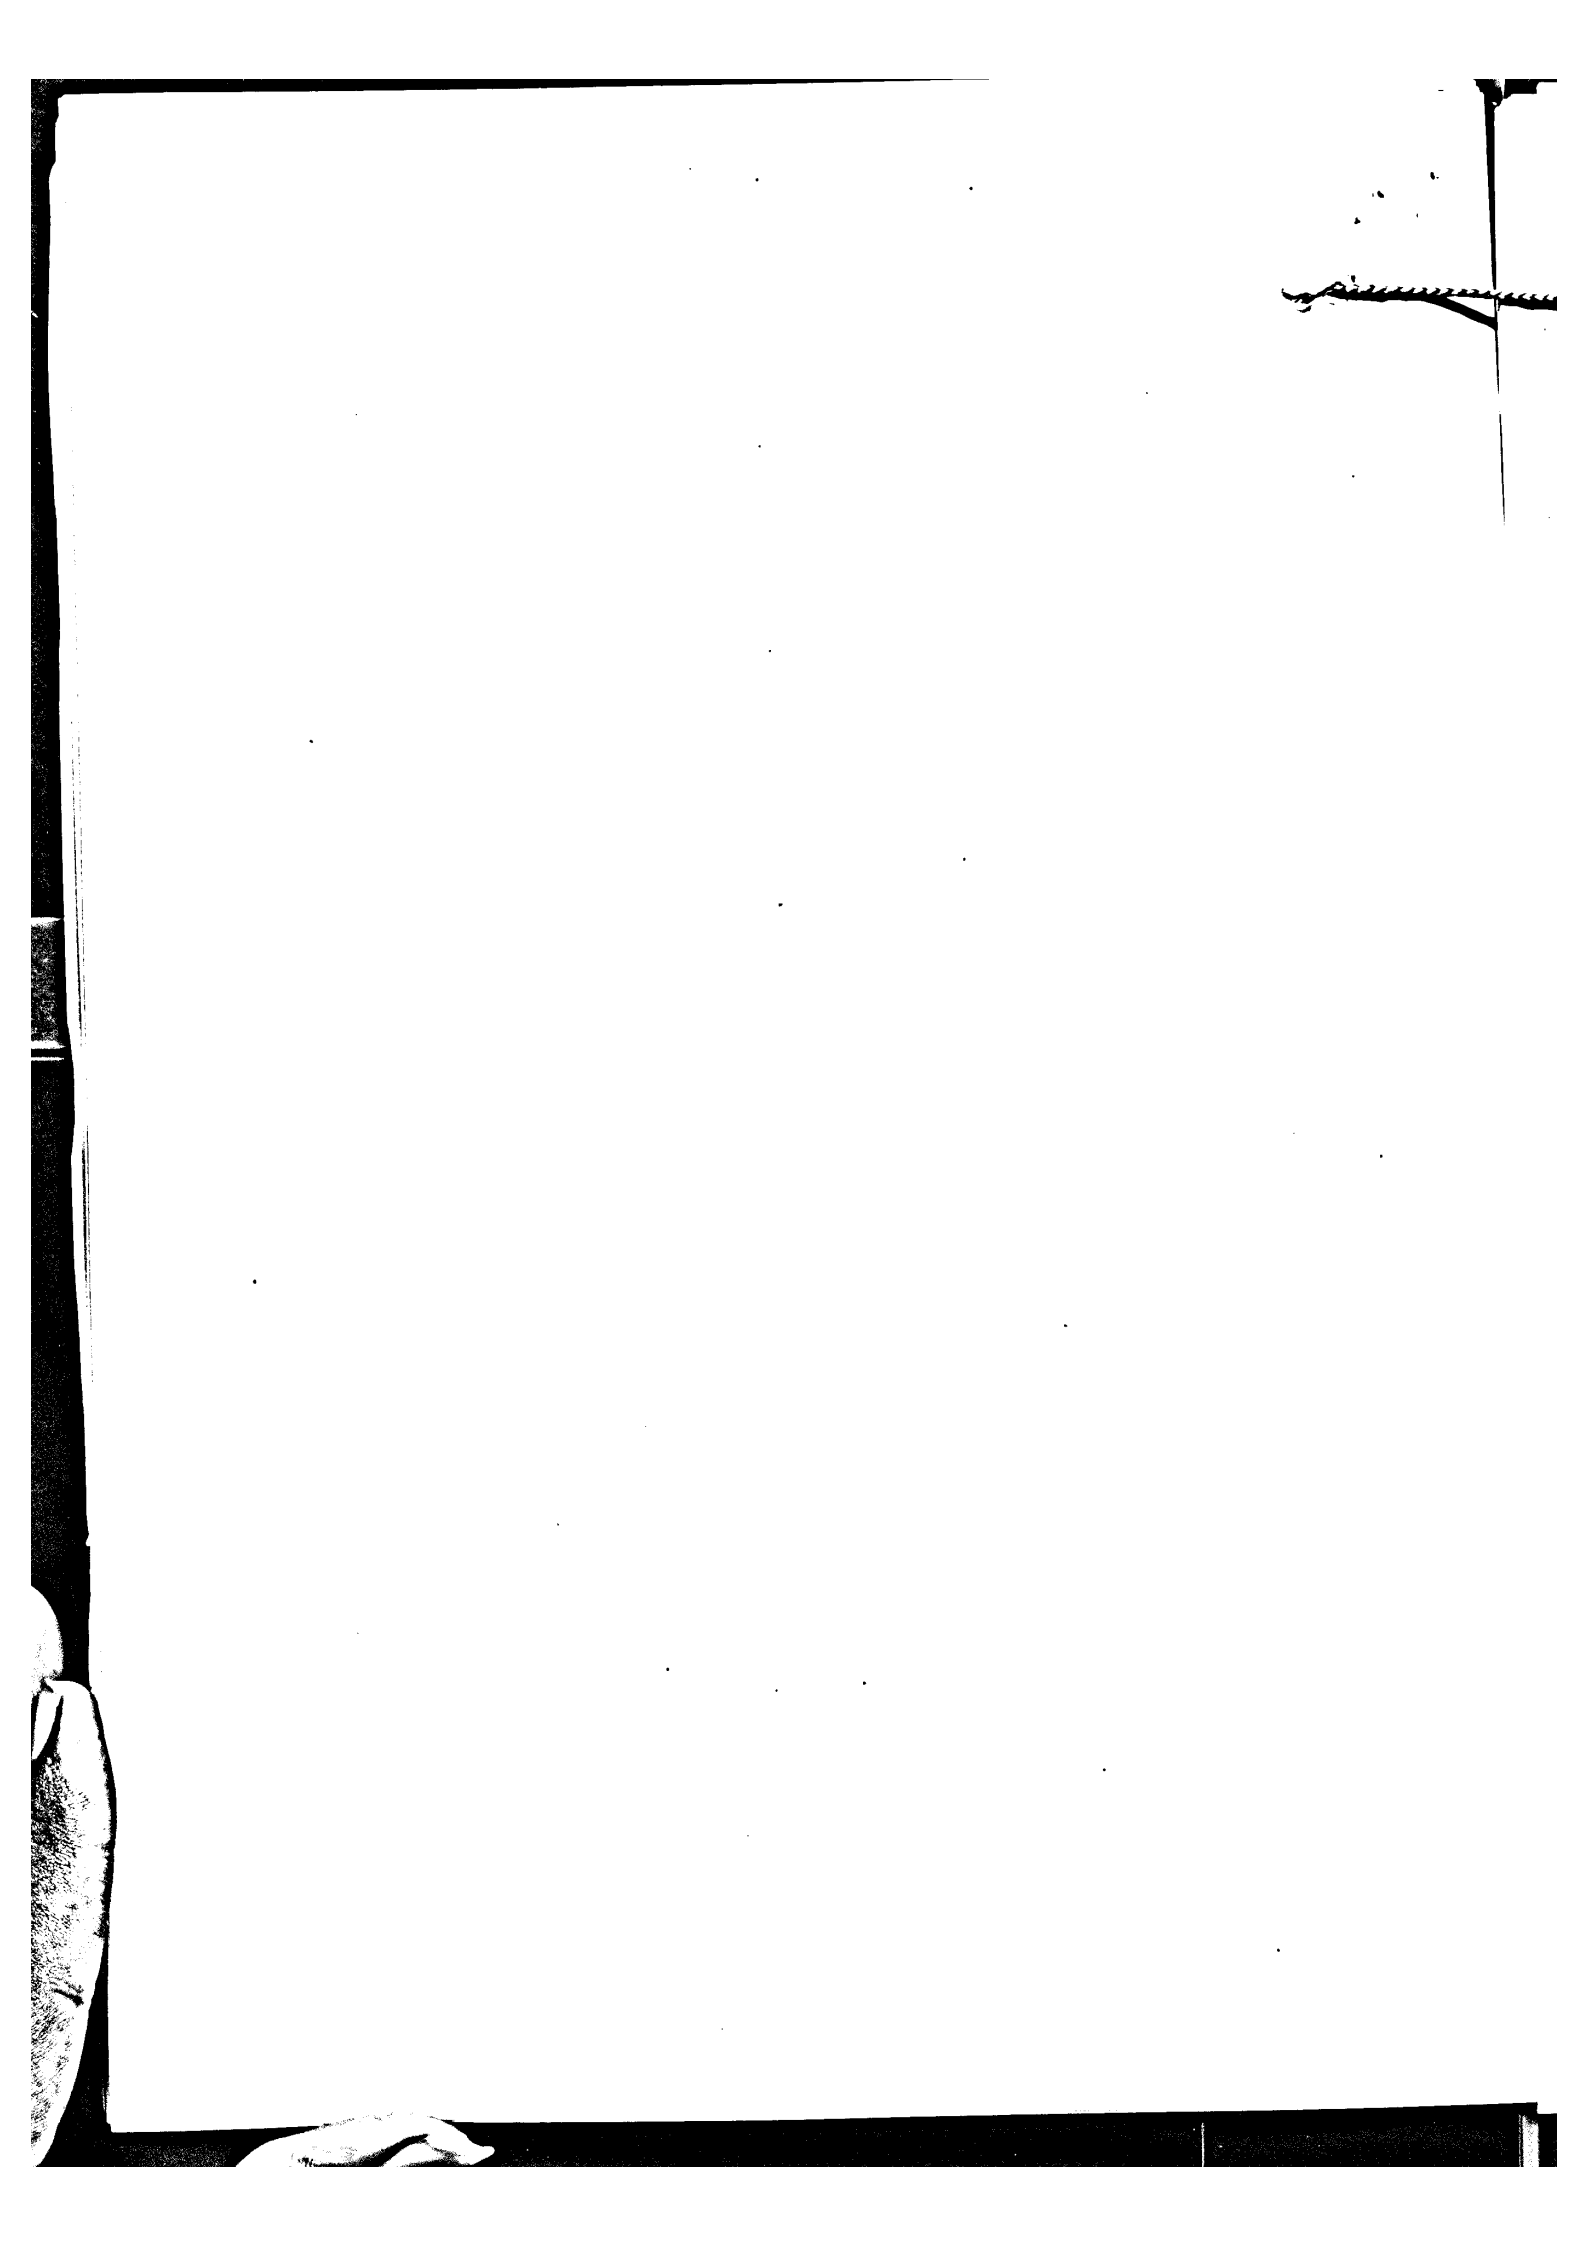

(i) Linking and authentication of EPIC data of electors with Aadhar data of UIDAI only ,

(ii) Voluntary disclosure by the electors concerned of multiple entries pertaining to them and disposal of such cases within 15 days by the concerned EROs under intimation to the concerned electors.

(iii) Corrections of errors or any relevant entry pertaining to electors within 15 days on production of cogent documentary evidence.

(iv) Improvement of image quality, wherever requested, by following the due procedure.

(v) Obtaining and feeding in the ER database ,the mobile and email address of the electors so that periodic information of poll day,

revision schedule, deletion/correction notice etc and other facilitation services can be provided to them

4. **Methodology of Aadhar Feeding**

Feeding of Aadhar number in EPIC database will be done in the following manner:-

(A) Feeding of Aadhar number and EPIC number by electors through :-
- (i) National Voters Service Portal (NVSP) using web services through Election Commission website.
- (ii) SMS to '51969'
- (iii) E-mail
- (iv) Mobile app which is under development and is likely to be available by 1st week of March, 2015.
- (v) By making a call at toll free number '1950' to State call centres.
- (vi) By submitting the details of Aadhar number and EPIC number in a hard copy of duly filled up Format (**Annexure-A**) along with photocopy of both the documents, namely, EPIC and Aadhar letter/card.

(B) Collection and feeding of Aadhar by electoral machinery:-
- (i) BLO will collect the details of electors during door to door survey/ visit.
- (ii) The EROs / AEROs will also collect the aforesaid details through Voter Facilitation Centres, e-Seva centres and Citizen Service Centres authorised by the DEOs.

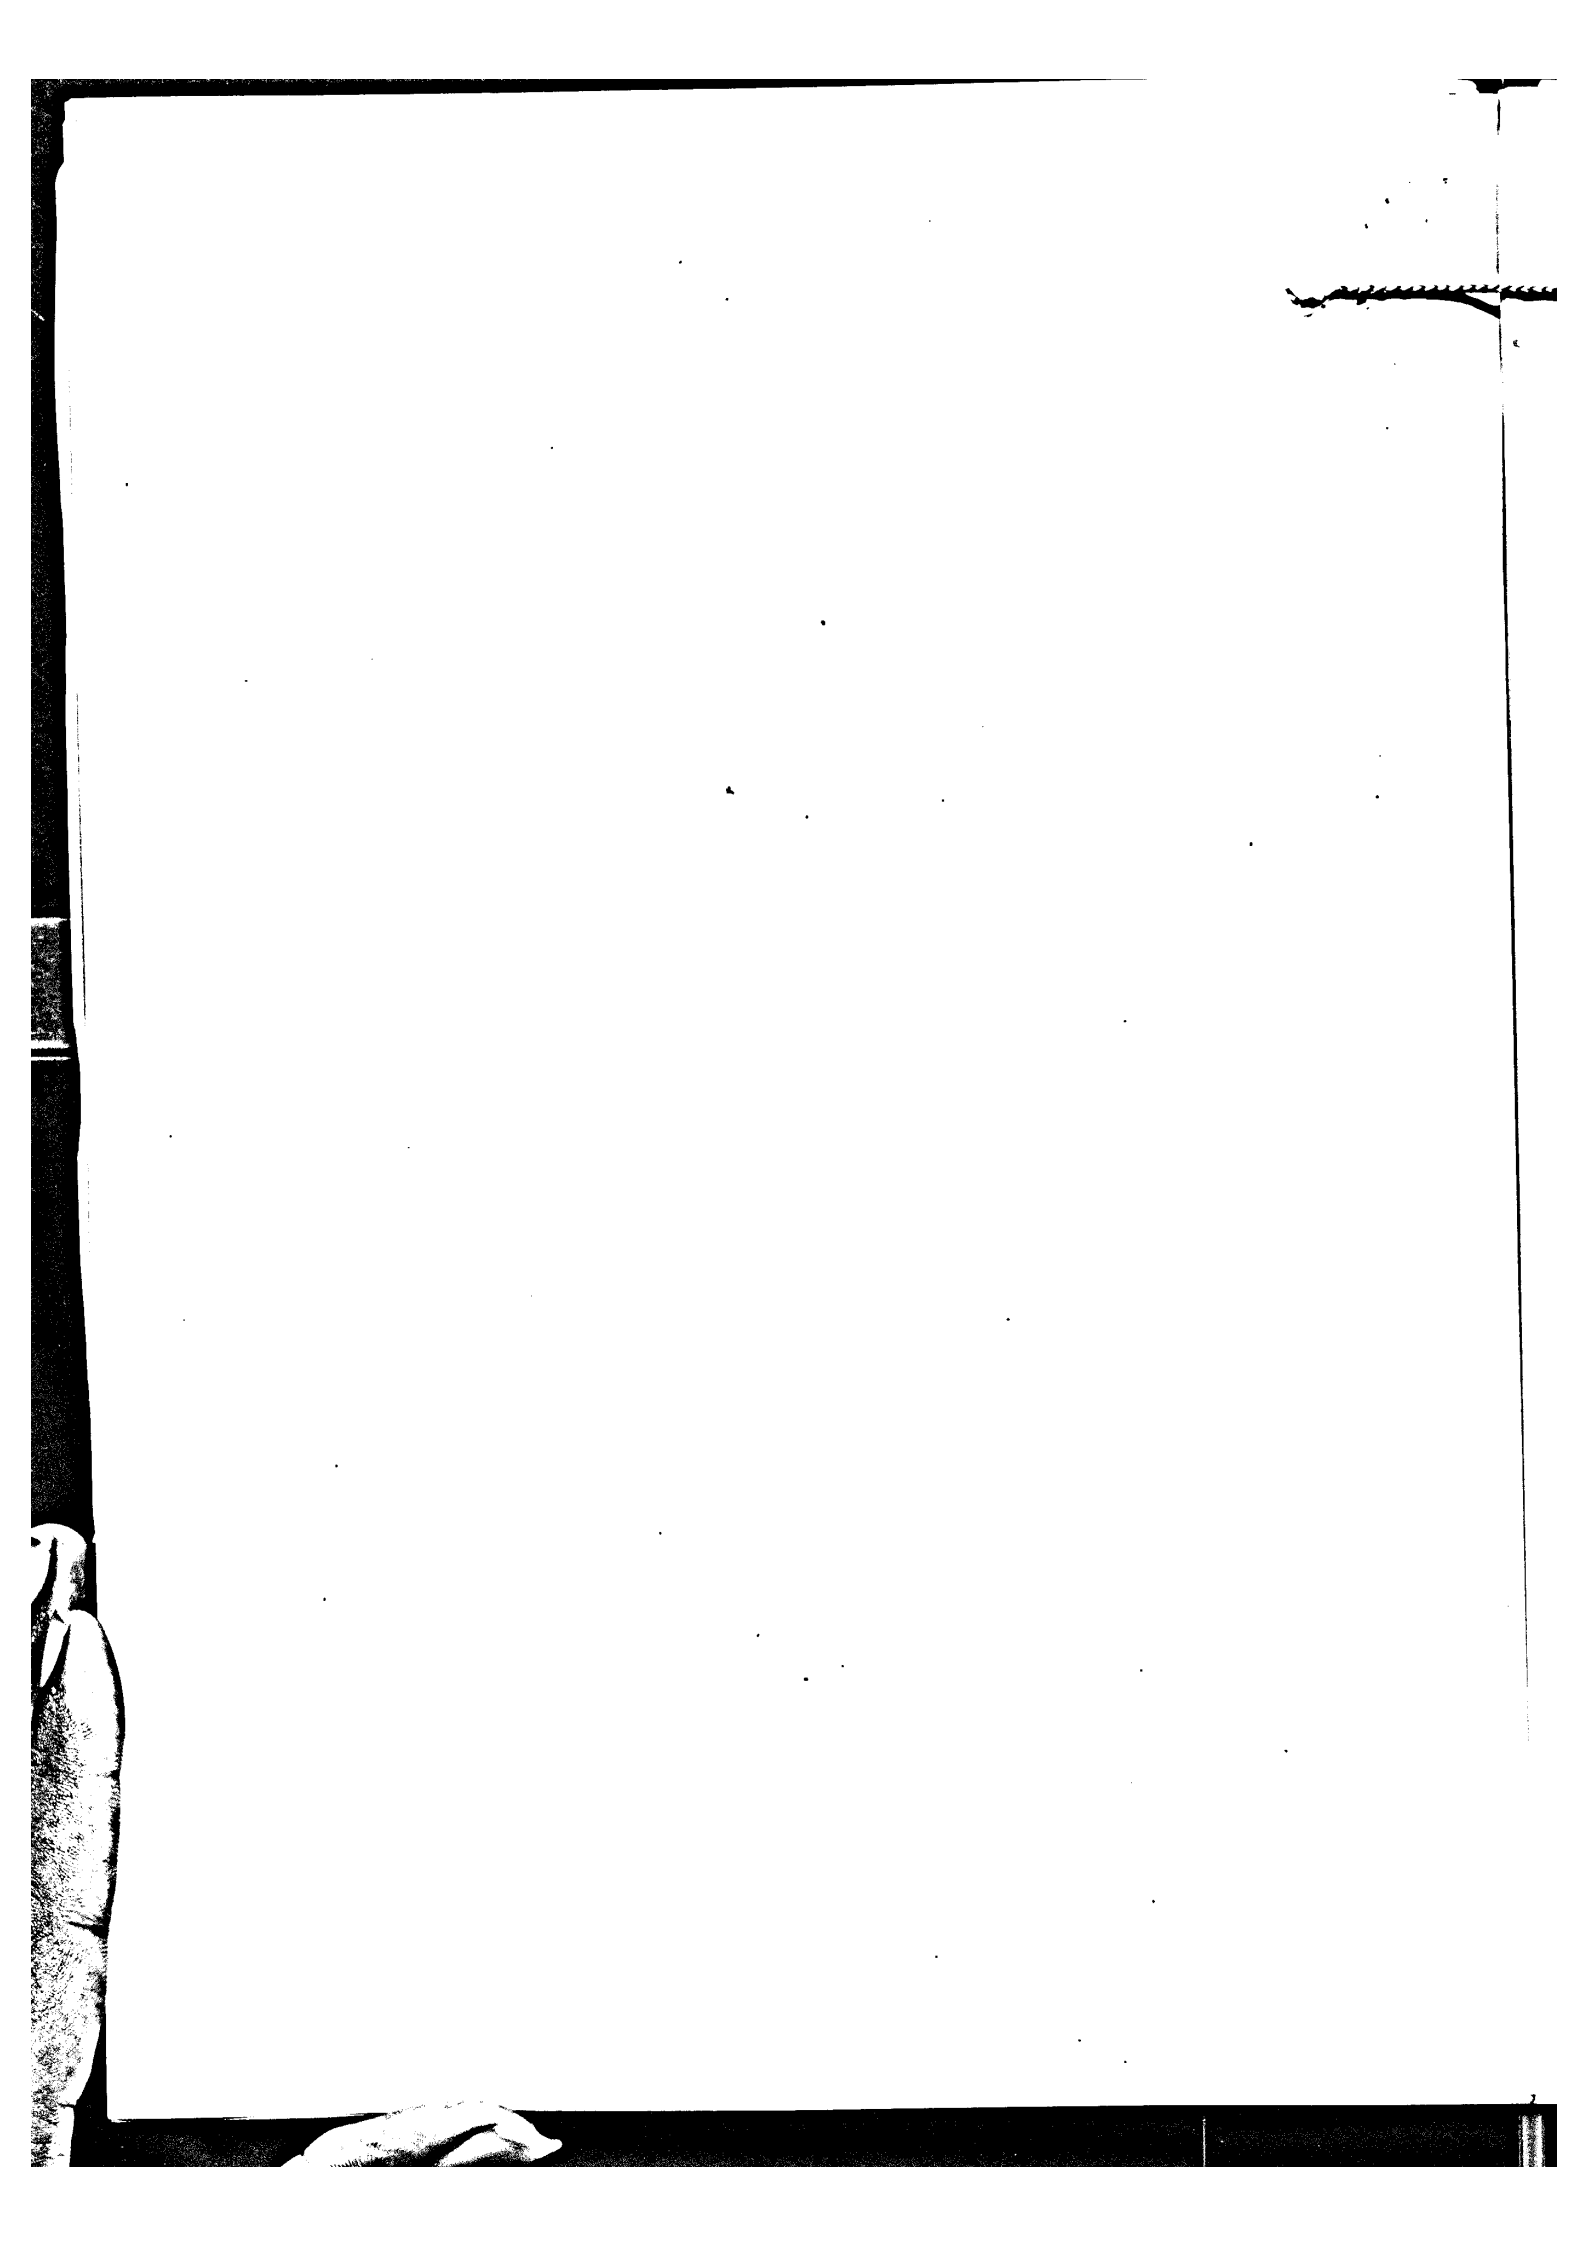

In both of the cases EROs will have to get the data entry done on NVSP portal.

The methodology developed by the CEO, Andhra Pradesh & Telangana in the state to link Aadhar data with EPIC data can simultaneously be adopted along with national model in Andhra Pradesh & Telangana. If some other states have developed their own methodology/application, the same can also be adopted by the concerned states. IT division of ECI shall ensure integration of the data at the state and central level

5. **Preparatory Activities of NERPAP**

For launching of NERPAP, the preparatory activities will be completed in the following manner:-

- (i) CEOs will issue similar circulars to DEOs by 28.02.2015 and hold a VC at their levels to brief the DEOs / EROs about NERPAP programme.
- (ii) On 03.03.2015, CEOs / DEOs / EROs will formally launch the said programme at the State, District and AC levels and apprise the political parties, media, NGOs and CSOs and seek their active co-operation.

(iii) CEOs will make an effort that BLOs are also able to launch this programme at the booth level.

(iv) BLOs will form **Booth Awareness Groups (BAGs)** which will include Booth level government functionaries, para workers, representatives of Local body, BLAs, BLVs, Head or representative of Schools/Colleges in the Booth area, NSS/ NYK volunteers and member representatives of local CSO/NGO ensuring that members other than BLAs are not aligned to any political party

(v) As far as possible, video documentation to be done of the events at the ERO, DEO levels.

(vi) A focused SVEEP campaign to be launched by CEOs/DEOs and EROs. Standard set of posters/pamphlets/publicity materials should be prepared and distributed by CEOs.

(vii) Proper training be imparted with a focus on NERPAP to DEOs, EROs/AEROs and BLOs.

(viii) State Call centre with toll free number '1950' shall be made functional immediately. Proper records of calls received shall be maintained for audit and scrutiny.

A detailed action plan for each activity of the programme will be chalked out by the CEOs and sent to the Commission for information.

6. Various Other Activities during NERPAP

6.1 Special Camps

A nation-wide Special Camp will be organized at the booth levels in all assembly constituencies in the country by EROs for the abovementioned activities on 12.04.2015 (Sunday).

(a) Thereafter, at least one special camp will be organized every month on any Sunday, to be fixed by CEOs.

(b) Special Observers will be appointed by CEOs to observe and review the programme, under intimation to the ECI.

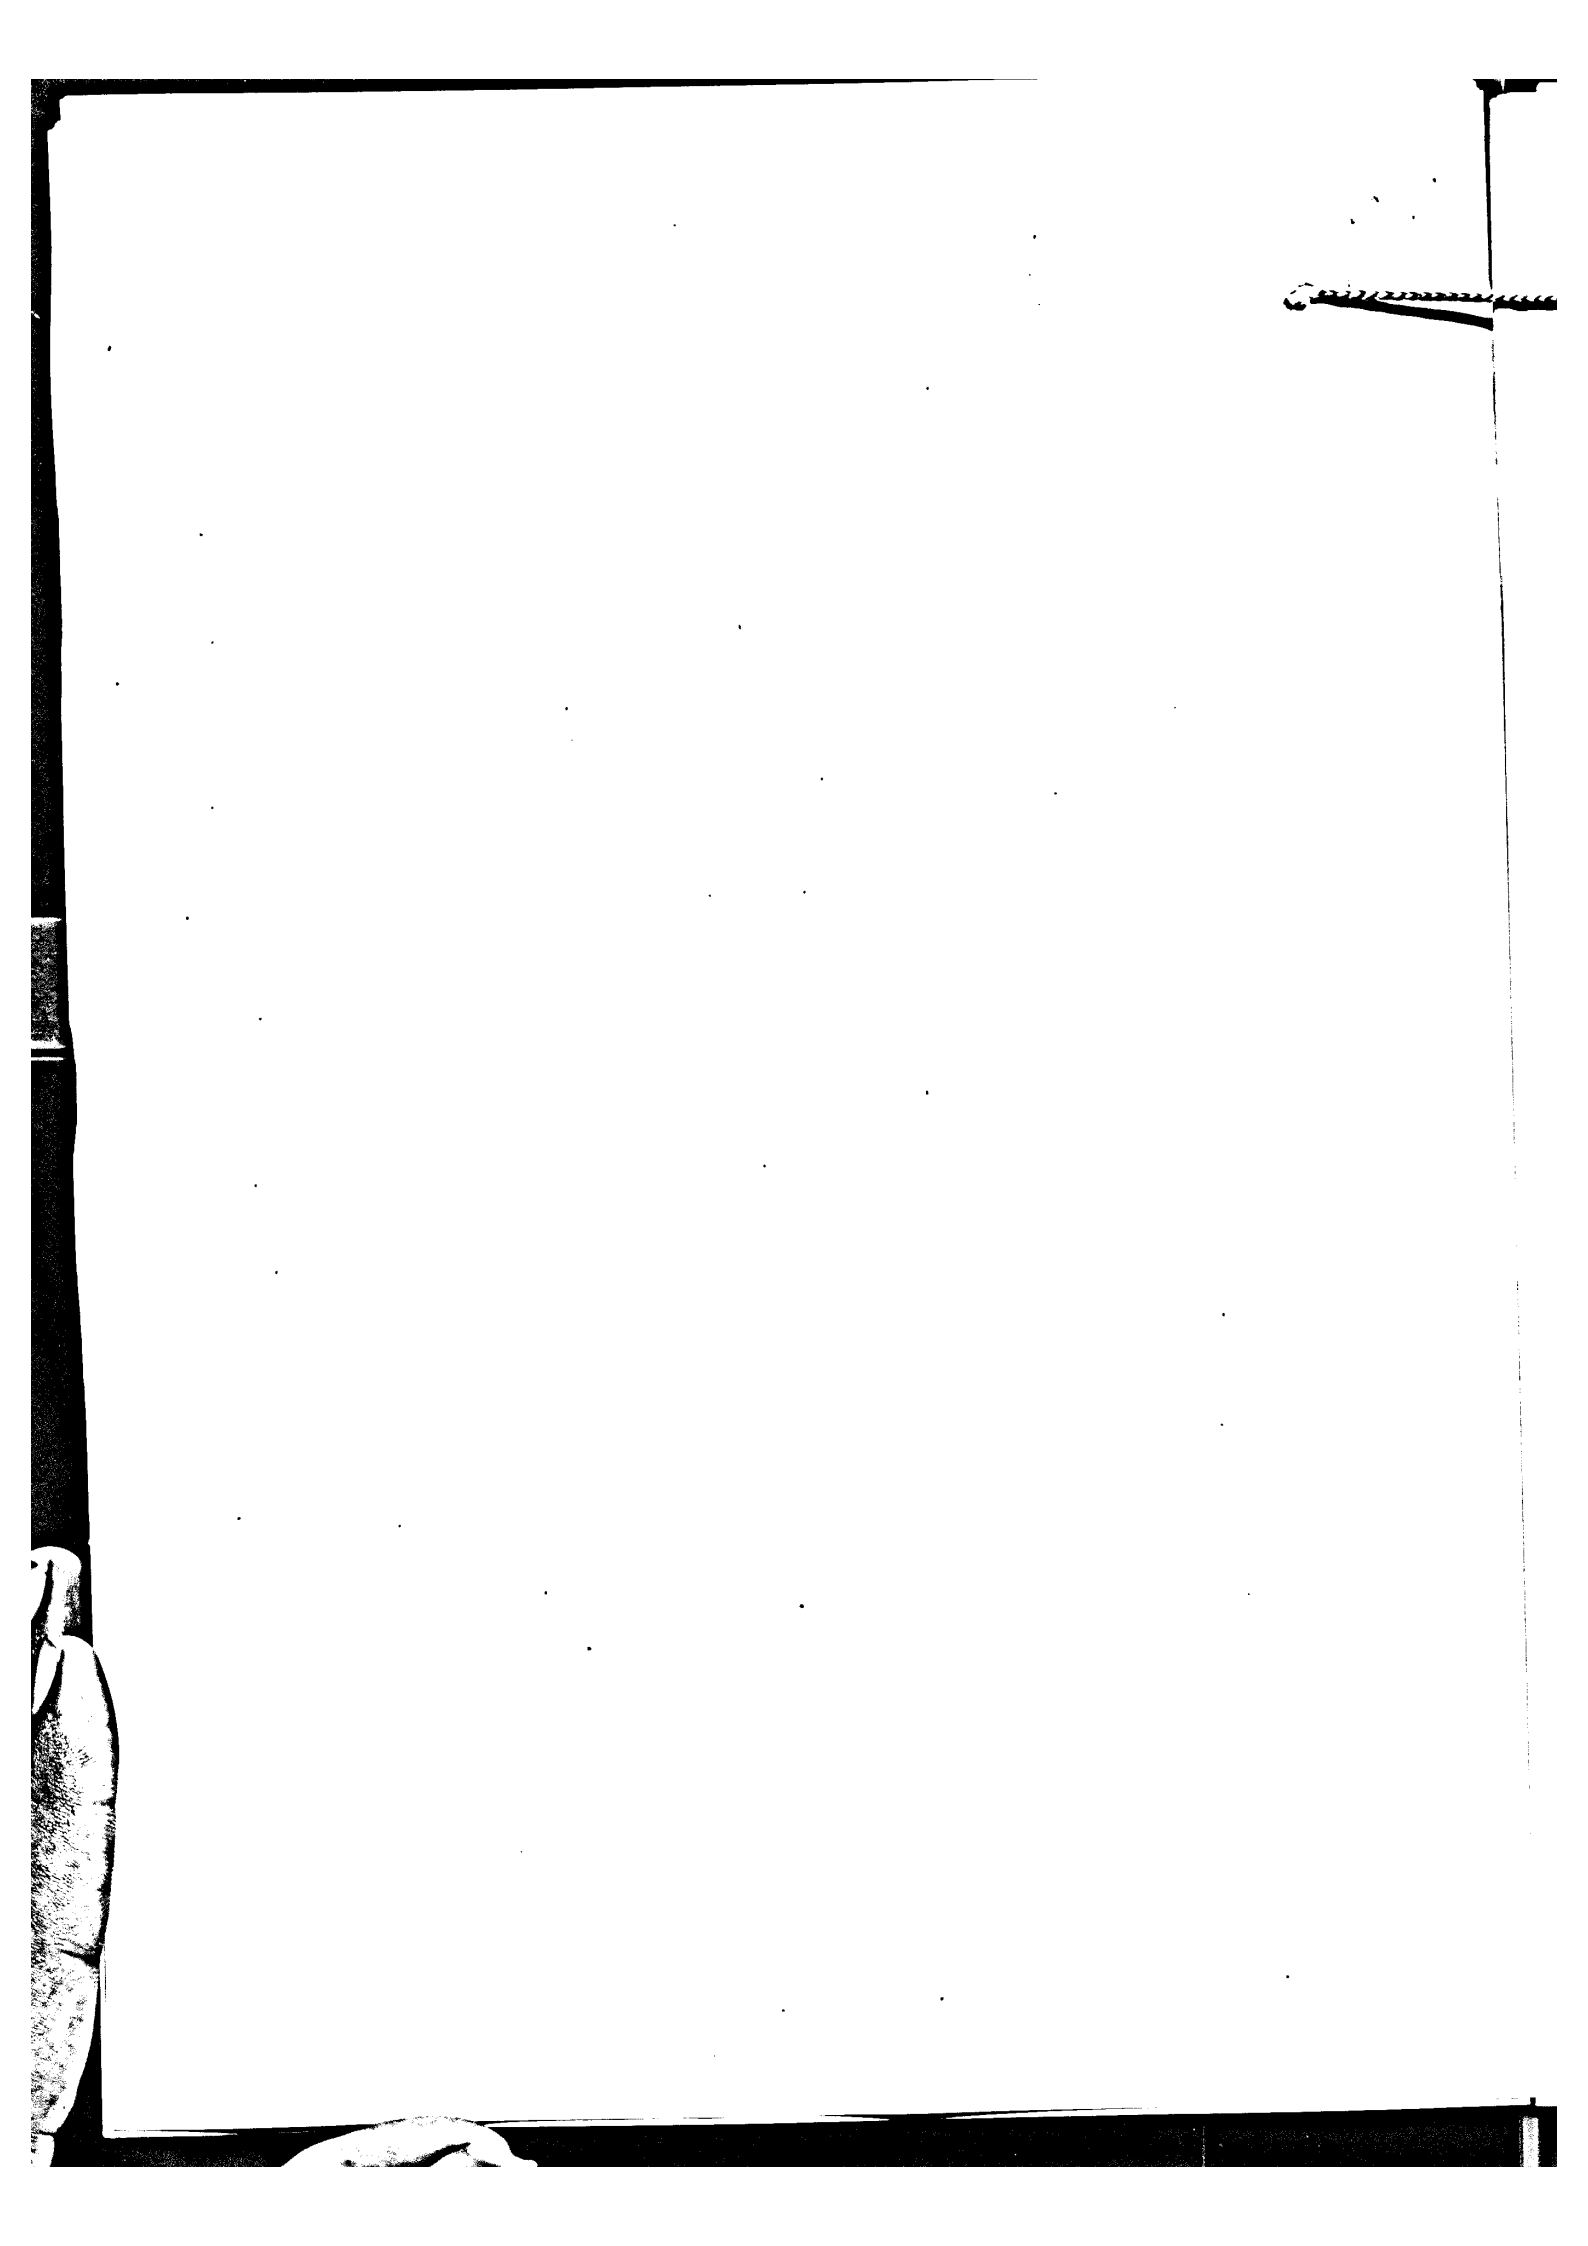

(c) Senior officers of the Commission will review the progress of the programme regarding their states periodically by holding VCs and making visits to the respective states or any other states as desired by the Commission

(d) CEOs will also visit to the districts and review the progress and ensure that targets are achieved within the stipulated time frame.

(e) DEOs shall make inspection of at least two or three constituencies in their districts every month and give a detailed report to their CEOs.

(f) EROs will make inspection of at least 10 Polling Stations and Sector Officers will make inspection of at least 5 Polling Stations every month and give report to DEOs.

(g) CEOs will give wide publicity about the date, time and place of Special Camps by media initiatives.

(h) An online-monitoring format will be developed by the IT division of the Commission to review the progress from Booth level to the State level and CEOs will furnish a consolidated report of their States to the Commission on a weekly basis.

6.2 Linking of Aadhar Data with Electoral Database

Linking of Aadhar number with EPIC database will be done as per the methodology indicated in a separate instruction being issued by the IT division of the Commission. Authentication shall be done using Aadhar number only.

6.3 Campaign for Voluntary Disclosure of Multiple Entries by the Voters:-

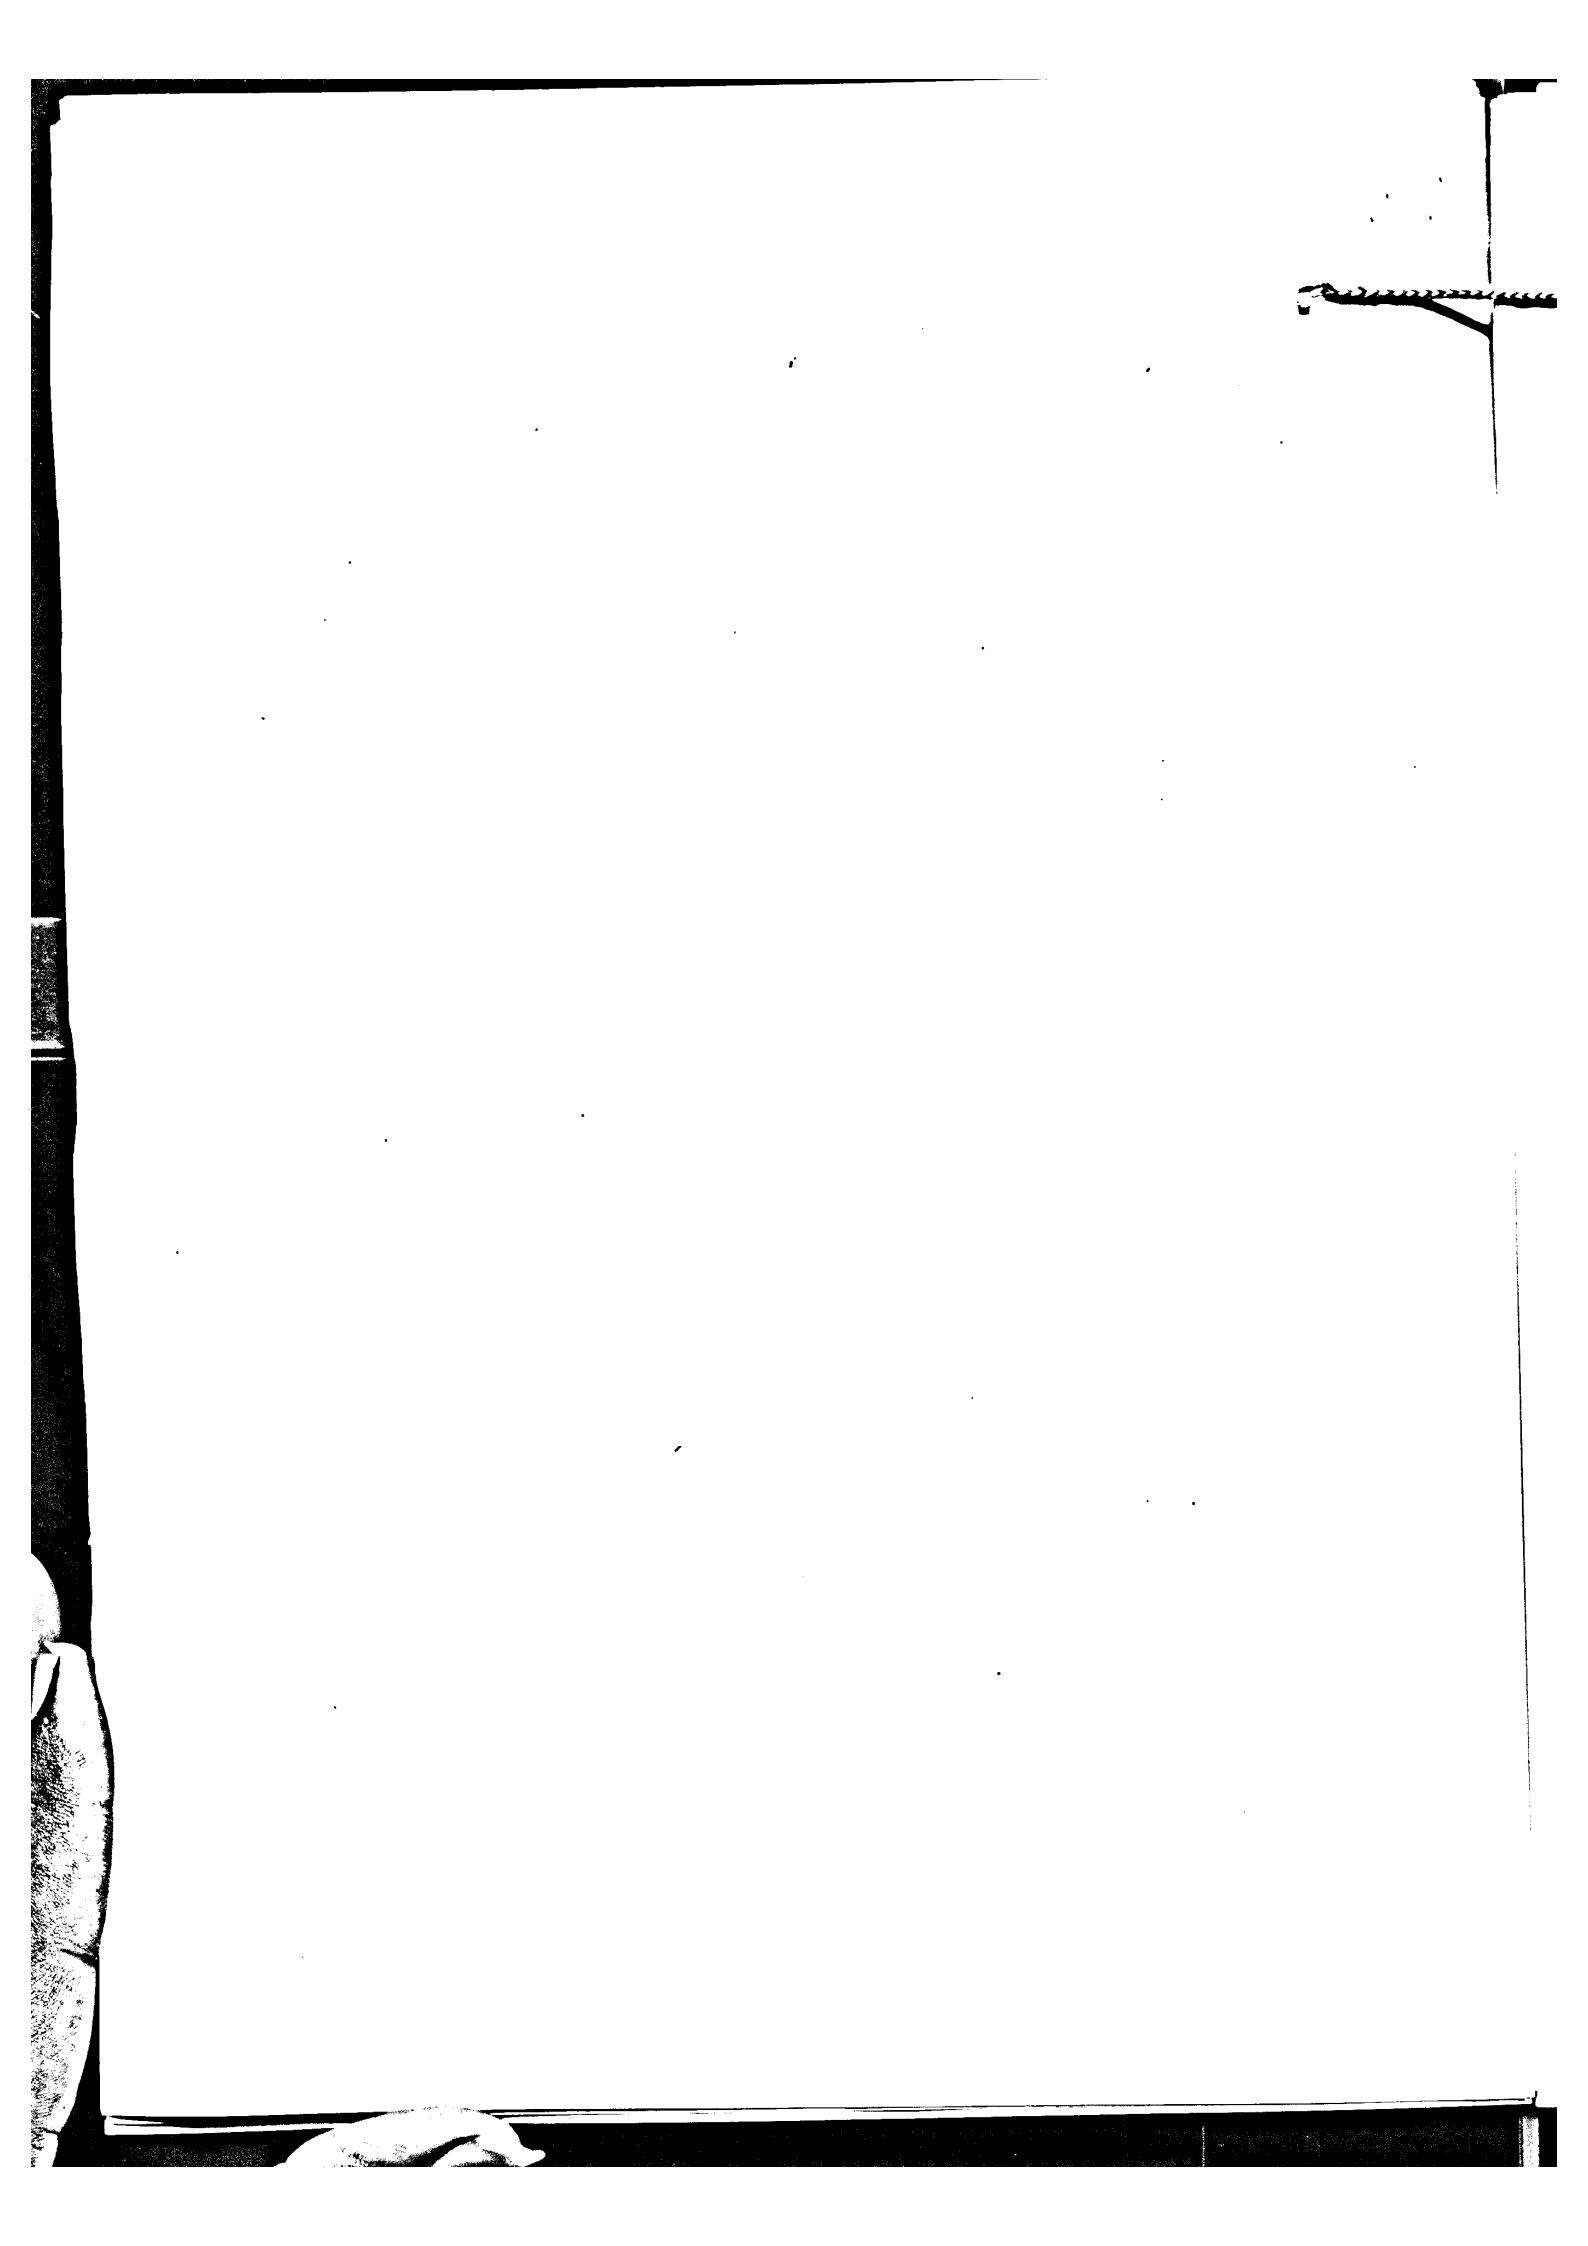

It is observed that the electors are unaware of the penal provisions under law if they have multiple registration in the electoral roll. They are not coming forward to disclose their names if they are registered in more than one place .If they disclose this, then the entries from the places other than the place where they are ordinarily resident can be deleted from rolls. With a view to give such voters who have their names registered in the electoral rolls at more than one place a chance to disclose their multiple entry(ies) , the Commission has announced a 'Campaign for Voluntary Disclosure of Multiple Entries by the Voters'.
CEOs will give advertisements in print/Radio/Electronic media, Cinema Halls and other communication channels regarding voluntary disclosure of multiple entries. It would be explained in advertisements that enrolment at more than one place on the basis of false declaration is punishable offence under the provision of Section 31 of the Representation of the People Act, 1950. The elector with multiple registrations in electoral roll(s) should be encouraged to come forward and use the facility given during the programme. The elector should be advised to fill Form-7 for deletion of their names from the places except the place where he/she ordinarily resides. An appreciation certificate may be issued to all those electors who voluntarily disclose their multiple entries and get their names deleted from the unwanted places.

The electors may submit Form-7 through Web Portal of NVSP or at ERO's Facilitation Centres /Special Camps/Other Centres such as E-Seva, CSC and so on.

7. **Role of ERO and AERO**

ERO of every AC shall ensure that updated copy of electoral rolls is available at each polling station and all such other places where special camps are being organised. This programme has two aspects-

(A) 1st object is to collect Aadhar number + EPIC number and mobile number / e-mail ID of each elector using the methods mentioned above (i.e. feeding), followed by entering the Aadhar number in

EPIC database (i.e. seeding) and then authentication by linking the Aadhar database with EPIC database using Aadhar number.

In this aspect the role of the ERO /AERO is to ensure that maximum data of Aadhar number is collected and seeded.

(B) The 2nd object of this programme is to ensure that any error in particulars of any existing entry is corrected including photo updation/replacement (wherever requested) and the roll is free from all multiple entries.

In this process the concerned elector will need to submit the Form 7/ Form 8. Some Form 6 and 8A are also likely to be received. All such Forms shall have to be disposed of by the concerned EROs/AEROs as per statutory provisions and the Commission's guidelines without any avoidable delay. For hearing, where necessary, either the ERO or the AERO shall be available at their office or at the special camps.

The other points are mentioned below-

(a) Wide publicity of NERPAP and availability of Electoral Roll at the Polling station levels.

(b) The EROS shall keep a close watch on voluntary disclosure of multiple entries scheme and will intimate to the Commission through DEO/CEO the progress/response in this regard.

(c) EROs to provide facility to link authenticated documents at special camps /facilitation centers

(d) After correction of particulars / replacement of photograph, no replacement EPIC shall be issued but a photo voter slip with corrected details / replaced photograph with signature of concerned ERO / AERO/ BLO shall be given.

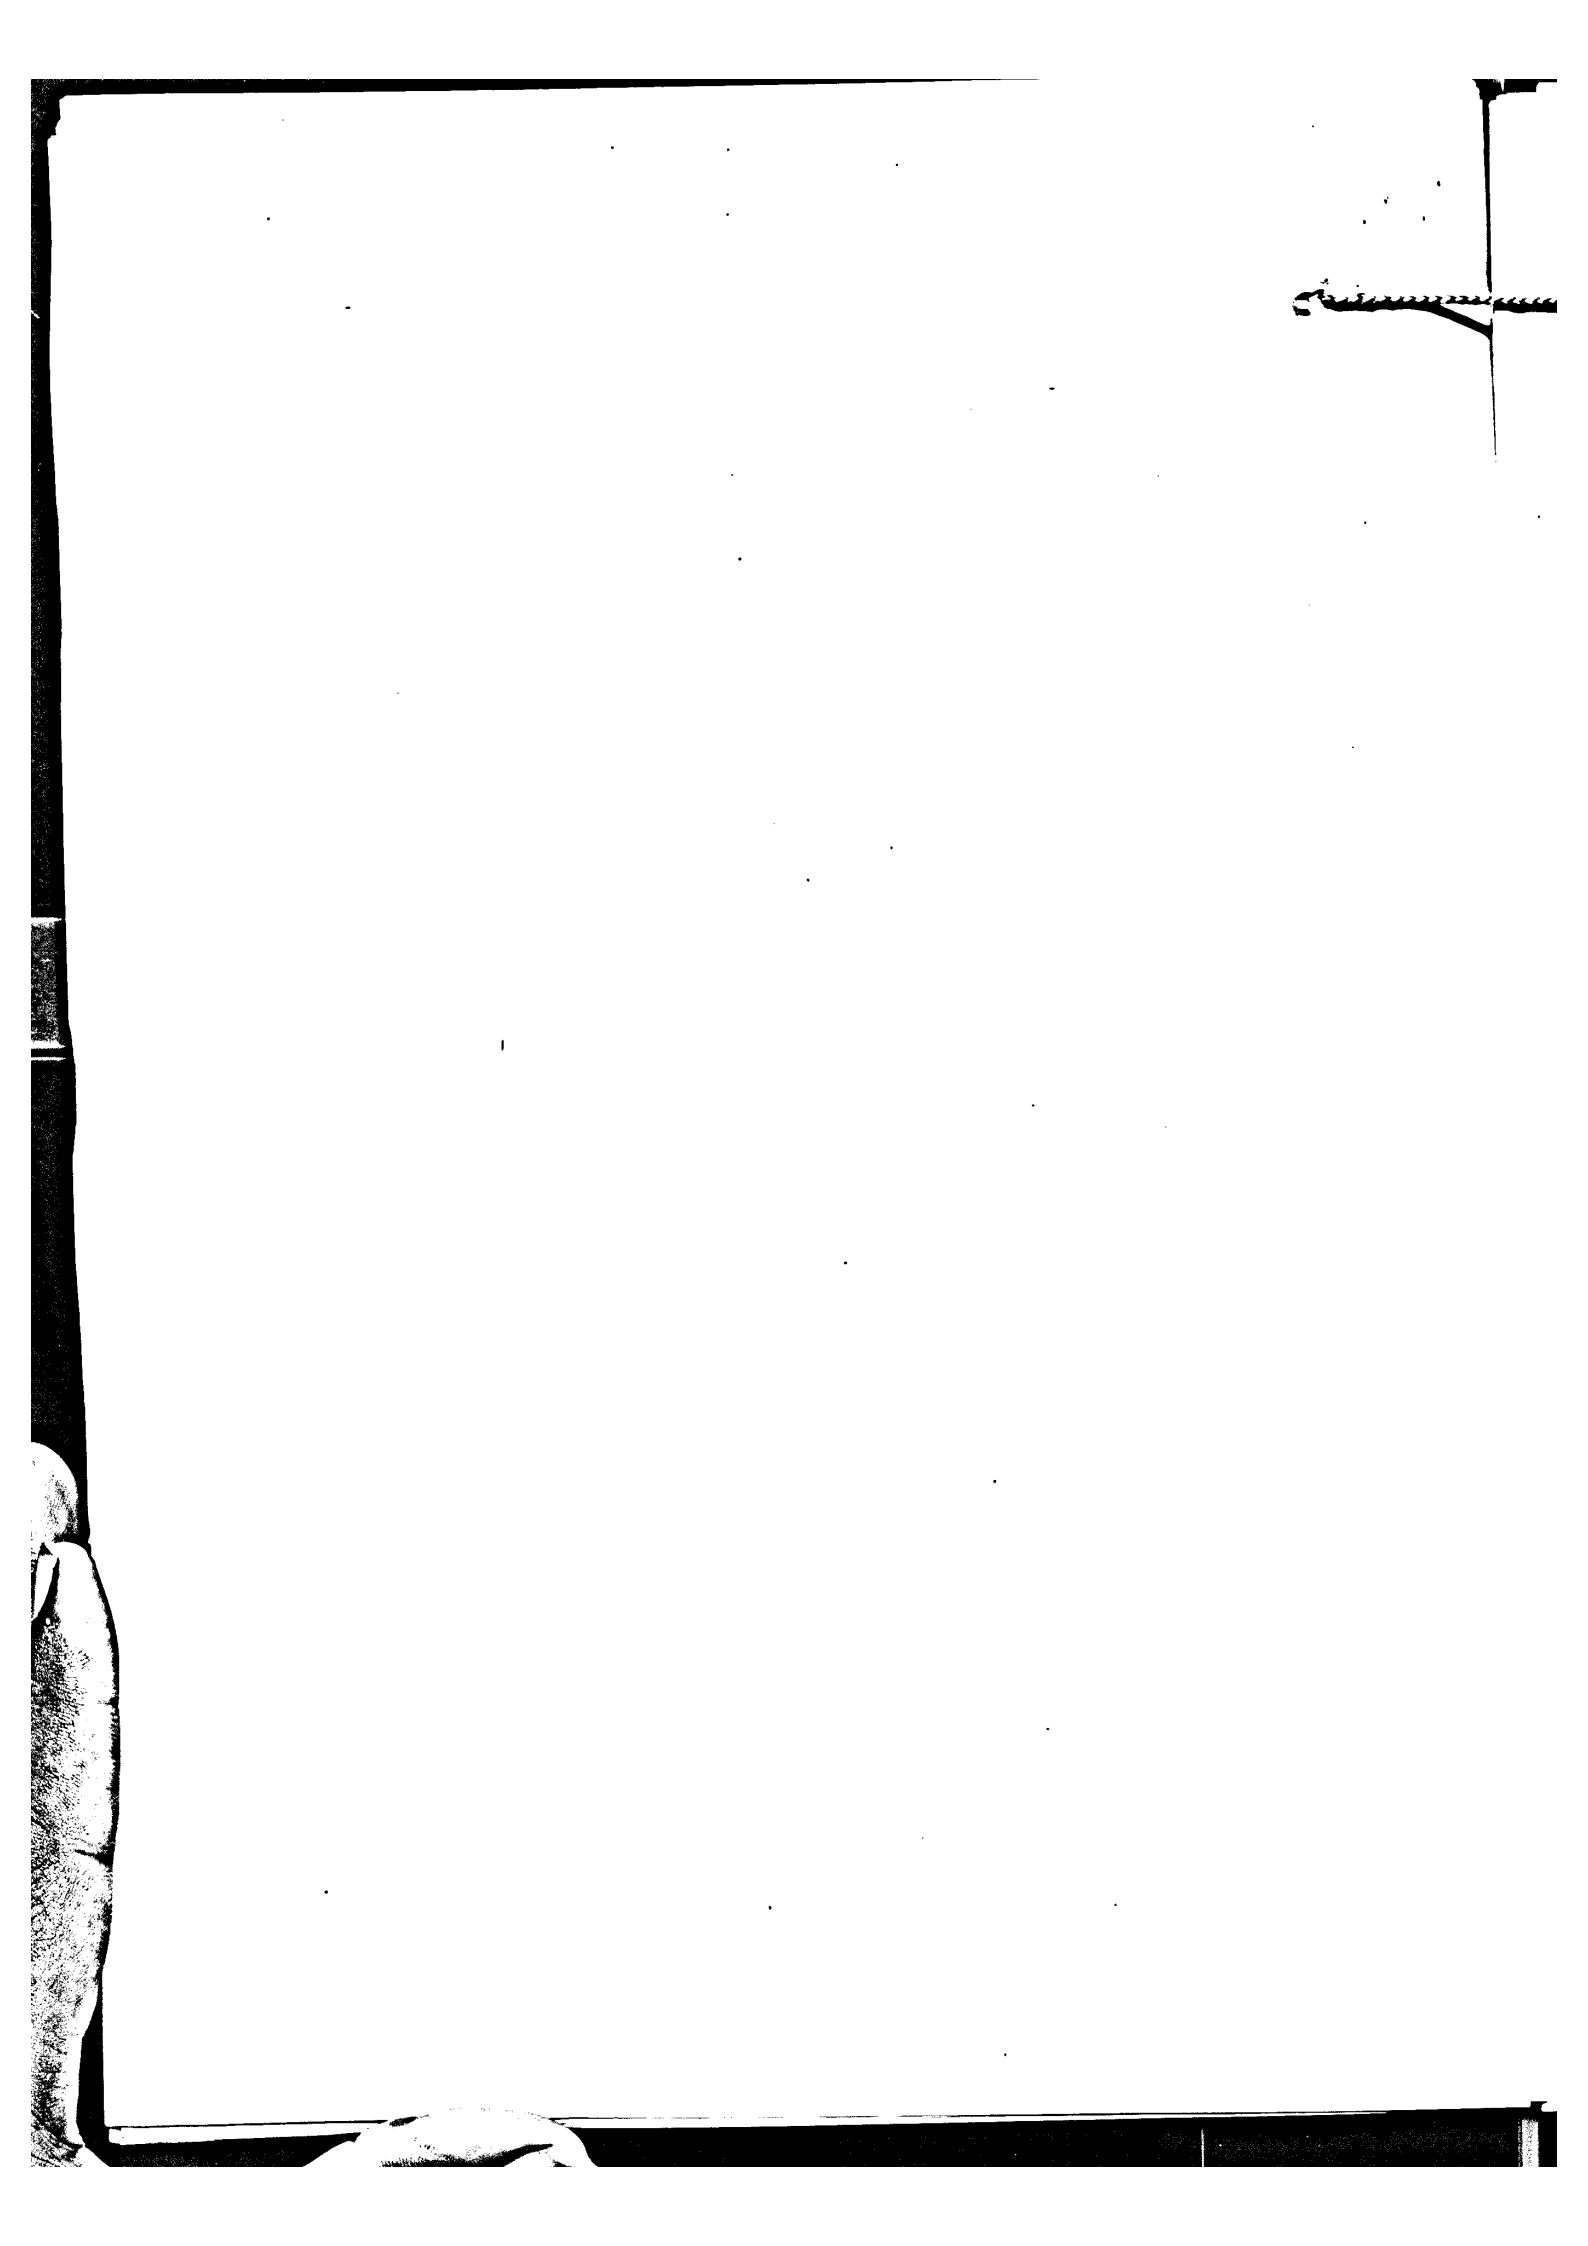

(e) In case the elector makes a request for replacement EPIC that can be issued to him on payment of necessary charge for replacement EPIC.

8. **SVEEP Campaign**

Success of the programme will depend on effective SVEEP campaign initiative by the CEOs, therefore, the Commission has directed that a 360 Degree Publicity Campaign should be mounted in the following ways:-

(a) Launch of the campaign at every Polling Station through public meeting, explaining about the aims and objectives of NERPAP, reading out rolls, distribution of pamphlets, pasting of posters.

(b) Training the Booth Level Officer and the members of Booth Awareness Groups

(c) Publicity through Print Media, Electronic Channels, Radio, Internet and Mobile Phones and any other method as per local needs.

(d) Publicity Campaign through ECI/CEO/ DEOs Portal. Linking of these portals with other important government websites frequently visited by the public.

(e) Digital Banner Publicity through Face book, YouTube, Twitter, and other important Internet Gateways

(f) Piggybacking on major grass root level government programmes of health, education, rural development, sanitation and Panchayat Raj institutions and so on

(g) Use of Call Centres at State and district levels

(h) Motivation and Award for BLO, ERO and DEO: Award for 100 % achievers at BLO, ERO, DEO and CEO levels in three categories of authentication, correction and deletion of multiple entries.

9. **Partnership with Stakeholders**

NERPAP is a citizen centric programme where full cooperation of electors is most important. To ensure active public participation following activities will be done at the state, district or ERO level;

(i) Meeting and briefing of Political Parties at State, District and AC levels and requesting them to nominate BLAs for every PS. (Pertinent to mention that BLAs appointed earlier will continue as BLA unless their appointment is revoked by the political party concerned).

(ii) Actively associating BLAs and BLVs in this campaign.

(iii) Briefing media regularly and actively associating them in this programme.

(iv) Working closely with Civil Society organizations.

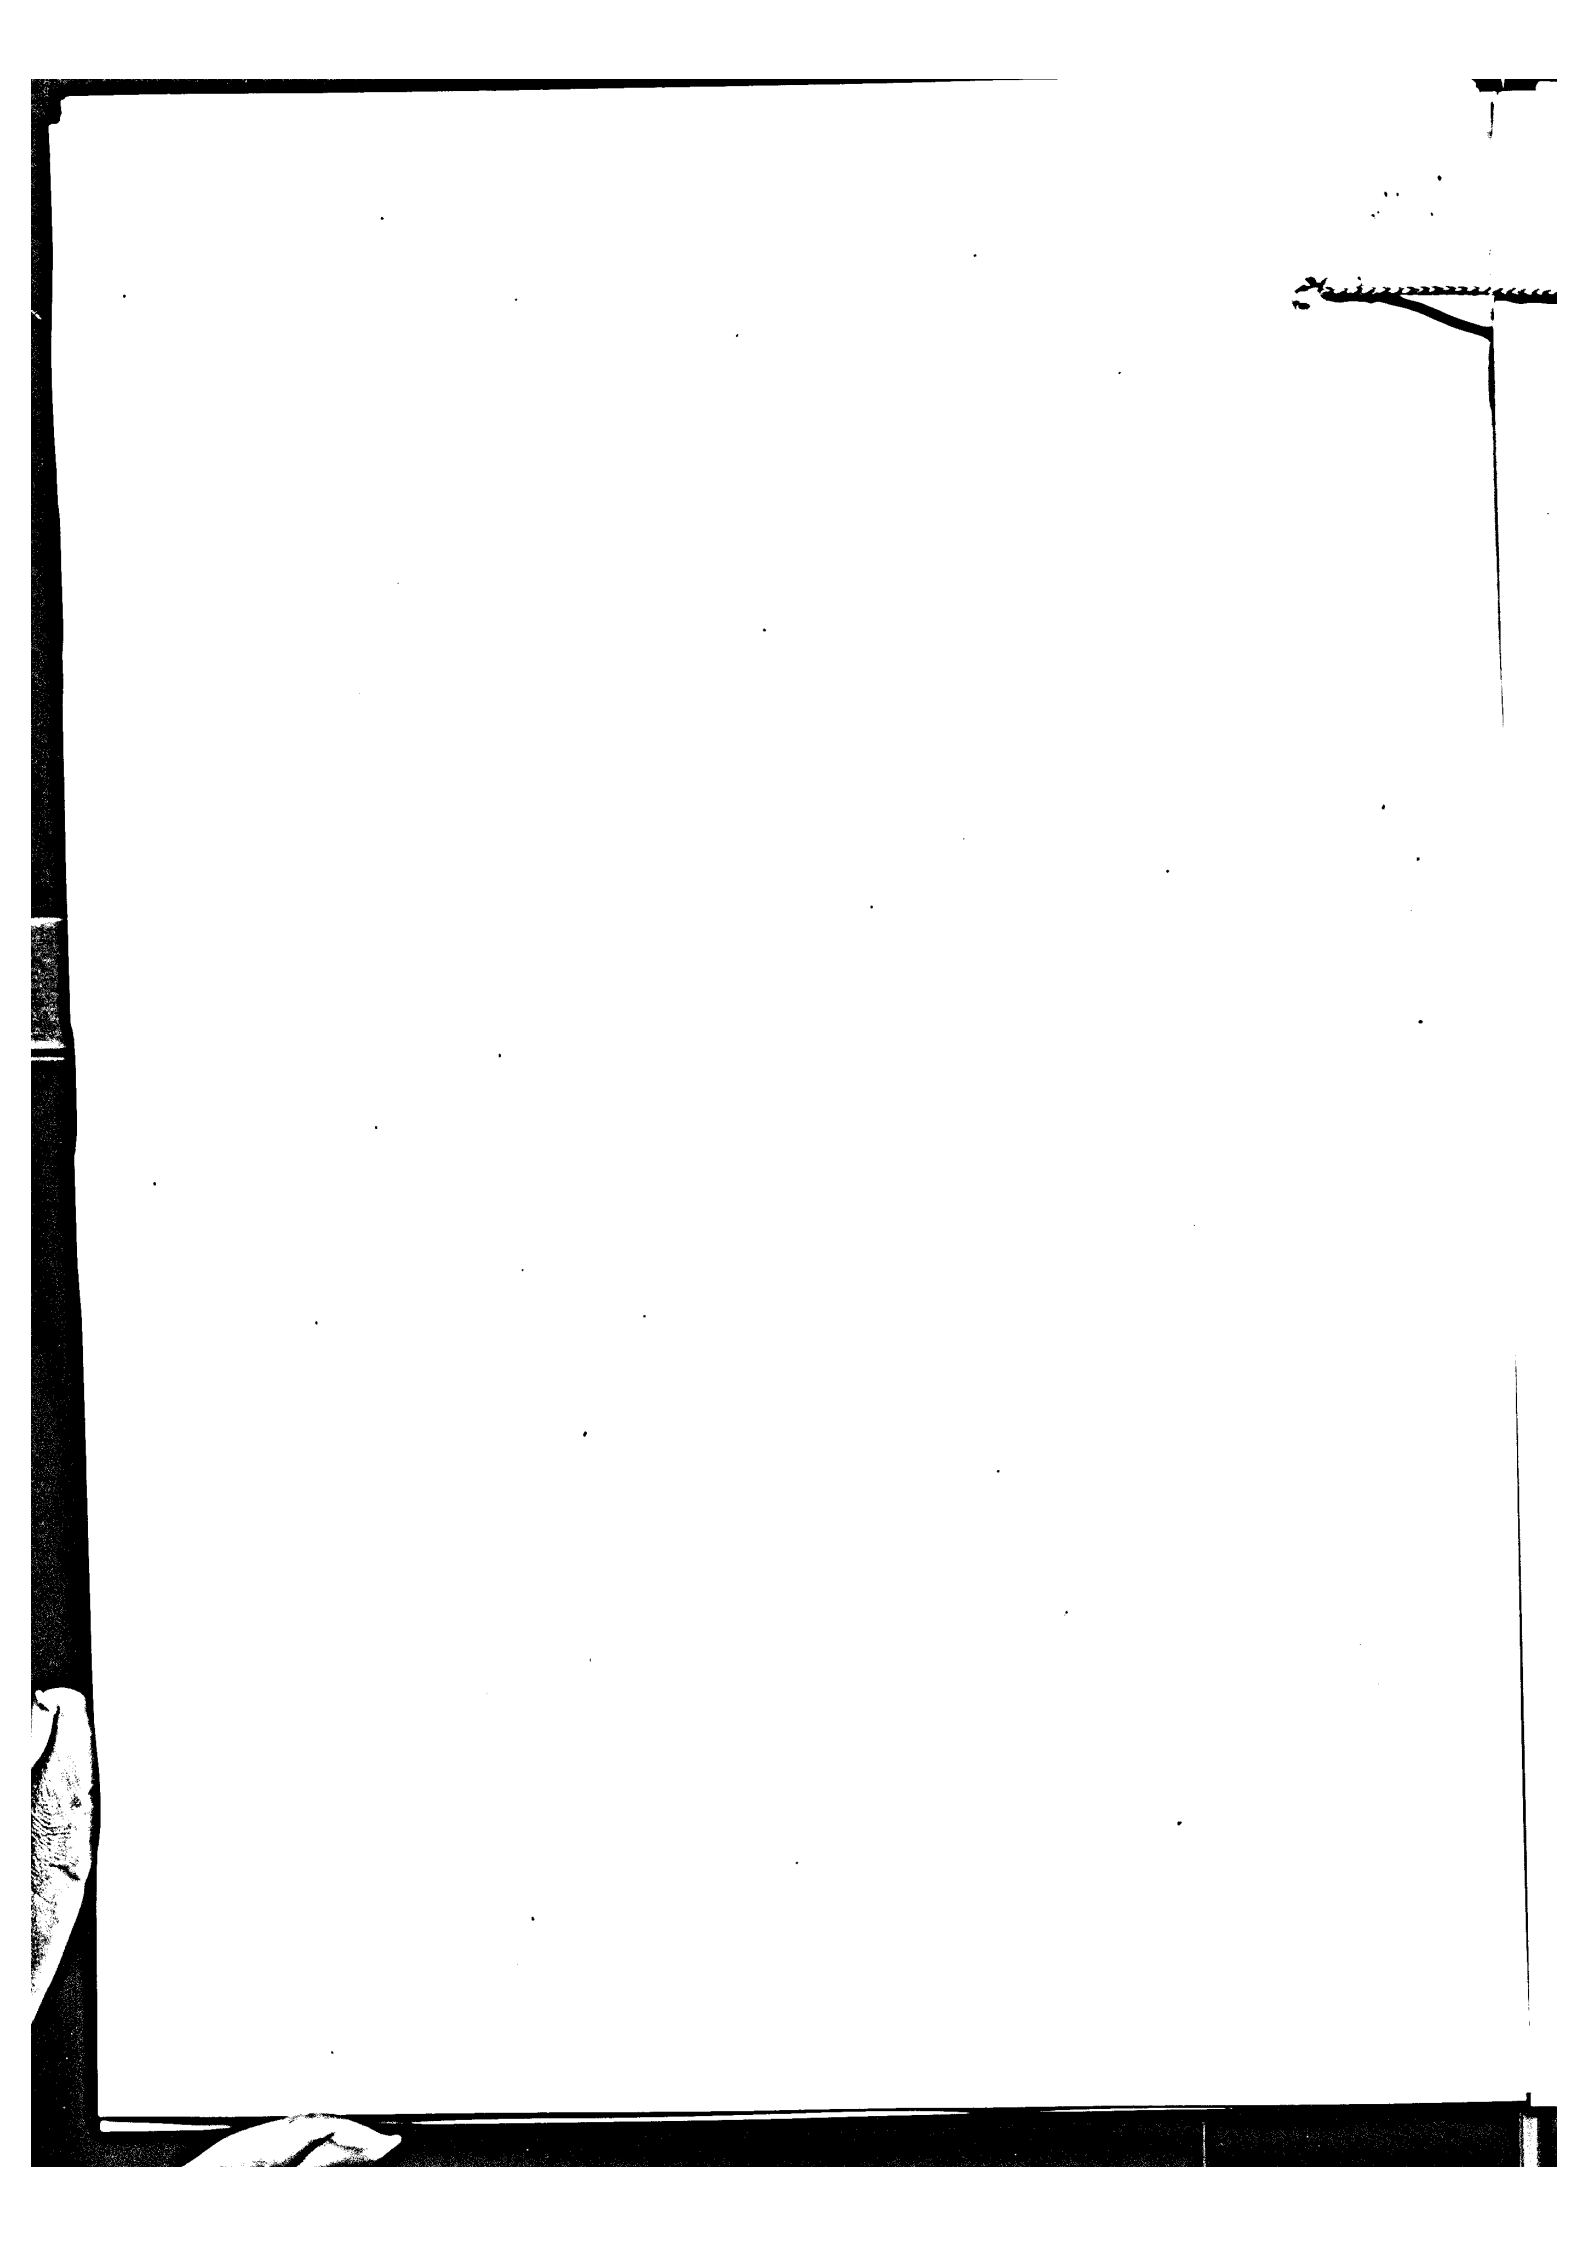

(v) Taking active support of educational institutions and schools in popularizing this programme.

(vi) Taking active support of all youth and community based organizations.

(vii) Ensuring active participation of Local Bodies in this programme.

10. **Work Plan**

CEOs will ensure that various events of the programme are completed within the period given in the following work plan approved by the Commission:-

Sl. No.	Events	Period
1	Awareness building	Throughout the period from 01.03.2015 to 31.07.2015
2	Appointment of BLOs at each polling station	By 15.03.2015
3	Formation of Booth Level Awareness Group	By 15.03.2015
4	Organization of special camp	1st camp – 12.04.2015 (Sunday)
5	Monthly special camps	On any Sunday of the month as fixed by the CEO

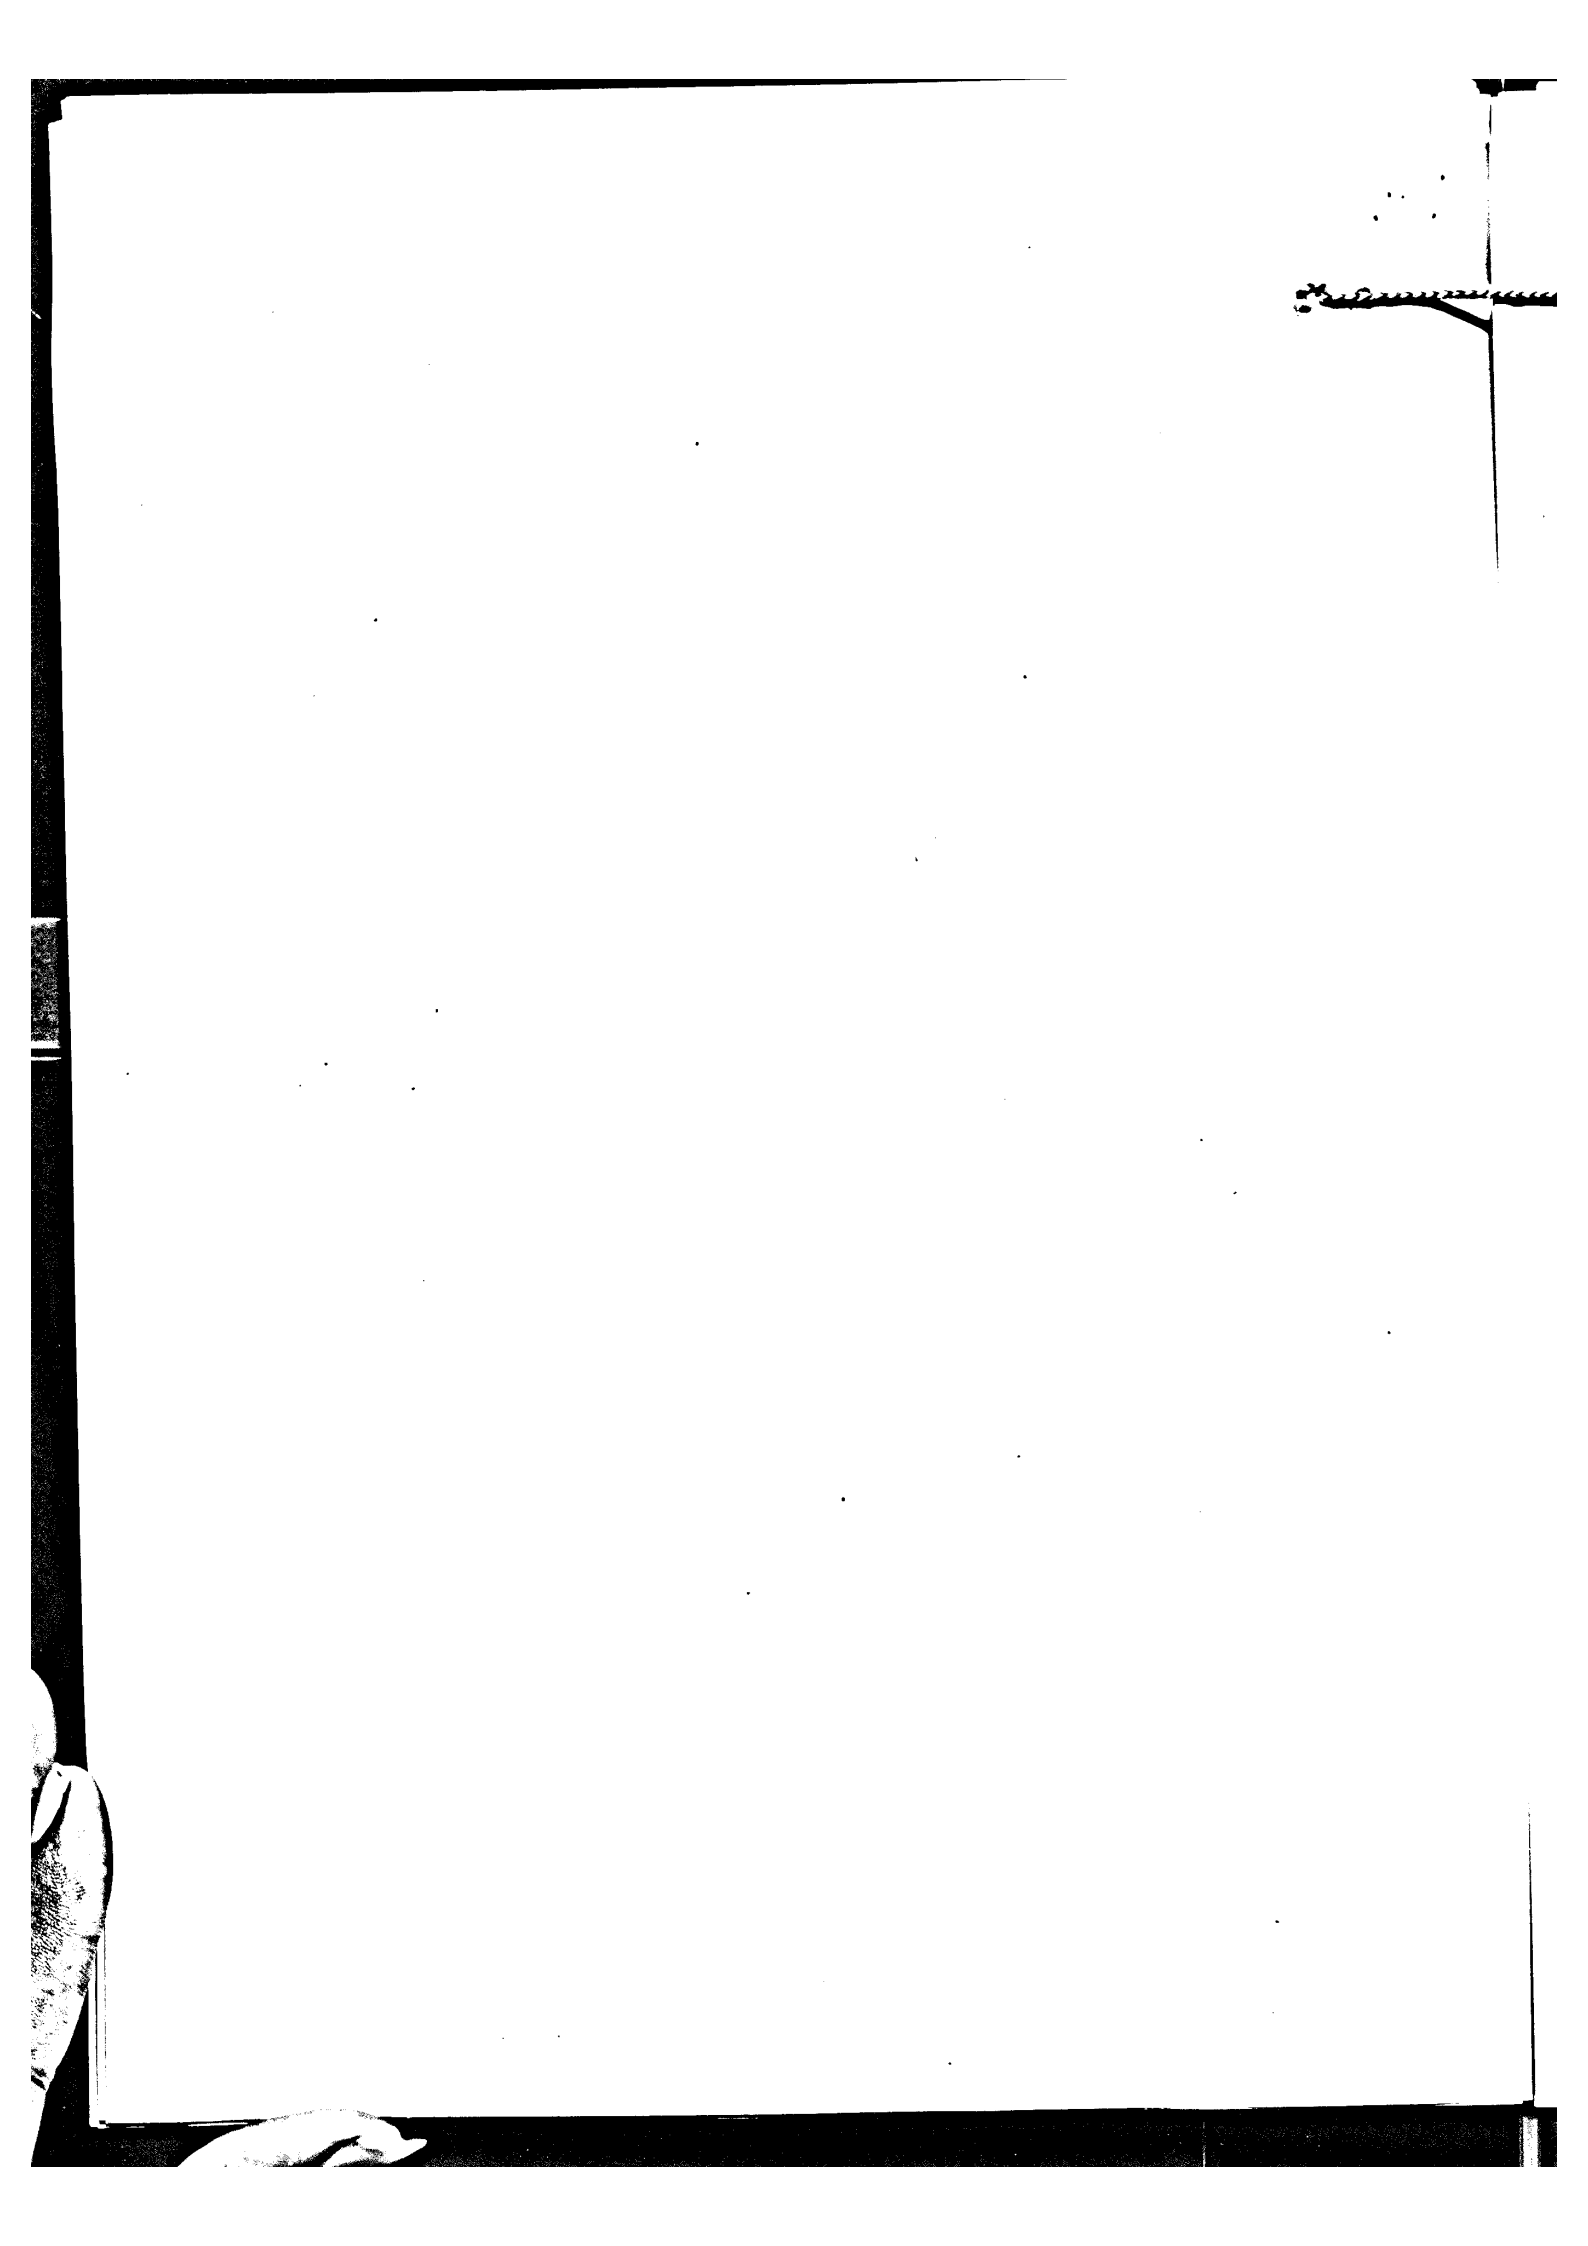

The programme should be completed by fixing and achieving the tentative targets in the following manner –

- ✓ 10% by 31.03.2015
- ✓ 25% (cumulative 35%) by 30.04.2015
- ✓ 30% (cumulative 60%) by 31.05.2015
- ✓ 30% (cumulative 85%) by 30.06.2015
- ✓ 5% (cumulative 100%) by 31.07.2015

11. Monitoring and Submission of Reports

As mentioned above, the Commission will review the progress of NERPAP regularly. The Commission has also directed that CEO shall monitor the programme closely while stock taking of the situation, target achieved and review of remaining work with DEOs and EROs from time to time. They will obtain periodic reports of the work done and furnish an AC wise consolidated report in respect of his State to the Commission as per the schedule below:

We are forwarding the following email which indicates the troubles the villagers undergo to get the mistakes corrected.

Sir/Madam,

Sub: Aadhaar card issue - problems with the preparation of the cards - an example

Ref:
1. Aadhaar card no: 4830 1295 0812 issued to Kanaka with wrong name (Devendran)
2. Aadhaar card no: 5844 1253 4630 issued to Arjunan with wrong date of birth and mistake in father's name

I am a retired person and do some voluntary social work to the villagers living nearby. I have observed several problems faced by the people right from the time for enrollment for aadhaar card, receipt of card, and the details furnished therein.

In our village areas, the agency who had taken up the task of recording biometric details did not furnish a printed copy to the persons for whom the details were recorded whereas in several town areas other agencies have handed over a copy (and asked the people to check up the correctness of the details recorded).

There are various mistakes in the spelling of names, residential addresses, date of birth, etc due to typographical errors which could have been avoided if only more care was taken while recording the details.

The nearest center at the taluk Headquarters for our villages i.e. Pallipet, Tiruvallur district is not given the software program to update the details or correct the mistakes; even at the private internet browsing centers they carry out some corrections relating to aadhaar cards and not all.

We have enclosed just two examples of the hardships the common people undergo to obtain an aadhaar card without any mistakes.

First is the ST girl where the photo is of that of the girl but the details are of her brother. I helped her prepare the corrections in the form and sent by registered letter to your Bangalore office two months ago but still the new aadhaar card has not come.

The next is the two corrections requested by the retired school headmaster; he wanted the correct date of birth 19/06/1943 (not 1949) and the name of his father as Annasamy(not Arunasamy) . From November, 2014 four times he sent all the relevant documents by registered post/courier but all the times the requested updates were rejected. (Refer 00161/14457, 00167/17950, 00172/91818, 00192/95471)

Please have a watch over the agencies who undertake the job of recording the details for aadhaar cards and kindly provide the necessary software links to the permanent centers in taluk offices in all the districts.

Thanking you,

Yours faithfully,

AADHAAR

Overview

Election Commission of India initiated the de-duplication of Electors database by seeding the AADHAAR against the EPIC card holders to weed out the fraudulent (Duplicates, Bogus, Ineligible and shifted) Voter Card holders from the existing Electors database.

Pilot Study

Election department has initially identified 15 polling centers of GHMC area as a pilot run and completed the Electors verification and AADHAAR seeding successfully.

Roll Out

Election department is decided to roll out the solution for **GHMC Area covering 24 Assembly constituencies and Nizamabad District. Later replicate it to both Telangana & Andhra Pradesh States.**

SEEDING APPROACHES

Following are the different seeding approaches to seed the AADHAAR against the Electors as part of de-duplication of Electors.

- **Portal Seeding - Online using EPIC AADHAAR Seeding Portal** --Click here to proceed

EPIC Aadhaar seeding portal allows to enter the Aadhaar number or provide the feedback against the Voter Card number based on the field survey done by BLO's. Portal Seeding can be done primarily using two techniques:
In-organic seeding : Inorganic Seeding can be done directly through portal based on the provided matches by verifying the Voter Card and Aadhaar photos and demographic data in the portal.
Organic seeding : Organic Seeding can be done by entering Aadhaar number against the Voter Card Number and seed the aadhaar or provide the feedback after verifing the EPIC and Aadhaar photos and demographic data in the portal.

- **Self Seeding - Online through EPIC AADHAAR Seeding portal with OTP** ---Click here to proceed

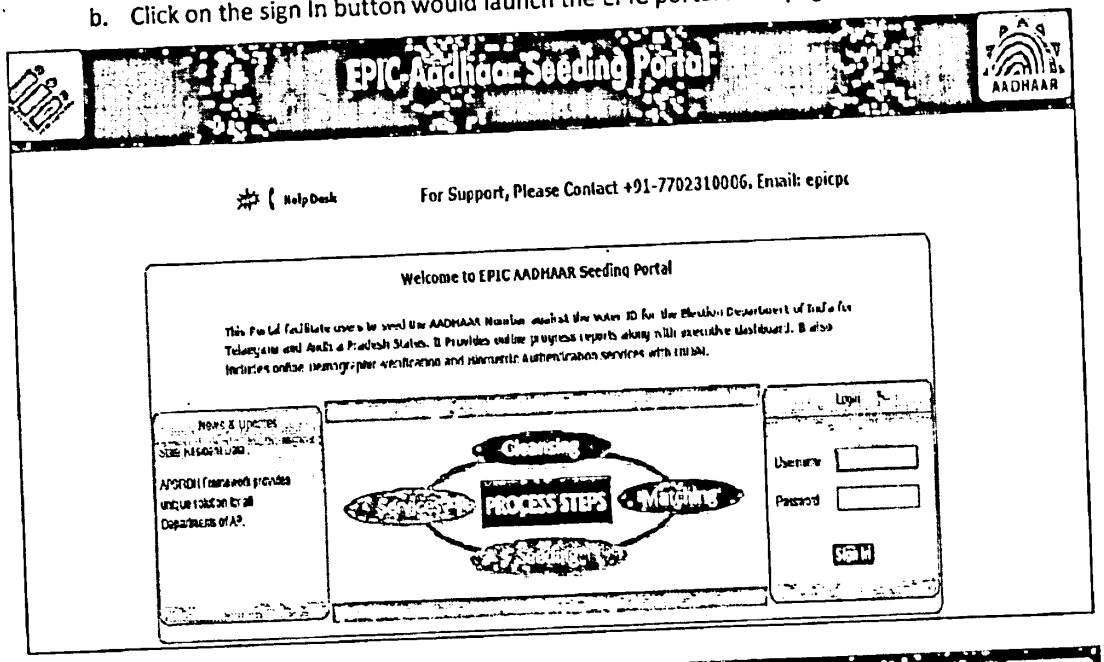

Voters can seed the Voter Card number,along with Aadhaar number using the online portal through the OTP received on the given mobile number.

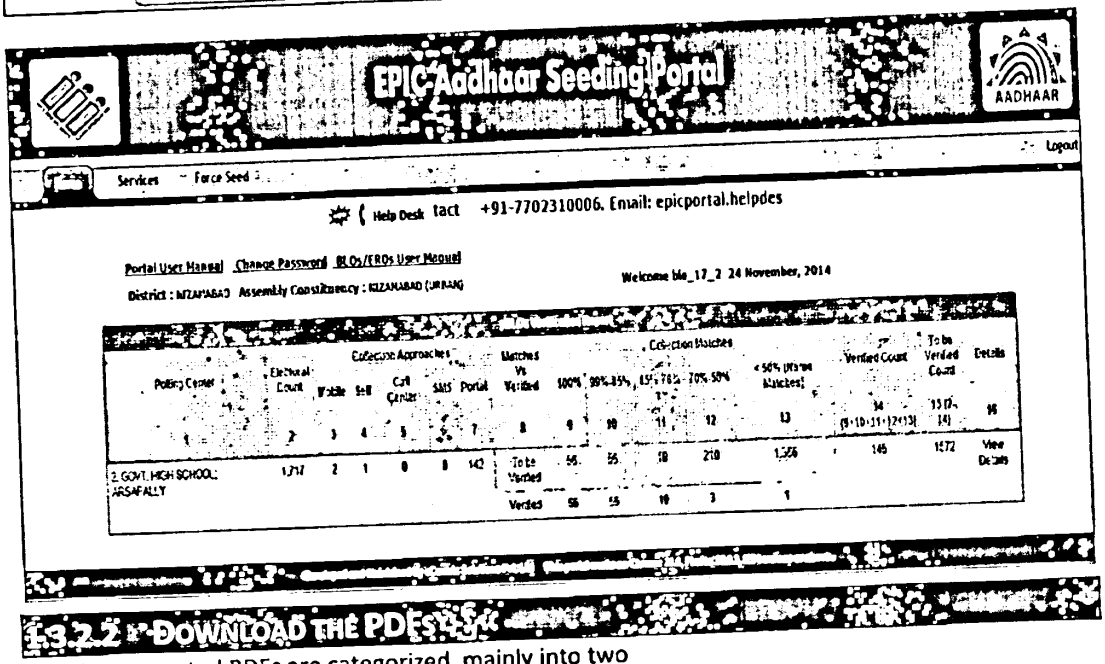

- **Mobile Seeding - Online through mobile**

Mobile seeding approach will allow to seed the Voters against Aadhaar number through mobile by the executive using the mobile APP loaded on your mobile similar to portal.After

Sir/Madam,

Please refer to letter number 485/comp/Misc/2015 dated 5th March,2015 (copy enclosed) . If you have not forwarded the required inputs please forward the same immediately to the Commission by 1 PM tomorrow as the ECI demands it before VC . Another format is being sent. Please forward inputs on this also by 1 PM tomorrow after which the statements to be submitted will be frozen. (please see the attachment)

I further state that the VC to be taken by the ECI has been fixed tomorrow between 4 pm to 6 pm. In the meeting broadly two aspects will be reviewed- (a) progress of NERPP programme(b) Review of on going de-novo revision of last part of electoral rolls pertaining to service electors w.r.t.1.1.2015 as qualifying date.

In NERPAP the following are agenda points -

1. Review of preparedness at the level of CEO, DEO and ERO. Whether programme formally launched in the state on 3rd March,2015

2. Action plan for each activity of NERPAP made and copy sent to ECI.

2. Publicity programme for NERPP

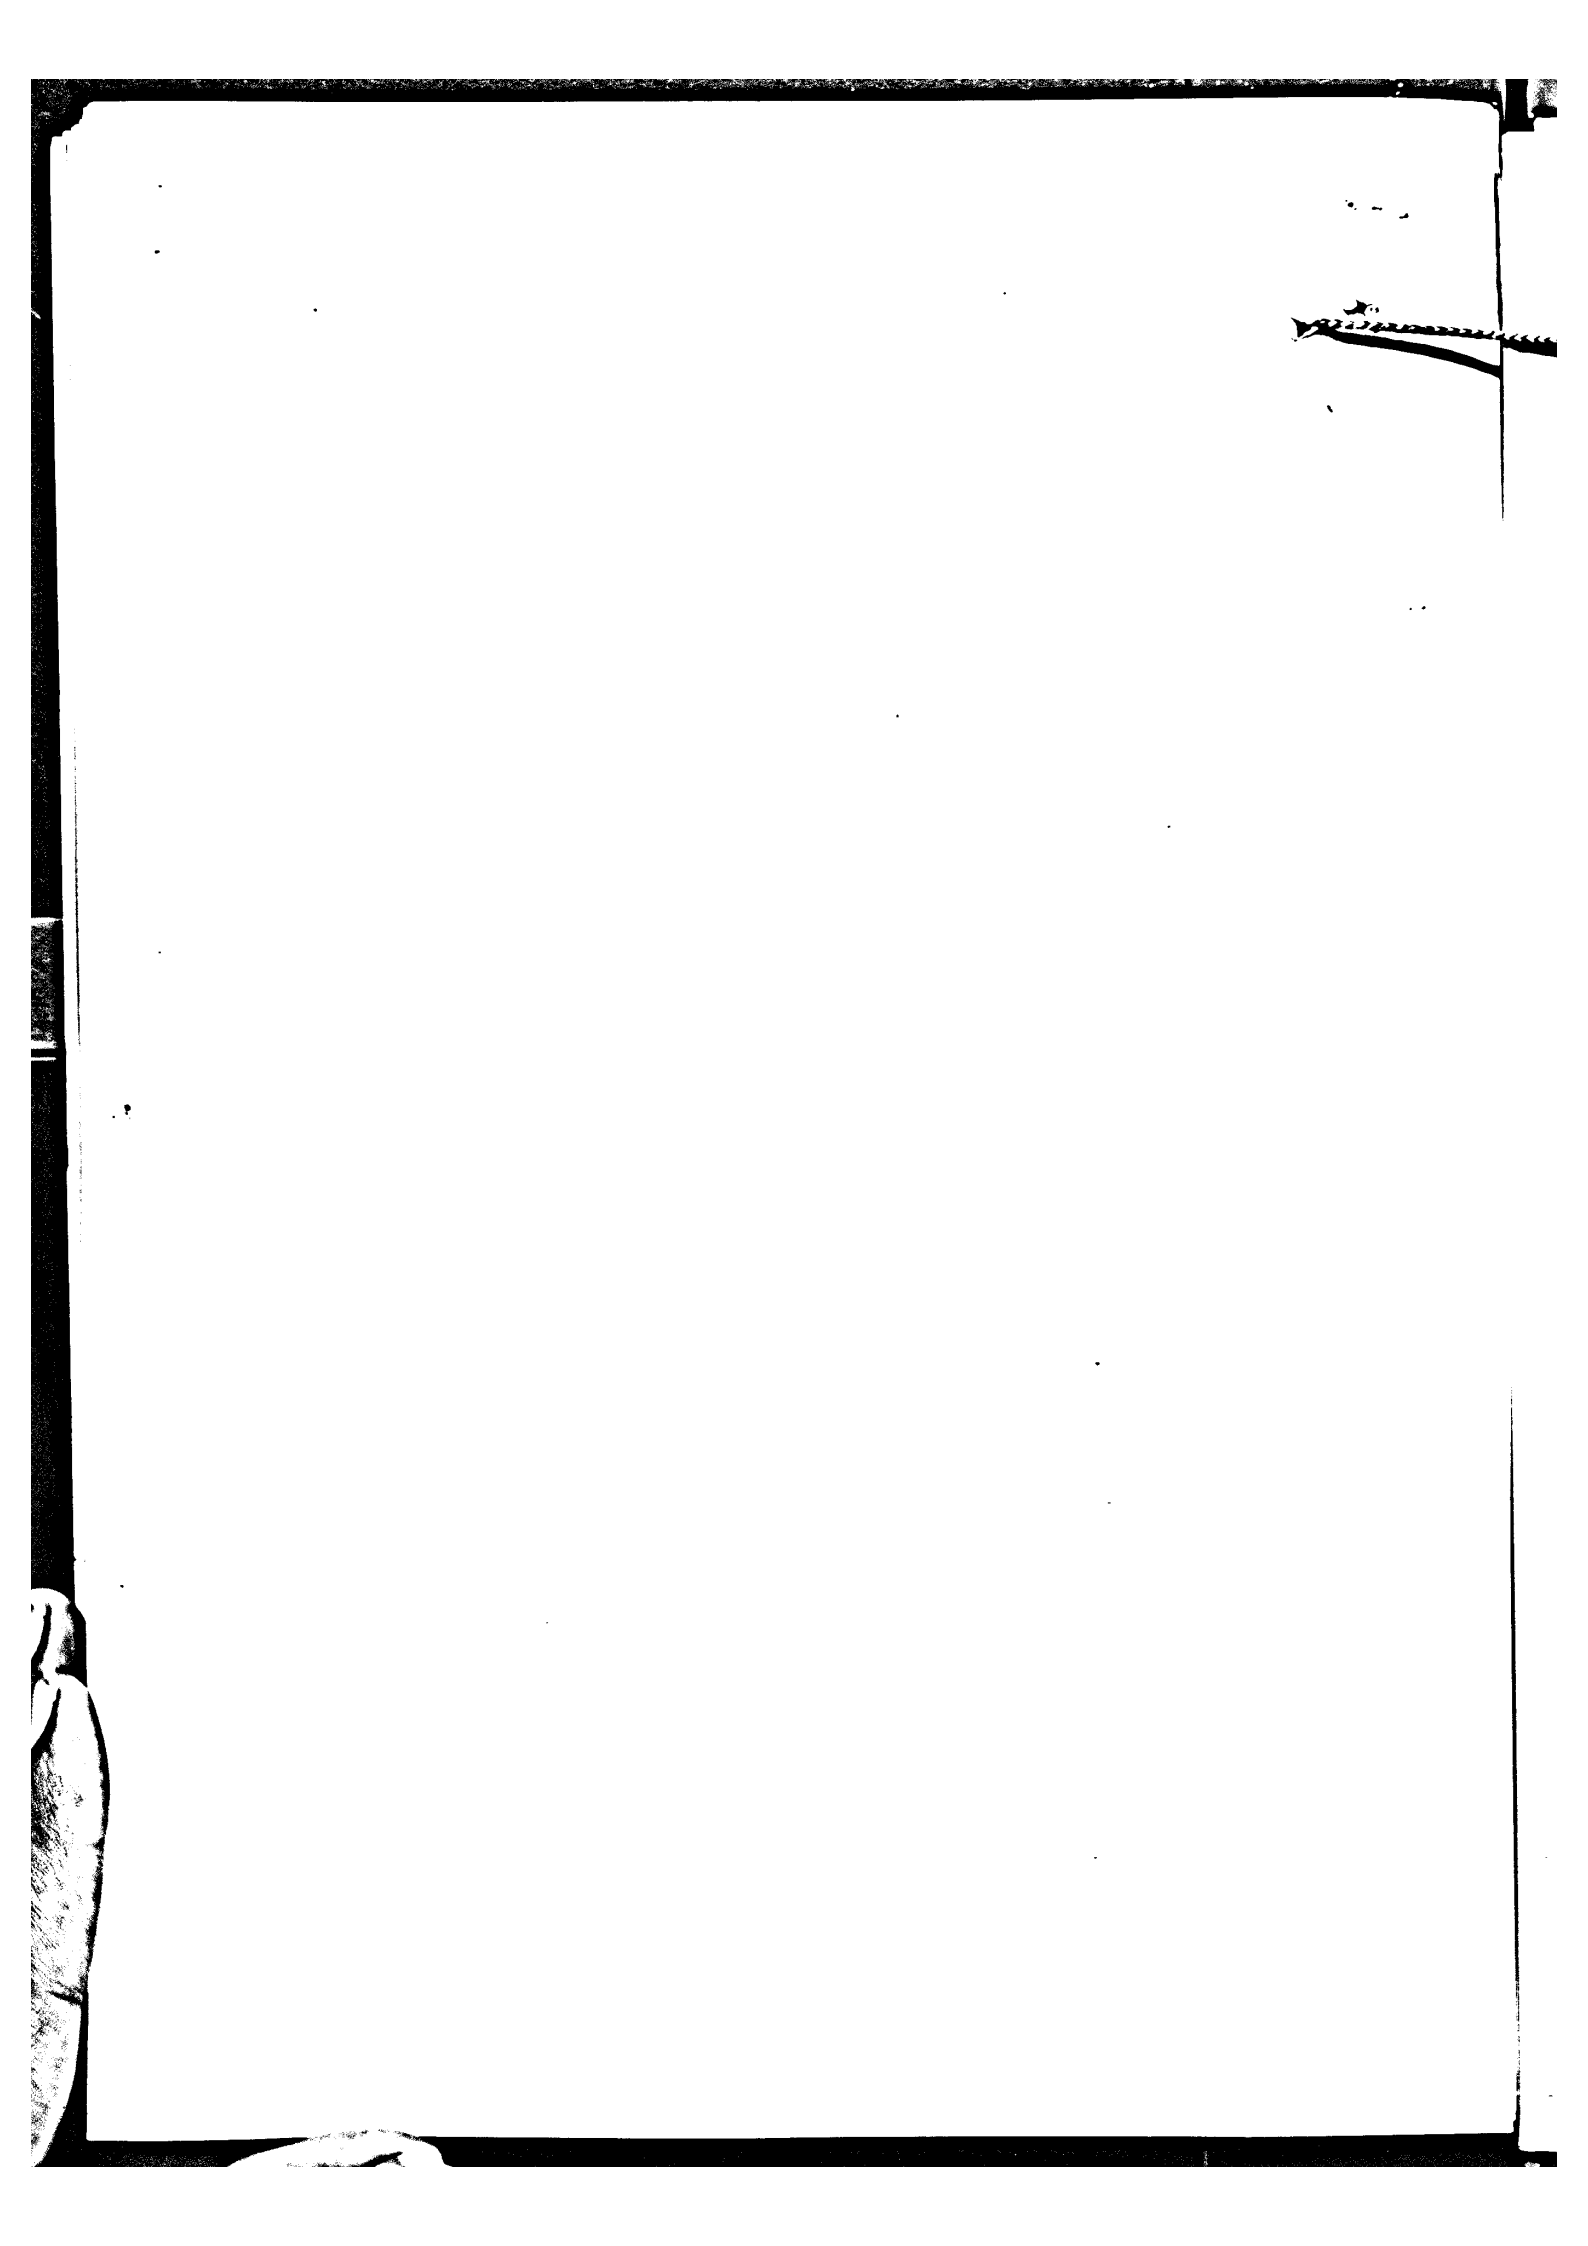

3. If BLOs are in position every PS and their reporting/monitoring formats finalized.

4. Status of formation of Booth Awareness Group(BAGs)

5. Whether all IT related arrangements for NERPAP are in place.

6. Whether state ER database has been sinked with national Electors 'database and is displayed in NVSP.

7. Training programme time lines .

8. If the state call centre with toll free '1950 'is functional. If so how many calls have been received on NERPAP.

-303-

2. If some problem being faced, then specify it.

On Service Elector's point-

1. Total number of existing service electors . Total number of Form 2,2A and 3 received so far.

2. If the data entry in ERMS for existing service electors has been updated. As per our record many CEOs are still on the way. (please see the attachment). This has to be completed before VC, else ECI may be apprised of reasons for not completing the task.

It will be in fitness of the things if the inputs on the above said points are sent to ECI in writing before VC for use by ECI during VC.

Sir,

Sub:- Improvement in Electoral Rolls – National Electoral Rolls Purification and Authentication Programme (NERPAP) launched by the Election Commission of India – Aadhaar seeding in EPIC database – Supply of Non-consent data of Aadhaar - Regarding.

–:o0o:–

I invite your kind attention to the discussions held during the video conference with ECI on 12.03.2015. The Aadhaar data shared with SRDH is one month old and some persons give EID of Aadhaar. As the SRDH is not having non-consent data of Aadhaar and UID in respect of EIDs, the Aadhaar seeding in the EPIC database is not in consonance with the Aadhaar penetration.

I, therefore, request you to share the non-consent data of Aadhaar and UIDs in respect of EIDs through SRDH in the office of the Chief Electoral Officer, Andhra Pradesh & Telangana States, so as to seed the Aadhaar number in EPIC database and validate the same.

Yours faithfully,

To,

Mansingh Road,

Sub: National Electoral Roll Purification and Authentication Programme (NERPAP) - seeding of Aadhar number with EPIC data base- review meeting - follow up actions -regarding.

Sir,

I am directed to request you to recall the discussions during VC on 13th March, 2015 for reviewing the National Electoral Roll Purification and Authentication Programme (NERPAP) and seeding of Aadhar number with EPIC data base. In the VC, CEOs of all States/UTs and Director General of UIDAI and his teams of officers were also present.

During the VC you had mentioned that RGI collected EPIC number and Aadhar number of persons being registered with NPR project and the same is available to you. After this CEOs responded as below-

(a) The CEOs of Gujarat, UP and West Bengal stated that if this can be made available to them then it will be very convenient for them to seed the Aadhar number of such EPIC holders in ER database.

(b) The CEOs further requested that hereafter, in the application form for NPR, a specific column for EPIC number should be provided. In case, any person of 18+ years does not provide it, then he/she should specifically state that EPIC card not issued, in the application.

You agreed to both the above said suggestions. It is therefore, requested that

Tel : 011-23717391-98, Fax: 011-23713412, Website : www.eci.nic.in

(i) The concerned field level officers of RGI in the States be directed to share village-wise data collected so far with the CEOs ,in soft form ,so that CEOs are able to prepare list of voters booth wise and verify at the field level.

(ii) As NPR project in operation in most of the States, it is requested that during collection of UID data, provision for collecting of EPIC number by making an additional mandatory field in application format. For 18+ population, instead of voluntary part, it should be integral part of the application.

Suitable direction may be issued to the field level officer and copy of the same may please be sent to the Commission.

Kindly acknowledge the receipt and ensure necessary action.

Yours faithfully,

(R.K.Srivastava)
Principal Secretary

Section Subject: - Improvement in Electoral Roll – Launching of National Electoral Rolls Purification and Authentication Programme (NERPAP) – reg.

Sir/Madam,

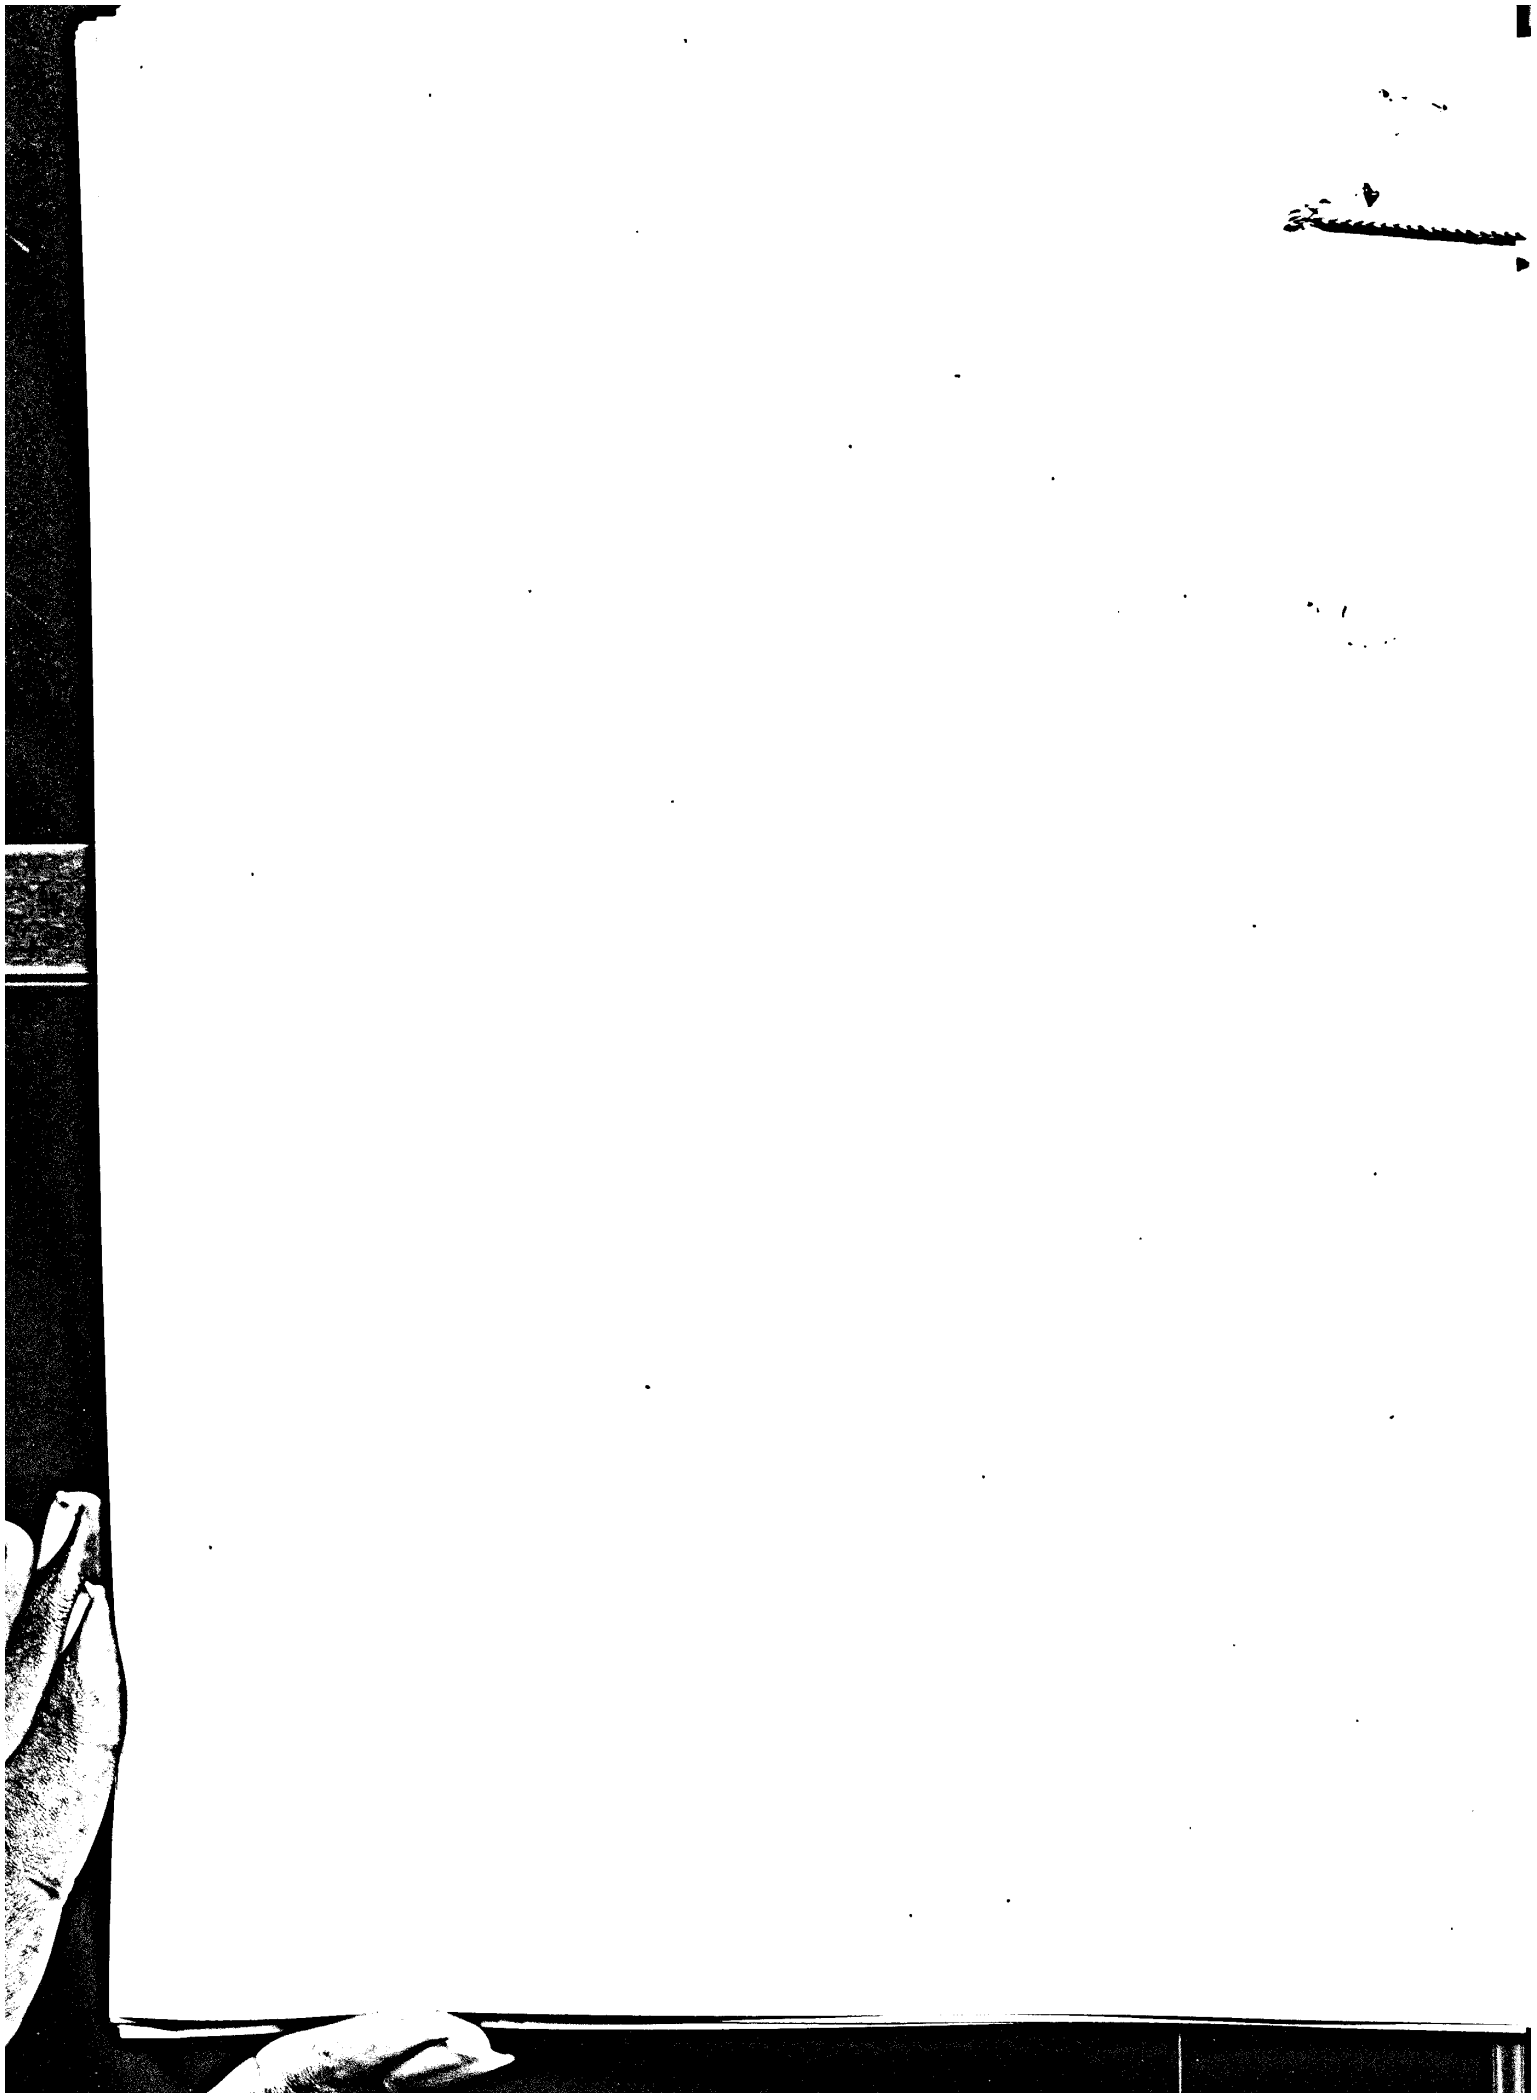

Secy. To Govt. Gen. Admn. Dept. 20 MAR 2015 A.P. Secretariat Hyd.

I am directed to inform that as you are aware the Commission, with the objective of bringing a totally error free and authenticated electoral roll, has launched a comprehensive programme, i.e., National Electoral Rolls Purification and Authentication Programme (NERPAP) w.e.f. 03.03.2015, with a clear timeline for completion by 15.08.2015. A copy of Commission's instructions contained in letter No. 23/1/2015 – ERS dated 27.02.2015 is enclosed herewith for information.

2. The Commission has reviewed preparedness of programme with Chief Electoral Officers of all States and UTs through a Video Conference on 12.03.2015. Several Chief Electoral Officers have informed that the Electoral Registration Officers in many States have not been provided regular manpower as data entry operators and IT infrastructure at their offices, required for this programme.

3. The Commission has considered the requests from the Chief Electoral Officers and has desired that the offices of EROs / AEROs may kindly be strengthened immediately and every ERO / AERO should be provided with atleast one computer with internet connection and one printer along with one data entry operator in his office exclusively for election work.

4. The Commission has also directed that the vacancies of Booth Level Officers, if any, may be filled immediately so that the ground work for the programme can be completed within the given schedule. In this connection, the Commission has approved a one time remuneration of Rs. 2500/- for a BLO and Rs. 5000/- for a Supervisor for supervision in 8 - 10 polling stations for this programme. The remuneration of Rs. 2500/- as mentioned, to the BLOs will be in addition to the annual honorarium / remuneration, currently being paid to them.

5. The Commission has asked the Chief Electoral Officers to make specific proposals on the above points to the State Government. It is requested that the proposals whenever received from Chief Electoral Officers may kindly be considered positively.

C.E.O. & Pril. Secy. To Govt. Gen. Admn. El. Dept. * A.P. Secretariat * Hyd * 20 MAR 2015

Sir,

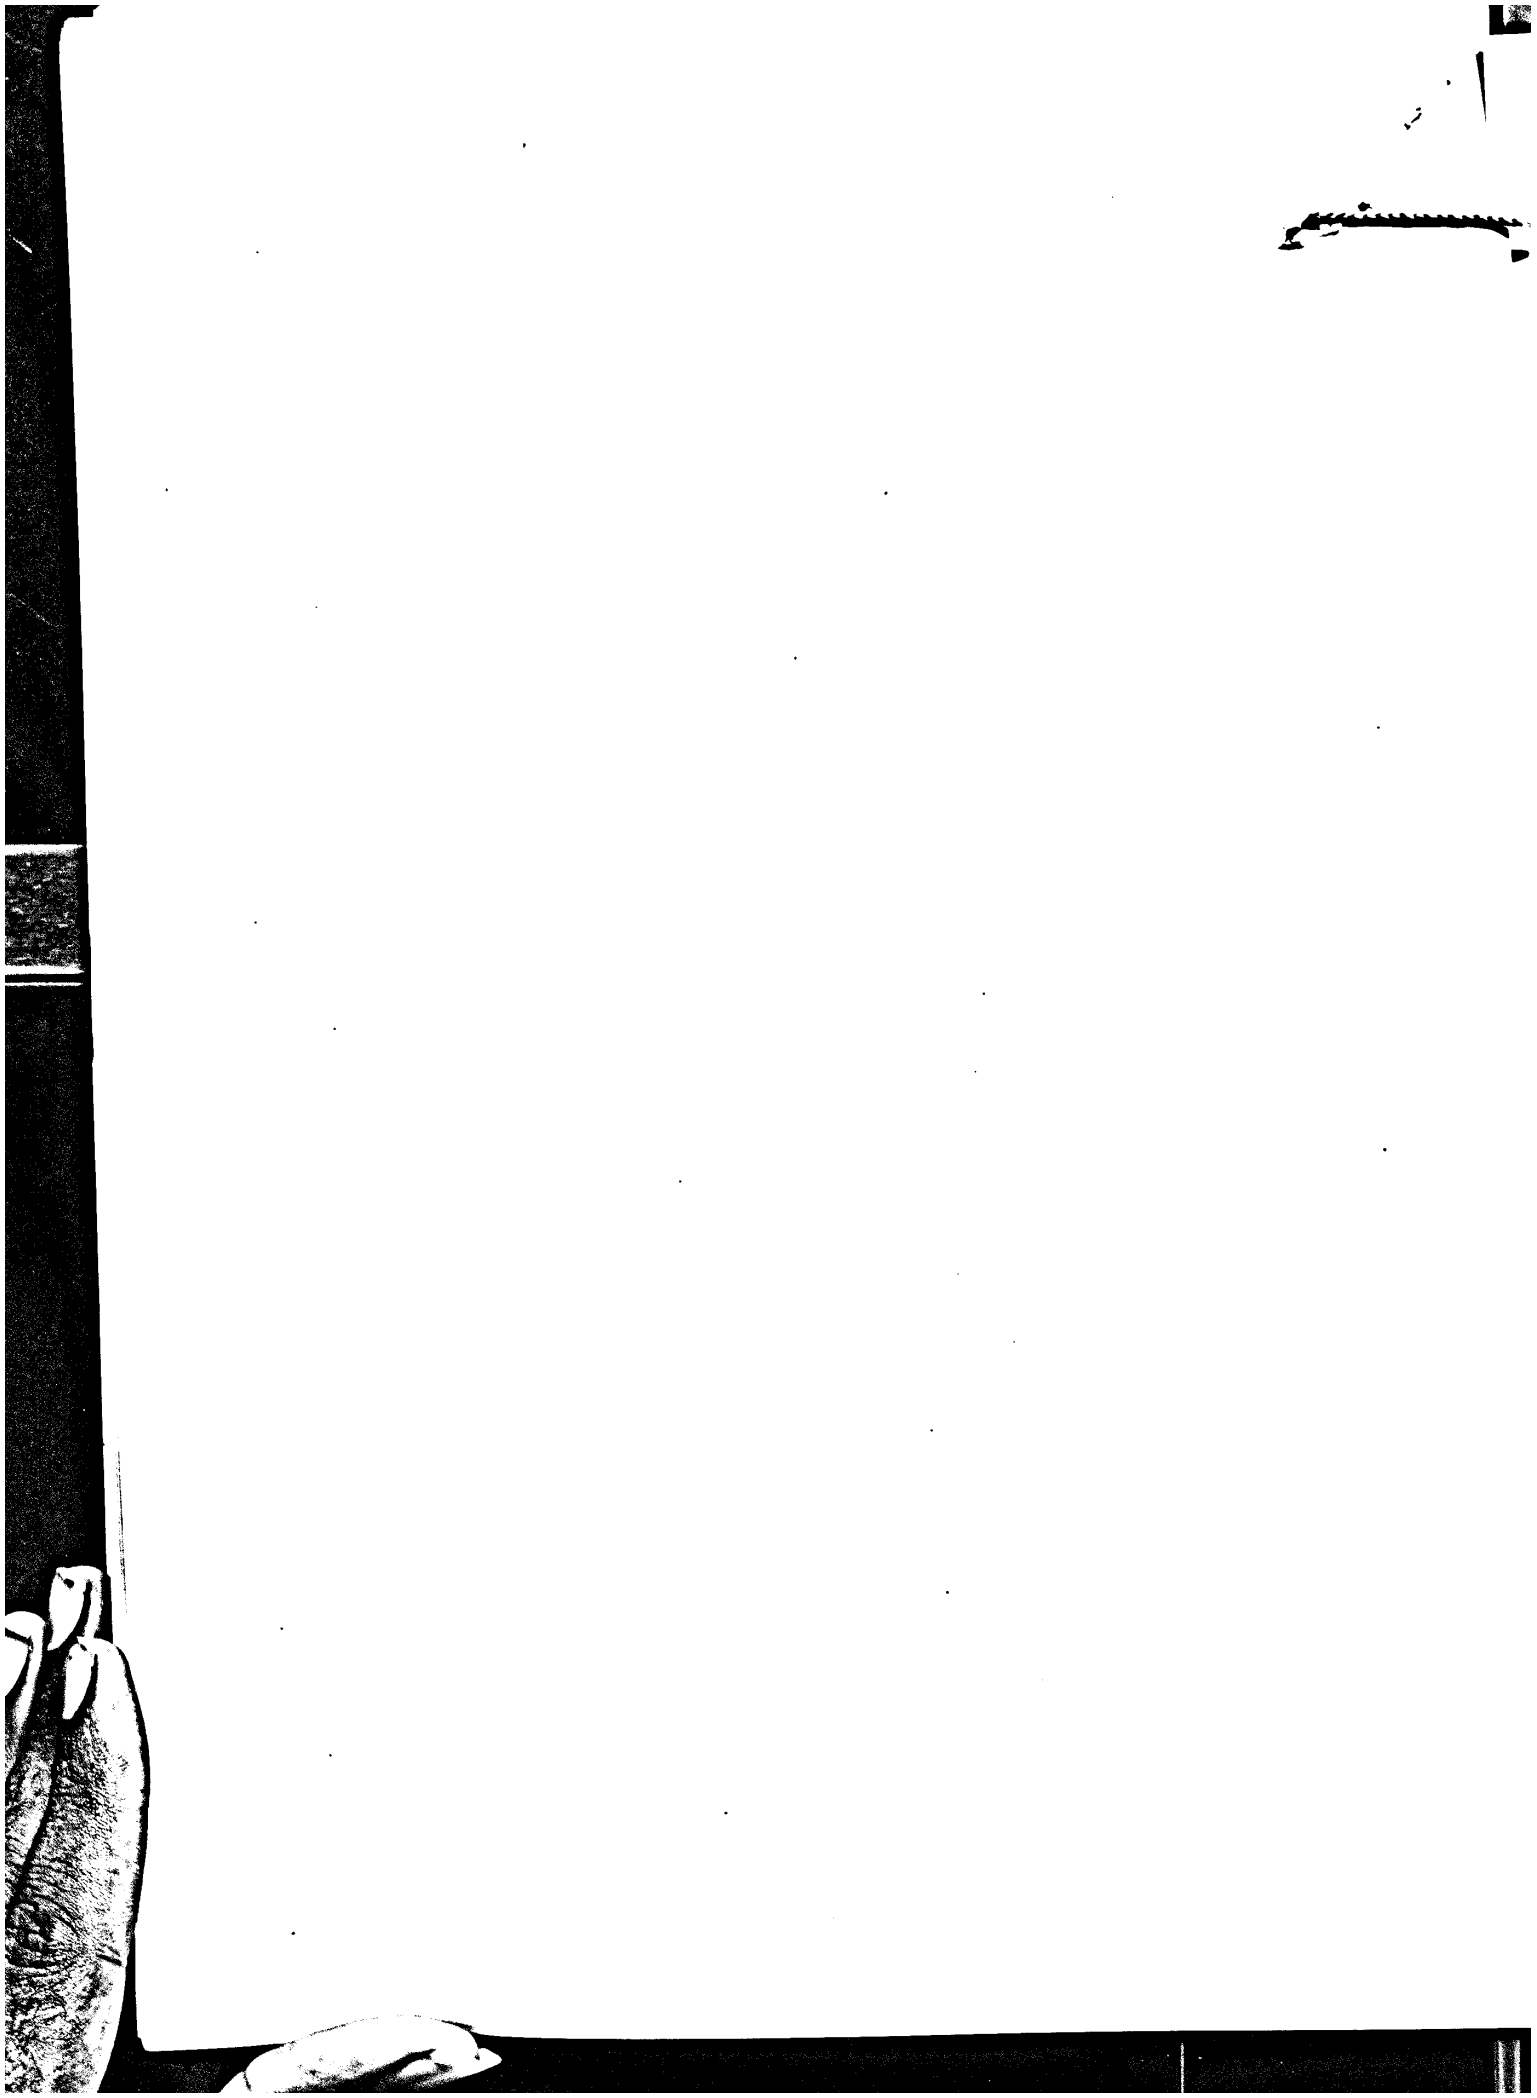

I am directed to request you to recall the discussions during VC on 13th March, 2015 for reviewing the National Electoral Roll Purification and Authentication Programme (NERPAP) and seeding of Aadhar number with EPIC data base. In the VC, CEOs of all States/UTs and Director General of UIDAI and his teams of officers were also present.

During the VC you had mentioned that RGI collected EPIC number and Aadhar number of persons being registered with NPR project and the same is available to you. After this CEOs responded as below-

(a) The CEOs of Gujarat, UP and West Bengal stated that if this can be made available to them then it will be very convenient for them to seed the Aadhar number of such EPIC holders in ER database.

(b) The CEOs further requested that hereafter, in the application form for NPR, a specific column for EPIC number should be provided. In case, any person of 18+ years does not provide it, then he/she should specifically state that EPIC card not issued, in the application.

You agreed to both the above said suggestions. It is therefore, requested that

(i) The concerned field level officers of RGI in the States be directed to share village-wise data collected so far with the CEOs ,in soft form ,so that CEOs are able to prepare list of voters booth wise and verify at the field level.

(ii) As NPR project in operation in most of the States, it is requested that during collection of UID data, provision for collecting of EPIC number by making an additional mandatory field in application format. For 18+ population, instead of voluntary part, it should be integral part of the application.

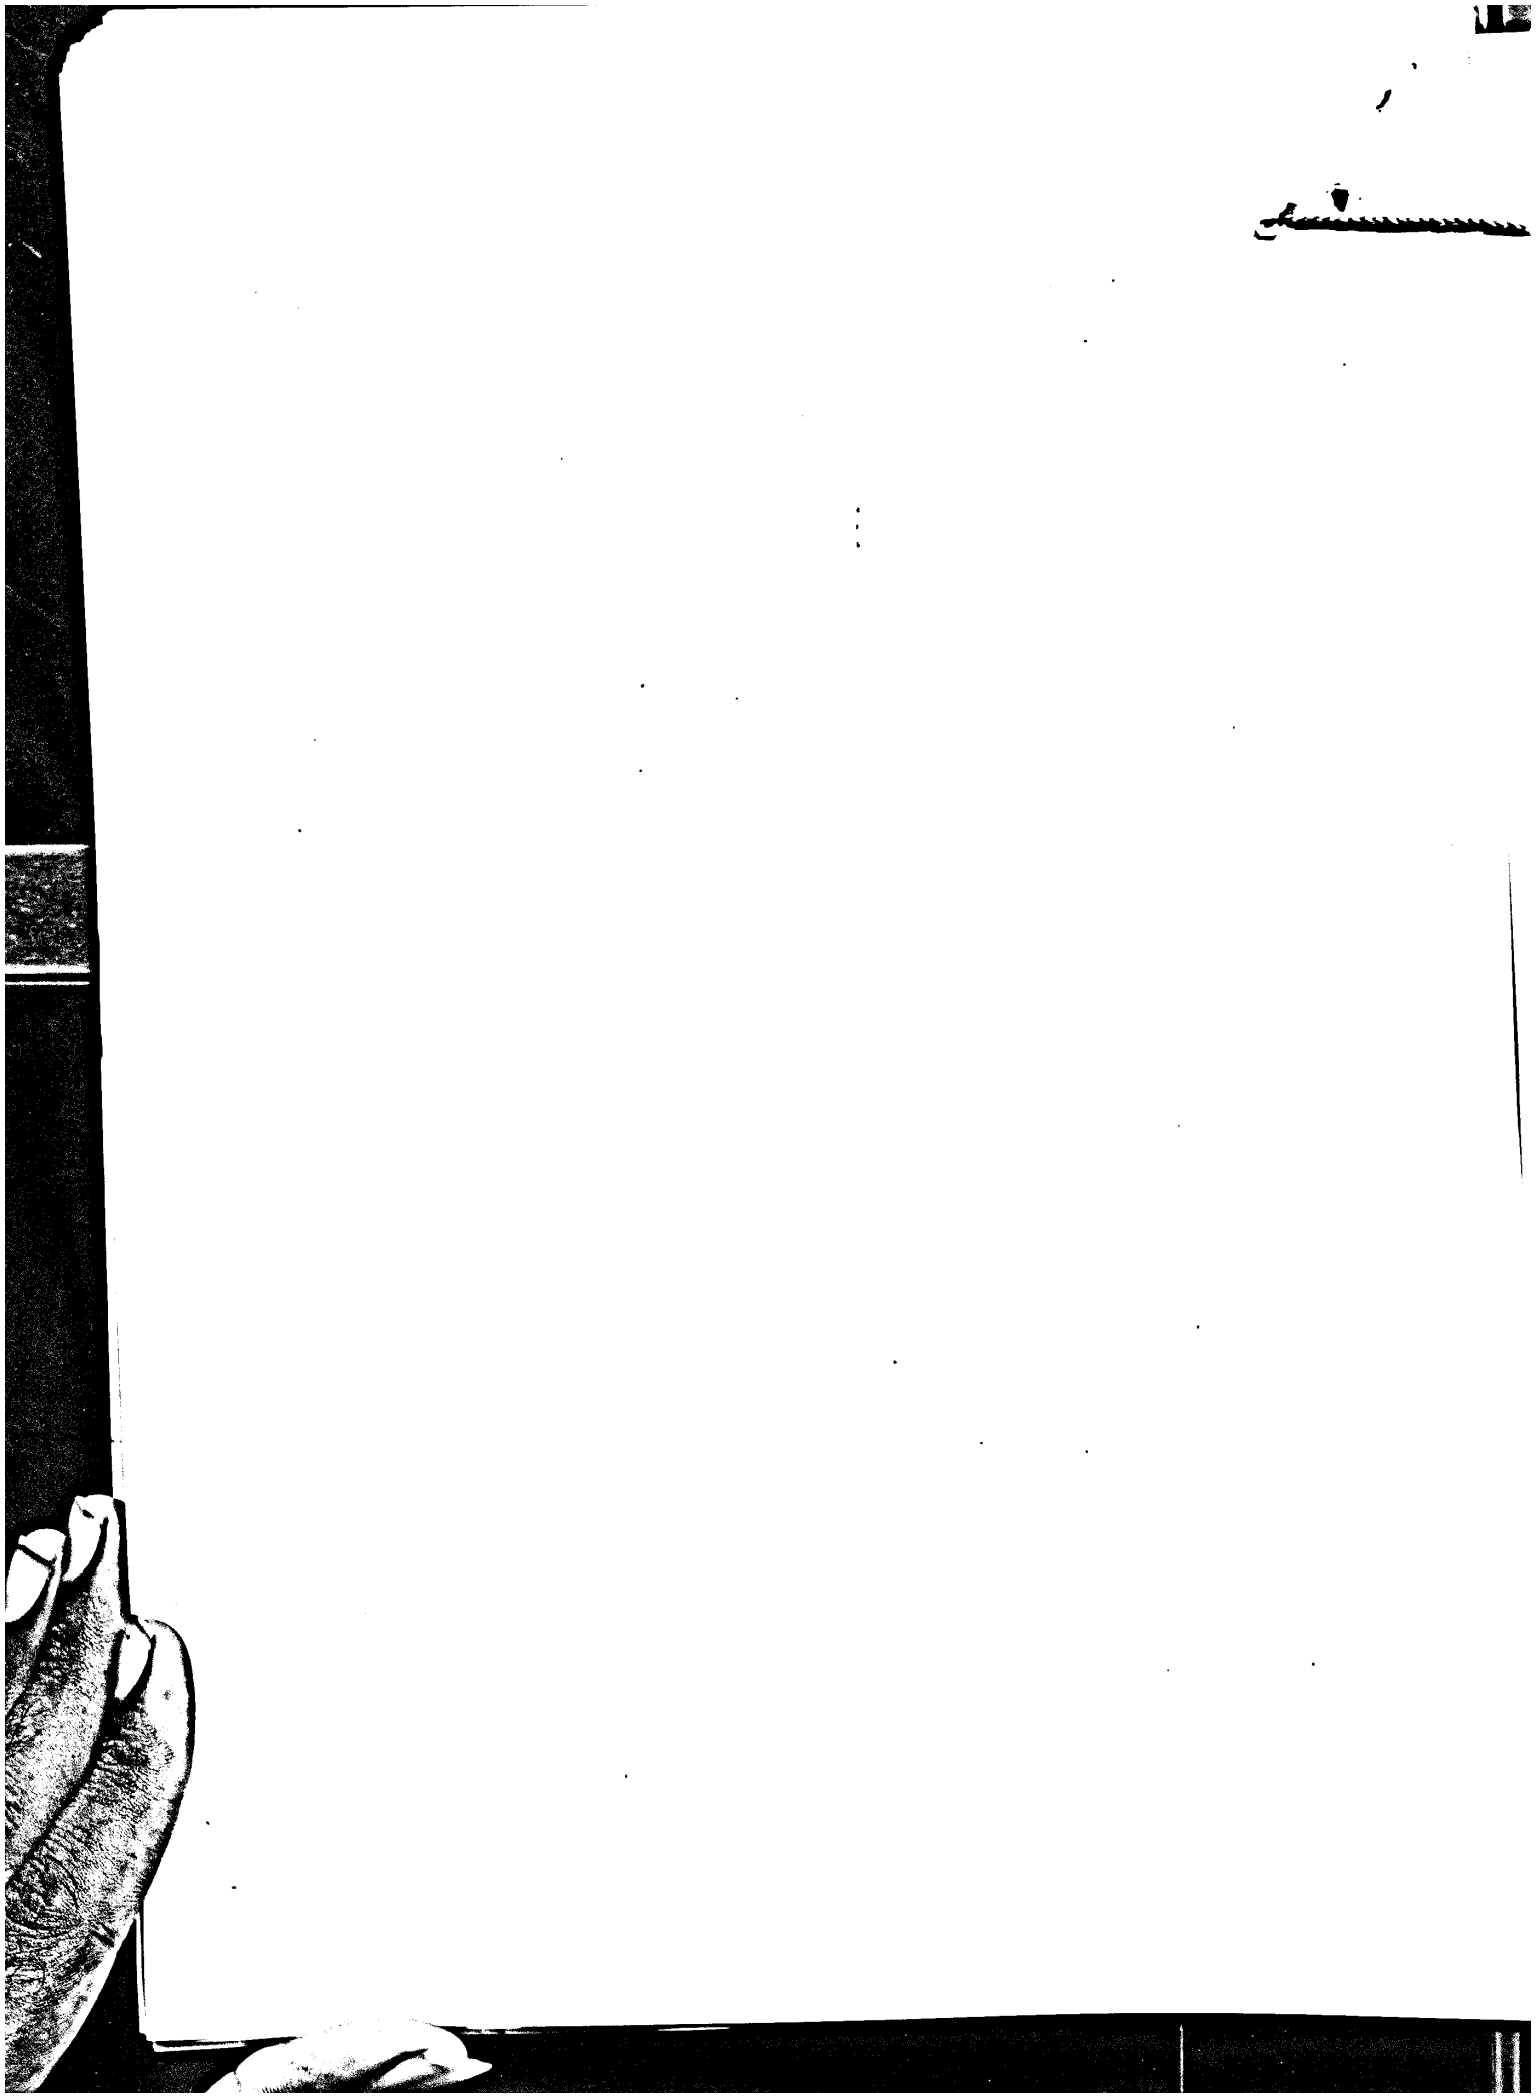

Suitable direction may be issued to the field level officer and copy of the same may please be sent to the Commission.

Kindly acknowledge the receipt and ensure necessary action.

Yours faithfully,

(R.K.Srivastava)

To,

The Chief Secretaries of

Subject: Improvement in Electoral Roll – Launching of National Electoral Rolls Purification and Authentication Programme (NERPAP) – reg.

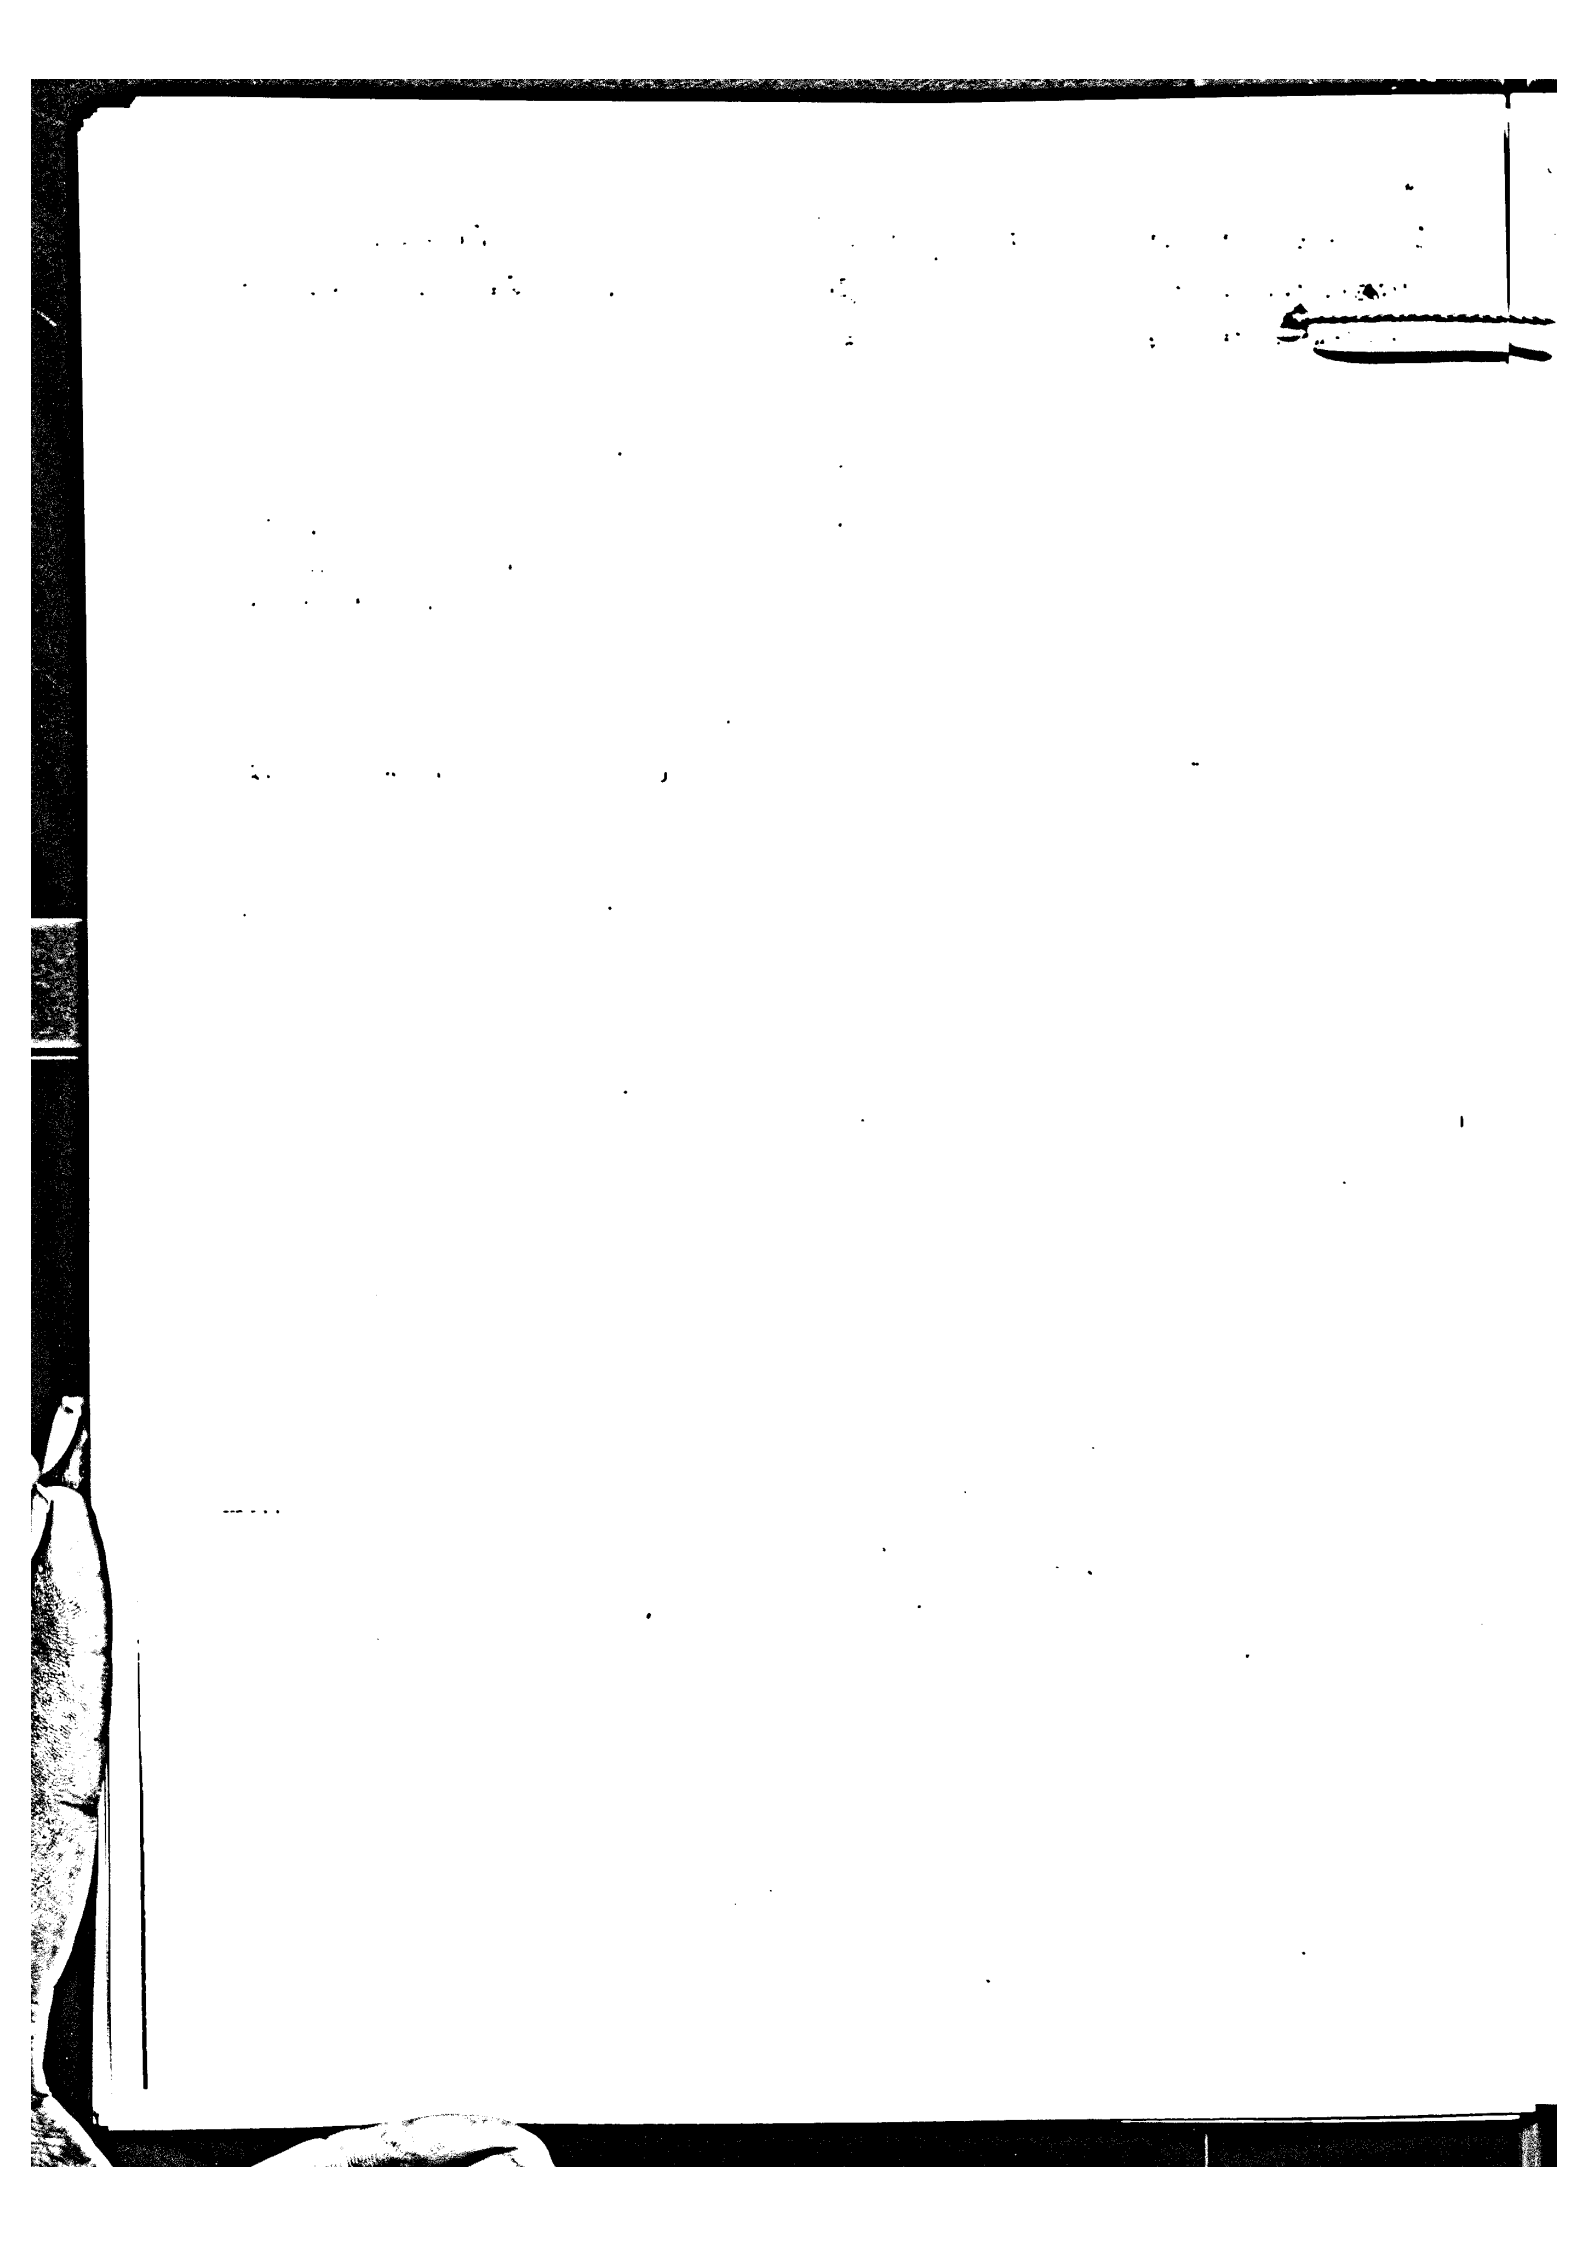

Sir/Madam,

I am directed to inform that as you are aware the Commission, with the objective of bringing a totally error free and authenticated electoral roll, has launched a comprehensive programme, i.e., National Electoral Rolls Purification and Authentication Programme (NERPAP) w.e.f. 03.03.2015, with a clear timeline for completion by 15.08.2015. A copy of Commission's instructions contained in letter No. 23/1/2015 - ERS dated 27.02.2015 is enclosed herewith for information.

2. The Commission has reviewed preparedness of programme with Chief Electoral Officers of all States and UTs through a Video Conference on 12.03.2015. Several Chief Electoral Officers have informed that the Electoral Registration Officers in many States have not been provided regular manpower as data entry operators and IT infrastructure at their offices, required for this programme.

3. The Commission has considered the requests from the Chief Electoral Officers and has desired that the offices of EROs / AEROs may kindly be strengthened immediately and every ERO / AERO should be provided with atleast one computer with internet connection and one printer along with one data entry operator in his office exclusively for election work.

4. The Commission has also directed that the vacancies of Booth Level Officers, if any, may be filled immediately so that the ground work for the programme can be completed within the given schedule. In this connection, the Commission has approved a one time remuneration of Rs. 2500/- for a BLO and Rs. 5000/- for a Supervisor for supervision in 8 - 10 polling stations for this programme. The remuneration of Rs. 2500/- as mentioned, to the BLOs will be in addition to the annual honorarium / remuneration, currently being paid to them.

ELECTION COMMISSION OF INDIA

Nirvachan Sadan, Ashoka Road, New Delhi-110001

No. 23/1/2015-ERS Dated:27th February, 2015

To,

The Chief Electoral Officers
Of all States/Union Territories

Subject: Improvement in Electoral Roll - Launching of National Electoral Rolls Purification and Authentication Programme (NERPAP) on 03.03.2015- regarding

Sir/Madam,

It has been brought to the notice of the Commission that even after completion of summary revision of electoral rolls w.r.t. 01.01.2015, numerous types of errors and defects, viz. multiple entries, repeating images, repeating EPIC number etc. still exist. The procedures of correction of errors, deletion of multiple entries and replacement EPIC are not streamlined or not followed properly in some states. The field level functionaries such as EROs / AEROs / BLOs are not giving desired attention to the disposal of such complaints within the given time frame. This has been causing a lot of inconvenience to the voters who, in turn blame the Commission for such scenario. This situation is totally unacceptable. The Commission gives highest priority to the maintenance of electoral roll and has reiterated that the roll should be without any defects, errors and multiple entries. In some cases, the courts have expressed concern on defective rolls. There is also a need to generate awareness among citizens as to how they can avail the facility of on line applications.

2. Hence, the Commission, with the objective of bringing a totally error free and authenticated electoral roll and after considering the inputs of CEOs, has decided to launch a comprehensive programme, i.e. "National Electoral Roll Purification and Authentication Programme (NERPAP), from 03.03.2015 with a clear timeline and well defined goal.

3. Major Objectives of NERPAP

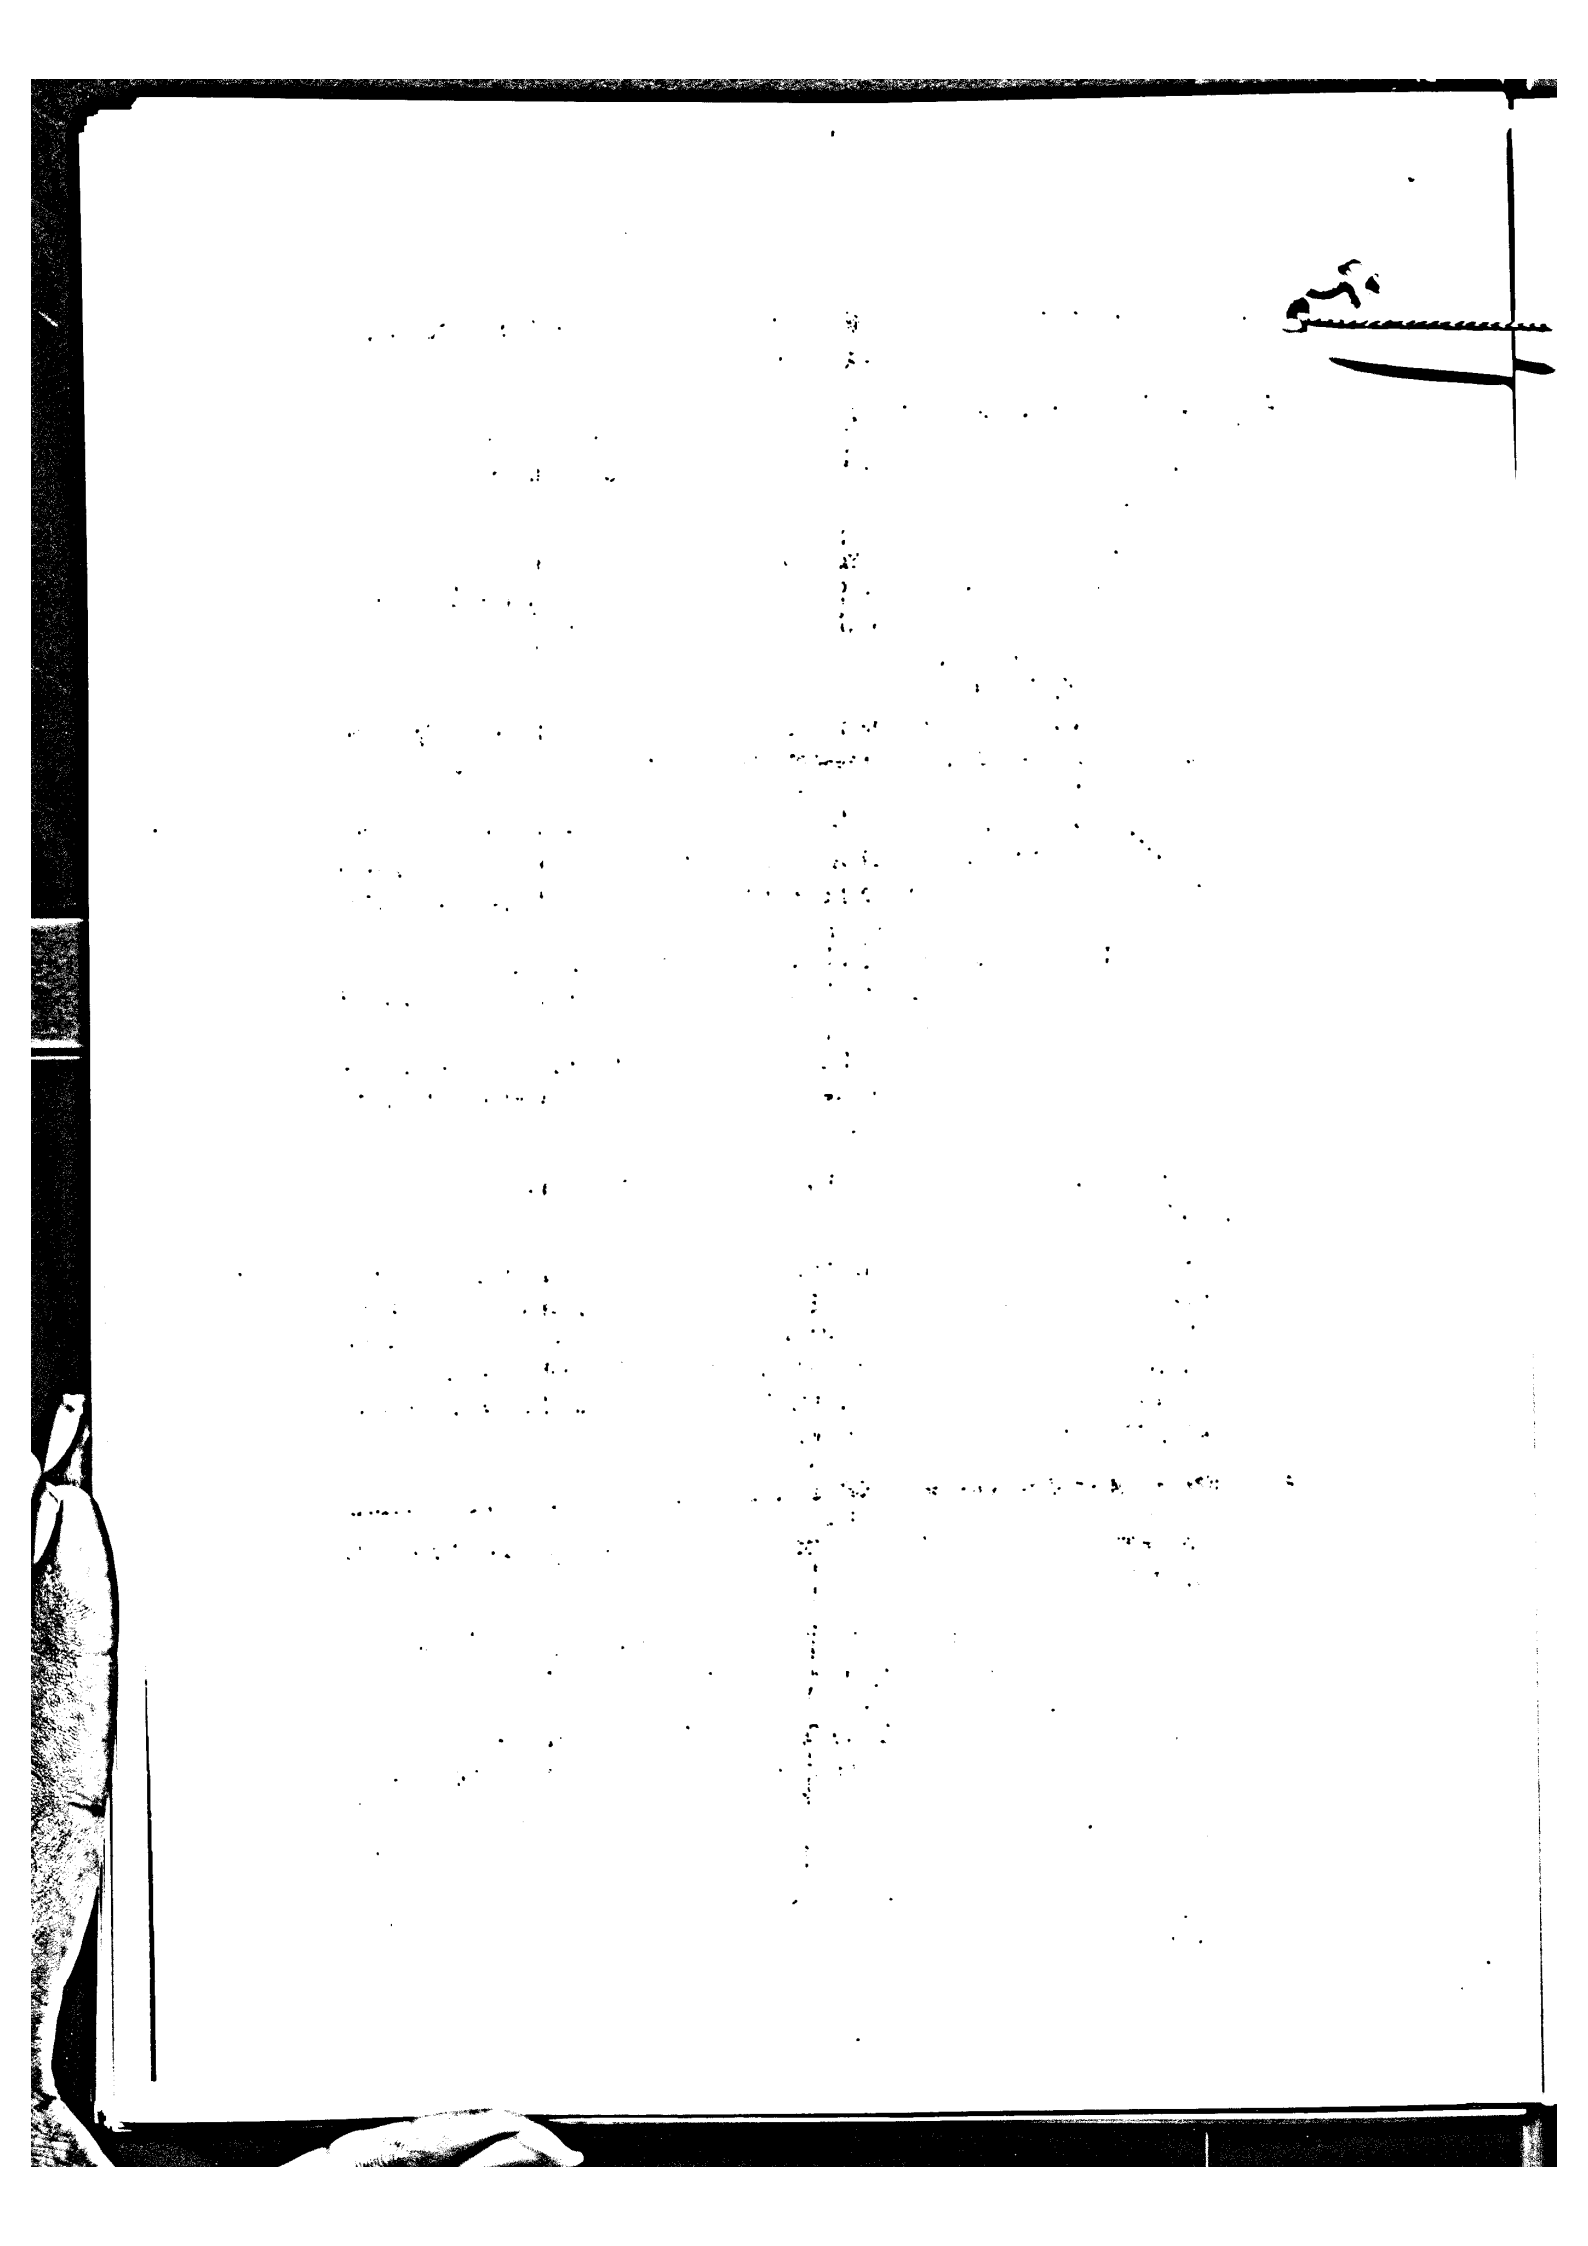

(i) Linking and authentication of EPIC data of electors with Aadhar data of UIDAI only,

(ii) Voluntary disclosure by the electors concerned of multiple entries pertaining to them and disposal of such cases within 15 days by the concerned EROs under intimation to the concerned electors.

(iii) Corrections of errors or any relevant entry pertaining to electors within 15 days on production of cogent documentary evidence.

(iv) Improvement of image quality, wherever requested, by following the due procedure.

(v) Obtaining and feeding in the ER database ,the mobile and email address of the electors so that periodic information of poll day,

revision schedule, deletion/correction notice etc and other facilitation services can be provided to them

4. Methodology of Aadhar Feeding

Feeding of Aadhar number in EPIC database will be done in the following manner:-

(A) Feeding of Aadhar number and EPIC number by electors through :-
  (i) National Voters Service Portal (NVSP) using web services through Election Commission website.
  (ii) SMS to '51969'
  (iii) E-mail
  (iv) Mobile app which is under development and is likely to be available by 1st week of March, 2015.
  (v) By making a call at toll free number '1950' to State call centres.
  (vi) By submitting the details of Aadhar number and EPIC number in a hard copy of duly filled up Format (**Annexure-A**) along with photocopy of both the documents, namely, EPIC and Aadhar letter/card.

(B) Collection and feeding of Aadhar by electoral machinery:-
  (i) BLO will collect the details of electors during door to door survey/ visit.
  (ii) The ERCs / AEROs will also collect the aforesaid details through Voter Facilitation Centres, e-Seva centres and Citizen Service Centres authorised by the DEOs.

In both of the cases EROs will have to get the data entry done on NVSP portal.

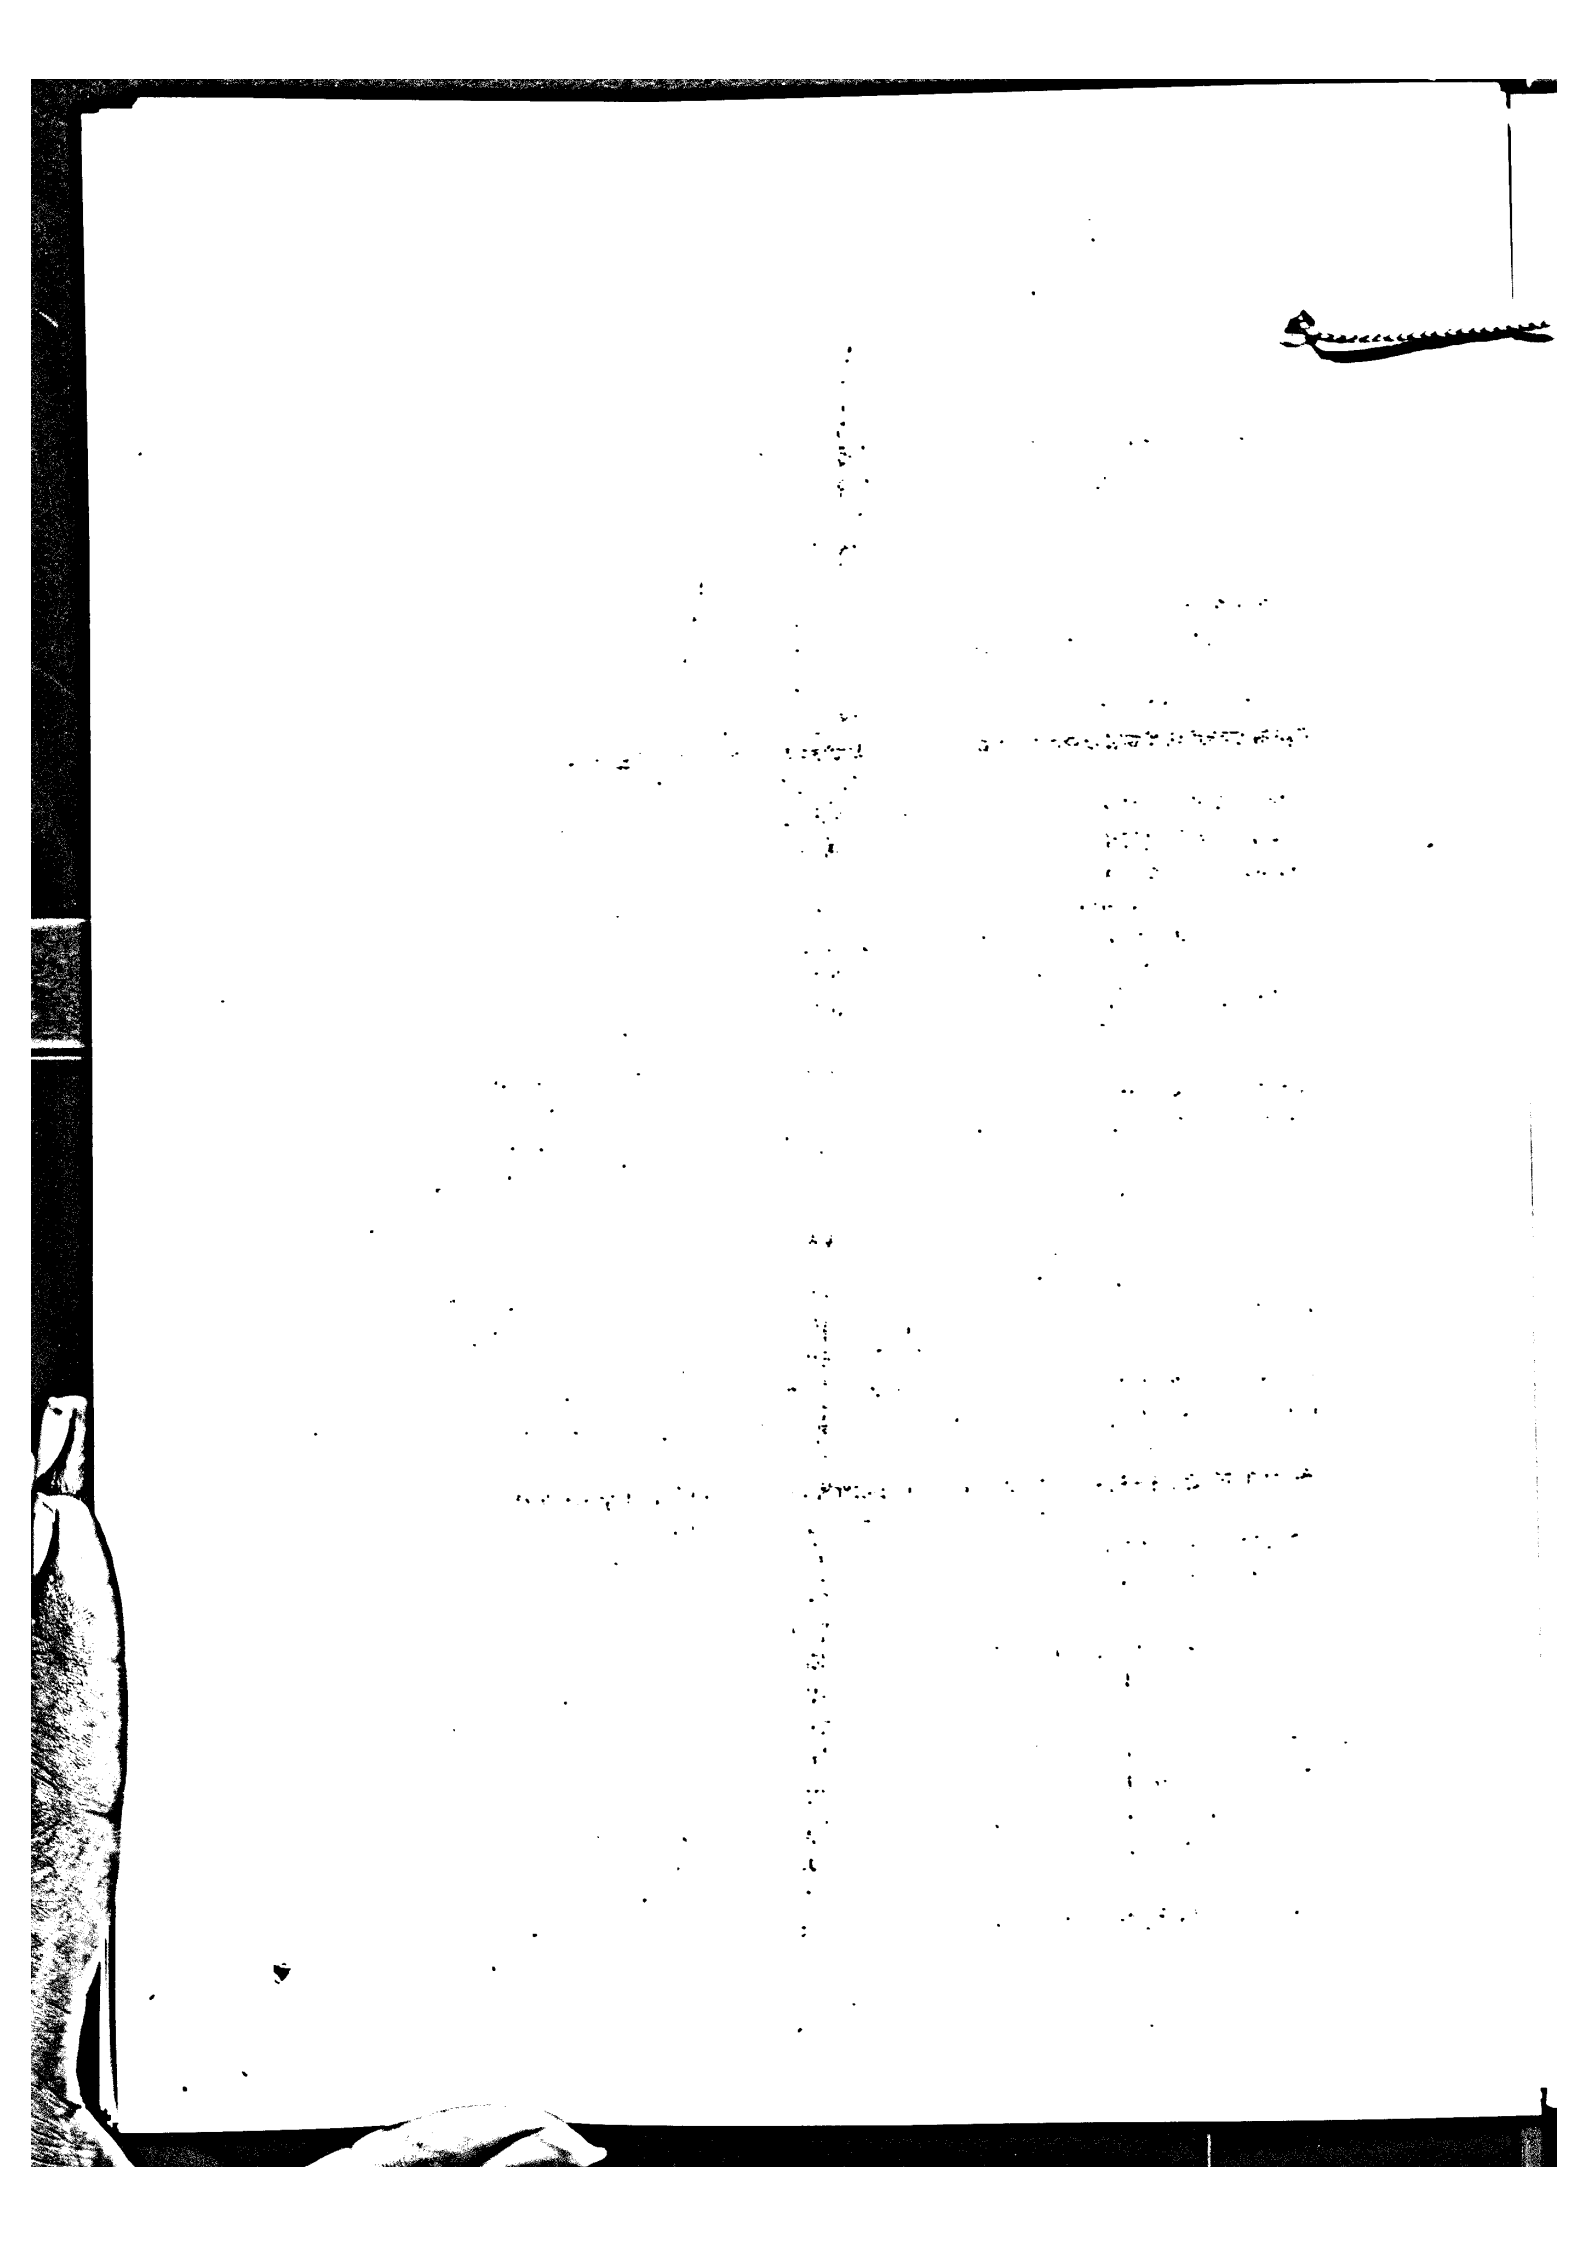

The methodology developed by the CEO, Andhra Pradesh & Telangana in the state to link Aadhar data with EPIC data can simultaneously be adopted along with national model in Andhra Pradesh & Telangana. If some other states have developed their own methodology/application, the same can also be adopted by the concerned states. IT division of ECI shall ensure integration of the data at the state and central level

5. Preparatory Activities of NERPAP

For launching of NERPAP, the preparatory activities will be completed in the following manner:-

(i) CEOs will issue similar circulars to DEOs by 28.02.2015 and hold a VC at their levels to brief the DEOs / EROs about NERPAP programme.

(ii) On 03.03.2015, CEOs / DEOs / EROs will formally launch the said programme at the State, District and AC levels and appraise the political parties, media, NGOs and CSOs and seek their active co-operation.

(ii) CEOs will make an effort that BLOs are also able to launch this programme at the booth level.

(iv) BLOs will form **Booth Awareness Groups (BAGs)** which will induce Booth level government functionaries, para workers, representatives of Local body, BLAs, BLVs, Head or representative of Schools/Colleges in the Booth area, NSS/ NYK volunteers and member representatives of local CSO/NGO ensuring that members other than BLAs are not aligned to any political party

(v) As far as possible, video documentation to be done of the events at the ERO, DEO levels.

(vi) A focused SVEEP campaign to be launched by CEOs/DEOs and EROs. Standard set of posters/pamphlets/publicity materials should be prepared and distributed by CEOs.

(vii) Proper training be imparted with a focus on NERPAP to DEOs, EROs, AEROs and BLOs.

(viii) State Call centre with toll free number '1950' shall be made functional immediately. Proper records of calls received shall be maintained for audit and scrutiny

A detailed action plan for each activity of the programme will be chalked out by the CEOs and sent to the Commission for information.

5 Various Other Activities during NERPAP

5.1 Special Camps

A nation-wide Special Camp will be organized at the booth levels in all assembly constituencies in the country by EROs for the abovementioned activities on 12.04.2015 (Sunday).

(a) Thereafter at least one special camp will be organized every month on any Sunday to be fixed by DEOs

(b) Special Observers will be appointed by DEOs to observe and review the programme, under intimation to the EC.

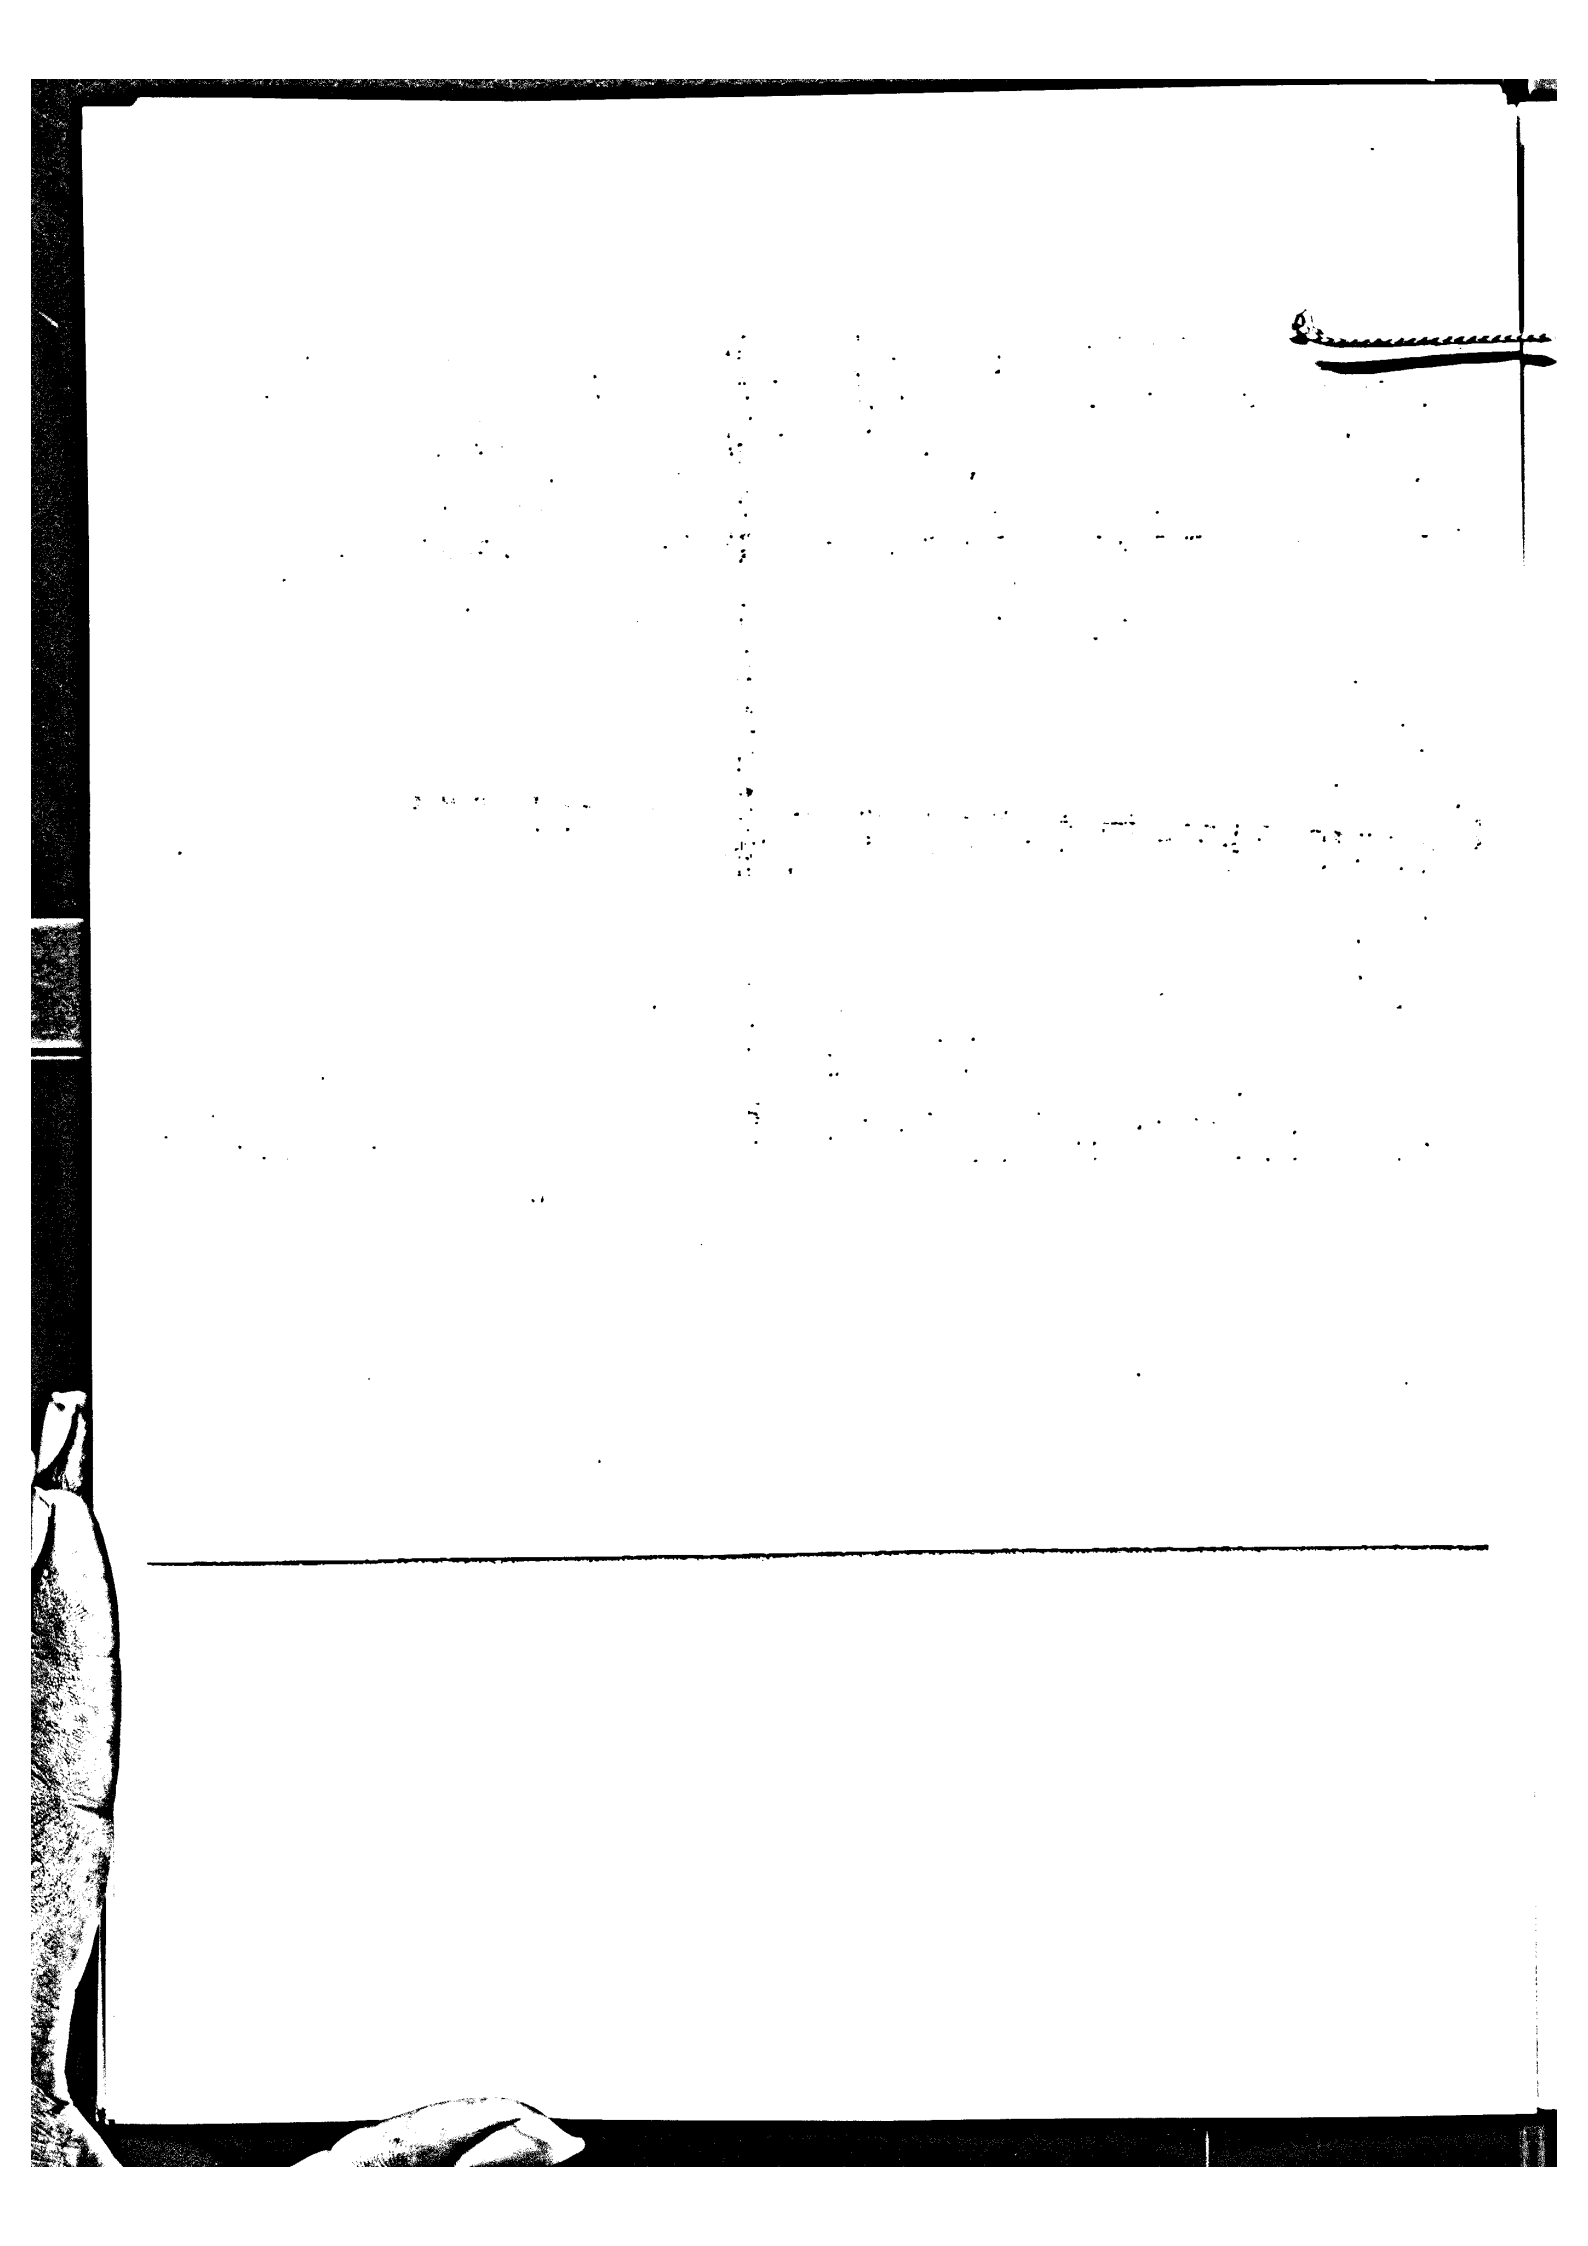

(c) Senior officers of the Commission will review the progress of the programme regarding their states periodically by holding VCs and making visits to the respective states or any other states as desired by the Commission

(d) DEOs will also visit to the districts and review the progress and ensure that targets are achieved within the stipulated time frame

(e) DEOs shall make inspection of at least two or three constituencies in their districts every month and give a detailed report to their DEOs

(f) EROs will make inspection of at least 10 Polling Stations and Sector Officers will make inspection of at least 5 Polling Stations every month and give report to DEOs

(g) DEOs will give wide publicity about the date, time and place of Special Camps by media initiatives

(h) An online-monitoring format will be developed by the IT division of the Commission to review the progress from Booth level to the State level and CEOs will furnish a consolidated report of their States to the Commission on a weekly basis.

6.2 Linking of Aadhar Data with Electoral Database

Linking of Aadhar number with EPIC database will be done as per the methodology indicated in a separate instruction being issued by the IT division of the Commission. Authentication shall be done using Aadhar number only.

6.3 Campaign for Voluntary Disclosure of Multiple Entries by the Voters:-

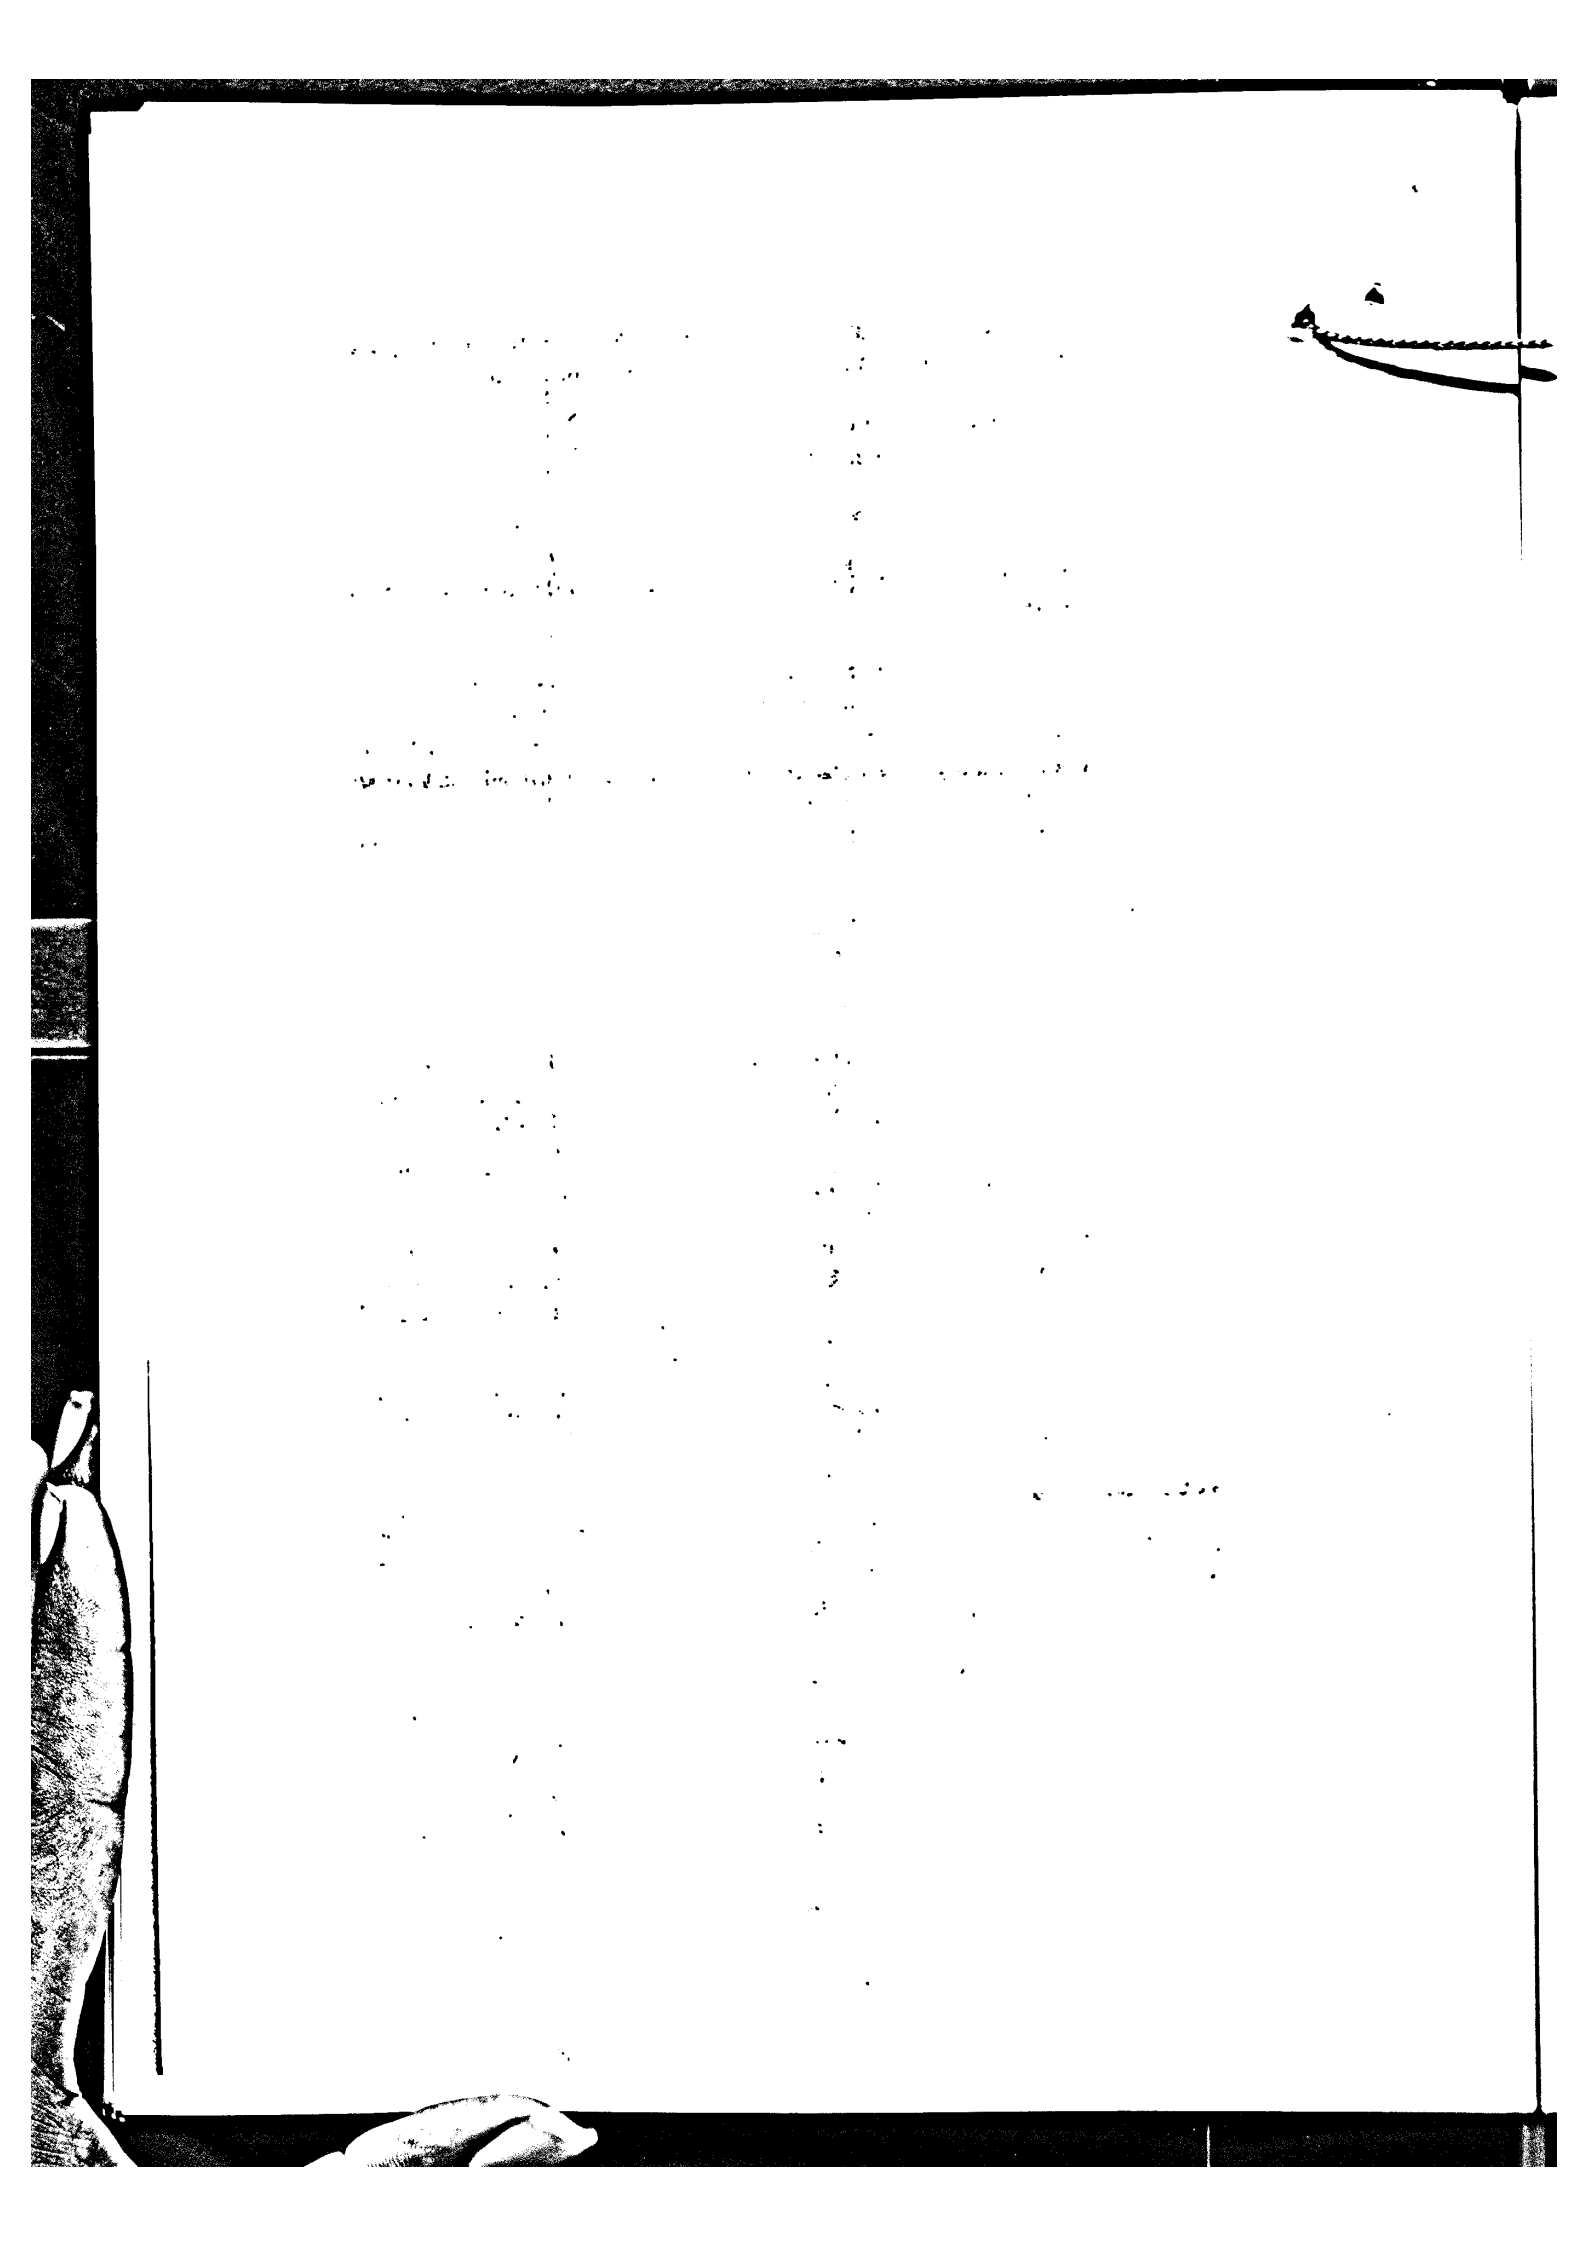

It is observed that the electors are unaware of the penal provisions under law if they have multiple registration in the electoral roll. They are not coming forward to disclose their names if they are registered in more than one place .If they disclose this, then the entries from the places other than the place where they are ordinarily resident can be deleted from rolls. With a view to give such voters who have their names registered in the electoral rolls at more than one place a chance to disclose their multiple entry(ies) , the Commission has announced a 'Campaign for Voluntary Disclosure of Multiple Entries by the Voters'.
CEOs will give advertisements in print/Radio/Electronic media, Cinema Halls and other communication channels regarding voluntary disclosure of multiple entries. It would be explained in advertisements that enrolment at more than one place on the basis of false declaration is punishable offence under the provision of Section 31 of the Representation of the People Act, 1950. The elector with multiple registrations in electoral roll(s) should be encouraged to come forward and use the facility given during the programme. The elector should be advised to fill Form-7 for deletion of their names from the places except the place where he/she ordinarily resides. An appreciation certificate may be issued to all those electors who voluntarily disclose their multiple entries and get their names deleted from the unwanted places.

The electors may submit Form-7 through Web Portal of NVSP or at ERO's Facilitation Centres /Special Camps/Other Centres such as E-Seva, CSC and so on.

7. Role of ERO and AERO

ERO of every AC shall ensure that updated copy of electoral rolls is available at each polling station and all such other places where special camps are being organised. This programme has two aspects-

(A) 1st object is to collect Aadhar number + EPIC number and mobile number / e-mail ID of each elector using the methods mentioned above (i.e. feeding), followed by entering the Aadhar number in

EPIC database (i.e. seeding) and then authentication by linking the Aadhar database with EPIC database using Aadhar number.

In this aspect the role of the ERO /AERO is to ensure that maximum data of Aadhar number is collected and seeded.

(B) The 2nd object of this programme is to ensure that any error in particulars of any existing entry is corrected including photo updation/replacement (wherever requested) and the roll is free from all multiple entries.

In this process the concerned elector will need to submit the Form 7/ Form 8. Some Form 6 and 8A are also likely to be received. All such Forms shall have to be disposed of by the concerned EROs/AEROs as per statutory provisions and the Commission's guidelines without any avoidable delay. For hearing, where necessary, either the ERO or the AERO shall be available at their office or at the special camps.

The other points are mentioned below-

(a) Wide publicity of NERPAP and availability of Electoral Roll at the Polling station levels.

(b) The EROS shall keep a close watch on voluntary disclosure of multiple entries scheme and will intimate to the Commission through DEO/CEO the progress/response in this regard.

(c) EROs to provide facility to link authenticated documents at special camps /facilitation centers

(d) After correction of particulars / replacement of photograph, no replacement EPIC shall be issued but a photo voter slip with corrected details / replaced photograph with signature of concerned ERO / AERO/ BLO shall be given.

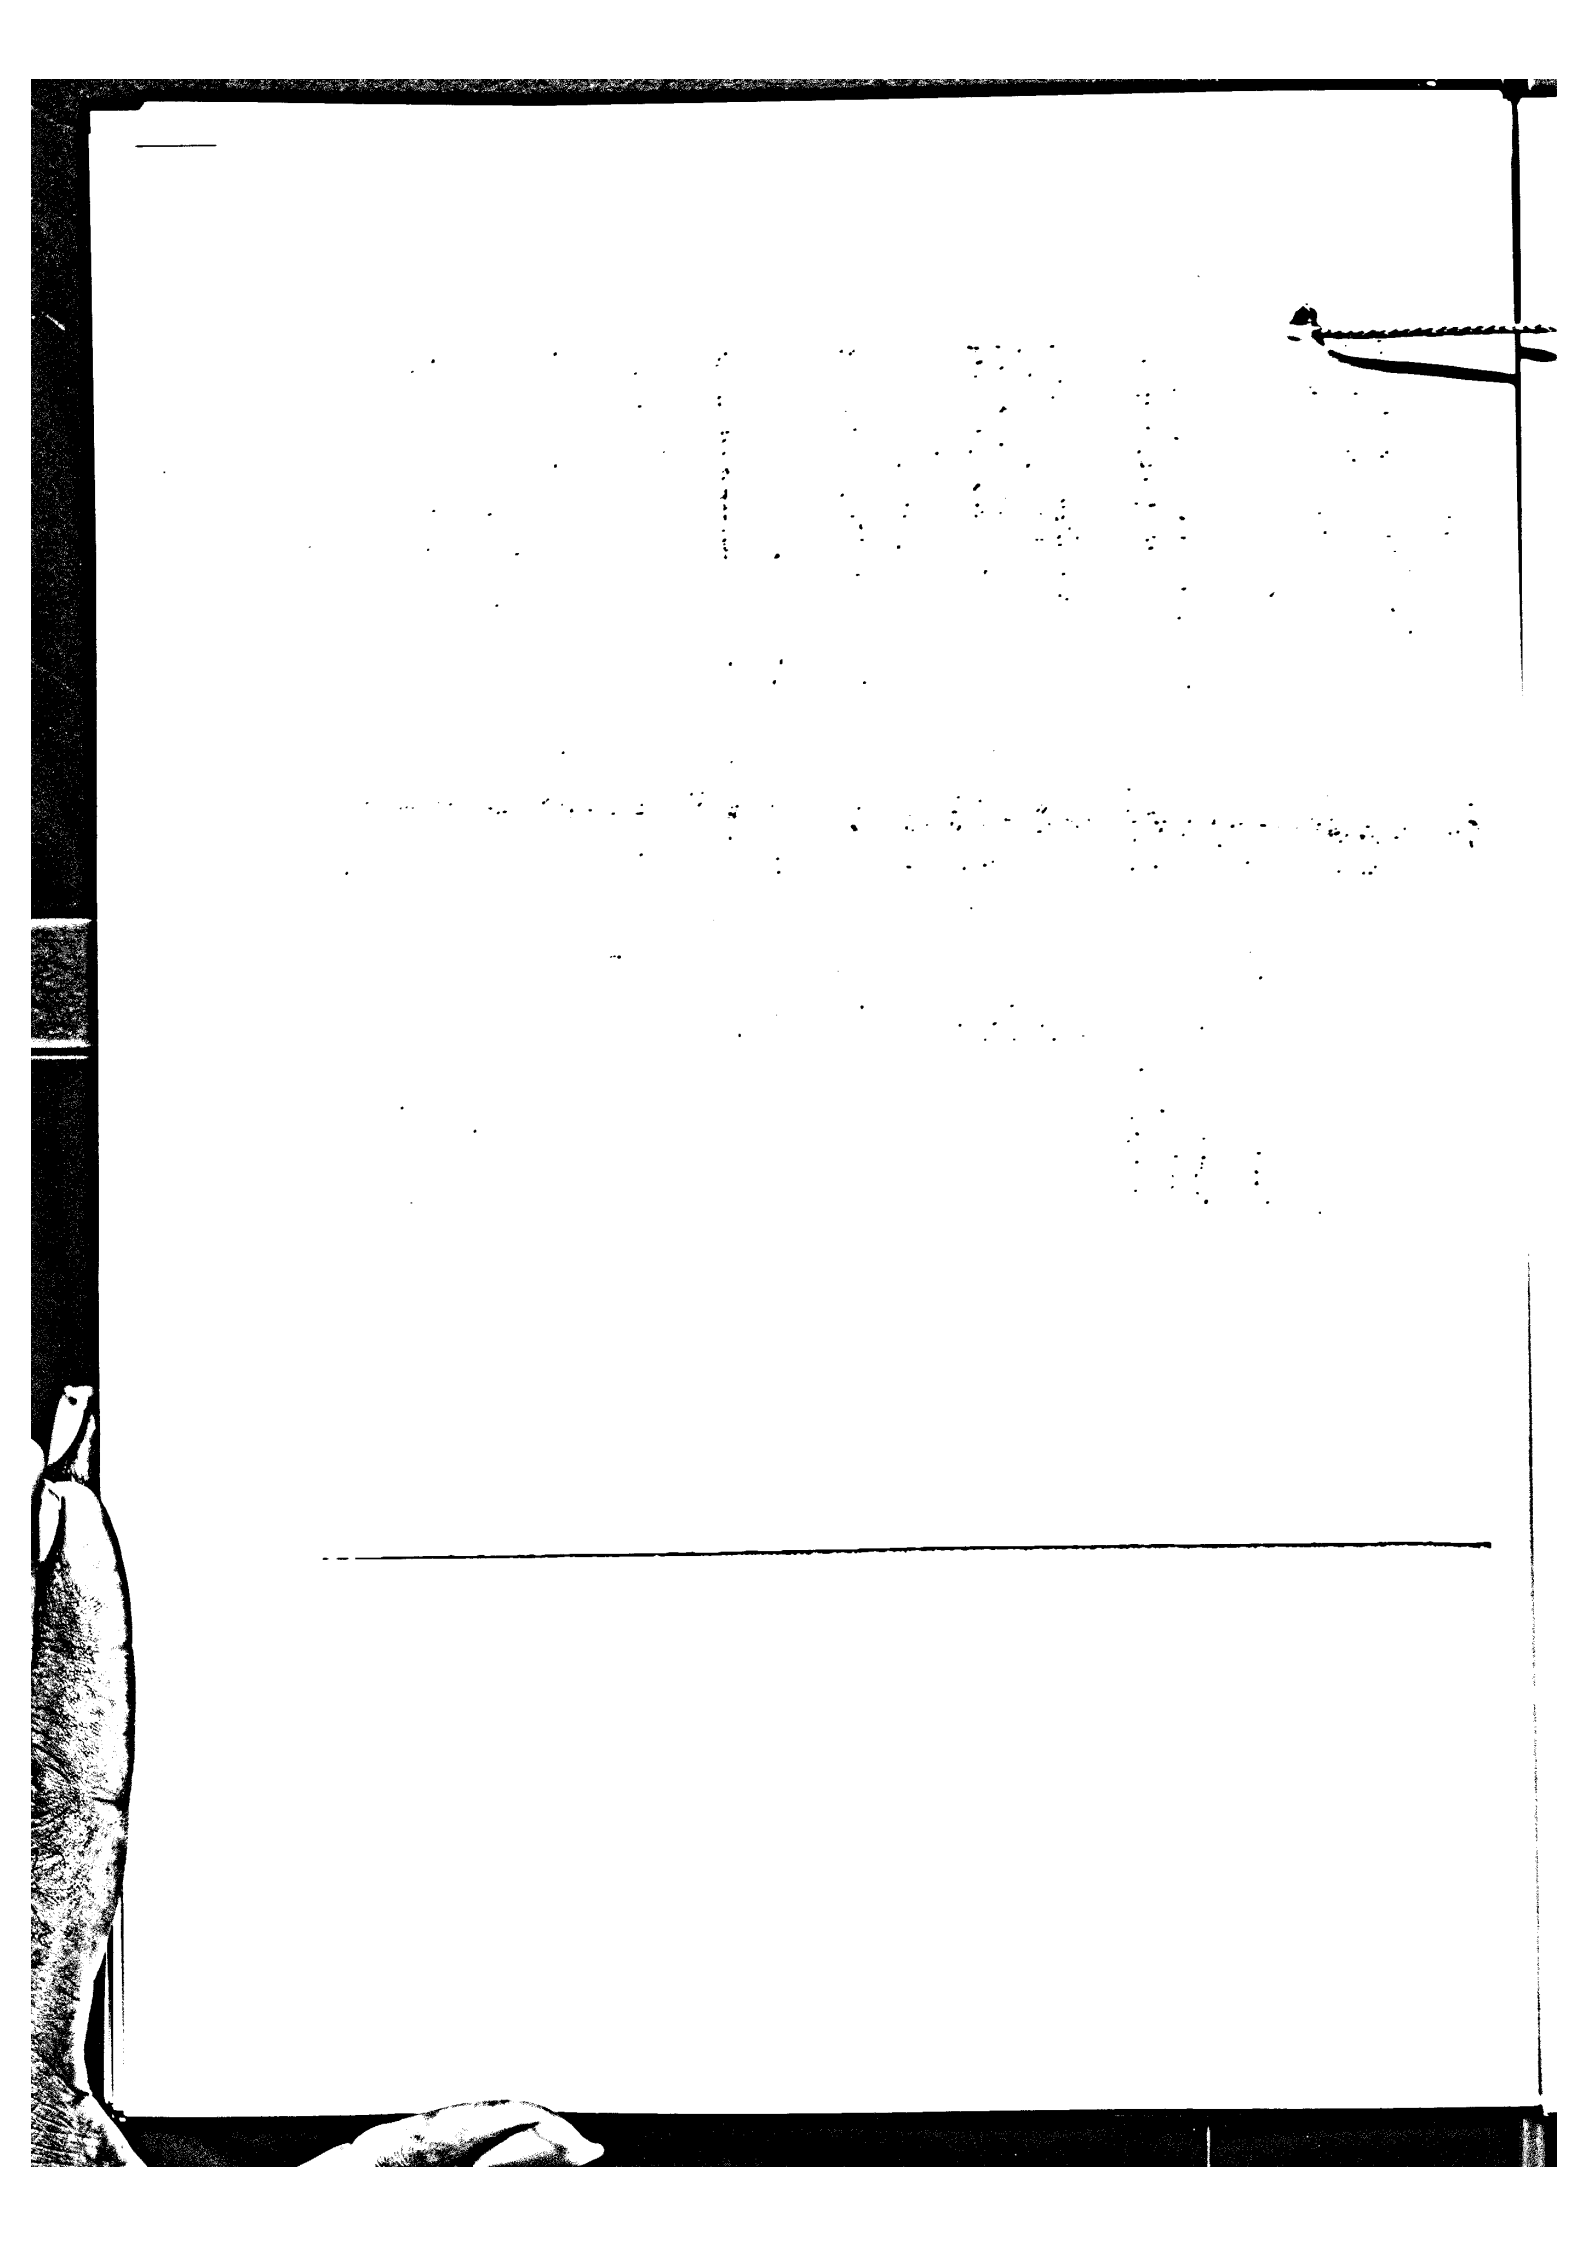

(e) In case the elector makes a request for replacement EPIC that can be issued to him on payment of necessary charge for replacement EPIC.

8. **SVEEP Campaign**

Success of the programme will depend on effective SVEEP campaign initiative by the CEOs, therefore, the Commission has directed that a 360 Degree Publicity Campaign should be mounted in the following ways:-

(a) Launch of the campaign at every Polling Station through public meeting, explaining about the aims and objectives of NERPAP, reading out rolls, distribution of pamphlets, pasting of posters.

(b) Training the Booth Level Officer and the members of Booth Awareness Groups

(c) Publicity through Print Media, Electronic Channels, Radio, Internet and Mobile Phones and any other method as per local needs.

(d) Publicity Campaign through ECI/CEO/ DEOs Portal. Linking of these portals with other important government websites frequently visited by the public.

(e) Digital Banner Publicity through Face book, YouTube, Twitter, and other important Internet Gateways

(f) Piggybacking on major grass root level government programmes of health, education, rural development, sanitation and Panchayat Raj institutions and so on

(g) Use of Call Centres at State and district levels

(h) Motivation and Award for BLO, ERO and DEO: Award for 100 % achievers at BLO, ERO, DEO and CEO levels in three categories of authentication, correction and deletion of multiple entries.

9. **Partnership with Stakeholders**

NERPAP is a citizen centric programme where full cooperation of electors is most important. To ensure active public participation following activities will be done at the state, district or ERO level;

(i) Meeting and briefing of Political Parties at State, District and AC levels and requesting them to nominate BLAs for every PS. (Pertinent to mention that BLAs appointed earlier will continue as BLA unless their appointment is revoked by the political party concerned).

(ii) Actively associating BLAs and BLVs in this campaign.

(iii) Briefing media regularly and actively associating them in this programme.

(iv) Working closely with Civil Society organizations.

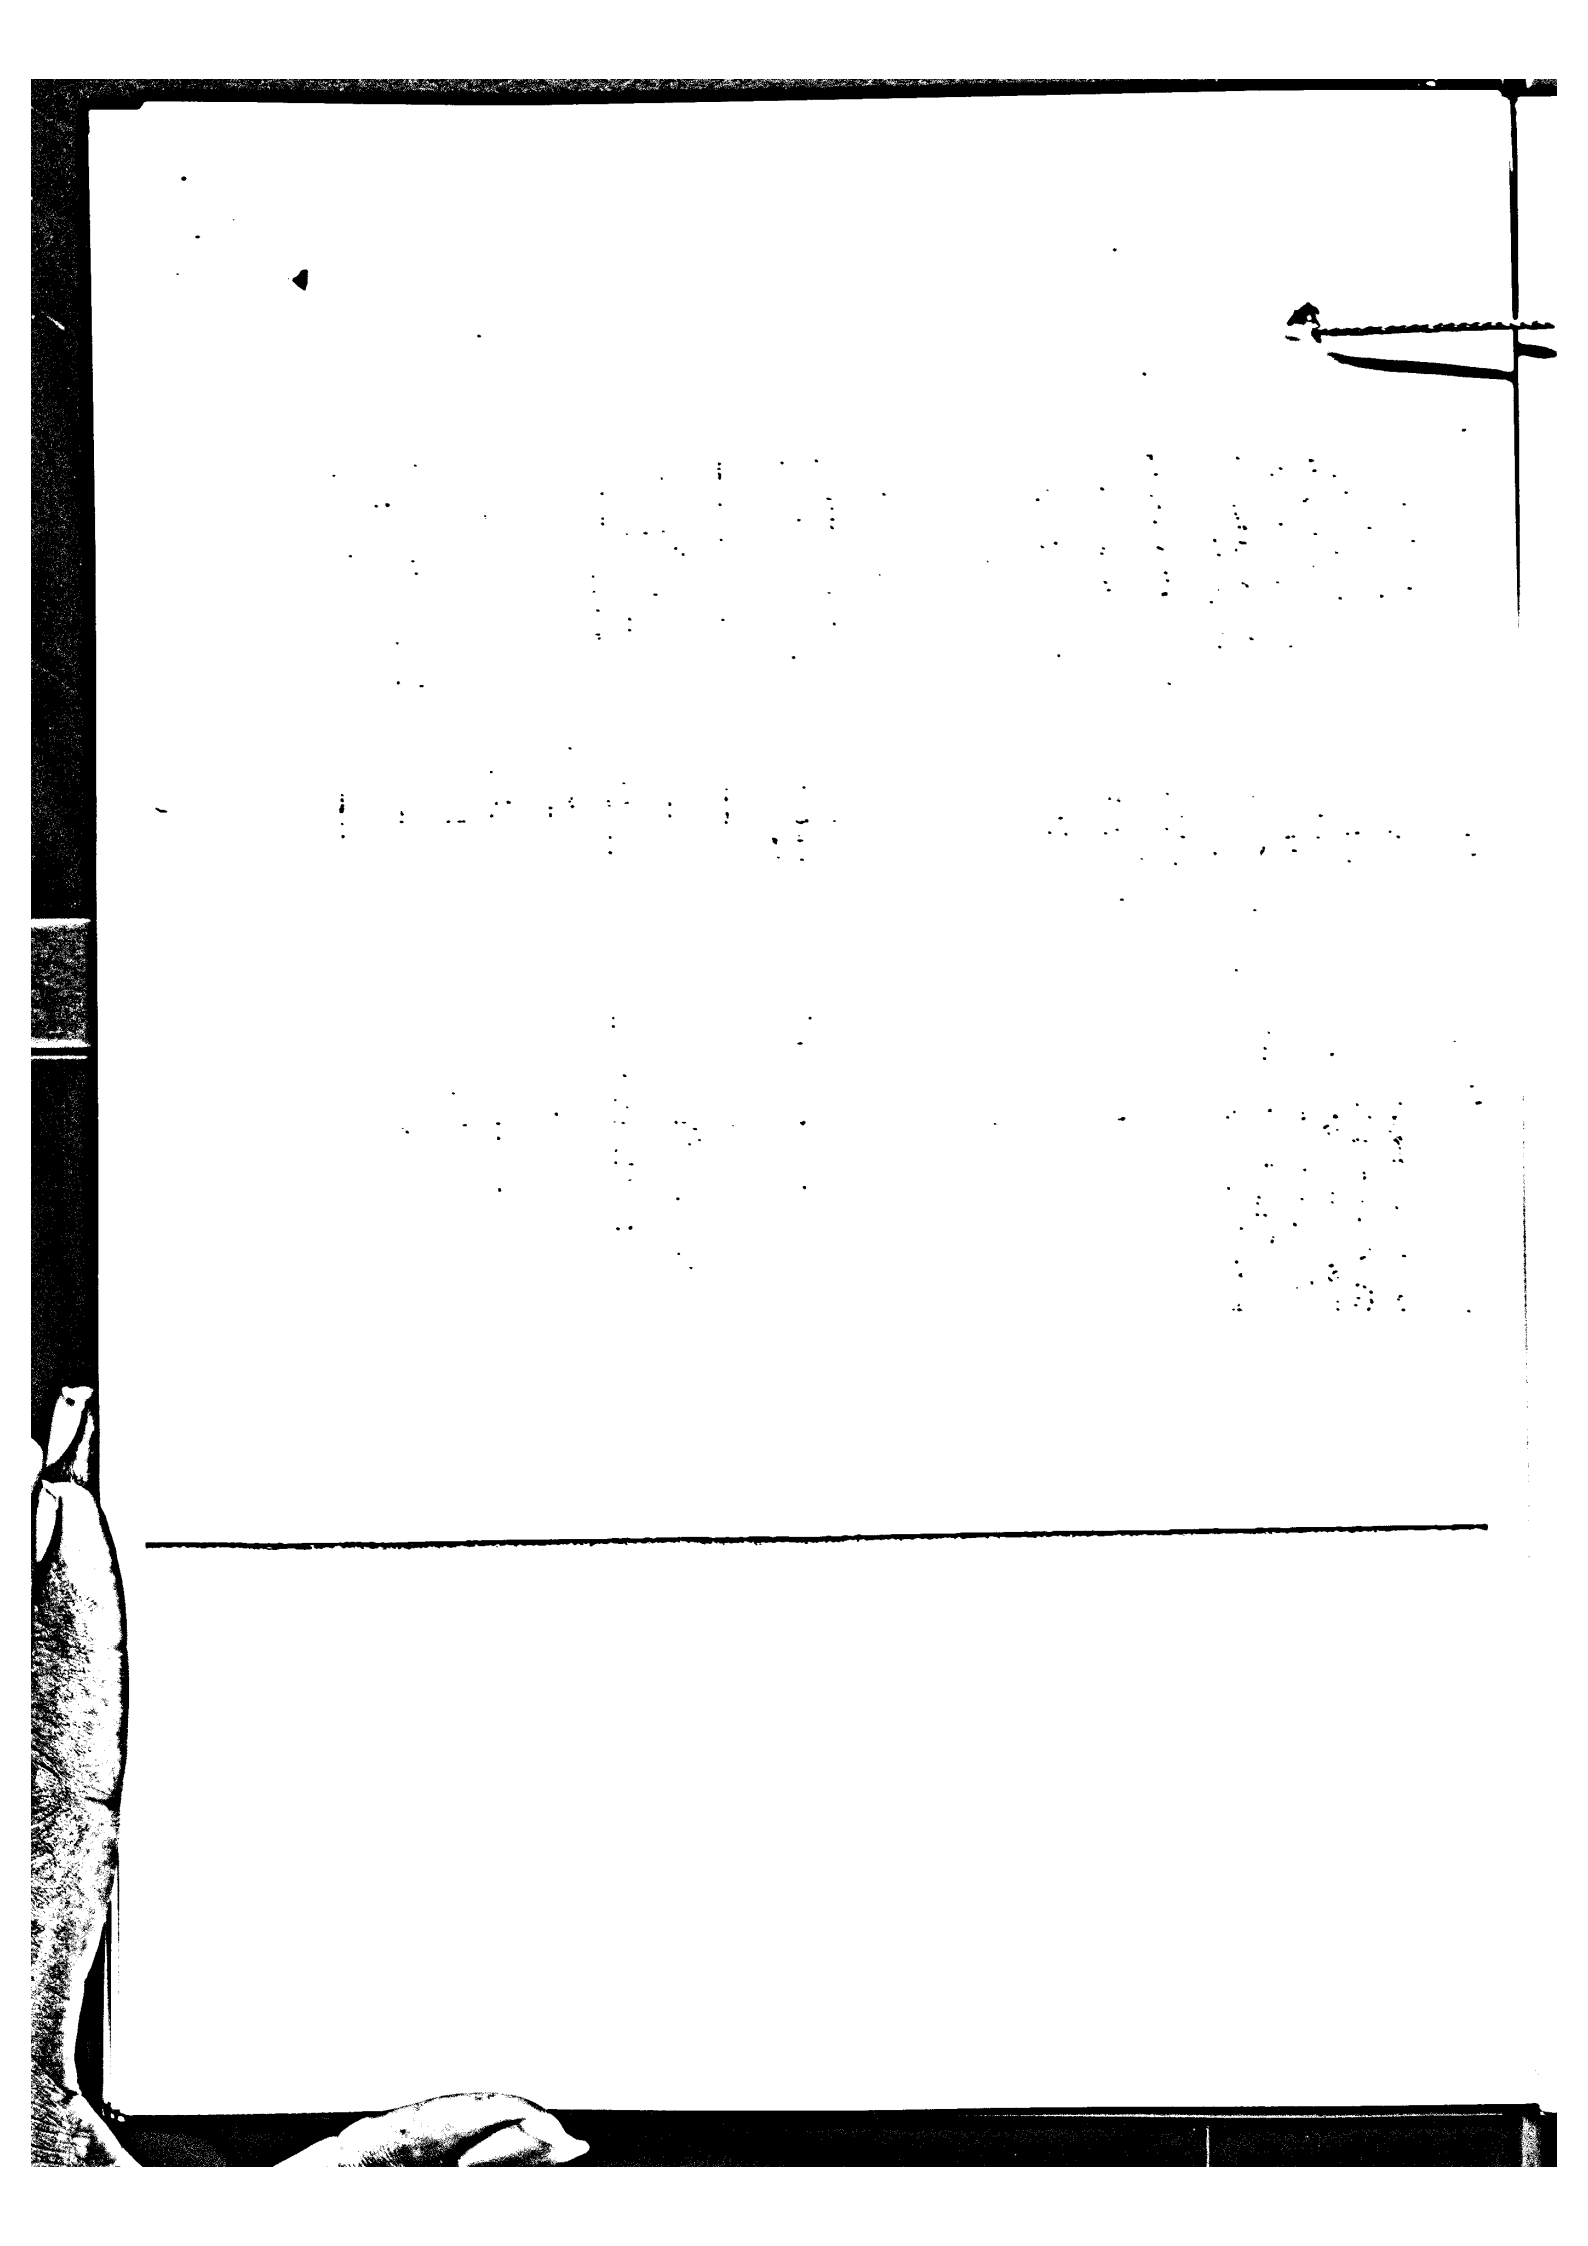

(v) Taking active support of educational institutions and schools in popularizing this programme.

(vi) Taking active support of all youth and community based organizations.

(vii) Ensuring active participation of Local Bodies in this programme.

10. **Work Plan**

- BLO shall verify the correctness of the Aadhaar number already incorporated in the list
- Wherever the UID number is not available, the BLO has to collect the copy of Aadhaar card from the elector or note down the Aadhaar number from the original card and mention in the report.

- In case, the elector is not available/shifted his residence, suitable remarks such as dead, shifted, door lock, duplicate shall be made by the BLO duly enquiring from the neighbors
- In case of door lock cases or absence of any adult member at the time of his visit, BLO shall visit that house at least three times on different occasions during morning and evening hours, and not during day time. Even after three such visits, he/she finds the house locked or is not able to meet any adult member of the household, the he/she should paste a sticker on the door, which inter-alia, should mention:

  " I had come to verify your name in the electoral roll and to collect the Aadhaar number to link with the electoral roll, but your are not available. Please contact me ____(name) _____(mobile number) at_____(Polling station address) on_____between 10 am to 5 pm or upload your Aadhaar number by using any of the three following methods:

  SMS: By sending an SMS Format is SEEDEPIC<space><EPICNO> <space><Aadhaar No> s sent to a number 09970499999
  Example: SEEDEPIC B YX1234557 123456789101
  Call center: 1950

  - Even after three such visits and pasting of sticker if the elector does not turn up, the BLO shall report the matter to his Supervisor with a specific remarks that the elector is not the ordinary resident of the address given/shifted, dead, duplicates
  - The Supervisor shall re-verify 5% of such electors and report to the AERO/ERO for following the procedure for deletion of the name

xvii) Action to be taken by the AERO/ERO:

- Computer Operator, Computer and internet connectivity shall be provided by the ERO/AERO for online data entry
- Existing computers and other infrastructure already provided for Permanent EPIs at each Mandal Headquarter by the office of the CEO shall be utilized for this purpose.
- One Computer Operator and Internet connectivity shall be provided by the DEO/ERO. Necessary funds will be released by CEO on receipt of proposals from the DEO
- AERO should take up supervisory check to the extent of 1% of the entries. The entries checked by Supervisors and AERO should be different from each other i.e. they should not visit the same household again and again for verification
- For the multiple/duplicate entries in the electoral rolls, notices should be issued to the electors under Section 22 of RP Act 1950 and full procedure of verification of facts should be followed by placing of notice board for a week based on the physical verification reports of the BLOs etc.
- ERO should also prepare (under Rule 21A of RER, 1960) a list of the names of dead persons and the persons who may have ceased to be ordinarily residents of the constituency and of persons who are otherwise not entitled to be registered in the roll
- ERO shall then exhibit on the notice board of his office, a copy of the list together with a notice as to the time and place at which the question of deletion of these names from the roll would be considered.

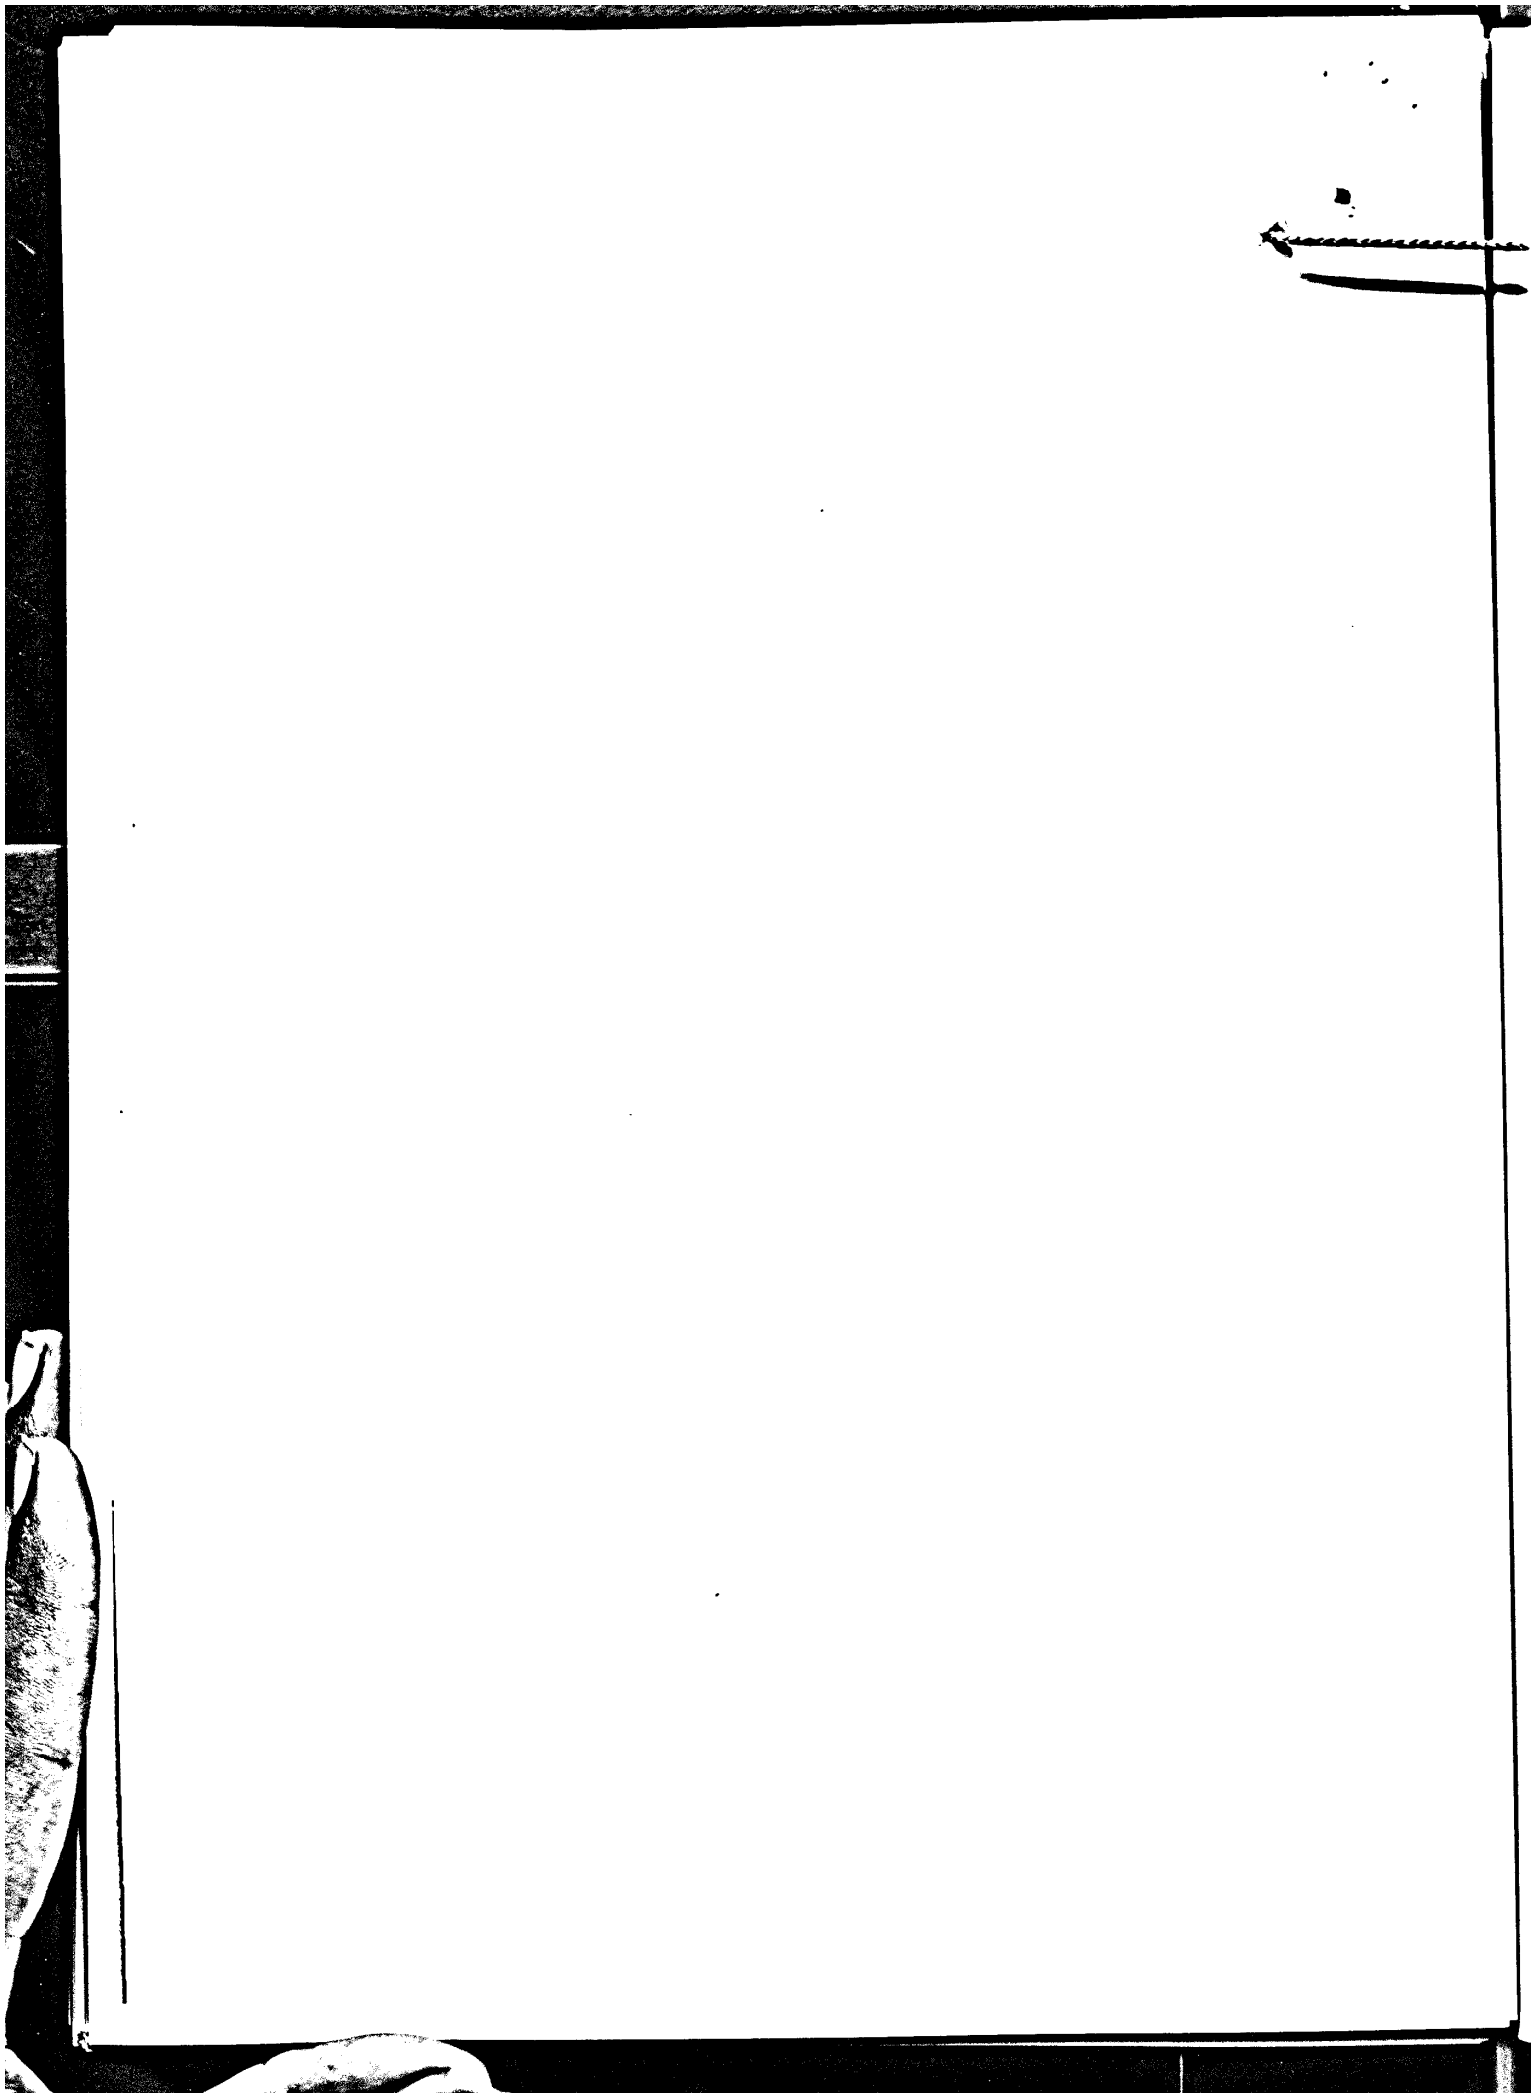

- Such lists shall also be read in the Gram Sabhas and also made available with the BLOs on special campaign days.
- After considering any verbal or written objection that may be preferred, the Electoral Registration Officers shall decide whether all or any of the names should be deleted from the roll. But, before taking any decision in respect of any person on the ground that he has ceased to be or is not ordinarily resident in the constituency or is otherwise not entitled to be registered in that roll, the Electoral Registration Officer shall make every endeavor to give him a reasonable opportunity to show cause why the action proposed should not be taken in relation to him.
- After following the above mentioned procedure, Aadhaar number shall be seeded by ERO in the EPIC database in respect of each elector.
- For this, the ERO shall login to the EPIC-Aadhaar web Portal
- If the details of EPIC & Aadhaar found matched, ERO can accept.
- Once this seeding is completed, demographic verification will automatically run and rejected cases will again go to the respective Booth and will be visible in the BLO login and these need to be re-verified and submitted for seeding by BLO. If the re-submitted Aadhaar number is the same as seeded earlier then this seeding will not go to the demographic authentication and will be 'Force seeded' into the EPIC database.
- Once the entire Demographic authentication is completed, SECH will run a deduplication process over the entire state to find out the duplicates based on the following:
  - Same Aadhaar seeded against multiple EPICs
  - Since both databases-EC and UID are having photos, the duplicates can be easily identified
  - Lists of duplicates will be generated based on the Aadhaar number incorporated in the electoral rolls and said lists will be made available to the EROs in pdf format for further verification.
  - Such duplicates can be removed duly following the procedure already mentioned supra.
- After door to door verification, the names of electors, who were found shifted/ineligible/multiple entries/not ordinary residents should be deleted from the electoral rolls during the data entry of Aadhaar number as well as correction of entries, after due procedure as envisaged above.

xvii) SVEEP campaign

- Launch the campaign at every polling station by the BLO through public meeting, explaining about the aims and objectives of NERPAP, reading out rolls, distribution of pamphlets, pasting of posters.
- DEOs, EROs shall organize the training to Booth Level Officer and the members of Booth Awareness Groups.
- Publicity through all possible means shall be taken up at district, AC, Booth level by the DEO, ERO, AERO, BLO
- At the district headquarter, call centre with toll free number shall be established immediately and vide publicity be given.
- Commission will announce the Motivator and Award for BLO, ERO and DEO, who will achieve the 100% target in three categories of authentication, correction and deletion of multiple entries

To ensure active public participation following activities will be done at the district and EPS level.

विषय : निर्वाचक नामावली में सुधार लाना-03.03.2015 को राष्ट्रीय निर्वाचक नामावली परिशोधन एवं प्रमाणीकरण कार्यक्रम (एनईआरपीएपी) का शुभारंभ-तत्संबंधी।

महोदय/महोदया,

आयोग के ध्यान में यह तथ्य लाया गया है कि 01.01.2015 के संदर्भ में निर्वाचक नामावलियों के सार पुनरीक्षण के पूरा होने के बाद भी असंख्य प्रकार की गलतियां और त्रुटियां जैसे बहुल प्रविष्टियां, फोटो की पुनरावृत्ति, एपिक संख्या की पुनरावृत्ति आदि अभी भी बनी हुई हैं। गलतियां ठीक करने, डुप्लीकेट प्रविष्टियों के विलोपन और एपिक बदले जाने की प्रक्रिया को कुछ राज्यों में सुचारू नहीं किया गया है। फील्ड स्तरीय पदाधिकारी जैसे ईआरओ/एईआरओ/बीएलओ ऐसी शिकायतों का दी गई समय-सीमा के भीतर निपटारा करने के बारे में अपेक्षित ध्यान नहीं दे रहे हैं। इससे मतदाताओं को काफी असुविधा हो रही है जो इस परिस्थिति के लिए भारत निर्वाचन आयोग को उत्तरदायी ठहराते हैं। यह परिस्थिति पूर्णतः अस्वीकार्य है। आयोग निर्वाचक नामावली के रख रखाव को सबसे अधिक महत्व देता है और यह पुनः दोहराता है कि नामावली में कोई गलती, त्रुटि या बहुल प्रविष्टि नहीं होनी चाहिएं। नागरिकों में यह भी जागरूकता उत्पन्न करने की आवश्यकता है कि वे किस प्रकार ऑन लाइन सुविधा का लाभ उठा सकते हैं।

2. अतः, पूर्णरूपेण त्रुटिरहित तथा प्रमाणीकृत निर्वाचकीय नामावली तैयार करने के उद्देश्य से तथा मुख्य निर्वाचन अधिकारियों के इनपुट्स पर विचार करने के उपरान्त, आयोग ने एक सुस्पष्ट समय-सीमा और सुपरिभाषित लक्ष्य के साथ 03.03.2015 से **"राष्ट्रीय निर्वाचक नामावली परिशोधन एवं प्रमाणीकरण कार्यक्रम" (एन ई आर पी ए पी)** नामक व्यापक कार्यक्रम को लांच करने का निर्णय लिया है।

3. एन ई आर पी ए पी के मुख्य उद्देश्य

(i) निर्वाचकों के एपिक डाटा को केवल यू आई डी ए आई के आधार डाटा से लिंक करना और प्रमाणीकरण करना।

(ii) संबंधित निर्वाचकों द्वारा उससे संबंधित डुप्लकेट/बहुल प्रविष्टियों का स्वैच्छिक प्रकटन तथा संबंधित ई आर ओ द्वारा संबंधित निर्वाचकों को सूचित करते हुए ऐसे मामलों का 15 दिनों के भीतर निपटान किया जाना। ऐसे निपटान की सूचना संबंधित निर्वाचक को दी जाए।

(iii) निर्वाचकों से संबंधित त्रुटियों या किसी संगत प्रविष्टि का अकाट्य दस्तावेजी साक्ष्य प्रस्तुत करने पर 15 दिनों के भीतर शुद्धिकरण करना।

(iv) जहां कहीं भी आवश्यक हो, एक निर्वाचक की इमेज क्वालिटी में नियत प्रक्रिया का अनुपालन करते हुए सुधार लाना।

(v) निर्वाचकों का मोबाइल नम्बर तथा ई-मेल एड्रेस लेना तथा ई आर डेटाबेस में उसे फीड़ करना ताकि मतदान दिवस की आवधिक सूचना पुनरीक्षण अनुसूची, विलोपन/शुद्धिकरण नोटिस इत्यादि और अन्य फैसीलिटेशन सेवाएं उन्हें उपलब्ध करवाई जा सकें।

4. आधार फीडिंग की कार्य प्रणाली

एपिक डाटाबेस में आधार संख्या की फीडिंग निम्नलिखित तरीके से की जाएगी:-

(क) निर्वाचकों द्वारा आधार संख्या और एपिक संख्या की फीडिंग निम्नलिखित माध्यम से की जाएगी:-

(i) निर्वाचन आयोग की वेबसाइट के माध्यम से वेब सेवाओं का इस्तेमाल करके राष्ट्रीय मतदाता सेवा पोर्टल (एनवीएसपी)

(ii) '51969' पर एसएमएस करके

(iii) ई-मेल

(iv) मोबाइल एप्लीकेशन जो डेवलप किए जाने की प्रक्रिया में है और जिसके मार्च, 2015 के प्रथम सप्ताह तक उपलब्ध हो जाने की संभावना है

(v) राज्य कॉल सेंटर में '1950' पर कॉल करके

(vi) दोनों ही दस्तावेजों, नामतः एपिक और आधार पत्र/कार्ड की फोटो-प्रति के साथ विधिवत रूप से भरे हुए फार्मेट (अनुबंध-क) की हार्ड कॉपी में आधार संख्या और एपिक संख्या का विवरण प्रस्तुत करके।

(ख) निर्वाचकीय तंत्र द्वारा आधार संख्या लेना और उसे फीड करनाः-

(i) निर्वाचकों के डोर टू डोर सर्वे/दौरा करके बी एल ओ विवरण एकत्रित करेंगे।

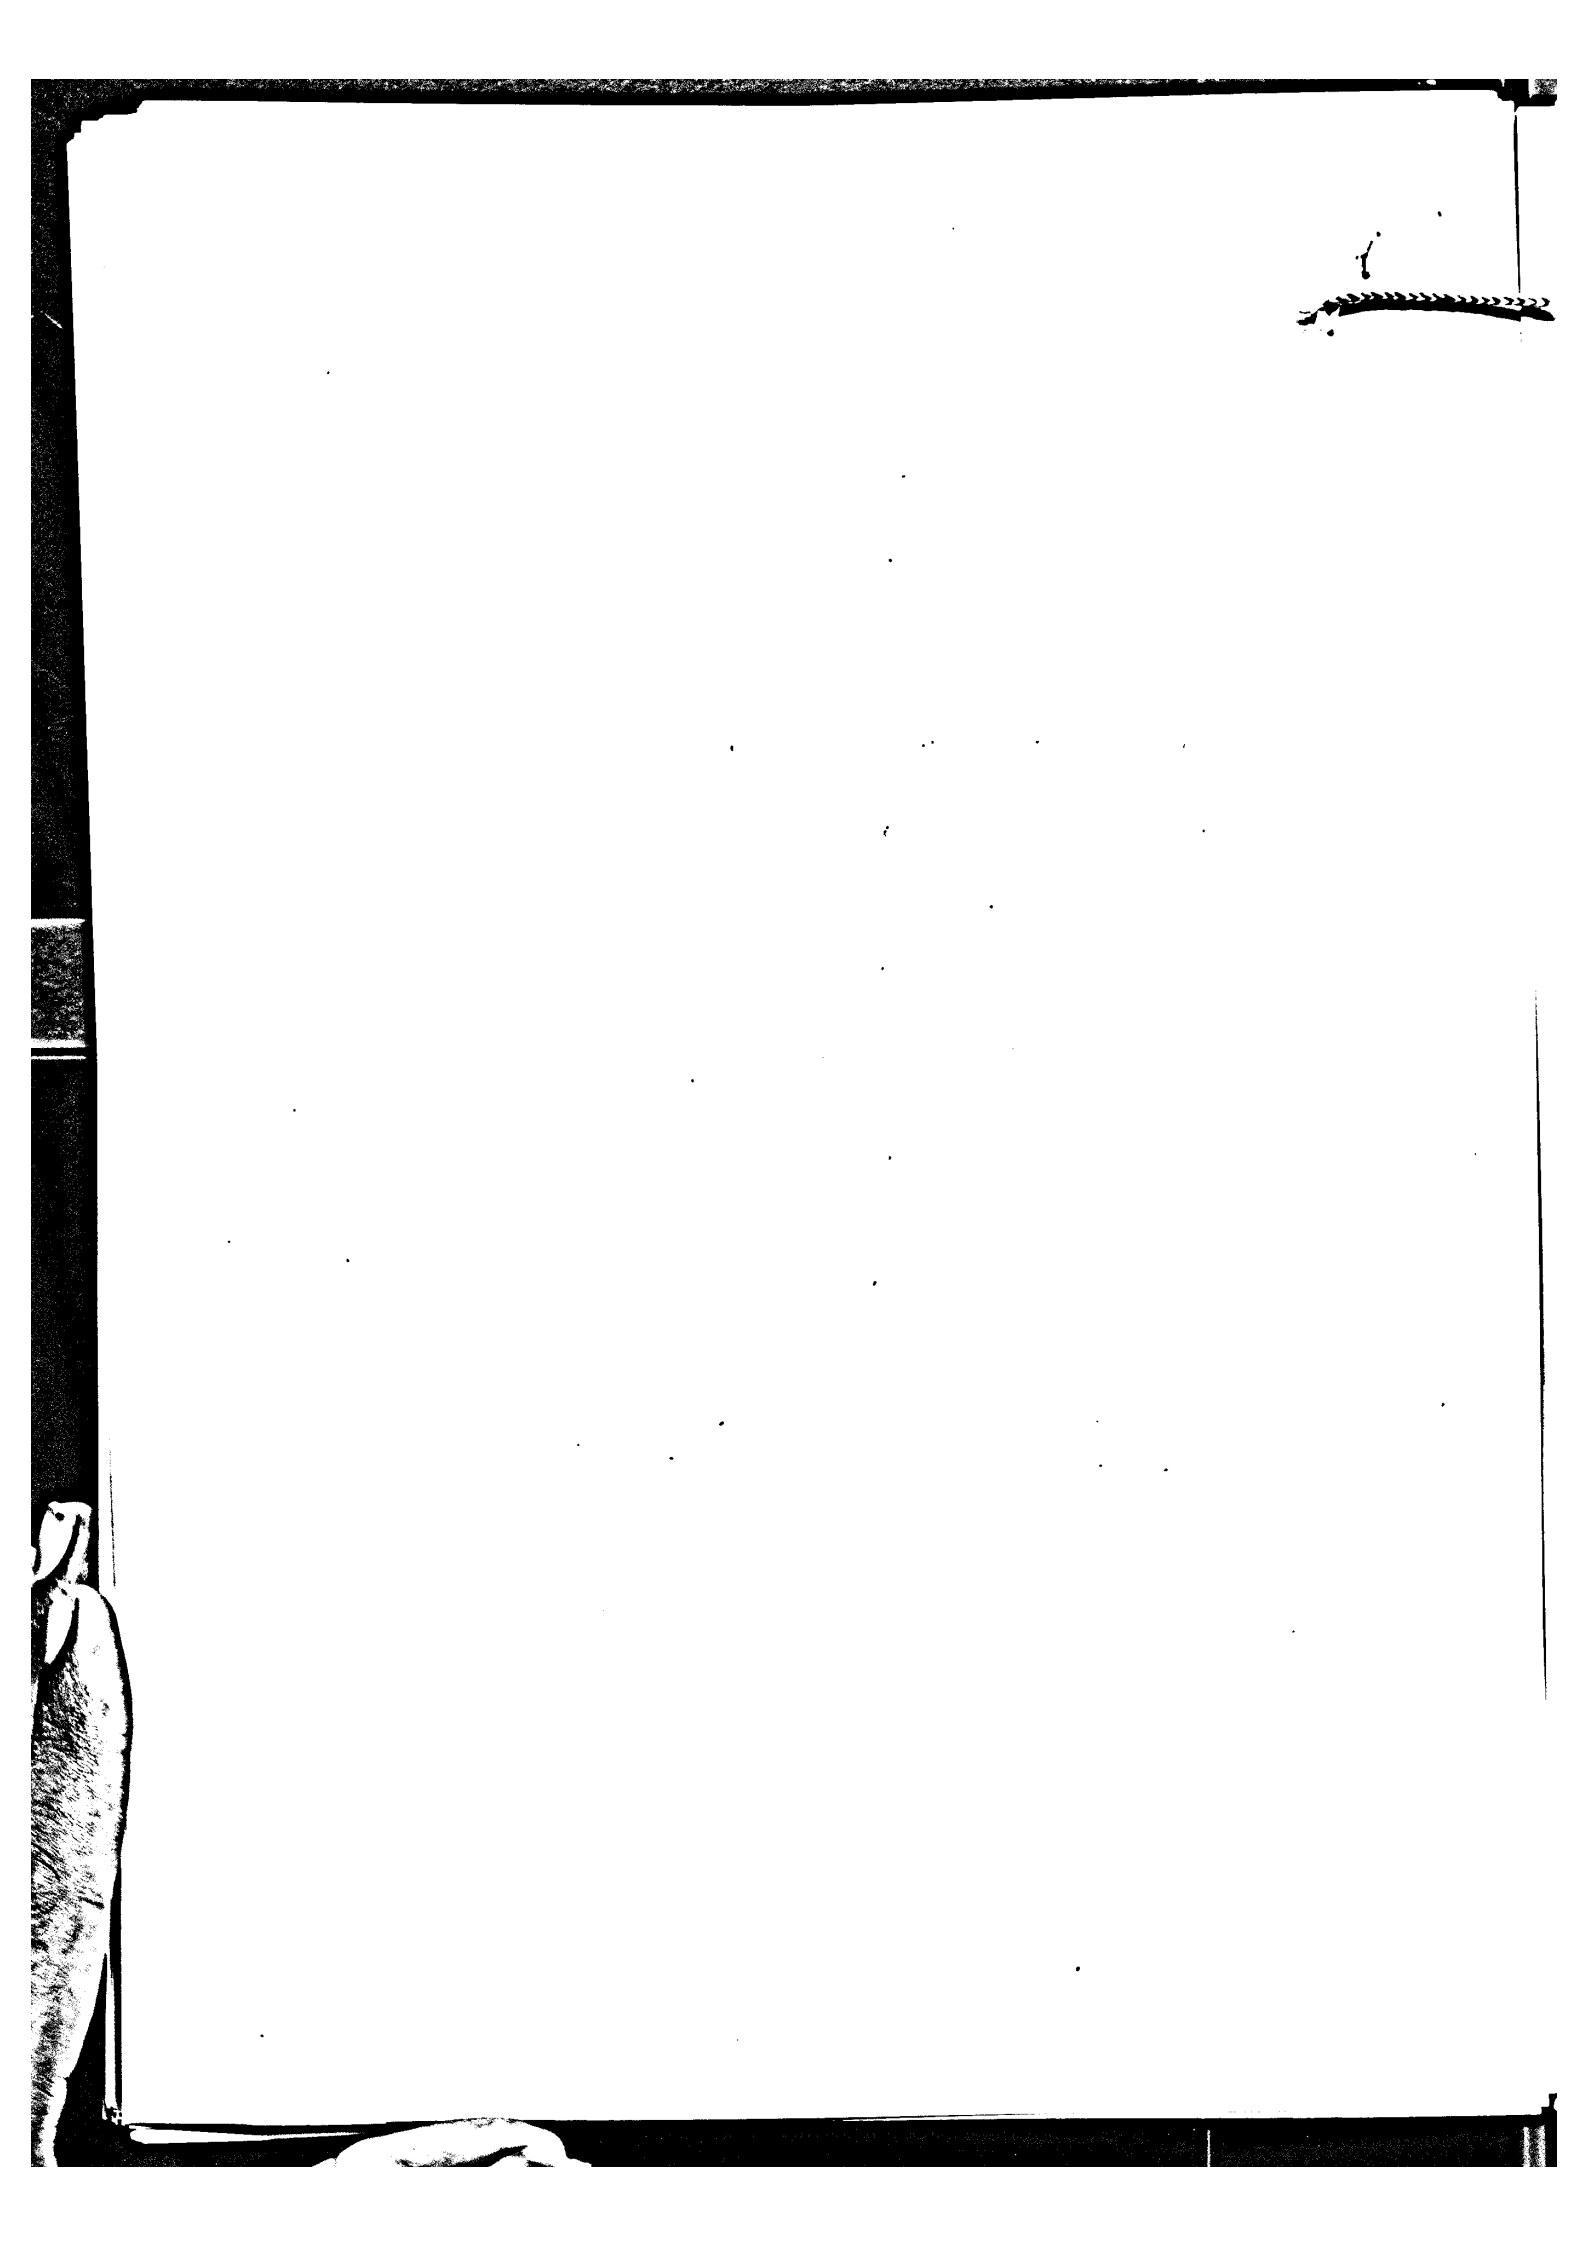

(ii) ईआरओ/एईआरओ भी वोटर सुविधा केन्द्रों, ई सेवा केन्द्रों और जिला निर्वाचन अधिकारियों द्वारा अधिकृत नागरिक सेवा केन्द्रों के माध्यम से उपयुक्त विवरण एकत्रित कर सकते हैं।

दोनों ही मामलों में निर्वाचक रजिस्ट्रीकरण अधिकारी को एन वी एस पी पोर्टल पर प्रविष्टि करवानी होगी।

एपिक डाटा के साथ आधार डाटा को लिंक करने के लिए आंध्र प्रदेश और तेलंगाना राज्य में मुख्य निर्वाचन अधिकारी द्वारा विकसित की गई प्रणाली को आंध्रप्रदेश और तेलंगाना में राष्ट्रीय मॉडल के साथ-साथ अंगीकार किया जा सकता है। यदि, किसी अन्य राज्य ने भी अपनी प्रणाली/एप्लीकेशन विकसित किया है तो संबंधित राज्य द्वारा उसे भी अंगीकार किया जा सकता है। भारत निर्वाचन आयोग का आई टी प्रभाग राज्य और केन्द्रीय स्तर पर आंकड़ो का समेकन सुनिश्चित करेगा।

5. एनईआरपीएपी के प्रारंभिक कार्यकलाप

एनईआरपीएपी को लांच करने के लिए, शुरू के कार्यकलाप निम्नलिखित तरीके से पूरे किए जाएंगेः-

(i) मुख्य निर्वाचन अधिकारी 28.02.2015 तक जिला निर्वाचन अधिकारियों को सदृश परिपत्र जारी करेंगे और जिला निर्वाचन अधिकारियों/निर्वाचक रजिस्ट्रीकरण अधिकारियों को ब्रीफ करने के लिए अपने-अपने स्तरों पर वीडियो कॉन्फ्रेंस का आयोजन करेंगे।

(ii) 03.03.2015 को सीईओ/डीईओ/ईआरओ राज्य, जिला और विधान सभा स्तरों पर उक्त कार्यक्रम को औपचारिक रूप से लॉच करेंगे और राजनीतिक दलों, मीडिया, गैर-सरकारी संगठनों और सीएसओ को इससे अवगत कराएंगे और उन्हें सक्रिय रूप से सहयोग देने के लिए कहेंगे।

(iii) मुख्य निर्वाचन अधिकारी इस बात का प्रयास करेंगे कि बीएलओ भी बूथ स्तर पर इस कार्यक्रम को लांच करने में सक्षम हों।

(iv) बीएलओ बूथ स्तरीय जागरूकता समूह (बीएजी) का गठन करेंगे जिसमें बूथ स्तरीय सरकारी कार्मिक, पैरा वर्कर्स, स्थानीय निकायों के प्रतिनिधि बीएलए, बीएलवी, बूथ क्षेत्र के विद्यालय/महाविद्यालय के प्राचार्य या प्राचार्य के प्रतिनिधि, एनएसएस/एनवाईके स्वयंसेवक और स्थानीय सिविल सेवा संगठनों/एन जी ओ के प्रतिनिधि सदस्य होंगे और यह सुनिश्चित किया जाएगा कि बी एल ए के अलाव बाकी सदस्य किसी राजनैतिक दल के सदस्य न हों।

(v) जहां तक सम्भव हो, आयोजनों का ईआरओ, डीईओ स्तरों पर वीडियो प्रलेखन कवरेज किया जाना है।

(vi) मुख्य निर्वाचन अधिकारियों/जिला निर्वाचन अधिकारियों/ईआरओ द्वारा एक कार्यक्रम-केन्द्रित स्वीप अभियान लांच किया जाना है। मुख्य निर्वाचन अधिकारियों द्वारा पोस्टरों/पर्चों/प्रचार सामग्रियों का मानक सेट तैयार किया जाना है और वितरित किया जाना है।

(vii) जिला निर्वाचन अधिकारियों, निर्वाचक रजिस्ट्रीकरण अधिकारियों/सहायक निर्वाचक रजिस्ट्रीकरण अधिकारियों और बूथ लेवल अधिकारियों को एनईआरपीएपी पर फोकस किए जाने के साथ उपयुक्त प्रशिक्षण दिया जाएगा।

(viii) टोल फ्री नंबर '1950' के साथ राज्य कॉल सेंटर तुरंत चालू किया जाएगा। ऑडिट एवं संवीक्षा के लिए प्राप्त कॉलों का समुचित रिकार्ड रखा जाएगा।

मुख्य निर्वाचन अधिकारियों द्वारा कार्यक्रम के प्रत्येक कार्यकलाप के लिए एक विस्तृत कार्य-योजना तैयार की जाएगी और आयोग के सूचनार्थ भेजी जाएगी।

6. एनईआरपीएपी के दौरान विभिन्न अन्य कार्यकलाप

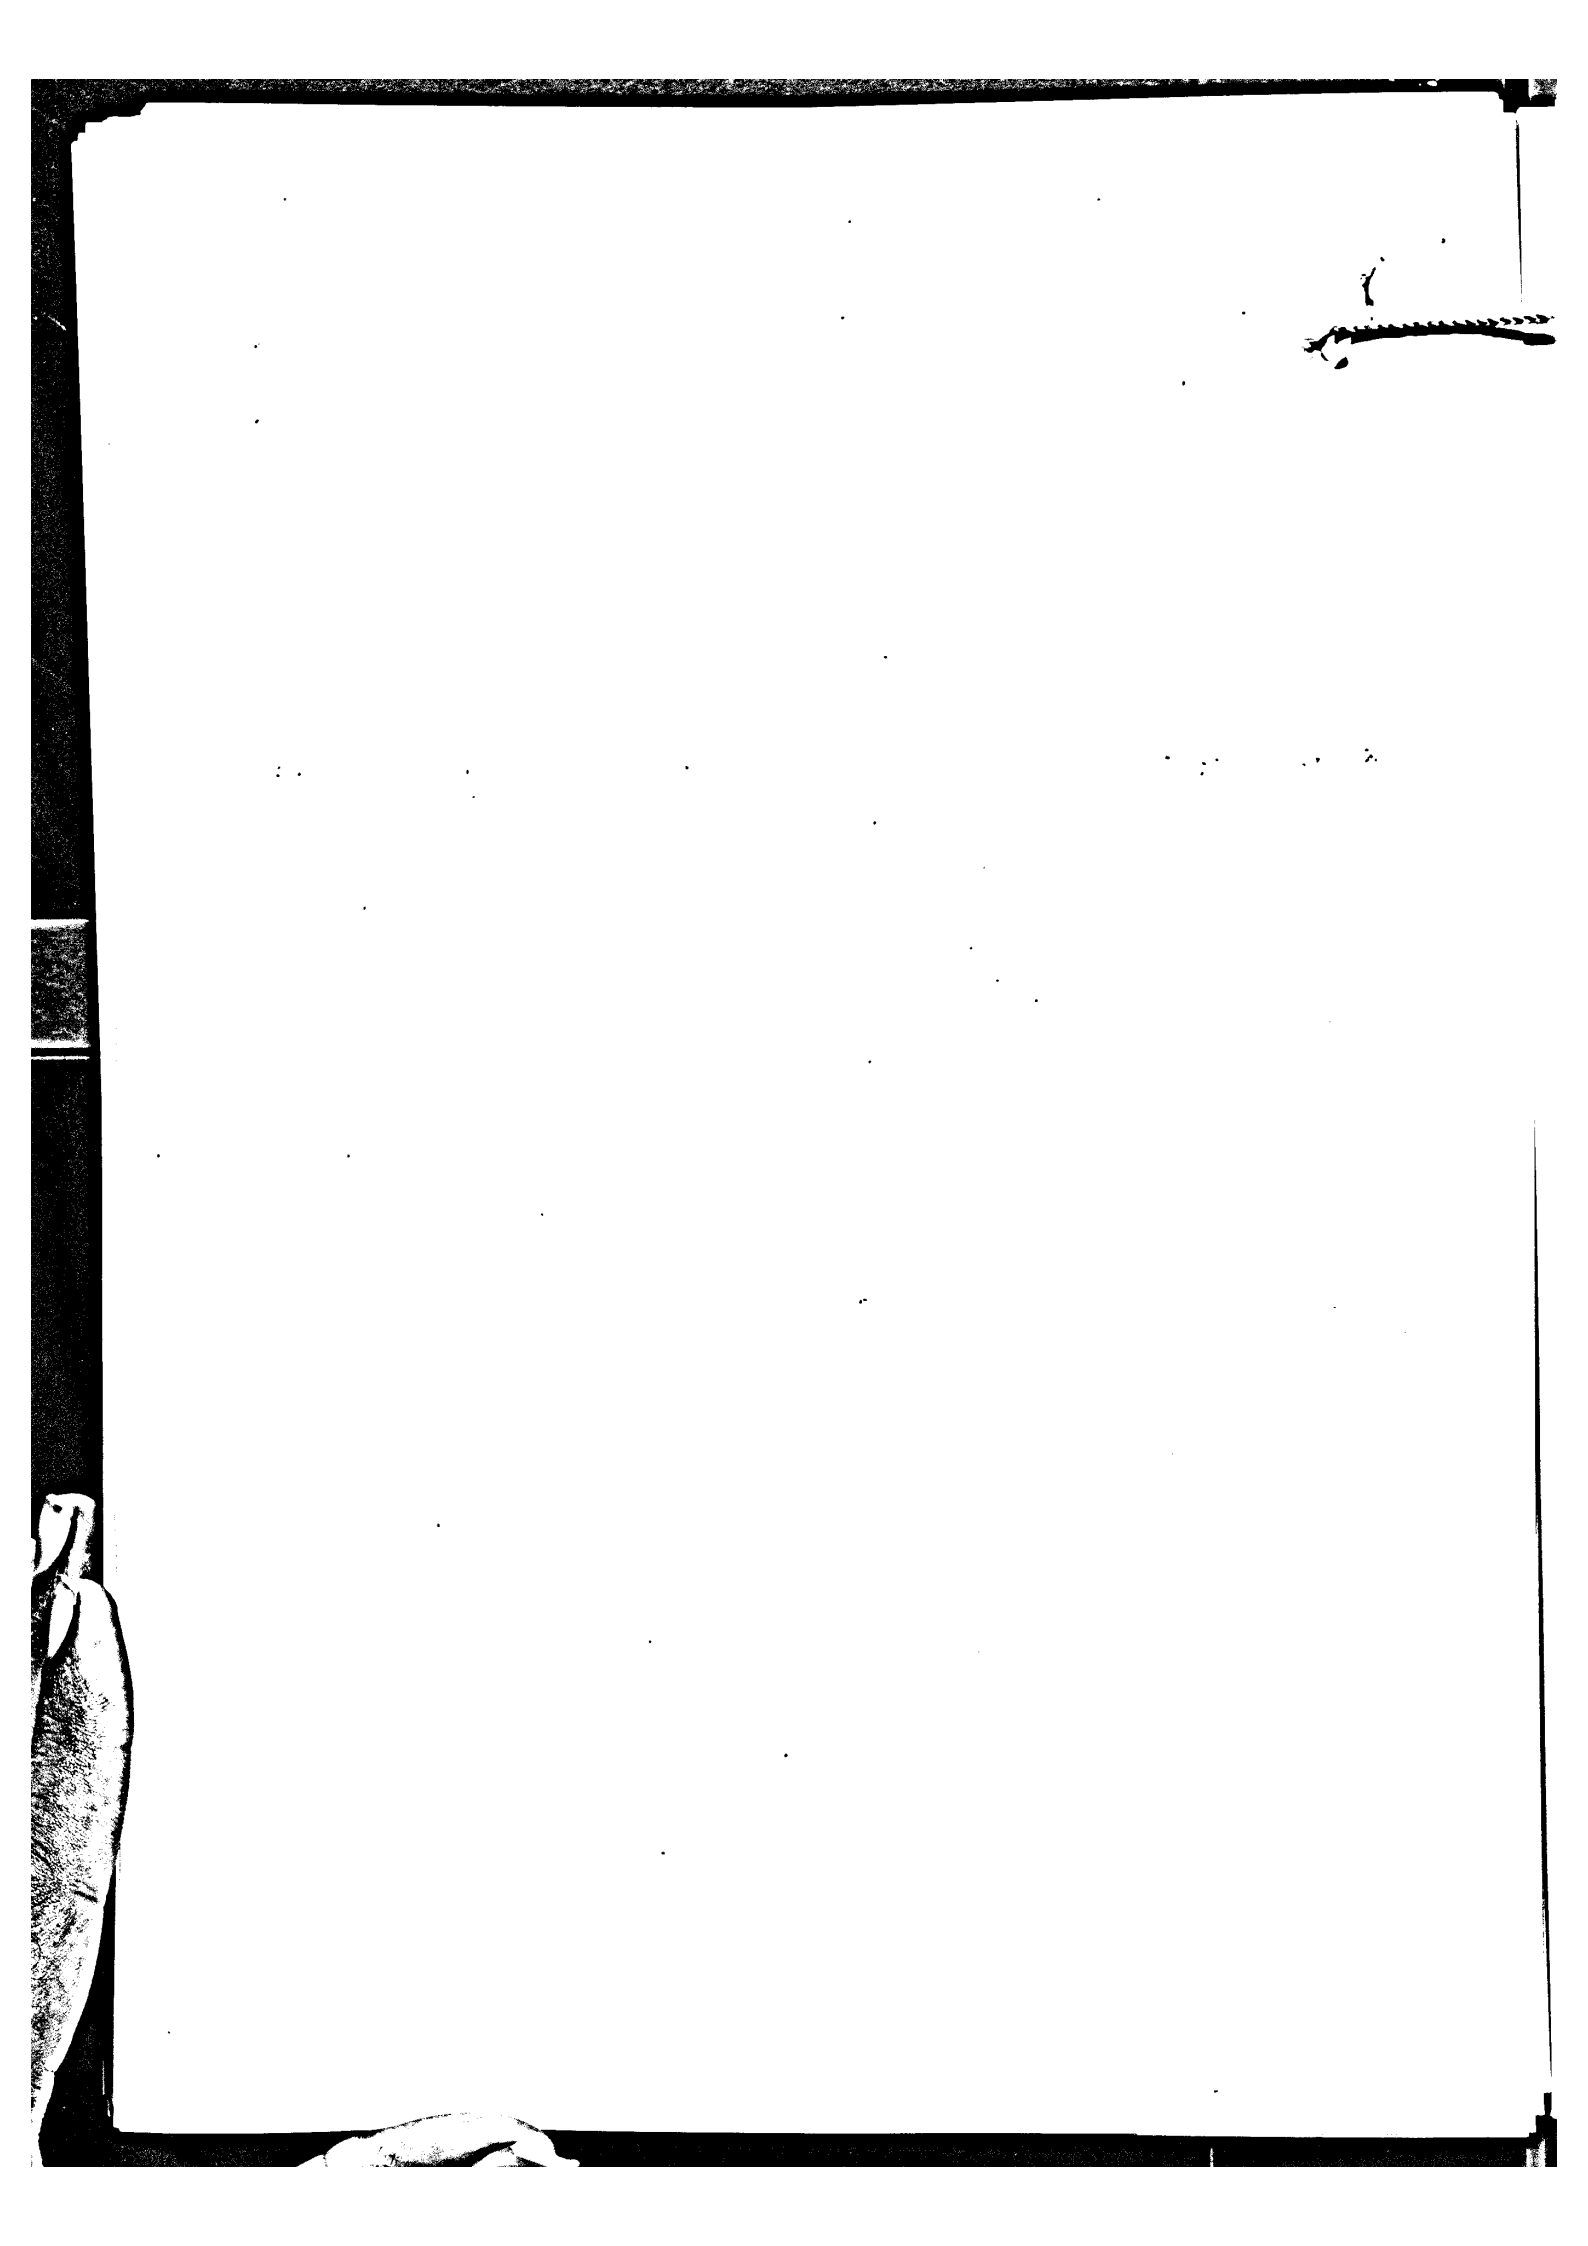

6.1 <u>विशेष शिविर</u>

ऊपर उल्लिखित कार्यकलापों के लिए दिनांक 12.04.2015 (रविवार) को निर्वाचक रजिस्ट्रीकरण अधिकारियों द्वारा देश के सभी विधान सभा निर्वाचन-क्षेत्रों में बूथ स्तरीय एक राष्ट्रव्यापी विशेष शिविर का आयोजन किया जाएगा।

(क) तदुपरांत, मुख्य निर्वाचन अधिकारियों द्वारा नियत किए जाने वाले किसी भी रविवार के दिन प्रत्येक महीने कम से कम एक विशेष शिविर का आयोजन किया जाएगा।

(ख) कार्यक्रम का पर्यवेक्षण और उसकी समीक्षा करने के लिए मुख्य निर्वाचन अधिकारियों द्वारा विशेष प्रेक्षक नियुक्त किए जाएंगे जिसकी सूचना भारत निर्वाचन आयोग को दी जाएगी।

(ग) आयोग के वरिष्ठ अधिकारी अपने संबंधित राज्यों का दौरा करेंगे और कार्यक्रम की प्रगति की समय-समय पर समीक्षा करने के लिए अपने संबंधित राज्यों/आयोग द्वारा यथावांछित अन्य राज्यों का दौरा करेंगे तथा अधिक रूप से वीडियो कान्फ्रेंसों का आयोजन करेंगे।

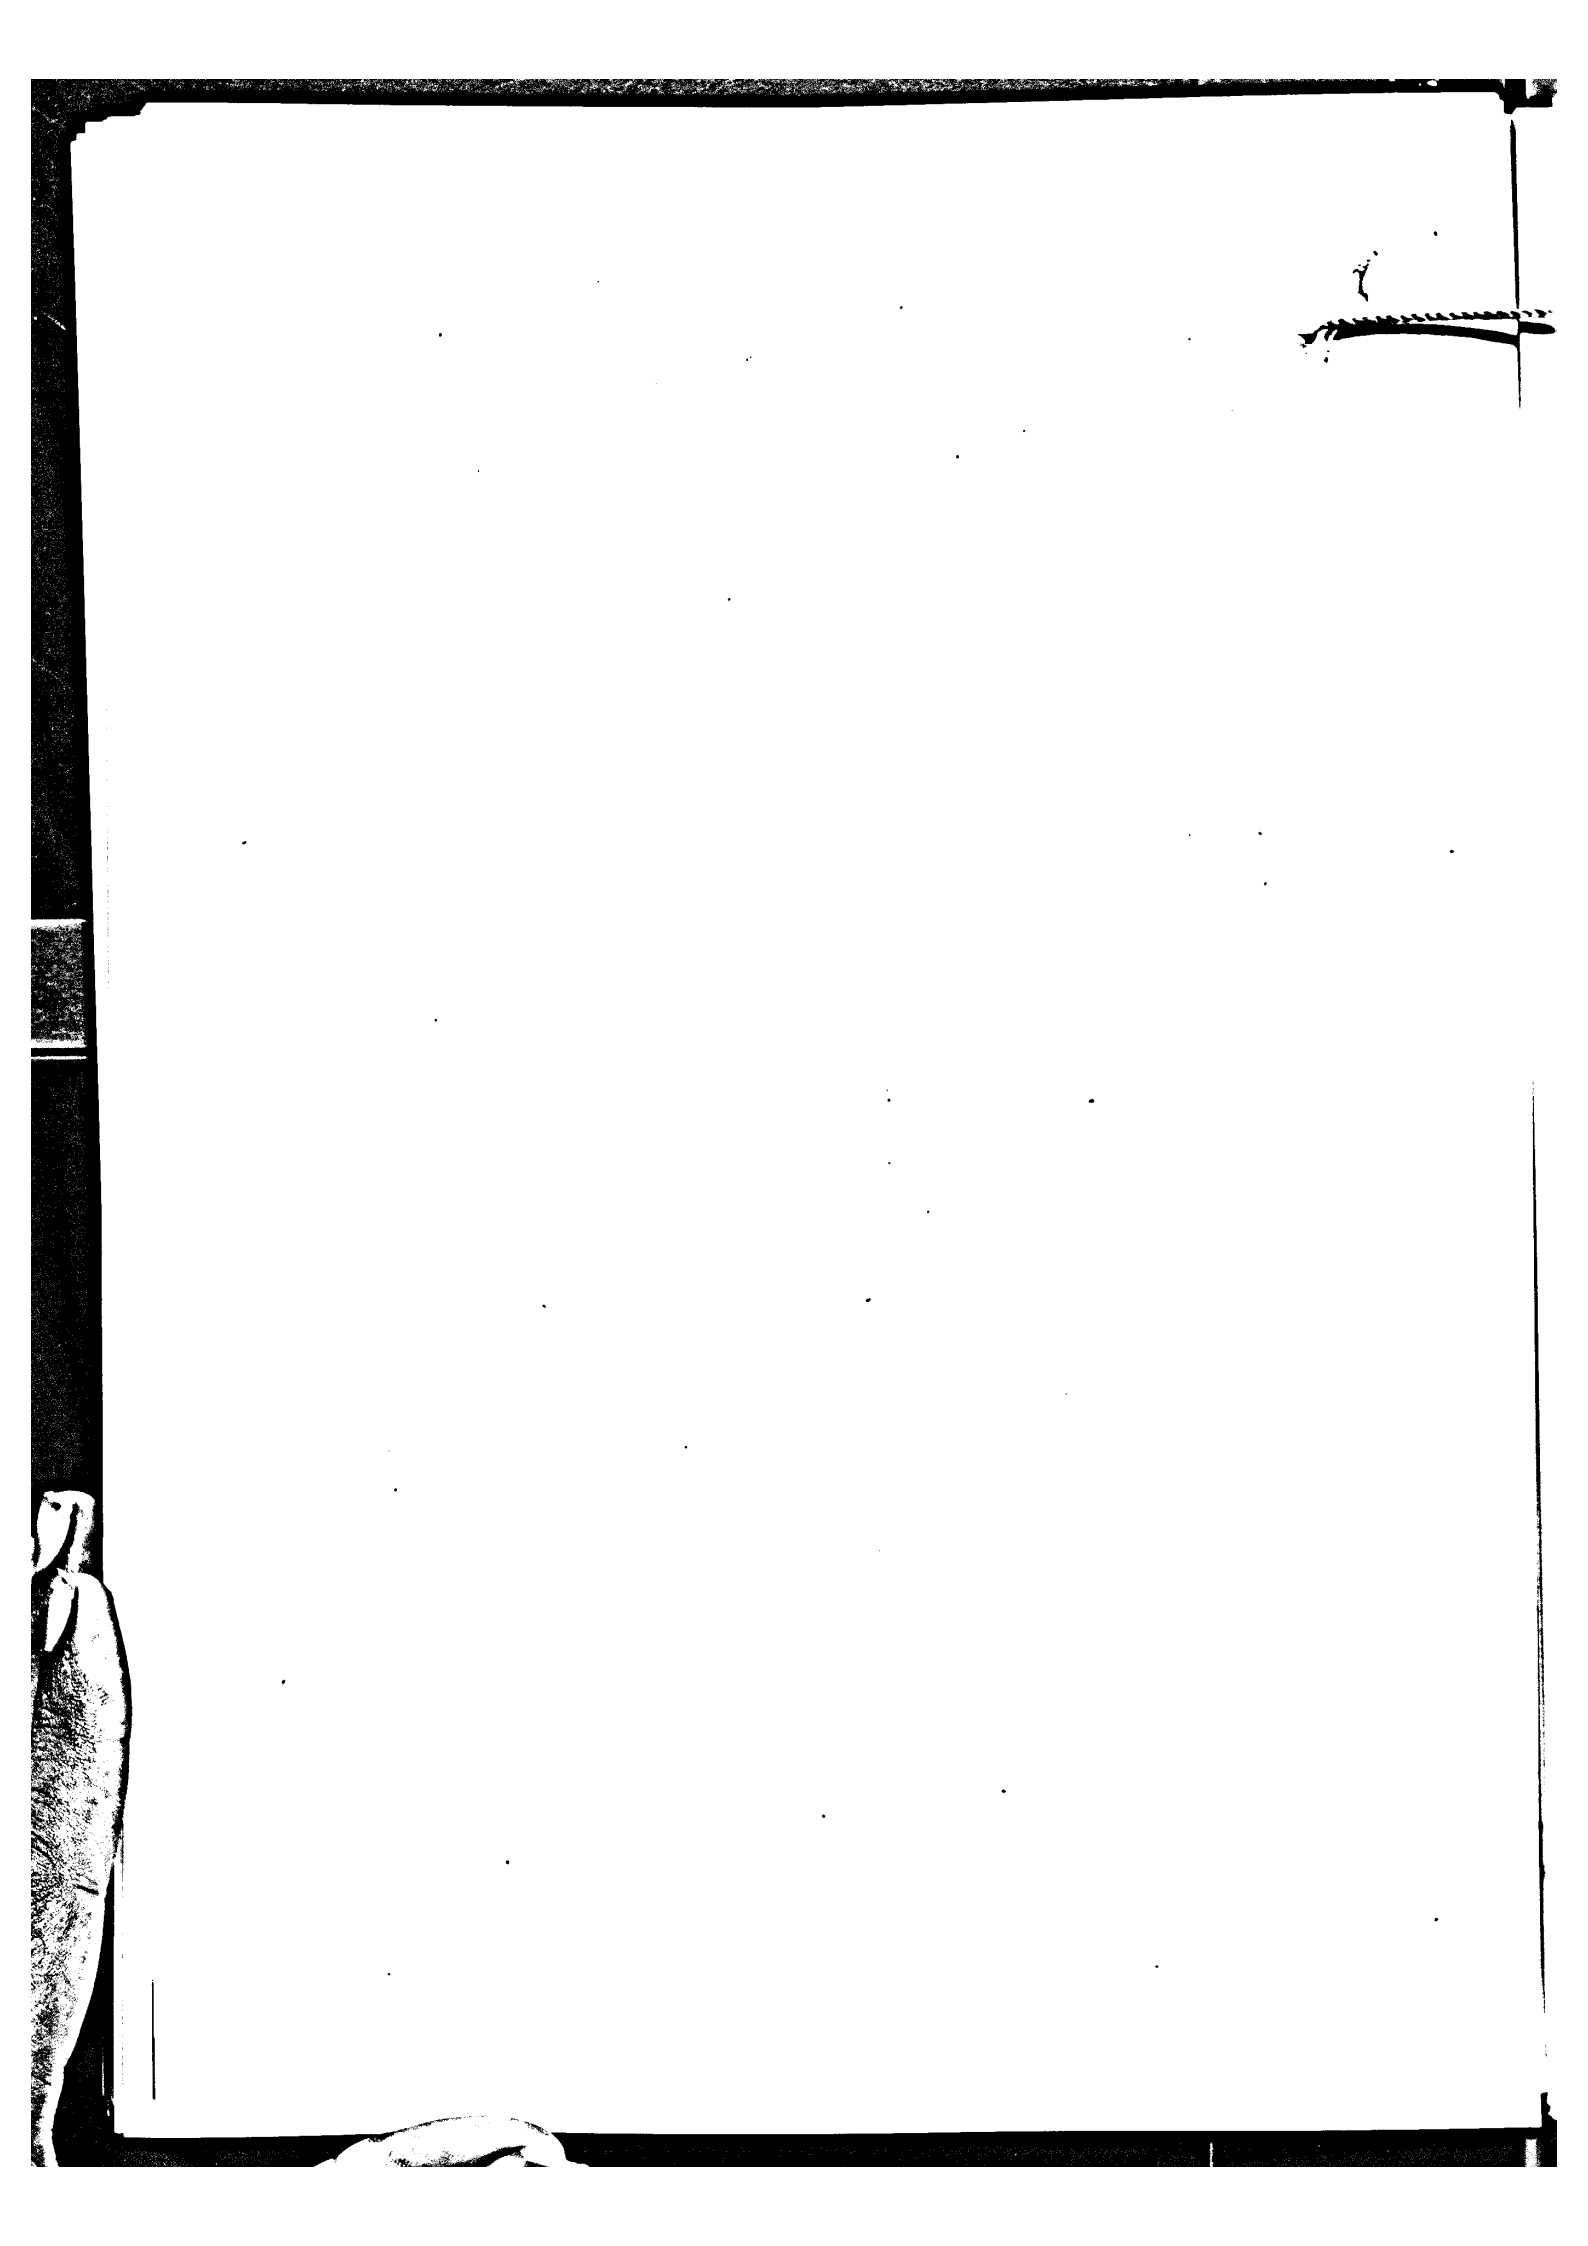

स्थानों पर है तो वे अपने नामों का खुलासा करने के लिए सामने नहीं आते हैं। यदि वे इसका प्रकटन कर दें तो उस स्थान को छोड़कर जहां वे सामान्य तौर पर निवास कर रहे हैं, अन्य स्थानों की प्रवष्टि को निर्वाचक नामावली से हटाया जा सकता है। जिन मतदाताओं का नाम एक से अधिक स्थान पर पंजीकृत है, को अपनी बहुल प्रविष्टियों के खुलासे के लिए एक अवसर दिए जाने को ध्यान में रखते हुए, आयोग ने 'मतदाताओं द्वारा बहुल प्रविष्टियों के स्वैच्छिक प्रकटन हेतु अभियान' चलाया है।

मुख्य निर्वाचन अधिकारी बहुल प्रविष्टियों के स्वैच्छिक प्रकटन के लिए प्रिंट/रेडियो/इलेक्ट्रॉनिक मीडिया/सिनेमाघरों और अन्य संचार चैनलों में विज्ञापन देंगे। विज्ञापनों में यह स्पष्ट किया जाएगा कि गलत घोषणा के आधार पर एक से अधिक स्थानों पर नामांकन किया जाना लोक प्रतिनिधित्व अधिनियम, 1950 की धारा 31 के उपबंध के अंतर्गत दंडनीय है। निर्वाचक नामावली (वलियों) में बहुल पंजीकरण वाले निर्वाचक को आगे आने तथा कार्यक्रम के दौरान उपलब्ध करवाई गई सुविधा का प्रयोग करने के लिए प्रोत्साहित किया जाना चाहिए। निर्वाचकों को सलाह दी जानी चाहिए कि उन्हें उन स्थानों के अतिरिक्त जहां वे सामान्य रूप से निवास कर रहे हैं, से भिन्न स्थानों से अपने नामों को हटाने के लिए फॉर्म-7 भरने की सलाह दी जानी चाहिए। उन सभी निर्वाचकों को एक प्रशस्ति-प्रमाण पत्र जारी किया जाना चाहिए जो अपनी एक से अधिक प्रविष्टियों का स्वैच्छिक प्रकटन करते हैं और अनावश्यक स्थानों से अपने नामों को हटवा देते हैं।

निर्वाचक फार्म 7 को एनवीएसपी के वेब पोर्टल या ईआरओ के फैसीलिटेशन केन्द्रों/विशेष कैम्पों/अन्य केन्द्रों जैसे ई-सेवा, सीएससी आदि के माध्यम से जमा करवा सकते हैं।

7. निर्वाचक रजिस्ट्रीकरण अधिकारी और सहायक निर्वाचक रजिस्ट्रीकरण अधिकारी की भूमिका

प्रत्येक विधान सभा निर्वाचन क्षेत्र के संबंधित निर्वाचक रजिस्ट्रीकरण अधिकारी यह सुनिश्चित करेंगे कि प्रत्येक मतदान केन्द्र और ऐसे सभी अन्य स्थानों, जहां विशेष कैंप

आयोजित किए जा रहे हैं, में निर्वाचक नामावलियों की अद्यतित प्रति उपलब्ध हो। इस कार्यक्रम के दो पहलू हैं :-

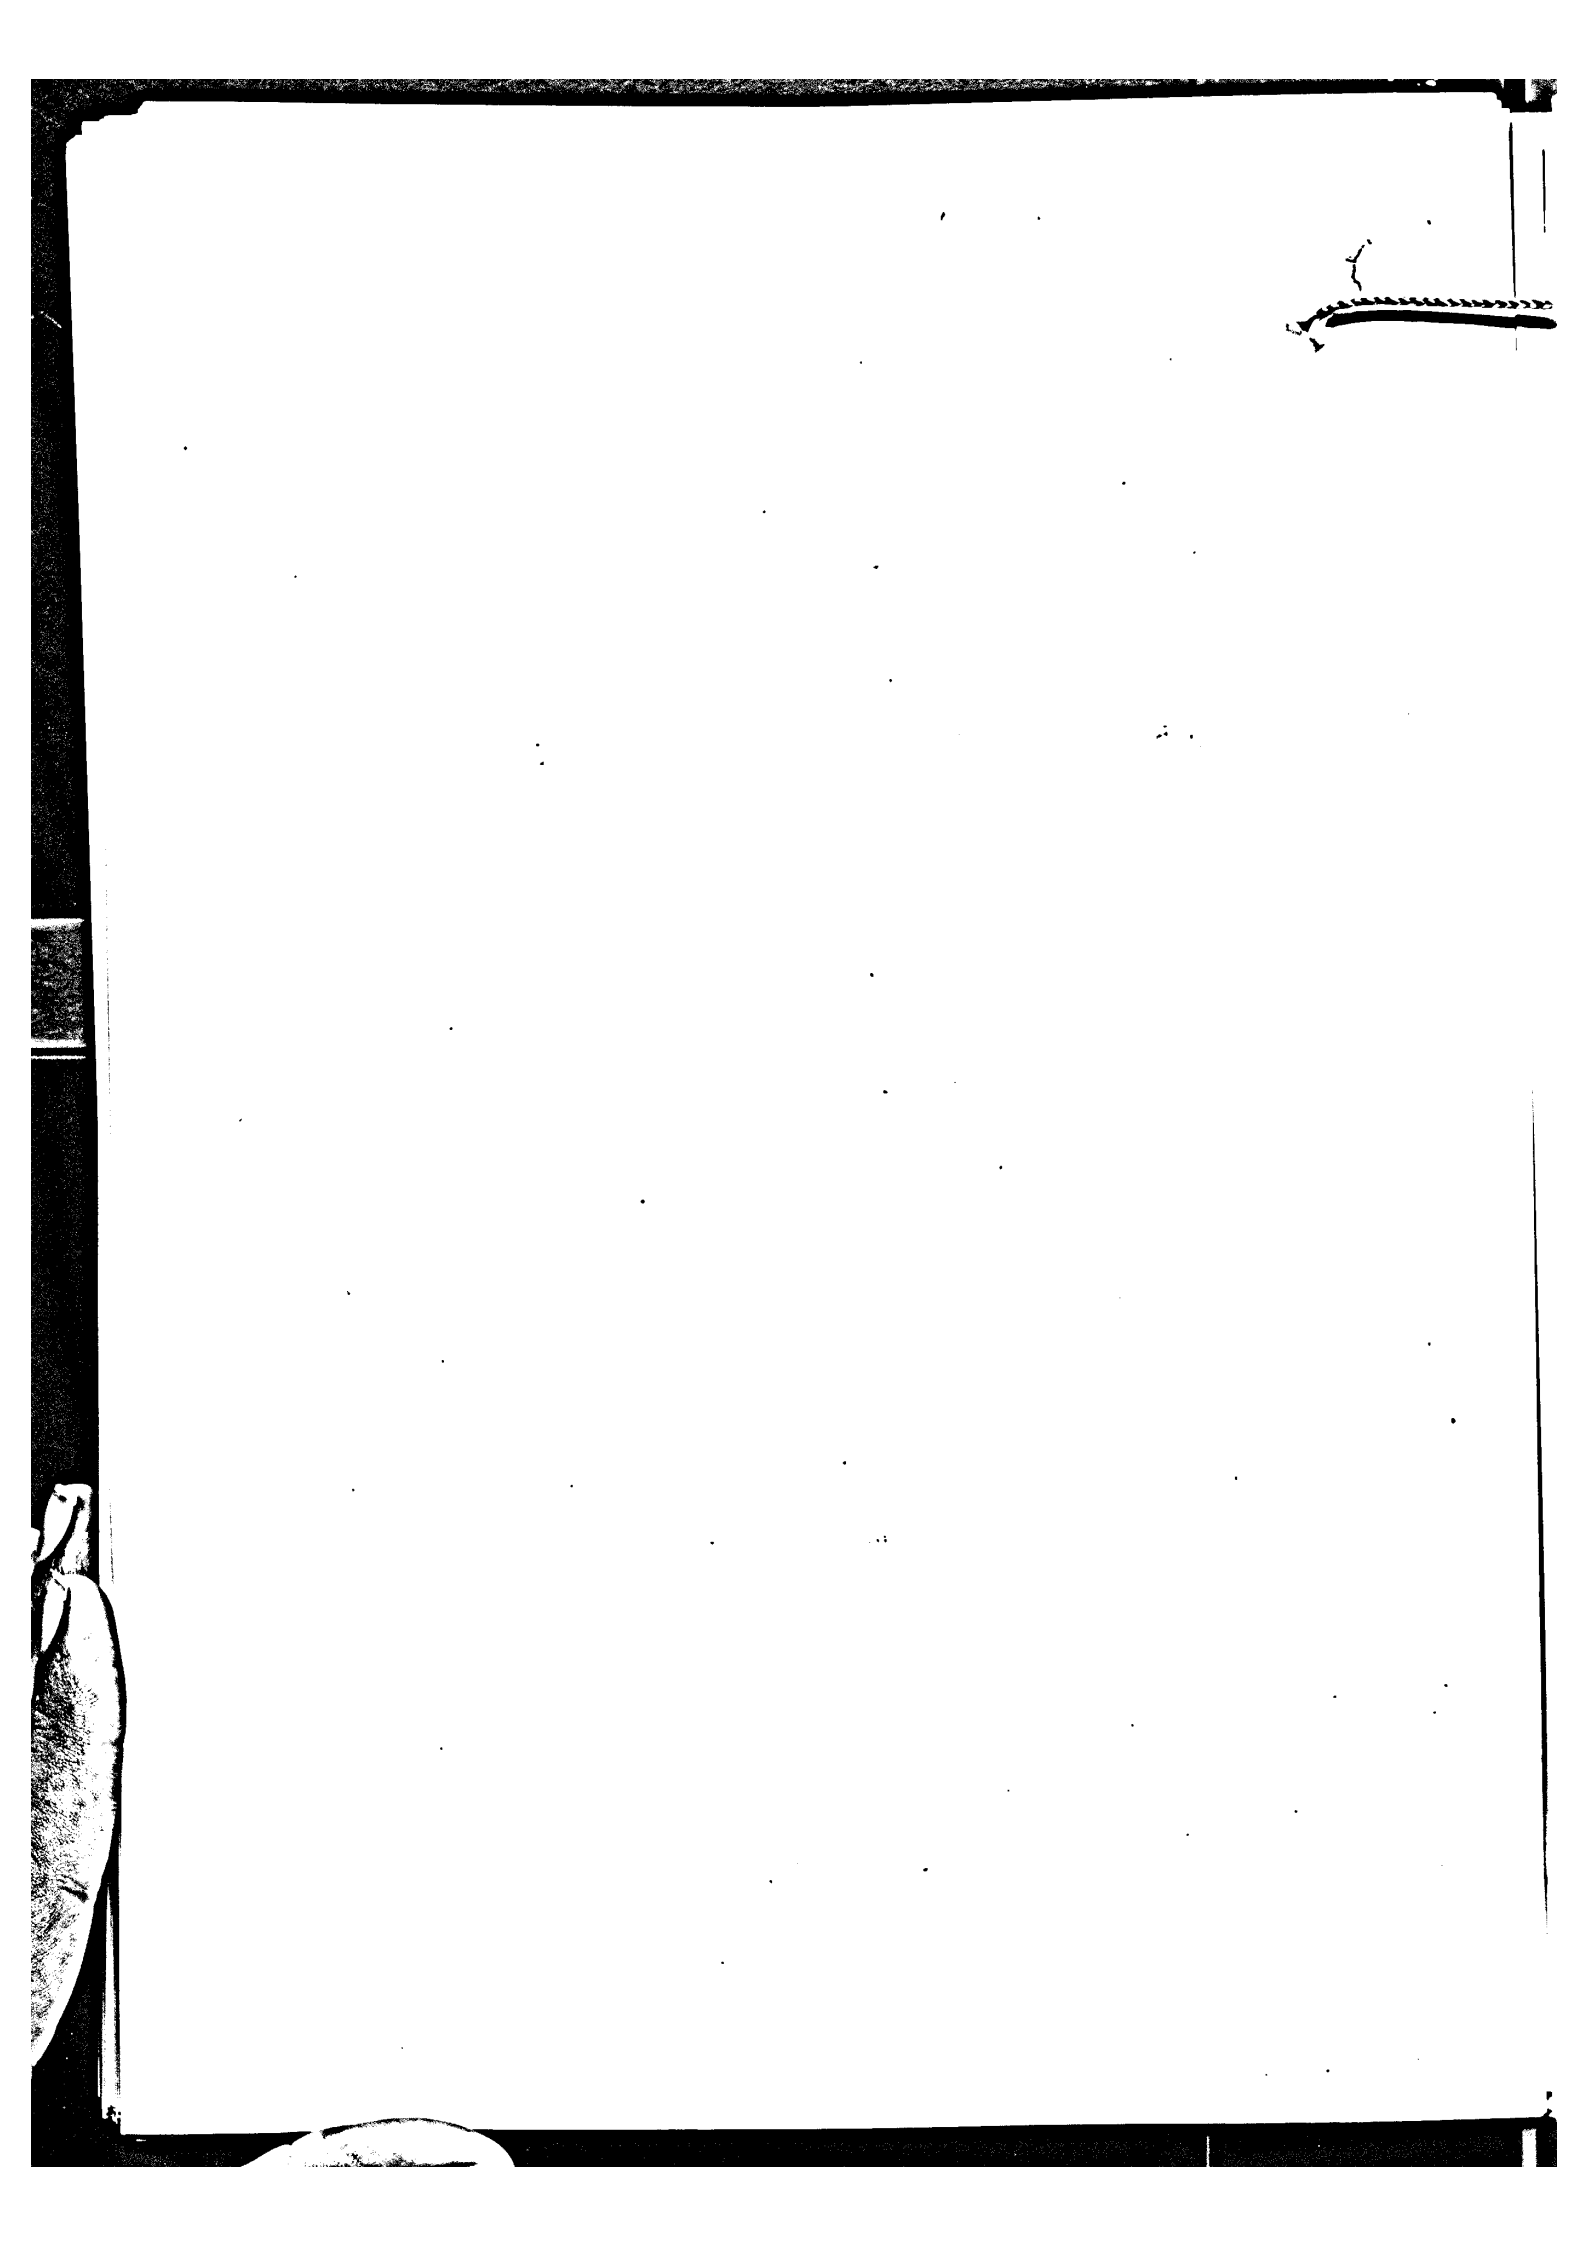

(क) पहला उद्देश्य ऊपर उल्लिखित तरीकों का प्रयोग करके (अर्थात् फीडिंग) आधार संख्या तथा प्रत्येक निर्वाचक की एपिक संख्या और मोबाइल नं./ई-मेल आई डी एकत्र करना है और इसके पश्चात एपिक डाटाबेस (अर्थात सीडिंग) में आधार संख्या प्रविष्ट की जाएगी और फिर आधार संख्या का प्रयोग करके प्रत्येक एपिक डाटाबेस के साथ आधार डाटाबेस को लिंक करके प्रमाणीकरण किया जाना है।

इस संबंध में, ई आर ओ/ए ई आर ओ की यह भूमिका होगी कि वह सुनिश्चित करे कि आधार संख्या का अधिकतम डाटा एकत्रित किया जाए एवं उसे सीड किया जाए।

(ख) इस कार्यक्रम का दूसरा उद्देश्य यह सुनिश्चित करना है कि फोटो अद्यतन/प्रतिस्थापन (जहां कहीं आवश्यक हो) सहित किसी भी विद्यमान प्रविष्टि के ब्यौरे में किसी भी प्रकार की त्रुटि को सही करना है और नामावली बहुल प्रविष्टियों से मुक्त करनी है।

इस प्रक्रिया में संबंधित निर्वाचक से फार्म 7/फार्म 8 जमा कराने की अपेक्षा की जाती है। कुछ फार्म 6 और 8क भी प्राप्त होने की संभावना है। ऐसे सभी फार्मों का किसी परिहार्य विलम्ब के बिना ईसीआई के दिशा निर्देशों और सांविधिक प्रावधानों के अनुसार संबंधित ई आर ओ/ए ई आर ओ द्वारा निपटान किया जाएगा। जहां आवश्यक हो, सुनवाई के लिए निर्वाचक रजिस्ट्रीकरण अधिकारी या सहायक निर्वाचक रजिस्ट्रीकरण अधिकारी अपने कार्यालय या विशेष कैम्पों में उपलब्ध होंगे।

अन्य बिंदु निम्नानुसार हैं:-

(क) एनईआरपीएपी का व्यापक प्रचार और मतदान केन्द्र स्तरों पर निर्वाचक नामावली की उपलब्धता

(ख) निर्वाचक रजिस्ट्रीकरण अधिकारी बहुल प्रविष्टि योजना के स्वैच्छिक प्रकटन पर कड़ी नज़र रखेगा और इस संबंध में हुई प्रगति/प्रतिक्रिया को जिला निर्वाचन अधिकारी/मुख्य निर्वाचन अधिकारी के माध्यम से भारत निर्वाचन आयोग को सूचित करेगा।

(ग) निर्वाचक रजिस्ट्रीकरण अधिकारी विशेष कैंपों/सुविधा केन्द्रों पर निर्वाचक रजिस्ट्रीकरण अधिकारी, प्रमाणीकृत दस्तावेजों को लिंक करने की सुविधा उपलब्ध करवाएंगे।

(घ) ब्योरों के सुधार/फोटो के प्रतिस्थापन के पश्चात प्रतिस्थापन एपिक जारी नहीं किया जाएगा बल्कि संबंधित ई आर ओ/ए ई आर ओ/बी एल ओ के हस्ताक्षर सहित संशोधित ब्योरों/प्रतिस्थापित फोटो वाली मतदाता पर्ची जारी की जाएगी।

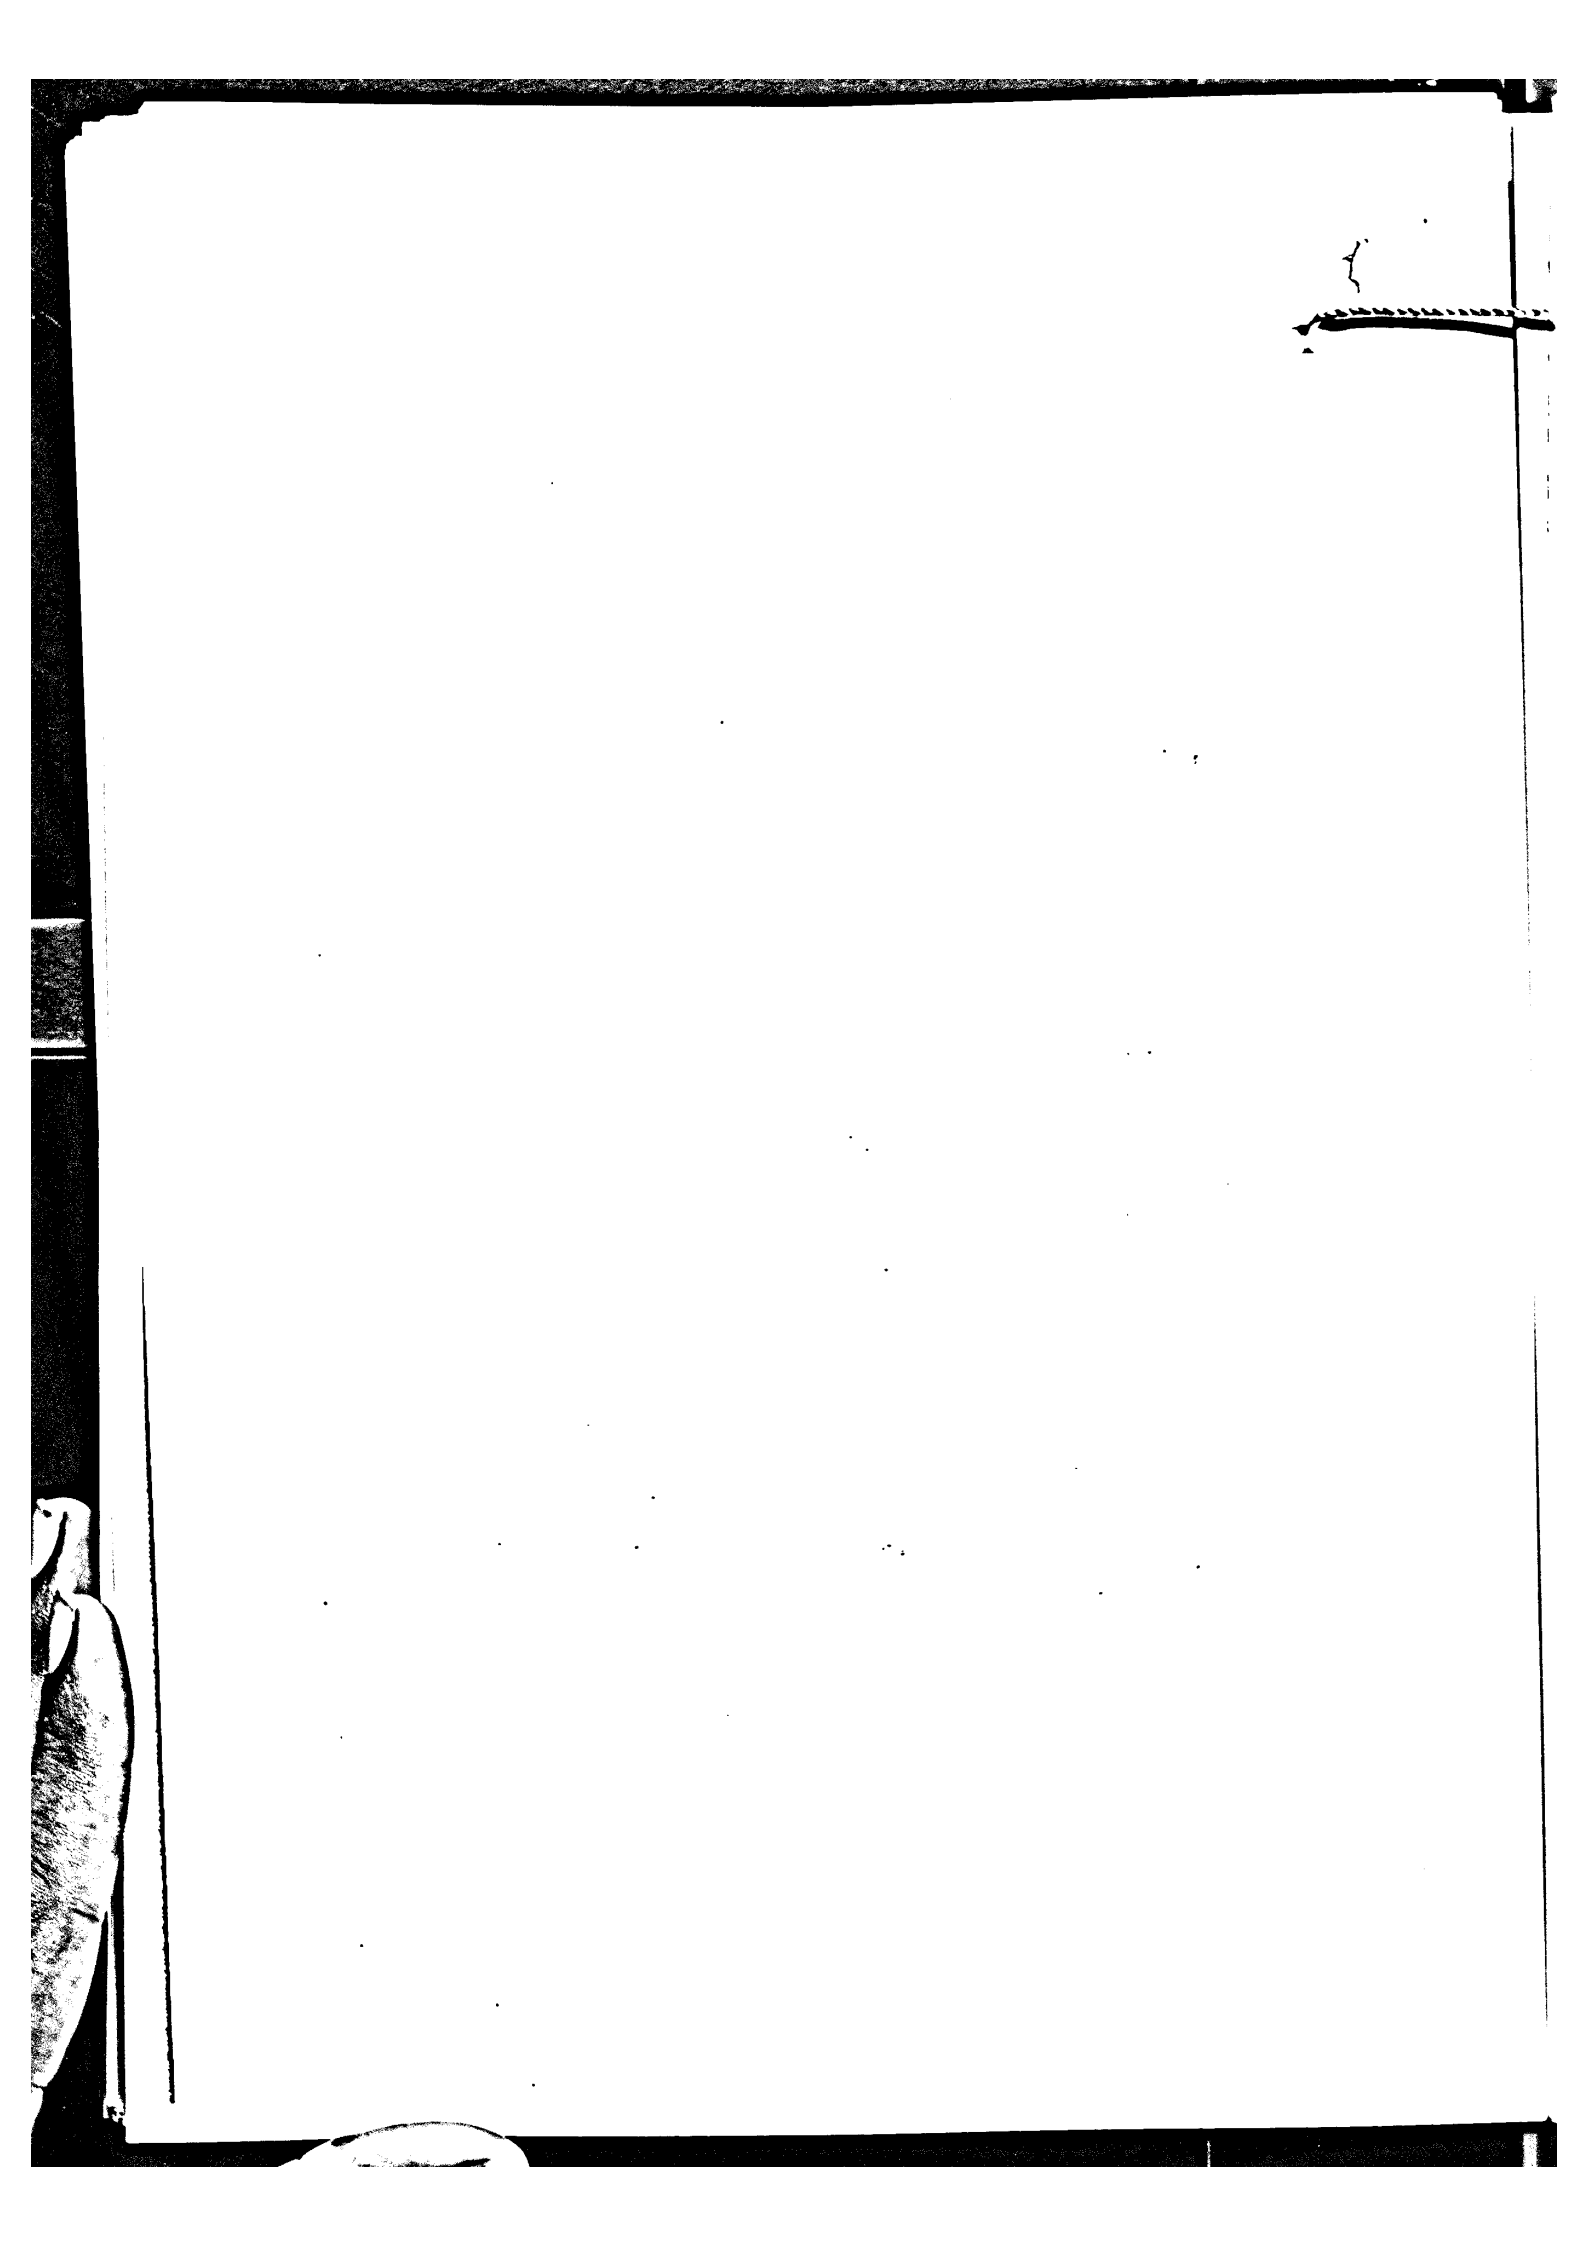

(ङ) यदि कोई निर्वाचक, एपिक के प्रतिस्थापन के लिए अनुरोध करता है तो एपिक के प्रतिस्थापन हेतु आवश्यक प्रभार का भुगतान करने पर उसे वह जारी किया जा सकता है।

8. स्वीप अभियान

कार्यक्रम की सफलता मुख्य निर्वाचन अधिकारियों द्वारा चलाए जा रहे प्रभावी स्वीप अभियान पर निर्भर करेगी अतः, आयोग ने यह निदेश दिए हैं कि निम्नलिखित तरीके से 360° प्रचार अभियान चलाया जाना चाहिए :-

(क) सार्वजनिक बैठकों, एनईआरपीएपी के लक्ष्यों एवं उद्देश्यों के बारे में विवरण देकर, नामवलियों को जोर से पढ़कर, पैंफलेट्स को वितरित करके, पोस्टर लगाकर प्रत्येक मतदान केन्द्र पर अभियान की शुरूआत करना।

(ख) बूथ लेवल अधिकारी और बूथ जागरूकता समूहों के सदस्यों को प्रशिक्षण देना।

(ग) प्रिंट मीडिया, इलेक्ट्रॉनिक चैनलों, रेडियो, इंटरनेट तथा मोबाइल फोनों एवं स्थानीय आवश्यकताओं के अनुसार अन्य तरीकों के माध्यम से प्रचार करना।

(घ) ईसीआई/सीईओ/डीईओ पोर्टल के माध्यम से प्रचार अभियान। लोगों द्वारा प्रायः अवलोकन की जाने वाली अन्य महत्वपूर्ण सरकारी वेबसाइटों को इन पोर्टलों से लिंक करना।

(ड.) फेसबुक, यू-ट्यूब, ट्विटर तथा अन्य महत्वपूर्ण इंटरनेट गेटवे के माध्यम से डिजीटल बैनर का प्रचार करना।

(च) स्वास्थ्य, शिक्षा, ग्रामीण विकास, सफाई व्यवस्था और पंचायती राज संस्थानों तथा इसी प्रकार के मुख्य जमीनी स्तर पर सरकारी कार्यक्रमों को सहायता देना।

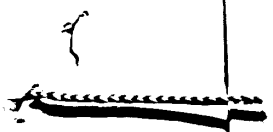

(छ) राज्य और जिला स्तरों पर कॉल सेंटरों का प्रयोग करना।

(ज) बीएलओ, ईआरओ तथा डीईओ के लिए प्रोत्साहन और पुरस्कार: प्रमाणीकरण, सुधार और बहु-प्रविष्टियों के विलोपन की तीन श्रेणियों में बीएलओ, ईआरओ, डीईओ तथा सीईओ स्तरों पर 100% सफलता प्राप्त करने वालों के लिए पुरस्कार।

9. पणधारियों के साथ साझेदारी

एनईआरपीएपी नागरिक केन्द्रित कार्यक्रम है जहां निर्वाचकों का पूर्ण सहयोग अति महत्वपूर्ण है। लोगों की सक्रिय सहभागिता सुनिश्चित करने के लिए राज्य, जिला या ईआरओ के स्तर पर निम्नलिखित क्रियाकलाप किए जाएंगे:

(I) राज्यीय, जिला तथा विधान सभा निर्वाचन क्षेत्र स्तरों पर राजनैतिक दलों के साथ बैठक तथा उनकी ब्रीफिंग और उनसे यह अनुरोध करना कि वे प्रत्येक मतदान केन्द्र पर बूथ लेवल अभिकर्ताओं को नामांकित

करें। (यह उल्लेख करना अनिवार्य है कि पूर्व नियुक्त अभिकर्ताओं तब तक बूथ अभिकर्ता बने रहेंगे जब तक कि उनकी नियुक्ति संबंधित राजनैतिक दल द्वारा रद्द नहीं कर दी जाती।

(II) इस प्रचार में बूथ लेवल अभिकर्ताओं और बूथ लेवल स्वयंसेवकों का सक्रिय रूप से सहयोग लेना।

(III) इस कार्यक्रम में मीडिया को नियमित रूप से ब्रीफ करना और सक्रिय रूप से उन्हें इस कार्यक्रम से जोड़ना।

(IV) सिविल सोसाइटी संगठनों के साथ कार्य करना।

(V) इस अभियान को लोकप्रिय बनाने के लिए शैक्षिक संस्थाओं और स्कूलों का सक्रिय सहयोग लेना।

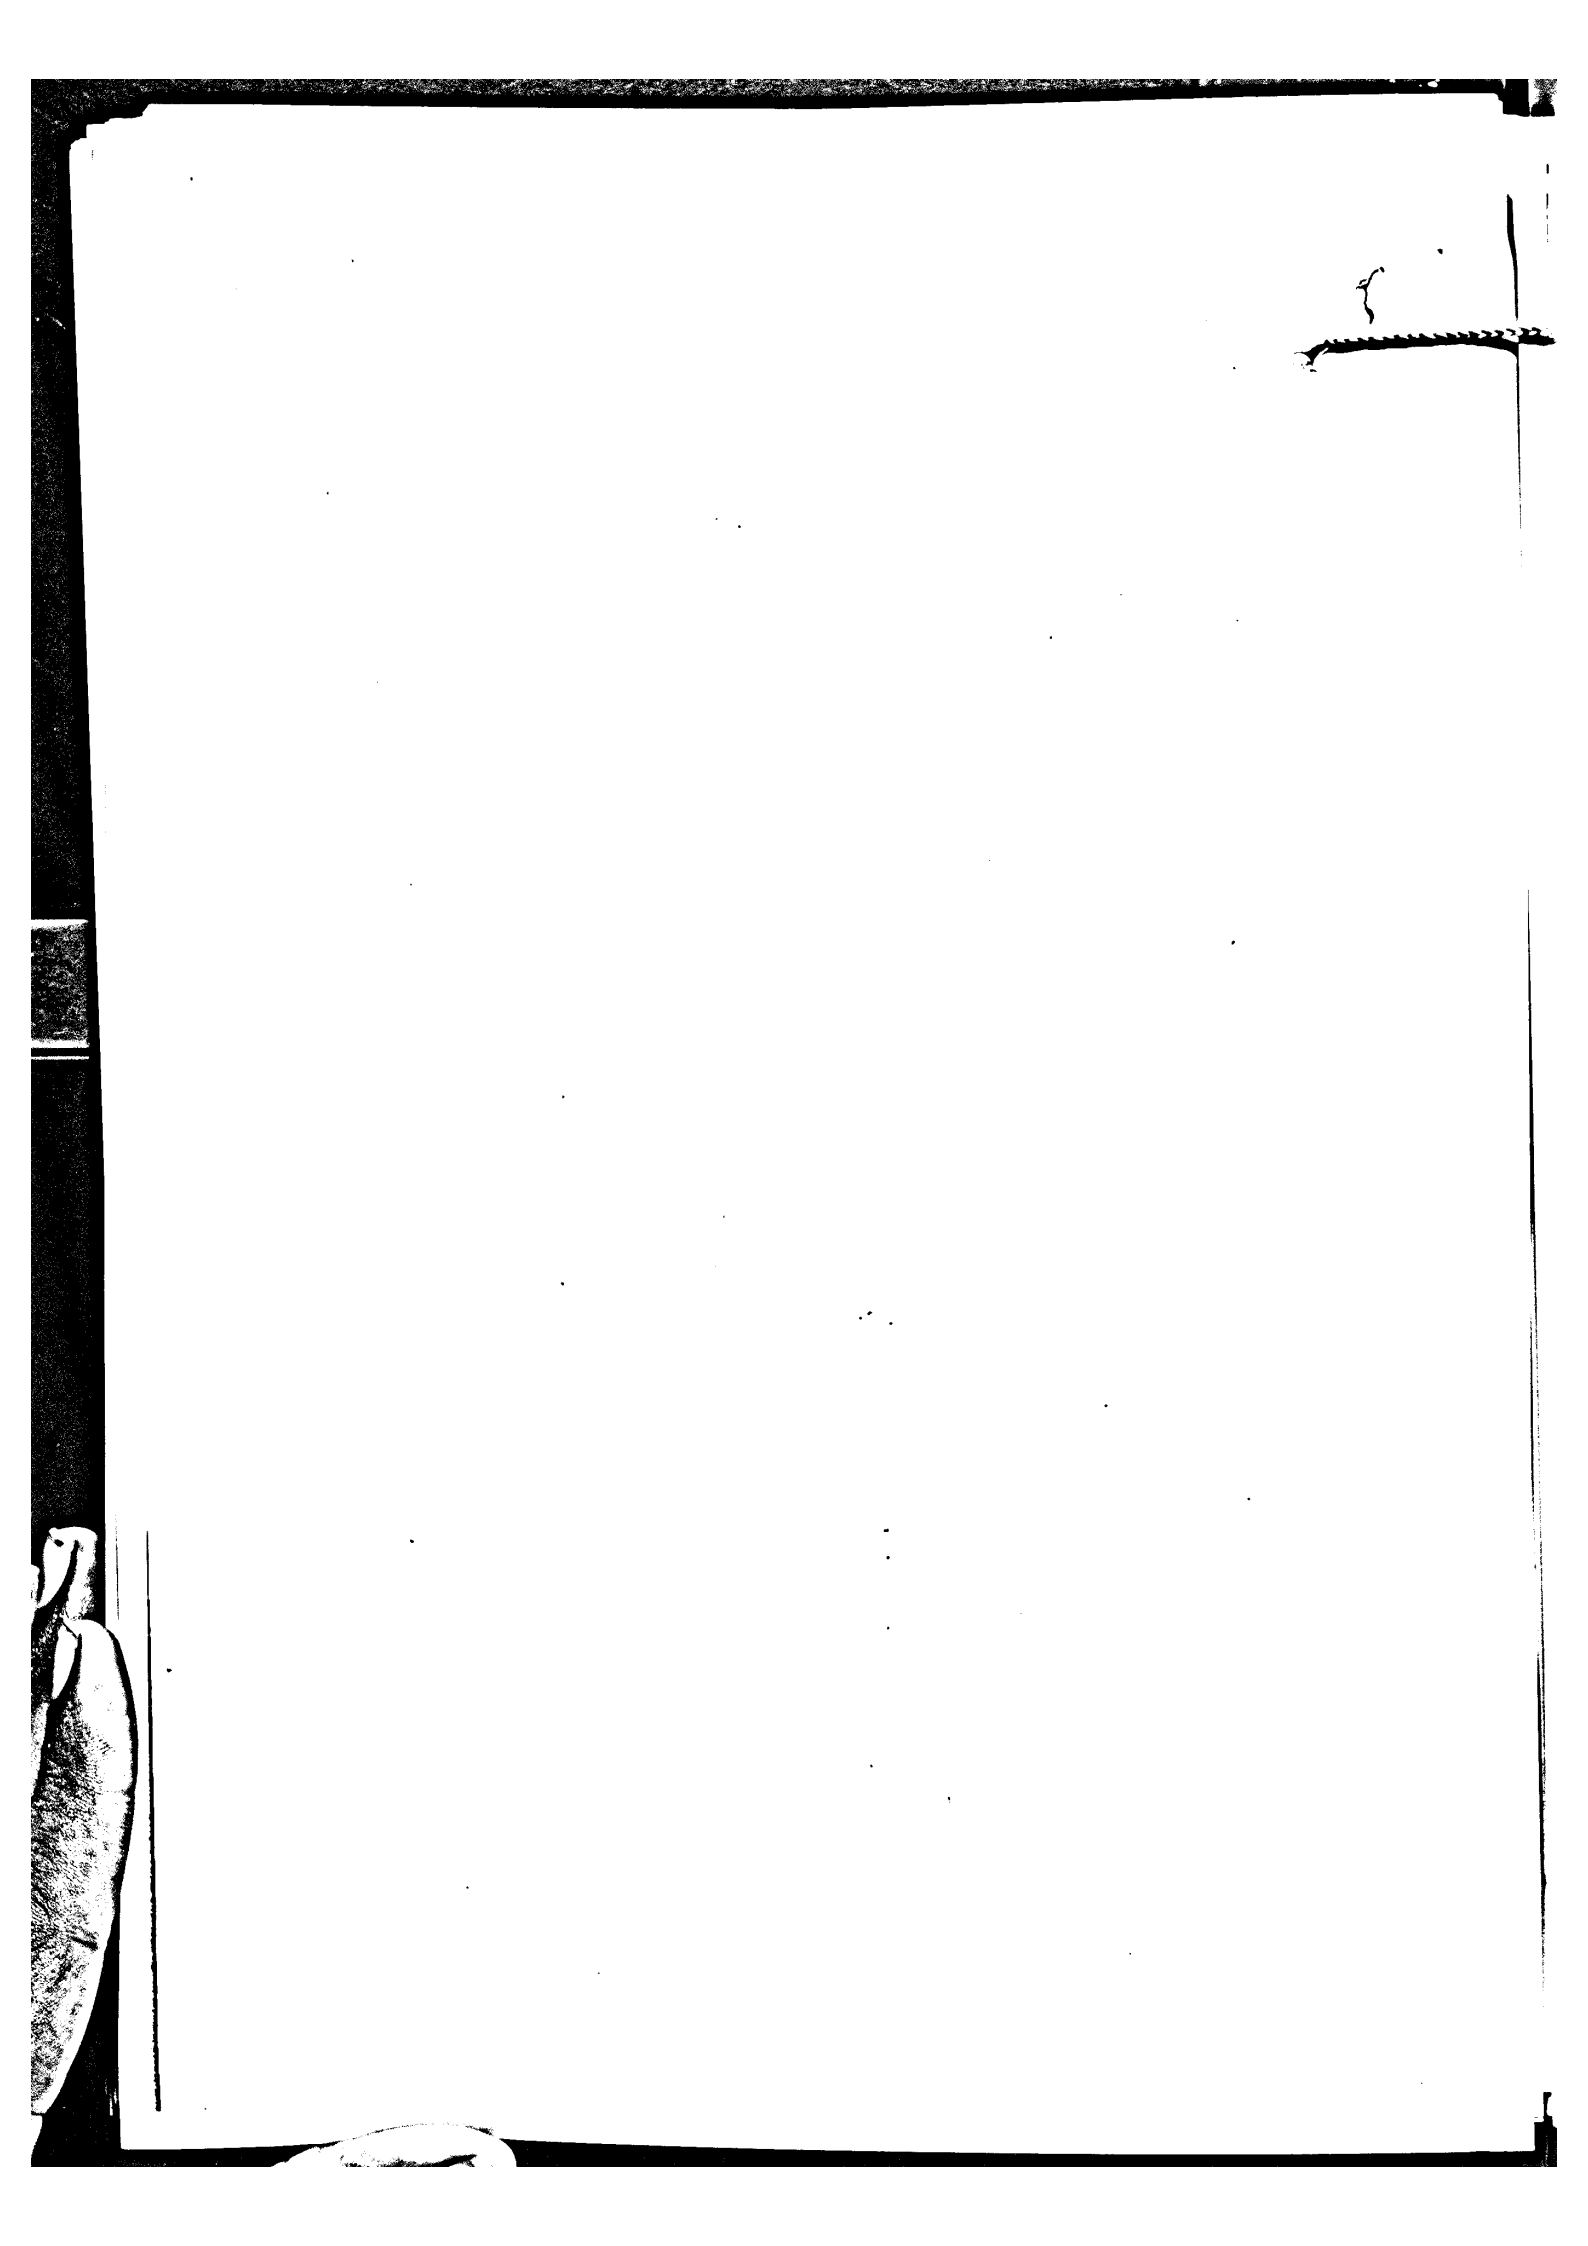

(VI) सभी युवाओं और समुदाय आधारित संगठनों का सक्रिय सहयोग लेना।

(VII) इस कार्यक्रम में स्थानीय निकायों की सक्रिय सहभागिता को सुनिश्चित करना।

10. कार्य योजना

Sir/Madam,

I am directed to refer to the Commission's letter no. 23/1/2015/ERS dated 27th February, 2015 wherein instructions were issued regarding Purification and Authentication of Electoral Rolls by way of Commission's newly launched programme NERPAP. In this regard, the Commission has directed that all CEOs should launch a comprehensive SVEEP Plan with the objective of bringing a totally error free, and authenticated electoral roll. This SVEEP Plan of Action would include the following action points:

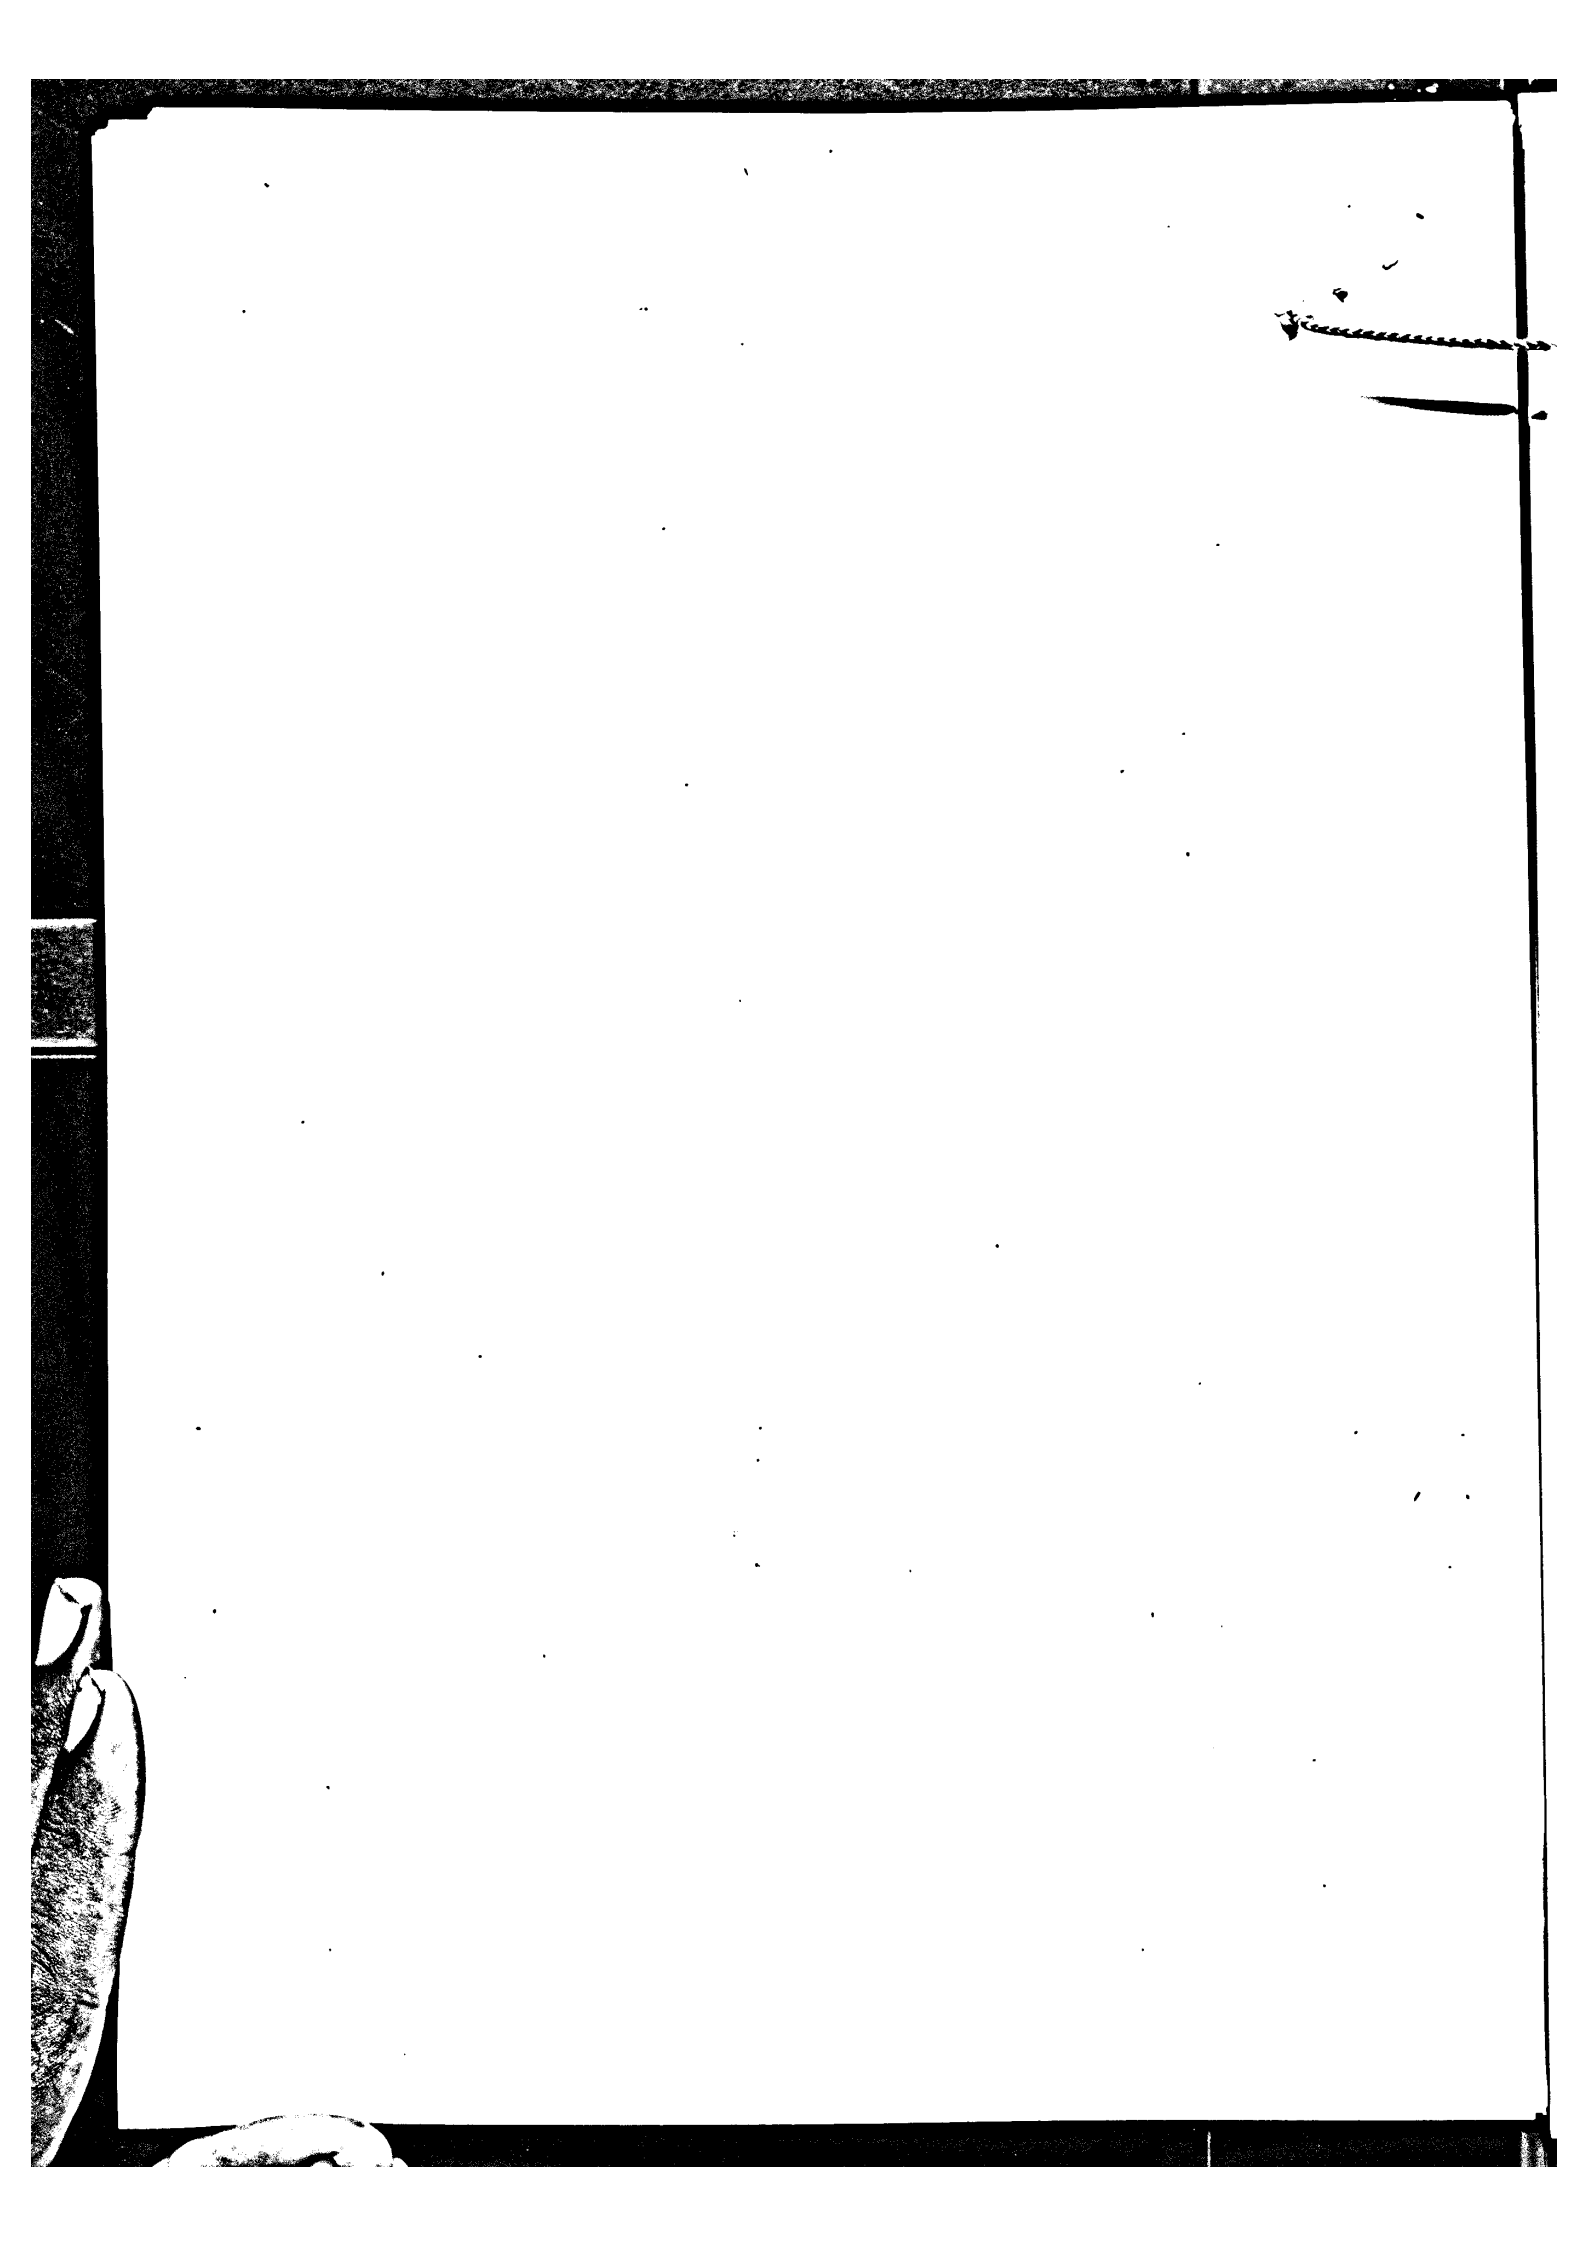

I. SVEEP Strategy

The Commission has directed that a 360 Degree Publicity Campaign should be mounted in the following ways:-

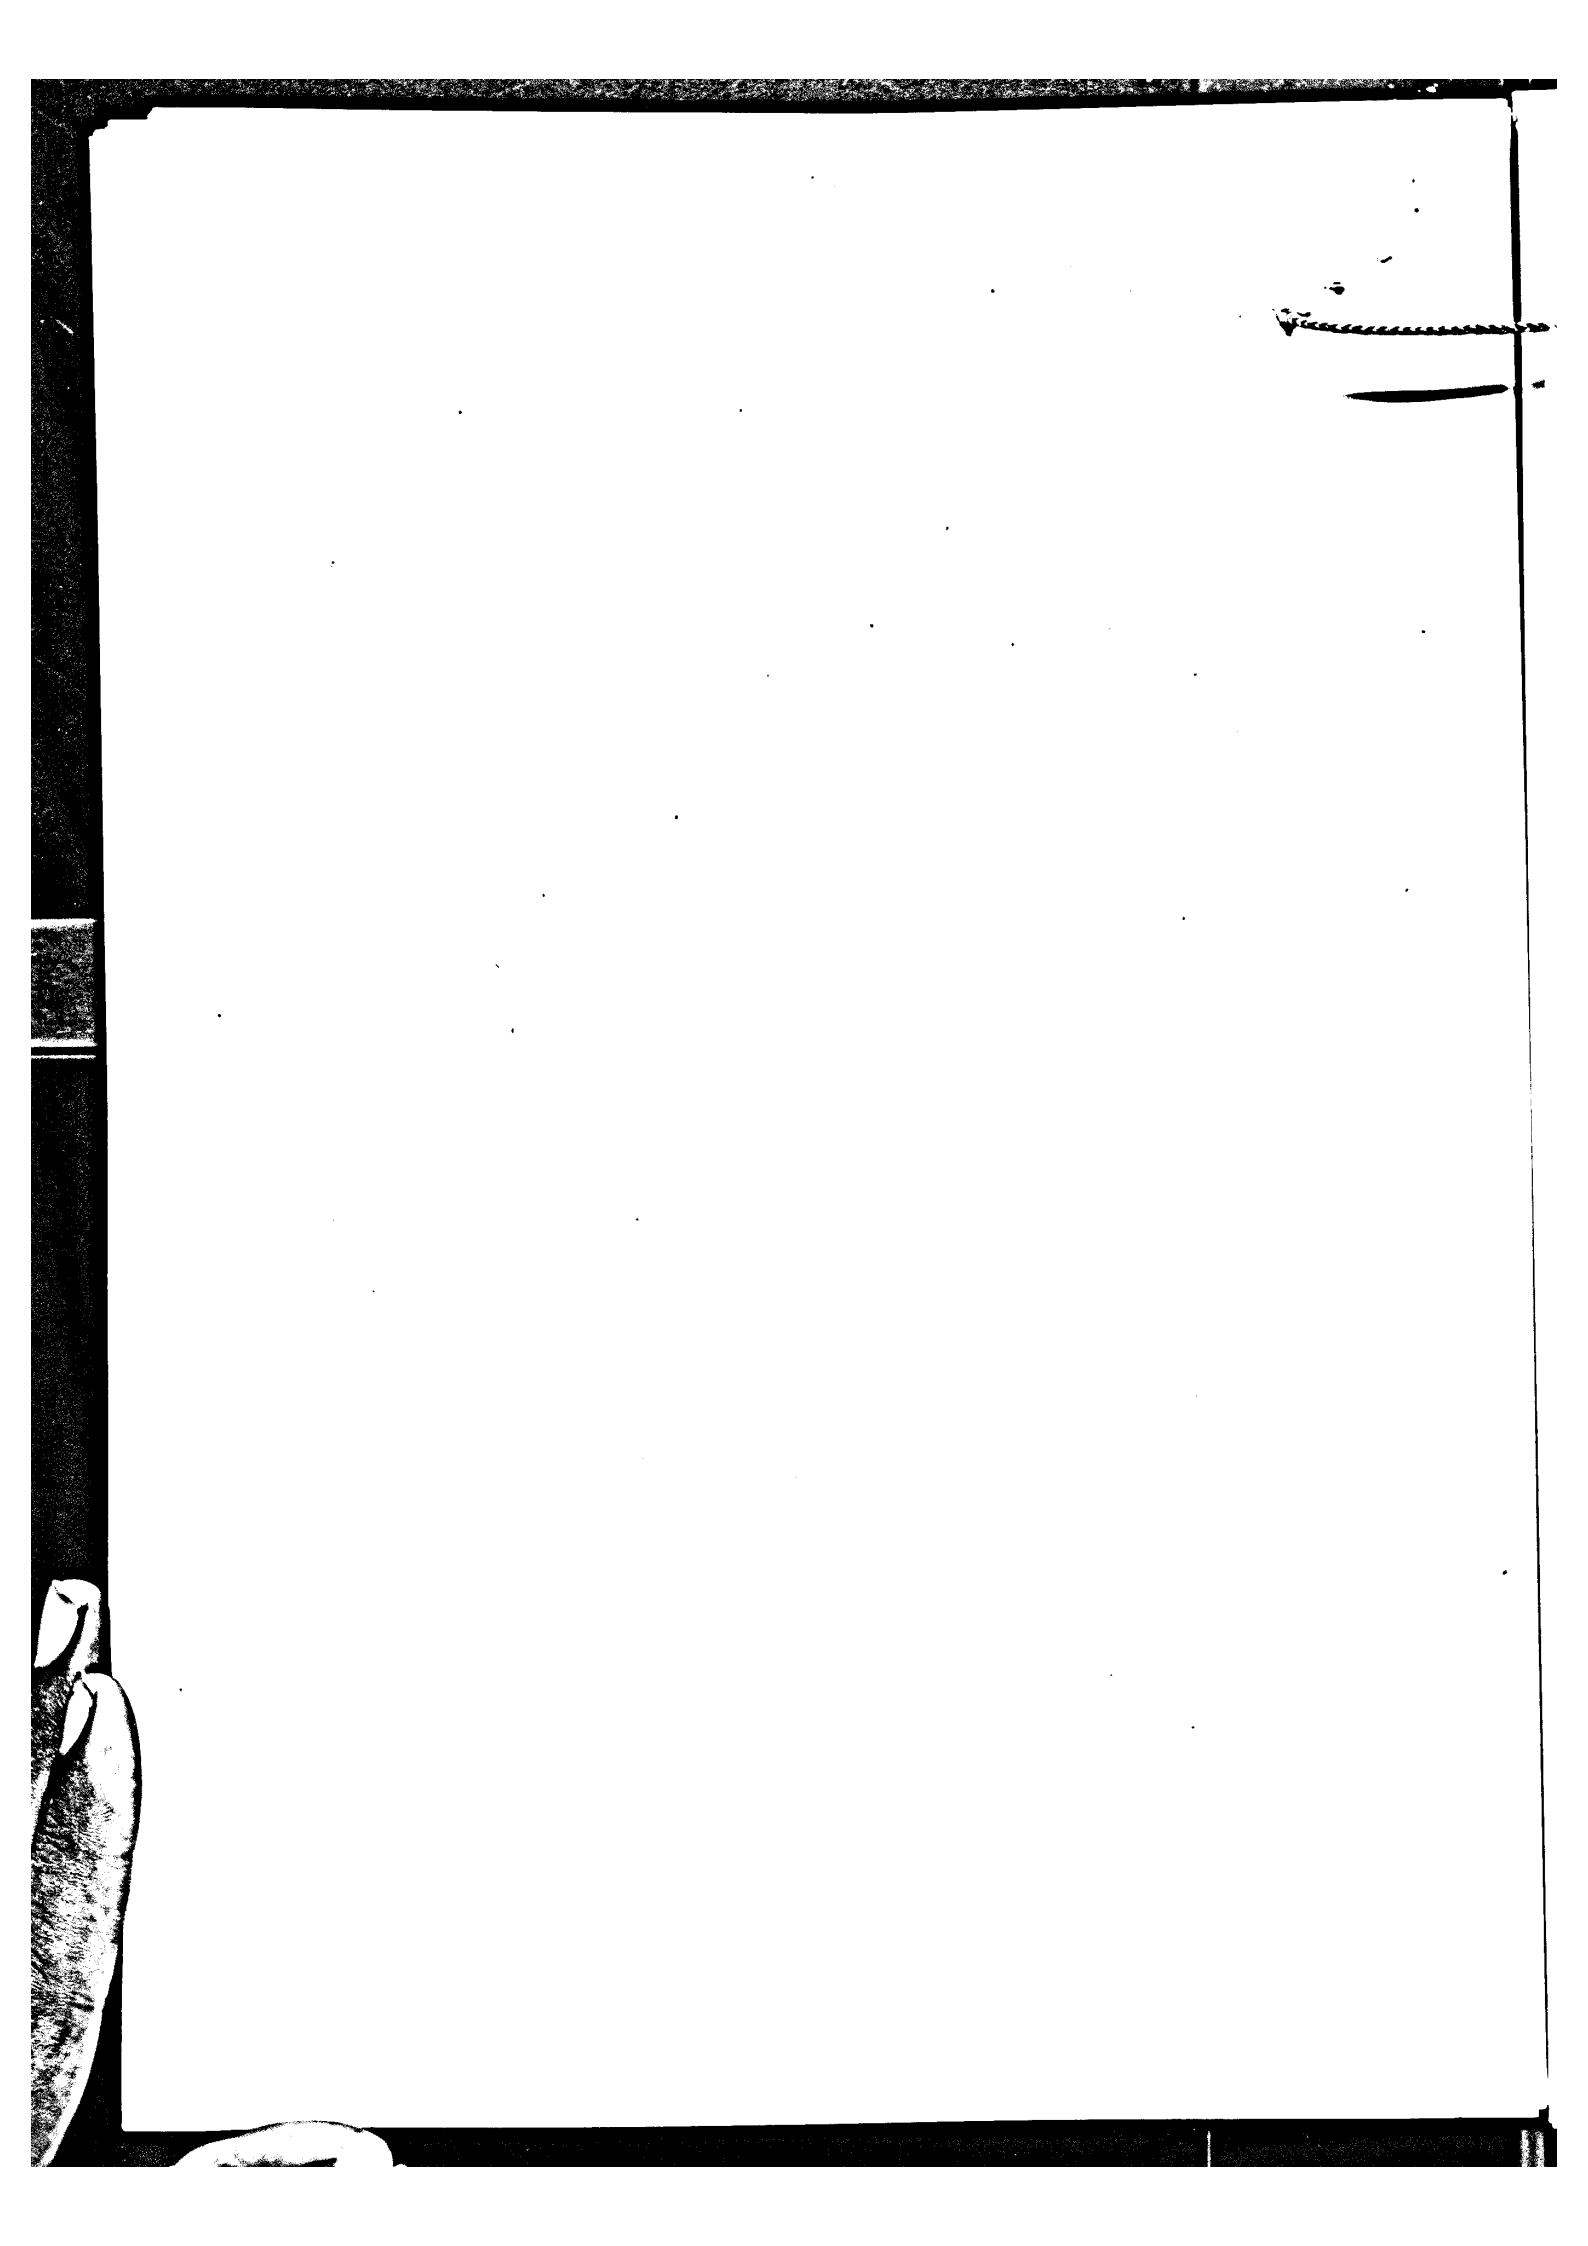

- Various departments of Central and State Governments be made to encourage and educate their employees about the programme and ensure that they feed their Aadhaar Number and EPIC number.
- Launch of the campaign at every Polling Station through public meeting, explaining about the aims and objectives of NERPAP, reading out rolls, distribution of pamphlets, pasting of posters.
- For publicising the details of this programme, a campaign be run by "Booth Awareness Groups (BAGs)" at every location.
- Training the Booth Level Officer and the members of BoothAwareness Groups

T.O. Secretariat

- Mock demonstration of feeding of Aadhaar number and EPIC number through NVSP, SMS and by a call at "1950" should be made at Polling Station location for extensive and omnipresent messaging.
- In consideration of the fact that some persons may find de-duplication process a bit complex, the Commission has desired that CEOs/DEOs/EROs shall take all steps possible to facilitate voters to mitigate their doubts and queries.
- Publicity Campaign through ECI/CEO/ DEOs Portal. Linking of these portals with other important government websites frequently visited by the public.
- Special campaigns through print & electronic media to be run for voters' awareness on NERPAP.
- Publicity through Print Media, Electronic Channels, Radio, Internet and Mobile Phones and any other method as per local needs.
- Digital Banner Publicity through Facebook, YouTube, Twitter, and other important Internet Gateways
- The electors should be advised to fill Form-7 for deletion of their names from the places except where he/she ordinarily resides. An appreciation certificate may be issued to all those who voluntarily disclose their multiple entries and get their names deleted from the unwanted places.
- FAQs on the subject should be developed and be properly disseminated.
- Regional/local icons to be utilised by each State/UT for conveying the message of this programme.
- Piggybacking on major grass root level government programmes of health, education, rural development, sanitation and Panchayat Raj institutions and so on.
- CSOs, NGOs and RWAs may be preferably engaged in urban areas and NYKS/NSS/Anganwadi/Self Help Groups should be engaged in rural areas.
- Voluntary support to be extended to the BLOs by involving RWAs (Resident Welfare Associations) and CSOs (Civil Society Organisations) etc. to work with BLOs in the role of Booth Level Volunteers.
- CSOs, NGOs and RWAs to be motivated to approach people for mobilization and association by taking up consultation with them.
- Informative material on NERPAP to be given to credible CSOs/ media houses for wider dissemination.

- Corporates need to be contacted so as to ensure error free registration of their employees. Alternative facilitation hubs for corporate employees to be established.
- Use of Call Centres at State and District levels.

- Wide publicity of NERPAP and availability of Electoral Roll at the Polling station levels.
- The EROS shall keep a close watch on voluntary disclosure of multiple entries scheme and will intimate to the Commission through DEO/CEO the progress/response in this regard.
- EROs to provide facility to link authenticated documents at AERO offices where there are computer system, scanner and internet connectivity.
- After correction of particulars / replacement of photograph, a photo voter slip with corrected details / replaced photograph with signature of concerned ERO / AERO/ BLO shall be given.

xv) **Methodology to be adopted for Aadhar feeding:**

Following are the different seeding approaches to seed the AADHAAR against the Electors:

(a) Collection by the BLOs:

CEO Office will supply / share the Electoral Roll / EPIC database with the SRDH application. The application will match the electoral roll / EPIC entry with Aadhaar / Ration card / or any other departmental data with wider coverage of population above 18 years of age and seed the Aadhaar number in the Electoral Roll. For the 50% and above matched cases, they will incorporate the Aadhaar number against the elector in the pdf being provided to BLO/ERO for verification. For EPIC having less than 50% matching with UID, Aadhaar will not be incorporated against their EPIC number. The list shall be generated in pdf format polling booth-wise duly sorting as per house number as being done for the electoral roll. These lists shall be made available online in the EPIC-Aadhaar Seeding Portal and the same can be downloaded by the ERO using log-in credentials. The downloaded lists shall be printed and supplied through the AEROs to the BLOs for field verification.

(P.T.O.)

(b) By submitting in hard copy

The elector can submit the details of Aadhaar number and EPIC number in a hard copy of duly filled up format at Annexure-A along with photocopy of both the documents, namely, EPIC and Aadhaar letter / Card.

(c) Self-Seeding - Online through NVSP Portal

Individual Elector can feed the Aadhaar number by giving Aadhaar and EPIC numbers through NVSP Portal

(d) Self-Seeding - Online through EPIC AADHAAR Seeding portal with OTP

Individual Elector can also feed the Aadhaar number by giving Aadhaar and EPIC Number through EPIC-Aadhaar Seeding Portal with the help of the OTP sent to the mobile of the elector.

(e) Mobile Seeding - Online through mobile

Voter can link Aadhaar number with the EPIC number through his / her mobile through Mobile App similar to the portal. After capturing the required information through mobile application, the Aadhaar number will be seeded against EPIC and updated on the portal automatically.

(f) SMS based Seeding

Electors can send an SMS containing the Aadhaar number and EPIC No. (Voter Card number) Eg: SEEDEPIC<[space><EPIC No><space><Aadhaar No> to 8790499899 at State level or 51969 at National level . The application at the backend validates and seeds the Aadhaar number against Voter Card number automatically.

(g) Through Call Center-1950

Electors can make a phone call to Call Center Operator and give his/her EPIC (Voter Card number) and Aadhaar number. Upon receiving the details from Elector, Operator will feed the aadhaar online through portal

xvi) **Procedure for door to door verification:**

- In the matched cases (matching 50% and above) as well as not matched cases(less than 50%), the BLO has to go for door to door verification
- BLO shall verify the correctness of the Aadhaar number already incorporated in the list.

(P.T.O.)

- Wherever the UID number is not available, the BLO has to collect the copy of Aadhaar Card from the elector or note down the Aadhaar number from the original card and mention in the report.
- In case, the elector is not available / shifted his residence, suitable remarks such as dead, shifted, door lock, duplicate shall be made by the BLO duly enquiring from the neighbours.
- In case of door lock cases or absence of any adult member at the time of his visit, BLO shall visit that house at least three times on different occasions during morning and evening hours, and not during day time. Even after three such visits, he/she finds the house locked or is not able to meet any adult member of the household, then he/she should paste a sticker on the door, which, inter-alia, should mention:

  "I had come to verify your name in the electoral roll and to collect the Aadhaar number to link with the electoral roll, but you are not available. Please contact me .....(name) ..... (Mobile No.) at ..... (Polling Station Address) on _____ between 10.00 a.m. to 5.00 p.m or upload your Aadhaar number by using any of the three following methods:

  Seeding through Portal : Links available in under AADHAAR Seeding,www.ceoandhra.nic.in, www.ceotelangana.nic.in

  SMS : By sending an SMS
  Format is SEEDEPIC <space> <EPIC No> <space> <Aadhaar No> is sent to a number 08970499899

  Example SEEDEPIC BYX1234557 1234 5678 9101

  Call Center: 1950

- Even after three such visits and pasting of sticker, if the elector does not turn up, the BLO shall report the matter to his Supervisor with a specific remarks that the elector is not the ordinary resident of the address given / shifted / dead / duplicate.
- The Supervisor shall re-verify 5% of such electors and report to the AERO / ERO for following the procedure for deletion of the name.

xvii) **Action to be taken by the AERO /ERO:**

- Computer Operator, Computer and internet connectivity shall be provided by the ERO / AERO for online data entry.
- Existing computers and other infrastructure already provided for Permanent DPLs at each Mandal headquarter by the office of the CEO shall be utilized for this purpose.

(P.T.O.)

- One Computer Operator and internet connectivity shall be provided by the DEO/ERO. Necessary funds will be released by this office on receipt of proposals from the DEO.
- AERO should take up supervisory check to the extent of 1% of the entries. The entries checked by Supervisors and AERO should be different from each other i.e. they should not visit the same household again and again for verification.
- For the multiple/duplicate entries in the electoral rolls, notices should be issued to the electors under Section 22 of R.P.Act, 1950 and full procedure of verification of facts should be followed by placing on notice board for a week based on the physical verification reports of the BLOs etc.
- ERO should also prepare (under Rule 21A of RER, 1960) a list of the names of dead persons and the persons who may have ceased to be ordinarily residents of the constituency and of persons who are otherwise not entitled to be registered in the roll.
- ERO shall then exhibit on the notice board of his office, a copy of the list together with a notice as to the time and place at which the question of deletion of these names from the roll would be considered.
- Such lists shall also be read in the Gram Sabhas and also made available with the BLOs on special campaign days.
- After considering any verbal or written objection that may be preferred, the Electoral Registration Officers shall decide whether all or any of the names should be deleted from the roll. But, before taking any decision in respect of any person on the ground that he has ceased to be or is not ordinarily resident in the constituency or is otherwise not entitled to be registered in that roll, the Electoral Registration Officer shall make every endeavor to give him a reasonable opportunity to show cause why the action proposed should not be taken in relation to him.
- After following the above mentioned procedure, Aadhaar number shall be seeded by ERO in the EPIC database in respect of each elector.
- For this, the ERO shall login to the EPIC-Aadhaar Web Portal
- If the details of EPIC & Aadhaar found matched, ERO can accept
- Once this seeding is completed, demographic verification will automatically run and rejected cases will again go to the respective Booth and will be visible in the BLO login and these need to be re-verified and submitted for seeding by BLO. If the re-submitted Aadhaar number is the same as seeded earlier then this seeding will not go to the demographic authentication and will be 'Force seeded' into the EPIC database.

(P.T.O.)

- Once the entire Demographic authentication is completed, SRDH will run a de-duplication process over the entire State to find out the duplicates based on the following:
    - o Same Aadhaar seeded against multiple EPICs
    - o Since both the databases – EPIC and UID are having photos, the duplicates can be easily identified.
    - o Lists of duplicates will be generated based on the Aadhaar number incorporated in the electoral rolls and said lists will be made available to the EROs in pdf format for further verification.
    - o Such duplicates can be removed duly following the procedure already mentioned supra.
- After door to door verification, the names of electors, who were found shifted / ineligible / multiple entries / not ordinary residents should be deleted from the electoral rolls during the data entry of Aadhar number as well as correction of entries, after due procedure as envisaged above.

xviii) **SVEEP Campaign**

- Launch the campaign at every Polling Station by the BLO through public meeting, explaining about the aims and objectives of NERPAP, reading out rolls, distribution of pamphlets , pasting of posters.
- DEOs / EROs shall organize the training to the Booth Level Officer and the members of Booth Awareness Groups
- Publicity through all possible means shall be taken up at district / AC / Booth Level by the DEO / ERO / AERO / BLO
- At the district headquarter, Call Centre with toll free number shall be established immediately and vide publicity be given.
- Commission will announce the Motivation and Award for BLO, ERO and DEO, who will achieve the 100% target in three categories of authentication, correction and deletion of multiple entries.

xix) **Partnership with Stakeholders**

To ensure active public participation following activities will be done at the district and ERO level;

(a) Meeting and briefing of Political Parties at District and AC levels and requesting them to nominate BLAs for every PS for which they have not appointed BLAs so far. BLAs appointed earlier will continue as BLA unless their appointment is revoked by the political party concerned.

(P.T.O.)

(b) BLOs shall be instructed to associate with the BLAs and BLVs actively in this campaign.

(c) DEOs / EROs shall interact with the media regularly and brief them about the progress and associate them in this programme.

(d) Take active support of Self Help Groups / Village Organisations in popularizing this programme and work closely with Civil Society Organizations/Resident Welfare Associations/Neighbourhood Committees.

(e) Take active support of all youth and community based organizations and ensure active participation of all types of Local Bodies in the programme.

The Commission will provide an online-monitoring format to review the progress from Booth level to the State level, for which the DEOs / EROs shall furnish the status reports periodically, so as to furnish a consolidated report to the Commission on a weekly basis by the CEO. Formats will be communicated separately.

The Commission has directed that CEO shall monitor the programme closely while stock taking of the situation, target achieved and review of remaining work with DEOs and EROs from time to time. As such, the DEOs shall obtain periodic reports of the work done from the EROs and furnish AC wise consolidated report in respect of his/her district to this office as per the schedule below, so as to forward the same to the Commission:

Sir,

Sub:- Electoral Rolls – Aadhaar linking with Electoral Roll / EPIC database through SRDH application – Cleansing and Matching of databases – Requirement of additional servers Reg.

--:o0o:--

You are aware that linking of EPIC with the Aadhar number is being taken up in Andhra Pradesh and Telangana through SRDH application. M/s.eCentric Solutions Pvt.Ltd., an identified agency for taking up the project by the ITE&C Department have customized the application for seeding the Aadhaar in the electoral roll database and the same has been hosted on ITE&C server along with the EPIC database.

It is further informed that seeding of Aadhaar against EPIC in Andhra Pradesh and Telangana States is carrying out in one server at present and it is proposed to utilize the existing server exclusively for Andhra Pradesh. Two more servers are required for the Aadhaar seeding. Out of the two servers, one server will be utilized for EPIC-Aadhaar seeding in Telangana. Other server will be used for cleansing & matching of data of Telangana.

It is informed that wide publicity has been given regarding linking of EPIC with Aadhaar by various methods. The Booth Level Officers started house to house visits with effect from 01.04.2015 to collect the Aadhaar number and to link with EPIC. It is expected that there will be more hits hereafter and existing servers may not meet the future load impact. To avoid criticism from the public regarding delay in

I, therefore, request you kindly to provide 2 additional servers immediately and issue necessary instructions in the matter to APSDC authorities. Specifications of the Servers required are enclosed herewith. These servers will be required during the duration of seeding and will be returned after that.

2. Representatives of Bharatiya Janatha Party
3. Representatives of Communist party of India (Marxist)

08 APR 2014

The Collector & District Election officer, Nellore, briefed the representatives of the Recognized Political Parties about the **National Electoral Rolls Purification and Authentication Programme (NERPAP)** and explained the methodology adopted for EPIC and Aadhar Seeding for purification and authentication of Electoral Roll and requested cooperation from all the Political Parties to make the programme grand success. **The representatives of the recognized Political Parties are requested to appoint booth level agents for each polling station.**

The representative of Telugu Desam Party, represented that old Door numbers are existing in the Electoral Rolls and that Family Members of same family the registered in different polling stations and requested to rectify the errors by doing intensive revision of Electoral Rolls. He further requested that polling station index specifying the area of polling station clearly to enable the Booth Level Officers to carryout verification of Electoral Roll effectively during door to door survey.

The Collector replied that intensive revision cannot be done during the current exercise of EPIC- Aadhar Seeding and that proposals will be sent to the Election Commission of India, New Delhi, later.

The representative of Communist Party of India (Marxist), represented that there are errors in Adhar Numbers and requested rectification.

The District Collector replied that there is a provision for rectification of errors in Aadhar data.

The representative of Bharatiya Janata Party informed that even though de-duplication lists were issued to the BLOs during previous revisions, deletion of duplicate entries were not affected by the BLOs, because both the BLO at the native place of duplicate elector and the BLO in Nellore city mark both the entries of the Elector as Genuine.

The District Collector replied that once the EPIC Number is seeded with Aadhar Number, it will be easier to identify the Elector where he is not ordinarily resident and the entry at that place will be deleted.

The representative of Bahujana Samaj Party expressed apprehension about deletion of Electors who do not have Aadhaar Number.

The District Collector replied that EPIC Number and Aadhaar Number are seeded for authentication of Electoral Roll and to find out duplicate/multiple entries and assured the representative that deletion of Electors will not be done for want of Aadhaar Number.

The representative of Telugu Desam Party represented that the students are being registered as Electors at their native place and also at the place of study and the entries of student Electors were not deleted at the place of study even after completion of their studies.

The District Collector replied that EPIC Number and Aadhaar Number seeding will result in identification of duplicate entries and action will be taken to delete the Elector from the Rolls, wherever he found to be ineligible.

The meeting was concluded with a request to all the representatives of the recognized political parties to cooperate in the present exercise of EPIC Aadhaar seeding programme.

The attention of all the District Election Officers in Andhra Pradesh and Telangana States is invited to the references cited and they are informed that internet connectivity is required to link the Aadhaar number with the EPIC database and instructions were issued to all the DEOs to provide internet connectivity for online data entry.

It has come to notice that the data dongles supplied to the District Election Officers for the purpose of web casting in General Elections, 2014 are available with certain District Election Officers with zero utilization or with balance. The validity of the dongles are going to expire by the end of April, 2015.

All the District Election Officers are, therefore, requested to utilize the data cards, which have balance of bandwidth and zero utilization in the first instance, for online data entry by the EROs / AEROs.
